US Senate Report on Torture Operations!

(Translated)

On 9/12/2014 CE the Foreign Policy website published a detailed report of nearly 525 pages regarding the crimes of torture that have been committed against Muslims in American prisons!! So what is new in the US Senate report regarding the methods of torture practiced by the CIA to interrogate the detainees? Did it reveal a previously unknown secret? Will it lead to Obama's apology for launching hundreds of drone attacks and the murder of hundreds of innocent people from Afghanistan to Yemen and from Somalia to Iraq? Will it lead to the accountability of the Arab rulers and their executioners in 13 countries who participated in the torture on behalf of the CIA as was reported? Will the British government, which was involved in a prominent role in the CIA operations, learn any lesson?

Nothing of the sort will happen. The American executioners will not be held accountable, nor their superiors who ordered them to commit these crimes, which is a disgrace for the liberal democratic "civilization" that espouses human rights, but the three former directors of the CIA and they are: Michael Hayden, George Tenet and Porter Goss, who participated in the writing of a letter confirming that the agency carried out these actions to protect the United States from any acts of terrorism. And in their part, both the former US President George Bush and his deputy Dick Cheney took the initiative to criticize the report immediately when it was announced. Cheney responded when asked about his opinion of the report that it is "full of crap," and of no value. The Associate Justice of the Supreme Court of the United States Antonin Scalia rushed to bury the entire report, citing that each country has the absolute freedom to determine and decide the human rights according to what it views as its priority interests, rejecting any reference to the "alleged" universal human rights.

In Britain, the government has rushed an issued a new legislation that empowers teachers, doctors and nurses to spy on Muslims, whenever they have doubts in a Muslim they are dealing with, who "may" be holding extremist ideas, it becomes legally binding on them to report him, and that is "to protect the national security"!

Nothing in this is new; previously the champion of the Darwinian view of the capitalist ideology, Charles Darwin, has predicted (in 1858) that the future will prove the eligibility of the white man to eliminate the lower ethnicities (of non-whites in the colonies). This Darwinian policy which has been applied by Western colonialism effectively in the extermination of subjugated people, from the Native Americans to the people of Africa, and to the use of atomic bombs against the indigenous Japanese people, not for a military strategy, since the World War has been resolved, but it was to "experiment" the new deadly weapon.

This is the civilization of "the colonial white man of the West," in which its toxins are still promoted by the ignorant, infatuated, and smitten by them in the Muslim countries. And they claim that the colonial West has a big heart and is sensitive for the sufferings of our people who are slaughtered by their weapons at the hands of their executioners, the rulers.

The only liberation for all of mankind is when this corrupt oppressive civilization is disposed off in a ravine and its states are demolished, and a state based on the Islamic civilization is established; the civilization of good, guidance, and mercy for all mankind; the second Righteous Khilafah upon the method of Prophethood.□

The Khilafah will End Democracy and its Injustice

The prolonged confrontation between the opposition and the regime intensified in the build up to a rally on 30 November 2014, bringing renewed motion to a pointless struggle. On the one hand, the government claims to stand by Democracy, which was expected as Democracy always ensures that rulers can exploit a country and its people for their personal benefit. On the other hand, the opposition says that fresh elections are required for real Democracy, even though Democracy itself guarantees nepotism, concentration of wealth in the ruling elite and VIP culture, throughout the world. And in between, politics in the country has been paralyzed, even though damaging colonialist initiatives regarding the economy, education, Afghanistan and India afflict the country and its people.

Democracy always guarantees excessive privileges for the elite in power and gross deprivation for the people. Democracy links authority with sovereignty, so those elected to power, have the right to make law according to their whims and desires. This ensures that the law-makers are able to amass immense wealth for themselves and their associates by manipulating laws in their favor. Wherever Democracy exists, small elites have changed law to ensure their private ownership of the sources of great wealth, whether it is electricity, oil, gas, minerals, large-scale industry and arms manufacture.

As for America, the global standard-bearer for Democracy and the master of Pakistan's regime, the concentration of wealth in the hands of a few under Democracy is glaringly evident. On 9 January 2014, the New York Times reported that, "The median net worth for lawmakers in the House and Senate was \$1,008,767 - up 4.4 percent ... according to the analysis, conducted by the nonprofit Center for Responsive Politics, which examines the influence of money on politics in Washington." And on 4 December 2013, the US President lamented, "And the result is an economy that's become profoundly unequal, and families that are more insecure... Since 1979...our productivity is up by more than 90 percent, but the income of the typical family has increased by less than eight percent. Since 1979, our economy has more than doubled in size, but most of that growth has flowed to a fortunate few... The top 10 percent no longer takes in one-third of our income - it now takes half." It is not surprising that in the US the majority are dissatisfied with their system. The Dawn reported on 26 August 2014, "Three in four Americans are dissatisfied with the way the political system works, according to a Washington Post-ABC News poll. More than eight in 10 say they trust the government to do the right thing only some of the time,

according to a Quinnipiac University poll." So if this is the state of Democracy in its homeland and leading advocate, what can Pakistan expect from Democracy, even if it continued for another seven decades, without interruption?

As for Pakistan, over whom the opposition and the government compete to rule over by Democracy, it is Democracy that is the source of its problems. Democracy itself is the reason why Pakistan is a wealthy country, with poor people, but immensely rich rulers and politicians. Over six decades, legislation has secured the private ownership of public and state properties by a small elite. A survey carried out by Pakistan Institute of Legislative Development and Transparency (PILDAT), that was subsequently covered in many newspapers, exposed how the average total wealth of Members of Pakistan's National Assembly tripled in only six years. As for Pakistan's Provincial Assemblies, they have raised perks and privileges, salary and allowances, lifetime police security and mobile phone facility. Using democracy they make laws that are preferential for their personal business interests, in addition to securing their assets from taxation. This is how rulers and politicians are able to triple their total wealth in only six years. And in addition to securing their own wealth, some traitors are allowed by democracy to secure the interests of their foreign masters, usurping the rights of society. Through Democracy they undermine the prosperity of the country, by granting foreign ownership of Pakistan's immense energy and mineral resources, or erode the security, by opening the country to American private military and intelligence. And this is why the aware, competent, caring and sincere people stay well away from Democracy and its politics, whilst the corrupt, greedy and low in morals are attracted to Democracy, like flies to filth.

O Muslims of Pakistan! Democracy is the cause of your dire political situation and the gross injustices against you. Above all else, your Deen compels you to reject it and abolish it. Democracy is a system that gives human-beings the choice to obey Allah (swt) or disobey Him, even though Allah (swt) has revealed,

﴿وَمَا كَانَ لِمُؤْمِنٍ وَلَا مِؤْمِنَةٍ إِذَا قَضَى اللَّهُ وَرَسُولُهُ أَمْرًا أَنْ يَكُونَ لَهُمُ الْخِيَرَةُ مِنْ أَمْرِهِمْ وَمَنْ يَعْصِ اللَّهَ وَرَسُولَهُ فَقَدْ ضَلَّ ضَلَالًا مُبِينًا﴾

"It is not befitting for a believing man or woman to have any choice in a matter, when it has been decided upon by Allah and His Messenger." [Surah Al-Ahzab 33:36]. Democracy assigns assemblies of men and women as sovereign, allowing them to choose laws according to their whims and desires, even though Allah (swt) said,

﴿وَأَنْ أَحْكَمَ بَيْنَهُمْ بِمَا أَنْزَلَ اللَّهُ وَلَا تَتَّبِعْ أَهْوَاءَهُمْ وَأَحْذَرُ لَهُمْ أَنْ يَفْتِنُوكَ عَنْ بَعْضِ مَا أَنْزَلَ اللَّهُ إِلَيْكَ﴾

"And judge between them by what Allah has revealed, and do not

follow their desires, and beware (O Muhammad) that they might seduce you from some of what Allah has sent down to you." [Surah Al-Maaida 5:49].

And it is Democracy that makes lords over humankind besides Allah (swt). Bayhaqi reported that Adiyi ibn Hatim, said: "I came to the Prophet wearing a cross of gold in my neck. And I heard him read from Surah Baraa'ah,

﴿اتَّخَذُوا أَحْبَارَهُمْ وَرُهْبَانَهُمْ أَرْبَابًا مِنْ دُونِ اللَّهِ﴾

"They took the rabbis and monks as lords beside Allah" [Surah At-Tawba 9:31].

I said, "O RasulAllah, they do not worship them. He said:

«أجل ولكن يحلون لهم ما حرم الله فيستحلونه ويحرمون عليهم ما أحل الله فيحرمونه فتلك عبادتهم لهم»

"Yes, but they made Halal for them what Allah forbade and they took it as Halal and they made Haram for them what Allah made Halal and they took it as Haraam and that is how they worshipped them."

