Press Release

O Muslim Scholars:

You See the Terrorism of Organizations But You Cannot See the Terrorism of America and its Agents? This is Strange Indeed! (Translated)

As part of its activities in its 25th legitimate session conference, under the slogan of "Moderation is a Legitimate and Civilized Methodology", during the period of 2-6 Rabi' Al Awwal 1436 AH, in the Dutch city of Eindhoven, "Al Waqf al Islami Foundation" organized a forum of what it called the "The Phenomenon of Terrorism: the Concept, Its Manifestation, Its Causes, and Ways of Prevention"; where the Ulema speakers condemned the situation of the Muslims today and defined it as the main contributor to the emergence of what they called "the Phenomenon of Terrorism" in the world. They diagnosed the disease and prescribed the treatment in the commitment to morality and the return to the true Deen of Islam, which obliges the Muslim to be "civilized" in his dealings with others; adding that renunciation of prejudice between the different races and school of thoughts (religious) is a divine honour.

As we follow with great pain the situation of the Islamic Ummah being described by the West as terrorism, until in their eyes every Muslim became a terrorist and Islam stands behind every terrorism act; we find your position strange, O Ulema, of standing on the side that opposes your Ummah through your support to the American discourse; rather than standing and supporting your bereaved Ummah that is slaughtered before your eyes from the vein to the vein. How we long for a man from you to stand up and point out the American crimes: in its support for claiming of the lives of your brothers in Ash-Sham in the hundreds of thousands, and its silence over the massacres in the land of Egypt Al Kinanah, and in tampering with the security and the wealth of Libya, and in terrorizing the people of the revolution in, and standing with the displacement of your Muslims brothers in Burma without fear or shame... Are you aware that the two pillars of righteousness or corruption are the rulers and scholars? As for the rulers, we have been stunned by their position, without exception, their loyalty to the West is undoubtedly proven, but we become more and more stunned by the day by a new group of the Ulema of the Ummah adhering to the dictates of the malicious West that is anti-Islam. This breaks our hearts and brings tears to our eyes!!

Terrorism, dear Ulema, was not invented by Ash-Sham's revolution and was

not the outcome of the Arab Spring, but it is that which is planned by the demons in the White House and was delivered by their head (the one who taught their sorcery) to its hired agents who rule us in the Muslim countries, to indulge in the shedding of the pure blood in the land of the Prophets. Unfortunately, your concern is no longer the terrorism of Bashar, but the terrorism of Ash-Sham's Revolution! And not the terrorism of the aircrafts of Jordan, Saudi Arabia, the UAE and Qatar that drops fireballs received by the secured residents in Riqqa and Mosul, which claimed the lives of helpless children, women and men, and terrorism of the people of Gaza and the West Bank, but your eyes are blinded to the terrorism of the Jewish entity, and even terrorism of Abbas's Authority and standing against its own wounded people to please America and its child (Israel).

After all this, we ask you, did you not find the warm, exciting, and welcoming