Only in the Khilafah will laws be enacted according to all that Allah (swt) has revealed, decisively ending the exploitation of man by man through man-made law. And there is only one political party that can bring the change that you need and long for. So, work now with Hizb ut Tahrir in its struggle to abolish Democracy and establish the Khilafah.

O sincere officers within Pakistan's armed forces!

How do you accept that traitors within Pakistan's leadership exploit your immense strength and iron will to support this rotten, Kufr system of Democracy. You must reject the false call to support yet more Democracy, as it is an invitation to open kufr. Clasp your hands firmly with Hizb ut Tahrir now, remembering your brothers-in-arms who preceded you in establishing Islam as a state and a rule in Madinah, by giving the material support (Nussrah) to RasulAllah (saw), such as Saad (ra). When Sa'ad (ra) died, his mother wept and RasulAllah (saw) told her,

«ليرقاً (لينقطع) دمك، ويذهب حزنك، فإن ابنك أول من ضحك الله له واهتز له العرش»

"Your tears would recede and your sorrow be lessened if you know that your son is the first person for whom Allah smiled and His Throne trembled." [At-Tabarani] □

Press Release

Half a Decade has passed, Yet the Hasina Government Hasn't Learnt that Arrests, Persecution and Bullets are Blunt Tools against Hizb ut Tahrir

On Friday, 05 December 2014, eleven (11) members and activists of Hizb ut Tahrir were arrested in Dhaka and Chittagong when they were distributing a leaflet issued by the party dated 13 Safar 1436 AH corresponding to 05 December 2014 CE. What is it with Hasina and her government? Half a decade has passed and they have not yet learnt that arrests, persecution, and firing bullets etc are useless blunt tools with which to face Hizb ut Tahrir. The Hasina government has arrested many hundreds of party members and activists in the past half a decade, from the beginning of 2009 until now and yet it has not succeeded even by a hairbreadth to stop the party from pursuing its goal of liberating the Ummah by establishing Islamic rule, the Khilafah. Rather Hizb ut Tahrir has become stronger and established its roots deeply within the country. Hasina and her henchmen need to stop undertaking shallow actions which might work against other parties but not Hizb ut Tahrir and face us by putting forward a political ideology and message stronger than our political ideology i.e. Islam and our political message.

For the benefit of all we summarize here the message in our leaflet which we issued with the title, "Oh People! Where is the Officer Who Will Say Not One More Bullet Shall be Allowed to be Fired at the People...? Tyrant Hasina has Resorted to the Use of Iron and Fire to Compel You to Submit to Her Rule; the Only Way to Free Yourselves from Her is to Demand from the Sincere Military Officers to Overthrow Her and Transfer the Authority to Hizb ut Tahrir to Establish the Khilafah"

1. The people have rejected Sheikh Hasina's rule due to her treacherous acts and that of her government against the country's interests, due to the looting of people's wealth and failing to look after their affairs, and due to her Godless regime's enmity to Allah (swt), His Messenger (saw) and the Believers. When her mischief and that of her government caused the people to reject her, she resorted to suppression and force by use of iron and fire to compel the people to submit to her rule.

2. The only real alternative for the people is to establish the Second Khilafah Rashidah state, which will rule them with compassion, caring for them,

and acting as their guardian rather than being an enemy to them like the tyrants of today.

3. The people have to reject the current Kufr ruling regime and stop the circus of the so-called free and fair democratic elections. It is this rotten democracy which created and made space for the likes of Hasina to enter politics, corrupt it and reach the authority. And reject all forms of intervention in the country's affairs by US-Britain-India and resist those who are calling for applying foreign pressure and involvement in ensuring fresh elections.

4. The people must demand from the sincere officers in the military, those they know and they meet, to overthrow Sheikh Hasina and transfer the authority to Hizb ut Tahrir to establish the Khilafah. Making the sincere officers to switch sides, making them abandon the regime and take the people's side is the assured way to change the regime when they overthrow it, not for taking power for themselves, rather for transferring the authority to sincere and aware politicians, those politicians who will build the regime on a new basis, the Islamic basis and declare Bangladesh as the Khilafah. These sincere and aware politicians, those who are aware of how to solve the people's problems according to the Qur'an and the Sunnah, how to industrialize the country, how to face regional and global challenges, are to be found in Hizb ut Tahrir and not in any other party, the combination of the two - sincerity and deep awareness - does not exist in any other party. The leaflet ended with the following call to the sincere officers in the military

"Oh Sincere Officers, the People of Power! The return of the Khilafah is an inevitable matter, it is from the decreed matters of Allah (swt) and it will be soon, insha'Allah. But it will not fall from the sky. So the question is not is it possible for the Khilafah to be re-established, rather the question is by whose hand Allah (swt) will cause it to return and accordingly He (swt) honours them. Who from you seeks this honour; who from you wants to become the means for the return of Islam in ruling and the liberation of the people from this tyranny? Who from you has the courage, which an officer is supposed to have, to be the supporters of Islam and the people? We are aware that the regime is indoctrinating you with the motto of "safeguarding the constitution" and other such nonsense which mean nothing but being loyal to Hasina and the regime. But what about your loyalty to Allah (swt), His Messenger and the People? What about the blood of the people, is there not among you an officer or officers who will say not one more bullet shall be allowed to be fired at the people by tyrant Hasina and her henchmen? Oh officers! Respond and do not delay; respond to the command of Allah (swt) and His Messenger (saw) and respond to the call of the people. Be the vehicle for the fulfillment of Allah's promise; overthrow Sheikh Hasina and transfer the authority to Hizb ut Tahrir to establish the Khilafah. May be He (swt) will honour you and your families in the Dunya and the Akhira like He (swt) honoured the Ansar (ra) and their families."□

The CIA Receives the File for Training and Arming the New Agents in the Factions and the Volunteers!

(Translated)

The American newspaper *Washington Post* mentioned, "The administration of President Barack Obama is putting the final touches for the CIA takeover of the operations of arming and training the moderate Syrian fighters." There is an American motive behind pushing the CIA towards playing a bigger role in Syria, through supporting the moderate armed opposition, as the CIA is currently training around 400 Syrian fighters and intends to train even more. In addition, the US Ministry of Defense is planning for a separate special project to train the moderate Syrians.

Just like that, with full arrogance and without any shame or any consideration of the consequences, it is publicized that the CIA is involved in operations for training and arming the moderate Syrian fighters. This agency is known for its bad reputation in creating agents and traitors and conducting assassinations... this points to the weakness of America and its inability to find trustworthy agents pushing it to hand over this mission to the CIA, and by that ensuring the loyalty of these factions to it. As for the arming, it is not overthrowing the criminal regime, but it is rather for fighting Islam under the pretext of war on terrorism which is being led by America with the cooperation of the evil rulers of Muslim countries, and to eliminate the Ummah's project and its hope in establishing the Khilafah Al Rashidah upon the method of Prophethood in the blessed land of Ash-Sham. And at the same time, igniting the flame of infighting amongst the Muslims... By that, it would have prepared fighting agent-factions which work to achieve its plan in the area that stands on establishing a civil democratic state, separating religion from life, and it secures itself from having the planned weapons, which were given by it to the infiltrator factions, from falling into sincere hands and used to overthrow its agent, the murderer Bashar, and implementing the rule of Allah (swt). This criminal that lent its supportive arm to keep this murderer as a burden on the chests of the Muslims in the land of Ash-Sham, creating havoc in the land and maintaining for America its interests in the area.

O Muslims in the land of Ash-Sham: After this clear statement and this exposed plan, we say with the guidance of Allah (swt): Any **Cont. on p. 38**

O Oppressive Government!

As if Oppression is Now a Part of Your Nature...

(Translated)

In the frame of the campaign launched by Hizb ut Tahrir / Wilayah Turkey on September 18, 2014 CE, titled: **"Say STOP to the Judicial Persecutions against Hizb ut Tahrir"**, we have opened signing centers in order to put an end to the oppression of the jurisdiction in several cities in Turkey. We have shown to the Muslim people in the masjids and mosques the oppression that is being enforced by the state on the Dawah campaign of the members of Hizb ut Tahrir, and we have gathered their signatures of support. In addition, we opened signing centers to support the campaign in city centers, squares, and streets, and the Muslim Turkish people have showed great interest in these events.

However, the Secular Turkish Republic continues its tyranny and oppression just like what has happened yesterday, as if oppression has become its religion and its nature. 18 men from our Muslim brothers from the members of Hizb ut Tahrir were arrested on November 9 in Kaji Oryn in Ankara, on November 16 in Yeni area in Ankara too, on 21 November in Malatiya, and finally on November 22 in Seerat and Bursa. Among those arrested in Bursa was a small child age 11 years, yes the oppression of the government has reached this child too, where a person who didn't even reach the age of 11 years was arrested with his father. The brothers supervising the signing campaign in Diyar Bakr and other cities and those who shouted in the face of the oppression of the government and rulers without fear, and shown this oppression to the people; underwent torture and harm by the police force, who exercised suppression against the brothers to force them to remove these centers.

However, with all thanks and praise to Allah (swt), the sons of the Muslim Turkish people and in all cities stood by the members of Hizb ut Tahrir, and didn't leave the gates of the police stations until they released the brothers who were arrested. With all thanks and praise to Allah (swt), the Muslim people have started to stand by the true Islamic Dawah campaign and all thanks and praise to Allah (swt) that the Muslims have started to take their

place to stand by the oppressed. With all thanks and praise to Allah (swt), the Muslims have started to not retreat in calling for truth in front of the oppressors.

O oppressive rulers! We are aware of the obligation to call for truth against oppression and oppressors, and we take that as a motto. We exculpate ourselves from being from among the demons whose tongues become silent in front of the oppressive rulers. Also, we are working in order to establish the Khilafah Al Rashidah upon the method of Prophethood which shivers from it the predatory rulers of the Kufr systems whenever time converges and shown its signs, and we walk upon our method with confidence in the promise of Allah (swt) for us, to be patient on the hardships, be tireless against the pressure, and be fearless from the oppression of the oppressors. Our method is clear with evidence, and we see the sun which was permitted to rise from the horizon, because we follow the footsteps of the Prophet (saw) as he enlightens the road for us. As for you, you are not able to see farther than your noses because you hold on to oppression which pushes you to darkness, and oppression is the fire and darkness of the Day of Judgment.

﴿وَسَيَعْلَمُ الَّذِينَ ظَلَمُوا أَيَّ مُنْقَلَبٍ يَنْقَلِبُونَ﴾

"And those who do wrong will come to know by what overturning they will be overturned." [Ash-Shu'ara: 227]

As for you O oppressive government! It is as if oppression has become a part of your nature, and there is no distinction between the rulers sitting on the ruling thrones, who take it upon themselves the covenant of defending you and your rotten democracy which reeks. They are no different from their ancestors except in the clothing which they wear. This clothing which they wear will be the whips of fire striking their faces on the Day of Judgment.

As for you O Muslims! You must stand by the side of the Dawah as you have stood by your Muslim brothers who were oppressed; because this Dawah works so that you reach this state that you have been absent since 91 years ago. It is your state which Allah (swt) has ordered, and was given glad tidings by the Prophet of Allah (saw), it is the state of the second Khilafah Al Rashidah upon the method of Prophethood. □

**US forces will continue combat missions in Afghanistan even after
2014 America Exposes Itself Regarding the Deception of Limited
Withdrawal from Afghanistan**

The New York Times reported on the 21st November 2014 that US President Barack Obama has extended the combat role of US troops in Afghanistan for one year after December 2014. Both Governments of Pakistan and Afghanistan welcomed this decision and described the American presence as necessary to keep peace and the continuation of a stable government in Afghanistan. This US decision comes as no surprise to Hizb. Since the US revealed its limited withdrawal plan, we have consistently been saying that this limited withdrawal is a deception and US will use this plan to legitimize and secure a permanent presence in Afghanistan. Therefore, as soon the new puppet government in Kabul ratified the Bilateral Security Pact, the US unveiled its deception of leaving Afghanistan under the so-called limited withdrawal plan. Now, after the lapse of every year the US will extend its presence in the name of establishing peace and to help the Afghan Government. Unsurprisingly, the traitor rulers of Pakistan and Afghanistan will welcome her decision as they have done now.

This American decision establishes a fact that even after fighting thirteen years against the Afghan resistance America has not been able to establish peace in Afghanistan. After all this time, the Afghan National Army and Police is not capable of protecting its installed government in Kabul. Mujahideen numbering in the thousands forced this US failure through persistent Jihad and this has forced the US to rely completely on the traitors in the political and military leadership of Pakistan and the few traitors in Afghanistan to continue and secure her presence in Afghanistan. If today the sincere among the armed forces of Pakistan eject these traitors from their ranks and establish Khilafah then Khilafah will combine the power of its military and tribal Muslims by erasing the colonialist Durand line and will easily eject America from this region and restore true peace and stability. It must be understood that peace can only be restored by ejecting America, not by allowing her to stay further. Therefore, it is upon the sincere amongst the armed forces to come forward and provide Nussrah to Hizb ut Tahrir for the establishment of Khilafah. **"So do not become weak (against your enemy), nor be sad, and you will be superior if you are indeed true believers."** [Ale-Imran: 139]□

Persecution by Kyrgyzstan's Rulers of the Chaste, Pious, and Pure Women!

(Translated)

Kabar media network published a report from the Interior Ministry's Media Office in the Republic of Kyrgyzstan that on 18/11/2014 CE the houses of the leaders and members of the Women's Section of Hizb ut Tahrir were searched; the raid and search was carried out by Section X of the Interior Department of the city of Bishkek in cooperation with the Kyrgyz Intelligence Agency, and during the search of the homes, extremist materials were found.

The year 2011 was the year in which the third president, Almazbek Atambayev, came to power in Kyrgyzstan on the first of December 2011 CE; the year was best known as the year which saw the pursuit of the members of Hizb ut Tahrir and in particular the pursuit of the pious sisters. Since that moment, many lawsuits were filed against the sisters in addition to a campaign of arrests against dozens of them.

Siran Kinkabayeva was arrested in 2014, she was born in 1960, a mother of five children and is disabled from the second division, she was charged for her membership of Hizb ut Tahrir, in September she was sentenced for 8 years imprisonment. Also Gulzain Kachkinova Oorazbekova was arrested; she was born in 1986, a mother of two small children, and sentenced to imprisonment for a three-year suspended sentence. In March Zulfiya Amaanova was arrested; she was born in 1985, and sentenced to imprisonment for a year suspended sentence. In April the intelligence officers searched the house of Jomazi Toctobayeva, she was born in 1976, and was sentenced in June to four years imprisonment. In September 7 of the sisters were arrested in the Jalalabad area, and on November 18th, four sisters were arrested, their ages do not exceed 27 years.

The actions of Almazbek Atambayev, president of Kyrgyzstan, are similar to the actions of the President of Uzbekistan, Islam Karimov, who announced one day that he does not fight women and children, but soon began

arresting women in Uzbekistan, and took the children of detainees and placed them in orphanages or threw them in the streets. And here is Almazbek Atambayev today treading the same line as the tyrant Karimov.

These crimes and degenerate acts of Almazbek Atambayev against the women members of Hizb ut Tahrir are degeneration in morals and political thought and performance; how can a man fight women and children? The man who holds respect for himself does not persecute the vulnerable. The intellectual vacuum and ignorance manifest in the material work against women; such as arresting them, and fabrication of lawsuits against, this is because of the ideas promoted by the women of Hizb ut Tahrir; this show Atambayev's bankruptcy in thoughts which he needs to fight and struggle against the ideas carried by the women.

Atambayev is a Muslim, and is the son of his own people, but under pressure of the actual rulers in Russia and the West, he is fighting his Muslim people. And his survival in power depends on force and arms, which is provided to him by his protectors and not the people whom he governs. He strives for the satisfaction of his protectors, and allows the destruction of the country's resources, leaving the people in miserable poverty and great suffering, and then pursues the Muslims and is not sufficed with arresting the men, but arrests women too. This dire situation demonstrates the weakness of the political performance and the lack of care in the government he runs.

O Muslims: The absence of the Khilafah from the world's political arena, has allowed dictators to exercise heinous crimes against Islam and Muslims and all mankind. Remember the day when Muslims had a state ruled by Muslims then, the evil tyrants were constrained by the Islamic law implemented in the Khilafah State. Rush to join Hizb ut Tahrir and work with us to re-establish the righteously guided Khilafah upon the method of Prophethood. The return of the Khilafah will stop the tyrants and protect the pious Muslims, not just in Uzbekistan and Kyrgyzstan, but all over the world.

Egypt Today: "Full Stop... Start a New Line"

(Translated)

In an outrageous scene, the Criminal Court in Cairo on Saturday, 29/11/2014 CE have passed a verdict acquitting the former President Hosni Mubarak and his two sons, A'laa and Jamal Mubarak, and the fugitive businessman Hussain Salim, and the former Interior Minister Habib Al-Adly and six of his top aides, of all the accusations made against them. The court based the reasons for its verdict on the inadmissibility of the trial of the former president in accusing him jointly with his interior minister, Habib Al-Adly, in the killing of demonstrators opposing his rule, due to a previous issuance of an implicit command that there is no ground to file a criminal lawsuit against him. The court acquitted Mubarak and the fugitive businessman, Hussain Salim, from the corruption case related to the exporting of gas to "Israel", under the pretext of the expiration of the lawsuit, it also acquitted Mubarak and his two sons A'laa and Jamal in a third case involving acceptance of gifts and abuse of power. It is known to everyone that the Interior Ministry has corrupted the evidences of conviction, and has been proved beyond a reasonable doubt that the state agencies did not cooperate with the public prosecutor to obtain conclusive evidence. As an example, the General Intelligence posted to the Public Prosecution empty tape recordings devoid of any evidence, and notified the prosecution that the other tapes related to the first days of February 2011 were "recorded over". Similarly, the police force has destroyed important forensic identification related to the issue of the killing of demonstrators, which is a compact disc that contained the recordings of incoming and outgoing phone calls made from the operations rooms in the Central Security headquarters. The prosecution filed a criminal lawsuit against the officer responsible for the destruction of this evidence and the court sentenced him to two years imprisonment.

What is strange is that the current regime has condemned thousands of political opponents on the basis of flimsy evidence, and very swiftly, but at the same time has acquitted Mubarak and Al-Adly and his six aides from the

responsibility of the killing of demonstrators, and convicted only a few policemen of killing the demonstrators, and even fewer of them received suspended sentences or too lenient punishments. The rest were acquitted, and only two served sentences. And we found ourselves in front of another comedy scene where we see the killing of protesters outside the prison, while inside it reside thousands of demonstrators!

Mubarak will not be released, he is already serving a prison sentence of three years in what is known as the "presidential palaces" case in which he was convicted of squandering public money. The issue is not the release of Mubarak or not, but the issue is and must be realized by the revolutionaries which we have said repeatedly is that the regime did not fall on January 25, nor in any of the days that followed, but only the head of the regime was removed. And what we must all realize is that change is one way which was drawn to us by the Messenger of Allah (saw), refusing to take the incomplete power, or participating in a corrupt system contrary to Islam, as did the Muslim Brotherhood, but to have patience till the Nussrah is achieved, and working diligently in the Ummah to create public opinion which stems from a general awareness on the necessity of the full implementation of Allah's Laws in the righteously guided Khilafah upon the method of Prophethood, and this is through intellectual struggle and presenting the strong ideas of Islam to challenge and defeat the Kufr thoughts, and by the political struggle and exposing the plans and conspiracies against Islam and Muslims, and not by compromise and appeasement of tyrants and agents of the Kaffir West in our countries from the politicians, journalists and the so called thinkers. In this way, the public opinion for the Khilafah and Shariah will be generated, then the sincere people of Nussrah in the army will side with it, truly they are the one with real power. The Khilafah State alone when we establish it, by the will of Allah, will eliminate this corrupt system that made people taste fear and hunger for decades, and ruled with other than what Allah has revealed and it dominated and oppressed and surrendered the country and the people to the Ummah's enemies from the Kafir Western countries, especially America the fiercest enemy of the Ummah.

May be the scene in Egypt today is one of "Full Stop...Start a New Line", as if we have not carried out a revolution, and Mubarak and Al-Adly and his entourage did not carry out injustices against the right of Allah and the people. The media may focus on the overwhelming joy that erupted in the court in hysterical celebration after the announcement of the verdict, as if those who were behind the cage were brave champions who rescued Egypt and its people, but we cannot overlook the other side of which is a gift, which

was launched in Abdul Mon'im Riadh Square against this judgment. Perhaps it is a gift that will bring back things again to the first line, so that we start a new revolutionary movement on the basis of Islam, that restores Egypt to its origin the Kenanah of Allah on His land, and the rock that crushed the ambitions of the Kuffar colonizers.

We say to all who were surprised by the verdict, and went out to the squares in objection to it, that the rules of the civil law currently enforced in Egypt are inadequate and incapable of the administration of justice among us. They were placed by a limited, incapable and needy man, while the honorable rules of Shariah remove the injustice from the oppressed, and punishes the corrupting oppressors, because it is from Al Aleem Al Khabeer (All Knowing, the Expert); He (swt) Who do not oppress the people, but the people oppress themselves. We should have not accepted to be ruled by other than what Allah has revealed, and tolerate those who brushed the Book of Allah aside and replace it with an un-Islamic system that separates religion from life and the state, and the day that we revolted against it, we did not revolt because it is ruling by other than Allah's Shariah but for its corruption and oppression, and so we kept the regime and the corrupt manmade law that tried Mubarak on its basis, and paved the way for his acquittal like the innocence of the wolf from the blood of the son of Ya'qoub (as).

We invite you O Muslims in Egypt the Kenanah: To renounce this manmade law and the manmade rotten republic system, and that you work to change the situation radically and comprehensively by restoring the rule by what Allah has revealed, and establish the righteously guided Islamic Khilafah upon the method of Prophethood which will establish justice between us and punish the oppressors, that will bring the glory to Islam and Muslims and all people - Muslims and Copts - living tranquilly under the fold of Islam.

Arab Foreign Ministers don't Meet in Egypt Except to Commit Political Evil in their Clubs

(Translated)

The Foreign Ministers of the Arab countries met with the presence of President Mahmoud Abbas in Egypt, and took in the name of the Arab League Council a group of decisions related to the Palestinian issue inclusive of proposing a project of deciding on a schedule for ending the occupation to the UN and holding on to the Arab initiative by considering it the best solution for the case. They sufficed in condemning the aggression on the Aqsa whilst warning from a religious war as it may pose a danger to the area, and the Council assured in its decisions to continue the cooperative Arab work to ensure the international confession of the state of Palestine with Eastern Jerusalem being its capital on the 1967 borders...

The least that can be said about these decisions is they are political treason against the Palestinian issue. It firmly assures that the Arab rulers have abandoned Palestine, its people, and its sanctities and delivered them on a silver plate to the nest of the international criminal conspiracy called the UN, until the case became even more lost than it already was after they gave the country, the people, and the sanctities to the Jews through mobilization wars, agreements, and treasonable initiatives with the Jewish occupation sponsored by the West, led by America and the UN.

The one who closely examines the decisions of the Arab League that came out last Saturday night would find the following:

The topic of mobilizing the Ummah's army or just threatening with it in order to liberate Palestine, its people, and Al Masjid Al Aqsa is not mentioned nor existent in the agenda of the Arab rulers.

The Arab rulers have absolutely no relation with the case, but they rather have an international case with its destiny lies in the hands of the Jewish occupation, America, the Western countries and the UN who supported the occupation and sponsored it with money, weaponry, and international oppressive decisions. The Arab rulers and the government assure their

confession of the Jewish occupation on the occupied 1948 borders, and their maximum demands are to get a demilitarized state in the occupied 1967 borders which is around 20% of Palestine.

The Arab rulers' and the government's exploitation of the honorable blood of the martyrs which irrigated the soil in Palestine, Al Quds and all other cities, to be as a paved way leading to the waiver of most of Palestine's blessed land to the Jews, and handing over the case to the enemies of the Ummah in order to mess with it, instead of mobilizing their armies in order to take revenge from the criminal Jewish entity and liberate Palestine.

The Arab rulers and the government condemn the religious war since they realize that it brings the case to its origins whilst considering Blessed Palestine an indispensable part from the lands of the Islamic Ummah, which its creed is related to the text from the Holy Quran:

﴿سُبْحَانَ الَّذِي أَسْرَى بِعَبْدِهِ لَيْلًا مِّنَ الْمَسْجِدِ الْحَرَامِ إِلَى الْمَسْجِدِ الْأَقْصَى الَّذِي بَارَكْنَا حَوْلَهُ﴾

"Glorified (and Exalted) be He (Allah) [above all that (evil) they associate with Him] Who took His slave (Muhammad SAW) for a journey by night from Al-Masjid-al-Haram (at Makkah) to the farthest mosque (in Jerusalem), the neighborhood whereof We have blessed" [Al-Israa: 1]. This requires the mobilization of the Islamic Ummah's armies in order to liberate Palestine fully from the claws of the Jewish occupation and uproot the Western influence from Palestine and the rest of the Muslim countries.

Due to all this, we find that the Arab League Council with its current and former decisions has confirmed that this council does not meet except in aberrance while committing political evilness in its worst forms. The Ummah must stand in the face of those rulers and change them and establish the Khilafah for the Muslims which will bring the Palestinian case to its origins, leading to the mobilization of the Ummah and its armies in order to liberate Palestine fully and the rest of the occupied Muslim countries, and end the colonial Western influence, and that day the believers will rejoice with the victory of Allah (swt).

﴿يَا أَيُّهَا الَّذِينَ آمَنُوا اسْتَجِيبُوا لِلَّهِ وَلِلرَّسُولِ إِذَا دَعَاكُمْ لِمَا يُحْيِيكُمْ﴾

"O you who believe! Answer Allah (by obeying Him) and (His) Messenger when he (SAW) calls you to that which will give you life" [AlAnfal: 24]□

The Satanic Alliance between the Leaders of the Resistance and the Opposition and America the Greatest Devil

(Translated)

Bashar Al Assad stated in an interview conducted by the French magazine "Paris Match", with excerpts published on 3/12/2014, saying, "Terrorism cannot be destroyed from the air, and you cannot achieve results on the ground without land forces who know the geographical details of the regions and move in tandem with the airstrikes". He also added, "I want to stress an important point here. Remaining president had never been my objective, before, during, or after the crisis. But we as Syrians will never accept that Syria become a western puppet state."

This murderer who killed more than 200,000 martyrs from the Syrian people and millions as refugees, expending all weapons to annihilate the people in order to crush their will and divert them from completing their revolution in overthrowing him and his regime, in which Washington is covering up his crimes and supports him as it covered up before and supported the crimes of his father in Hama and other Syrian areas, likewise as it did in Lebanon. This is Bashar who didn't care about the repetitive aggression of the Jewish entity on Syria, as he didn't move a muscle to deter and rebuke them. Instead he remained on the same footsteps of his father, the loyal guardian for the security of their entity, and then comes after all this to state that he doesn't mind America and its allies to strike hundreds of airstrikes on Northern, Eastern and mid-Syria... Then he claims that he is keen on the country and the people, so he invites Obama in public to form an alliance with his criminal regime in order to eliminate the terrorists who are revolting against him, under the pretext that the airstrikes which America is conducting are not enough to accomplish the mission, thus obligating the ground forces of Assad's gang and his mercenaries to convoy with the airstrikes!

Then he says that he will not accept for Syria to become a tool in the hand of the West!!

Isn't it time for the leaders of Iran's Hezb in Lebanon, who always

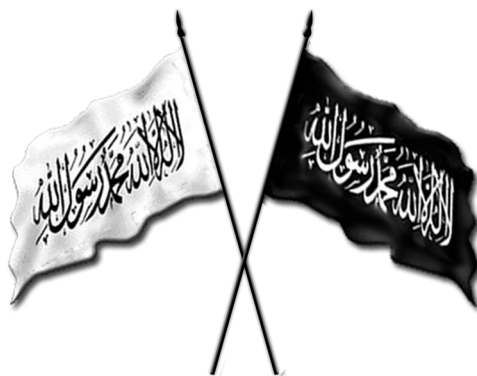

claimed that Assad is the hero of the opposition and the resistance, to bring out their heads from the sands of the ostriches in order to see and hear the truth? Or are their masters in Iran, the owner of the motto of the greatest devil, has issued a Fatwa that standing by the greatest devil is an obligation as it is necessary to face the alleged Takfiri danger??

What excuses are left for the leaders of Iran after it has exposed its participation in the crimes of American occupation in Afghanistan, in Iraq, and now in Syria? Or are they careful in presenting more services to America?

Hizb ut Tahrir has always exposed the Syrian regime being the agent of America in the ruling period of the deceased Hafiz and the ruling period of his son Bashar after him. All thanks and praise to Allah (swt) that the latest events have exposed this infiltration to all those with true vision, in addition to exposing the truth behind the crime of the Iranian regime and its prompt act to aid America in achieving its plans of colonizing the Ummah and enslaving it through the criminal regimes...

Allah (swt) is sufficient for you, O heroes of Ash-Sham; your acts of heroism have exposed the treason of the rulers and the systems, in addition to exposing the satanic alliance between the claimants of opposition and resistance and the head colonial serpent...□

Islam Forbids Harming the Muslims and Spying On Them

Islam has forbidden the torturing and harming of people. Muslim narrated from Hisham bin Hakeem, who said; « إن الله يعذب الذين يعذبون الناس في الدنيا » **“I bear witness that I heard the Messenger of Allah (saw) say; ‘Allah will punish those who punish the people in the Dunya.’”** He (saw) also said, « صنفان من » **“There are two types of the people of Hellfire I have not seen yet; some people who have whips like the tails of oxen by which they flog the people.”** [Narrated by Muslim from Abu Hurairah] Islam has also forbidden the violation of people’s sanctities, dignity, funds and honour, and the dishonouring of the sanctity of their homes.

The Messenger of Allah (saw) said, « كل المسلم على المسلم حرام، دمه وماله وعرضه » **“All things of a Muslim are inviolable for his brother in belief: his blood, his wealth and his honour”**, from a Hadith narrated by Muslim on the authority of Abu Hurairah. He (saw) also said while making Tawaf around the Ka’aba: « ما أطيبك، وأطيب ريحك، ما أعظمك وأعظم حرمتك، والذي نفس محمد بيده لحرمة المؤمن أعظم » **“How splendid you look, and how sweet is your scent. How grand you are and how grand is your sanctity. By Whom in Whose Hand is the soul of Muhammed, the sanctity of the believer is greater to Allah than yours, (that is) his wealth and his blood, and not to think of him except good.”** [Narrated by Ibn Majah on the authority of Ubaid Allah bin Amru] He (saw) also said, « سباب المسلم فسوق، وقتاله كفر » **“Abusing the Muslim is an aggression and fighting him is disbelief.”** [Narrated by Al-Bukhari & Muslim on the authority of ‘Abdullah bin Mas’ood]

He (saw) said regarding the sanctity of the houses; « لو أن رجلاً اطلع عليك بغير » **“If a person were to cast a glance in your house without permission and you hit him with a stone and thus gouged out his eyes, there would be no blame on you.”** [Narrated by Muslim from Abu Hurairah] It has been reported on the authority of Sahl Ibnu Sa’d Al-Sa’idi that a man once peeped through the hole of the door of the Messenger of Allah (saw), the Messenger of Allah (saw) was at the time scratching his head with a fork. He (saw) said, « لو أعلم أنك تنظر لطعنت بها في عينك، إنما » **“If I were to know that you had been peeping through the door, I would have thrust this into your eyes. Indeed, seeking permission was made to protect against the glance.”** [Narrated by Al-Bukhari & Muslim]

He (saw) also said, « من اطلع على قوم في بيتهم بغير إذنهم فقد حل لهم أن يفتقوا عينه » **“He who peeps into some people’s house without their permission, it is allowed for them to gouge out his eye.”** [Narrated by Ahmed from Abu Hurairah] Islam has also forbidden spying on the Muslims, watching them, chasing them and looking into their confidential and personal news. It has also forbidden the Muslim from being a spy on other Muslims. Allah (swt) says,

« يَا أَيُّهَا الَّذِينَ آمَنُوا اجْتَنِبُوا كَثِيرًا مِّنَ الظَّنِّ إِنَّ بَعْضَ الظَّنِّ إِثْمٌ وَلَا تَجَسَّسُوا » **“O you who believe, avoid suspicion as much as possible, for suspicion in some cases is a sin, and do not spy on each other.”** [Al-Hujurat: 12]

The Messenger of Allah (saw) said, «إياكم والظن، فإن الظن أكذب الحديث، ولا تحسسوا، ولا تباعضوا، ولا تتابعوا عوراتهم، فإنه» **“Avoid suspicion, for suspicion is the gravest lie in talk, and do not be inquisitive about one another and do not spy on one another, and do not turn one’s back to each other, do not hate each other, and be servants to Allah and be brothers.”** [Narrated by Al-Bukhari & Muslim from Abu Hurairah] And he (saw) also said, «يا معشر من آمن بلسانه، ولم يدخل الإيمان قلبه، لا تغتابوا المسلمين، ولا تتبعوا عوراتهم، فإنه» **“O you people who believed with your tongue, and Iman has not yet entered your hearts, do not backbite the Muslims, and do not search for their weaknesses. For he who sought the Awraat (the defects) of the Muslims Allah would follow his, and he whom Allah follows his Awra (defect), He would also expose him even in his own home.”** [Narrated by Ahmad from Abu Barza Al-Aslami] The Ayah and the Ahadith forbid the Muslims from spying against the Muslims and from following their ‘Awraat’ (defects). They warn that he who follows the ‘Awraat’ (defects) of the Muslims, Allah will follow his Awraat (defects) and will expose him. Other Ahadith have been reported forbidding the Muslims from working for the intelligence agencies to spy on the Muslims. Al-Miswar reported that the Messenger of Allah (saw) said, «من أكل برجل مسلم أكلة، فإن» **“Whoever ate something by harming a Muslim, Allah will indeed feed him the like of it from Jahannam. And whoever clothed himself with a dress by harming a Muslim, indeed Allah will clothe him a dress similar to it in Jahannam.”** [Narrated by Abu Dawood & Ahmad]

It is similarly forbidden to spy on the citizens from the people of the Dhimmah, for they are equal to the Muslims in terms of dealing and being dealt with fairly. The Messenger of Allah (saw) ordered that the Dhimmah should be treated nicely and he forbade harming them, he (saw) said; «من ظلم معاهداً، أو كلفه» **“He who harms a person under covenant, or charged him more than he can, I will argue against him on the Day of Judgement.”** [Narrated by Yahya bin Adam in the book of Al-Kharaaj] ‘Umar said, «أوصي الخليفة من بعدي بذمة رسول الله صلى الله عليه وسلم خيراً أن يوفي لهم بعهدهم، وأن يقاتل» **“I recommend to the Khaleefah after me to be good to those who are under the protection of the Messenger of Allah (saw), he has to fulfil to them their covenant (oath), to fight for protecting them and to not be charged more than they can afford.”** [Narrated by Yahya bin Adam] The Ayah and the Ahadith - although they are general about the unlawfulness of spying-exclude the spying against the belligerent disbelievers, whether they were actually or potentially belligerent. There are other Ahadith that specify the prohibition of spying to other than the belligerent disbelievers. Spying against the belligerent disbelievers is not forbidden, rather it is an

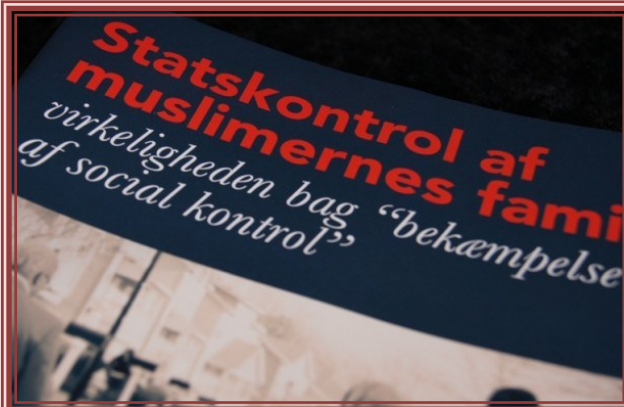

obligation, and so the Islamic State must do that. This is because the Messenger of Allah (saw) sent 'Abdullah bin Jahsh with eight bands of people from the Muhajireen, to Nakhla between Al-Taif and Makkah to monitor the movements of Qur'aysh and gather news about them. Spying against the disbelieving enemy is a matter that the Islamic armed forces and the Islamic State cannot do without. Spying against the disbelieving enemies is a duty that the Islamic State must perform. It is also its duty to have a counter intelligence service to combat any spying it is subjected to by the disbelievers. This is because Al- Bukhari reported on the authority of Salama Ibnu Akwa', who said; «أتى النبي صلى الله عليه وسلم عَيْنٌ من المشركين وهو في سفر، فجلس عند أصحابه يتحدث، ثم انفتل، فقال **The Messenger of Allah (saw) encountered a spy while on a journey; the spy sat among some of the Prophet's companions talking and then he snuck away.** Upon this the Messenger of Allah (saw) said; 'Go after him and kill him.' So I beat everyone to him and I killed him, so the Messenger of Allah (saw) gave me the booty of that spy." Ahmed narrated an incident from Furat Ibnu Hayyan, who said, "The Messenger of Allah (saw) ordered his killing. «أمرَ بقتله.» He was a spy, and an ally of Abu Sufyan and he passed by a circle of the Ansar and said; 'I am a Muslim.' A man from the Ansar said; «إن منكم رجالاً نكلهم إلى إيمانهم منهم فرات بن حيان.» 'O Messenger of Allah he says that he is a Muslim.' The Messenger of Allah (saw) replied «إن منكم رجالاً نكلهم إلى إيمانهم منهم فرات بن حيان.» 'There are men among you whom we entrust to their belief, and Furat Ibnu Hayyan is one of them.'" Al-Bukhari reported on the authority of 'Ali bin Abi Talib (ra), who said,

«بعثني رسول الله صلى الله عليه وسلم أنا والزبير والمقداد بن الأسود قال: انطلقوا حتى تأتوا روضة خاخ، فإن بها ظعينة ومعها كتاب، فخذوه منها فانطلقنا تتعادي بنا خيلنا حتى انتهينا إلى الروضة، فإذا نحن بالظعينة، فقلنا: أخرجي الكتاب، فقالت: ما معي من كتاب، فقلنا: نُخرجن الكتاب أو لنلقين الثياب، فأخرجته من عقاصها، فأتينا به رسول الله صلى الله عليه وسلم..»

"The Messenger of Allah (saw) sent me together with Az-Zubair and Al-Miqdad bin Al-Aswad, and said; 'Go forth until you reach the garden of Khakh, you will find a tha'ina (a woman riding a camel) who is carrying a letter, so take it from her.' We set off riding at high speed until we reached the garden, and we found the tha'ina. We said to her; 'Get out the letter.' She said; 'I have no letter.' We said; 'Get it out or else we take off the dress. So she got it out of her braid and we brought it back to the Messenger of Allah (saw)." These incidents' indicate that ruling in Islam is not an oppressive rule, and it is forbidden for it to be such, for oppressive ruling brings grave harm to the Muslims, contradicts the Shari'ah rules, and also disagrees with the Shari'ah principle that states "no harming and no self-inflicted harm", «لا ضرر ولا ضرار» It also indicates that it is forbidden for the Islamic State to set up an intelligence organisation to spy against the citizens, Muslims and non- Muslims alike, and that it is forbidden to harm them. It is the duty of the State to set up an intelligence service in order to spy against the Kuffar and gather information about them and to combat the espionage they carry out against the State. □

News and Comment**Hosting the Pope In Turkey in a Shower of Compliments is the Clear Evidence of Erdogan's Hypocrisy****N**ews:

The Italian Alitalia charter plane carrying the Pope, the spiritual leader of the Catholic world, and his accompanying delegation arrived at 12.50 a.m. at Ankara Esenboga Airport. Pope Francis arrived at the Presidential Palace. President Recep Tayyip Erdogan met the Pope at the door. President Recep Tayyip Erdogan and Pope Francis had their meeting in the Presidential Palace. In his speech, criticizing the West with regards to Syria and Palestine, Erdogan said the following: "We held a very productive meeting. There is hardly any issue we have different views on. Our view on terror, and fight against terror is the same. Our view on violence, and on the sovereignty of money is the same. I really consider the visit of our honourable guest to Turkey as very important. I believe it is a very important step in contributing to increasing the hopes of peace in our region and across the world. I believe that the messages that will be given from Turkey today, will not only reach Turkey and the Vatican, but the whole Muslim world and the whole christian world, and will find an echo that will increase the peace prospects. This picture that comes into existence in Ankara today, is undoubtedly a picture of hope for the world." (<http://wap.ntvmsnbc.com/Haber/Goster/25552965>)

Comment:

That the Western and US media and international community had presented Turkey with regards to the recent events in Syria and Iraq in association with IS and as if supporting jihadist Selefi groups; have played an active role in inviting the pontiff to Turkey. Additionally presenting especially President Erdogan and Prime Minister Ahmet Davutoglu as if they would have turned their backs to the European Union and Western countries, were effective on this visit. For this reason Turkey wanted to break this perception and demonstrate that its relations to the West are still maintained, that it is still in line with the West with regards to the interfaith dialogue and the civilizations alliance issues, and that it declared jihadist groups as terrorist groups just like the US and the West. In short, Turkey virtually has planned and implemented such a visit

in order to endear itself to the West.

However, as a blessing of Allah (swt), this visit has unveiled President Erdogan's hypocrisy in a clear and distinct manner. Just two days before the Pope's visit, President Erdogan made the following remarks at a meeting: "Foreigners love the oil, gold and diamonds of the Islamic world. They love the cheap labor, the conflicts, fights, and disputes among them. Believe me, they do not like us. They love seeing our children die. How much longer will we stand that fact?" Only two days later; Erdogan who threw around with those words showered praise on this man who is the successor of the Pope who bathed the Islamic lands in blood through his crusaders; and installed holiness on him.

*Foreigners love the oil, gold
and diamonds of the Islamic
world.*

The dimension of the betrayal in his statements after the meeting with the Pope of having the same thoughts on the fight against terror and many other subjects, is hardly to explain. The same Erdogan, who complained about the West and the Western colonialism while looking straight into the eyes of the people a few days ago, is now speaking highly of the Pope. He expressly emphasizes that there are no differences in any issue between him and the Pope. Since when are the leaders of the Muslim countries seeking to design the jihadist groups which they consider as "Islamist terrorism"? Demanding a solution for the problems on the soils of Syria and Iraq and alike, is testifying incompetence and improvidence. Embracing and calling one a fellow, whom you called an enemy two days ago; is the clear evidence of hypocrisy. □

Only Islam Will Eradicate Modern Slavery

News:

Nearly 36 million men, women and children are living in modern slavery worldwide in 2014, according to the second edition of Walk Free's Global Slavery Index (GSI) describing modern slavery as a "hidden crime" and "big business." The organisation defined modern slavery as the deprivation of individual liberty for the purpose of exploitation. This broad definition includes many slavery-related practices such as human trafficking, forced labor, debt bondage, forced marriage, commercial sexual exploitation and the sale and exploitation of children.

Comment:

The survey has shown that modern slavery exists throughout each of the 167 surveyed countries. Accordingly India -the world's largest democracy - has with 14 million out of a 1.2 billion population the highest number of enslaved people in the world, followed by China (3.2 million), Pakistan (2.1 million), Uzbekistan (1.2 million), Russia (1.05 million), Nigeria (834,200), the Democratic Republic of the Congo (762,900), Indonesia (714,100), Bangladesh (680,900) and Thailand (475,300). Taken together, these 10

countries account for 71 percent of the total estimated 35.8 million people living in modern slavery these days. The highest estimated prevalence of modern slavery as a proportion of population exists in Mauritania. Also Europe has its share in modern slavery with 566,000 people, led by Turkey on the top with 185,500 people. At the same time these numbers prove that slavery has little to do with poverty.

The ever-increasing mass dehumanization of millions of people, mostly women and children, facing economic, physical and sexual exploitation, is the outcome of the capitalist ideology. This ideology through its man-made 'high' values of 'economic success' and 'profit' has produced selfish and exploitative rulers, employers and rich minorities obsessed with turning this world into paradise for themselves, while setting other people, their rights and lives and any true values at naught. In contrast with capitalism, the ideology of Islam is not man-made, but revealed by Allah the Creator of the worlds. Islam aims at the prevention of tyranny in any form, including the eradication of the enslavement of individuals. Allah's Messenger Muhammed (saw) for example said:

«تَلَاثَةٌ أَنَا حَصْمُهُمْ يَوْمَ الْقِيَامَةِ، رَجُلٌ أُعْطِيَ
بِي ثَمَّ عَدْرًا، وَرَجُلٌ بَاعَ حُرًّا فَأَكَلَ ثَمَنَهُ، وَرَجُلٌ

اسْتَأْجَرَ أَجِيرًا فَاسْتَوْفَى مِنْهُ وَلَمْ يُعْطِ أَجْرَهُ»

"There are three persons whom I will oppose on the Day of Resurrection: a man who gives his word by Me but proves treacherous; a man who sells a free person and consumes the price; and a man who employs a worker and receives a completed job but he does not pay him his wages." [Sahih Bukhari, Number 430]

Islam's understanding of economy and therefore its economic policies aim at the effective distribution of wealth, so that the basic needs of all individuals are fulfilled, while at the same time every person is also enabled to afford for luxury goods. Adultery and prostitution and especially forced prostitution are to be penalized heavily, which deters those who think to gain profit through sexually exploiting women and children. Islam motivates Muslims to take care of the people around them, being close or far relatives, neighbours or anyone else, and also forces the state to close the debts of a person who is not able to do so anymore. These and more principles of Islam in tackling poverty and any form of oppression, including slavery are time-tested and organized in a manner to provide the peace and justice again in any place of the world at any time - as soon as implemented again in the form of the Khilafah State. □

CIA Interrogations Report Sparks Prosecution Calls

President Barack Obama is authorizing the US military to deploy up to 1,500 more troops to Iraq as part of the mission to combat ISIL. Obama is also asking Congress. The UN and human rights groups have called for the prosecution of US officials involved in what a Senate report called the "brutal" CIA interrogation of al-Qaeda suspects. A top UN human rights envoy said there had been a "clear policy orchestrated at a high level". The CIA has defended its actions in the years after the 9/11 attacks on the US, saying they saved lives. President Obama said it was now time to move on. The summary of a larger classified report says that the CIA carried out "brutal" interrogations of al-Qaeda suspects in the years after the 9/11 attacks on the US and misled other officials about what it was doing. The information the CIA collected this way failed to secure information that foiled any threats, the report said. UN Special Rapporteur on Human Rights and Counter-Terrorism Ben Emmerson said senior officials from the George W Bush administration who planned and sanctioned crimes must be prosecuted, as well as CIA and US government officials responsible for torture such as waterboarding. "As a matter of international law, the US is legally obliged to bring those responsible to justice," Emmerson's statement made from Geneva. "The US attorney general is under a legal duty to bring criminal

charges against those responsible." [Source: BBC News]

Yet again, the world is seeing what it already knew that America only pays lip service to human rights. And what is the point of revealing such information if there is no prosecution of Bush, Cheney and others who instigated such practices. Unlike Western liberalism which changes its definition of human rights and torture to safeguard the interest of Western governments, Islam is clear about torture. Hisham said: I heard the Messenger of Allah (saw), say:

«إِنَّ اللَّهَ يُعَذِّبُ الَّذِينَ يُعَذِّبُونَ النَّاسَ فِي الدُّنْيَا»

"Verily, Allah will torture those who torture people in this world." (Source: Sahih Muslim 2613)□

David Cameron: World Facing Second Economic Crash

David Cameron said "red warning lights are flashing on the dashboard of the global economy" and a 2nd global crash could be looming. In a bleak assessment as the G20 Summit draws to a close, the Prime Minister said there were early signs similar to those seen before the global recession 6 years ago. There is a "dangerous backdrop of instability and uncertainty" with diplomatic, humanitarian and economic problems across the world, he warned, which potentially endanger Britain's recovery. Mark Carney, the Governor of the Bank of England, said hedge funds, private equity firms and other parts of the unregulated "shadow banking" world will face increased scrutiny over the possible risks that they pose to financial stability. "When the crisis hit, all these shadow banking risks collapsed back on the centre," said Carney, also chairman of the Financial Stability Board. Writing in The Guardian, Cameron said, "The Eurozone is teetering on the brink of a possible third recession, with high

unemployment, falling growth and the real risk of falling prices too. "Emerging market economies, which were the driver of growth in the early stages of the recovery, are now slowing down. Despite the progress in Bali [trade talks in 2013], global trade talks have stalled while the Ebola epidemic, conflict in the Middle East and Russia's illegal actions in Ukraine are all adding a dangerous backdrop of instability and uncertainty." The British economy was the fastest-growing in the G7, with "record numbers of new businesses, the largest ever annual fall in unemployment, and employment up 1.75 million in 4 years", Cameron said, "But the reality is, in our interconnected world, wider problems in the global economy pose a real risk to our recovery at home."

In the space of 6 years, the world is again facing an economic crisis according to Cameron. However the truth of matter is that the world is firmly caught up in an unprecedented economic depression, which it cannot get out of. But due to the lies of the politicians and their super-rich backers, populations across the world have been fed a diet of misconstrued facts and figures, which paint a rosy picture. The real casualty of capitalism are the vast majority of people whose incomes have dramatically dropped, while on the other hand the super-rich i.e. top 1% get richer by the day. This economic equation is no longer sustainable and cannot be balanced through printing more money. The only solution to the world's economic woes lies in Islam, and Muslims must work tirelessly to re-establish the Khilafah state so that the world can see economic justice for all . □

IISIS Making Deadly Inroads in Libya, Pakistan & Afghanistan

The Islamic State group and its leadership have become masters of

grabbing attention. This week alone, the extremist network, also known as ISIS or ISIL, reportedly seized control of a coastal town in Libya, and released a grisly video of its fighters brandishing the severed head of a former Army Ranger turned aid worker Peter Kassig, along with those of dozens of captured Kurdish fighters. The Islamic State group is here to stay and it's not wasting time like al-Qaida did before. "The message they're trying to convey is they are brutal to their enemies, and they are righteous in their cause," says Karl Kaltenthaler, an expert on the rise of Islamic extremism and professor at the University of Akron. "If you mess with them, you're going to pay a high price, and they will stop at nothing to achieve the triumph of their vision for Islam." Al-Qaida's original plan under founding leader Osama bin Laden involved knocking the U.S. and Western influence out of predominantly Muslim countries, collapsing those states, creating Islamic alternatives and ultimately establishing a so-called hard-liner caliphate. The Islamic State group has thrown that plan out the window, and has achieved on the ground what al-Qaida could only dream of a decade or more ago. It's irrelevant - for now - whether the expanding presence of the Islamic State group is at the explicit direction of its reclusive leader, Abu Bakr al-Baghdadi, or if regional "lone wolf" insurgents are branding themselves as such. What matters is that average citizens from Libya to Afghanistan, Pakistan and India - and perhaps even farther - believe now more than ever this murderous firebrand could show up at their front doors. The Pakistani government has consistently denied any presence of the Islamic State group within its borders, or in neighboring Afghanistan. "ISIS is a matter of concern for anyone, use as much as anyone else," said Maj. Gen. Asim Saleem

Bajwa, a spokesman for the Pakistani military. "There have been speculative reports of some kind of leadership of ISIS coming there, but there hasn't been any evidence." But sources on the ground there say the government is hiding what has become a pernicious problem in the region. Six prominent members including a chief spokesman of the Pakistani Taliban, known as Tehreek-e-Taliban, said in a statement in October they supported the Islamic State group. They were later fired by their top commander, likely out of confusion about which extremist groups the Tehreek-e-Taliban wishes to ally itself. The looming deadline of the allied forces' withdrawal is also prompting all those involved in the country's illicit system of patronage to take advantage of it while they still can. Many paid thousands of dollars to buy positions on the border, or in Afghan government oversight committees, knowing they could make that back many times over. The task forces established by former Central Command Chief Army Gen. David Petraeus or Marine Gen. John Allen that used to help keep this culture in check are all gone, Sopko (the special inspector general for Afghanistan reconstruction) said, offering a foreboding conclusion: "We're the largest law enforcement and oversight presence in Afghanistan. And I only have 40 people." An Islamic State group presence in Central Asia would be a big public relations coup for the extremist network, particularly in Pakistan - a nuclear state - and Afghanistan - ground zero for a supposed U.S. war victory - and will only further establish its brand name. [Source: US News]

Just as the West used the inflated threat of Al-Qaida to prosecute its so-called war against terror in Muslim countries, the ISIS threat is deliberately exaggerated by the West to extend their crusade in Muslim lands. Every other

day, stories are manufactured to show ISIS's expansion, which are then followed by appeal to Western powers to intervene in various parts of the Muslim world. The West is truly at war with Islam, and this no longer a clash of civilizations; rather it is a war of civilizations which is unfolding before our very eyes. □

Pakistan Trench along Afghan Border Enrages Kabul

In the dusty badlands along its disputed border with Afghanistan, Pakistan is carving out a massive trench to keep out separatists, smugglers and militants in an attempt to bring order to a lawless, tribal region. But like the Berlin Wall or Israel's West Bank barrier, the planned 485-kilometer (300-mile) trench is giving physical form to a border that locals have long seen as artificial, dividing families and crippling trade. And it is adding to simmering tensions between Afghanistan and Pakistan, US allies which have long accused each other of turning a blind eye to insurgents. The trench runs along part of the 2,640-kilometer (2,640-mile) Durand Line, named for British diplomat Mortimer Durand, who drew the now internationally recognized border in an agreement with Afghan ruler Abdur Raham Khan in 1893. But the modern Afghan government has never accepted the border, and neither have the mainly tribal communities that straddle it. They are accustomed to moving back and forth freely and in some cases own land on both sides. The trench is being built in Pakistan's Baluchistan province, where Baluch rebels have been battling Islamabad for decades, demanding greater autonomy and a larger share of the region's oil, gas, copper and gold. It's an eye-sore of construction; a massive furrow 10 feet (three meters) wide and 8 feet (2.4 meters) deep that already snakes 180

kilometers (110 miles) across the desert landscape. Pakistan's

Frontier Corps said in a recent statement that the trench would "not only help in effectively controlling the movement of drug and arms and ammunition smugglers, but also will help in stopping the intrusion of terrorists and illegal immigrants." Pakistan fears that arms could make their way to any number of insurgent groups, including the Taliban. But Kabul sees the trench as the latest move in a new incarnation of the colonial-era Great Game, in which Pakistan hopes to destabilize its neighbor to extend its regional influence. It already considers Pakistan as the source of the Taliban insurgency it has been battling with US and NATO support for the past 13 years. "The people here have never accepted the Pakistan-Afghanistan border in the first place," said Gen. Abdul Raziq, the police chief of Afghanistan's Kandahar province, which borders Baluchistan. "Pakistan is not doing anything to stop terrorism. If they want to stop it, they should stop producing it," said Raziq, who has long had a reputation for ruthlessness in battling the Taliban. "This trench is simply to draw a border with Afghanistan and claim Therefore, it is upon the sincere amongst the armed forces to come forward and provide Nussrah to Hizb ut Tahrir for the establishment of Khilafah.

acceptance to go to the training camps prepared by America with the help of its agents in the area is a great treachery, and a massive crime. It is the wasting of the blood of the martyrs who presented this blood only for the Word of Allah (swt) to be raised, and it is the squandering of the sacrifices of this Ummah which it presented them in this blessed revolution:

﴿الَّذِينَ يَتَّخِذُونَ الْكَافِرِينَ أَوْلِيَاءَ مِنْ دُونِ الْمُؤْمِنِينَ ۗ أَيْبَتُونَ عِنْدَهُمُ الْعِزَّةَ فَإِنَّ الْعِزَّةَ لِلَّهِ جَمِيعًا﴾

Those who take disbelievers for "Auliya' (protectors or helpers or friends) instead of believers, do they seek honour, power and glory with them? Verily, then to Allah belongs all honour, power and glory." [An-Nisa: 139]. So, be very careful from falling into this evil trap, and cut all ropes of the source of all catastrophes - America, as it is a rope that will coil around your necks without you feeling it. Instead, hold fast to the strong Rope of Allah (swt), as it will save you in this life and in the Afterlife.

﴿هَذَا بَلَاغٌ لِلنَّاسِ وَلِيُنذَرُوا بِهِ وَيَلْعَلُوا أُنْمَا هُوَ إِلَهٌ وَاحِدٌ وَيُنذَرُوا أُولُو الْأَلْبَابِ﴾

"This (Quran) is a Message for mankind (and a clear proof against them), in order that they may be warned thereby, and that they may know that He is the only One Ilah (God - Allah) - (none has the right to be worshipped but Allah), and that men of understanding may take heed." [Ibrahim: 52] □

Draft Constitution of the Khilafah State

Article 62: Jihad is obligatory upon the Muslims and military training is compulsory. Every male Muslim who has reached the age of 15 is obligated to undertake military training in order to prepare him for Jihad. Recruitment is an obligation of sufficiency.

Article 63: The Army has two sections: the reserve section, which is all those Muslims who are capable of carrying arms, and the section of regular soldiers, who get salaries from the State budget in the same manner as the civil servants.

Article 64: The Army is given banners and flags and the Head of State (the Khalifah) gives the banners to whomever he appoints to lead the Army, whereas the flags are provided by the brigadiers.

Article 65: The Khalifah is the Commander of the Army and he appoints the Chief of General Staff, a general for each brigade, and a commander for every division. The appointment of a person in the General Staff is according to his level of military expertise and is carried out by the

Chief of General Staff.

Article 66: The Army is a unified entity which has specific bases. However, it is necessary that some of these bases are placed in different provinces and others in strategic locations. Some of the bases should be permanently mobile fighting forces. These bases are organised in numerous groups, with each group being given a number as a name, such as the first Army, the third Army, or they can be named after a province or district.

Article 67: It is obligatory to provide the Army with the highest level of military education and raise its intellectual level as far as possible. Every individual in the Army should be given Islamic culture that enables him to have an awareness of Islam, to at least a general level.

Article 68: It is obligatory that each base should have sufficient numbers of officers of the General Staff who possess expert military knowledge and experience in drawing up plans and running battles. The Army as a whole should possess as many of these officers as possible. □ [to be cont.]

Book of the Month:

The Methodology of Hizb ut Tahrir for Change

Hizb ut Tahrir

In the Name of Allah the Beneficent the Merciful.

May Allah's (swt) peace and prayers fall on the Master of the Messengers, the leader to the pious people, his family, and his companions and upon everyone who makes da'wa with his message, and who confines himself to his method, and follows his steps and takes the Islamic creed as the basis for his thoughts, and the divine rules as the standard for his actions and as a reference for his opinions and rules.

The vital issue for Muslims in the whole world is the re-establishment of the rule of Allah (swt) through establishing the Khilafah, and appointing a Khalifah for the Muslims, who is given the Bayah on the Book of Allah and Sunnah of His Prophet (saw), in order to demolish the rules of Kufr and to replace them with the laws of Islam both in implementation and application, to transfer the Muslim lands to Dar ul-Islam (Land of Islam), to make the society in Muslim lands an Islamic society, and to carry the message of

Islam to the world by invitation and Jihad.

By defining what is the vital issue for Muslims, the objective will also be defined, for the achievement of which those who carry the Islamic call have to strive, as groups, parties and structures. Consequently the method which they have to follow to achieve their aim will also be defined. In order to understand all this we have to be aware of the present situation of Muslims and the reality of Muslim lands; and the situation of these lands, the reality of the society in which Muslims live nowadays, and the reality of the divine rules which are connected to all of these things.

The Reality of Muslims: Although there are Muslims, their lives are characterised and dominated by a mixture of Islamic, western, socialist, nationalist, partisan, regional and sectarian thoughts and emotions.

The Reality of Muslim Lands: When we look at the Muslim lands, which are primarily the Arab areas, they are unfortunately all governed by the laws and systems of Kufr except for some Islamic laws, such as the laws of marriage, divorce, wife's financial support, inheritance, guardianship etc. All of these are implemented by specially appointed courts called Mahkamah Shari'ah. The Dar which Muslims Inhabit: Regarding these lands in which Muslims currently live throughout the world, their reality is that they are all Dar ul-Kufr and not Dar ul-Islam. In order to understand this situation we have to understand the reality of Dar ul-Islam and the reality of Dar ul-Kufr according to the viewpoint of Shari'ah. □
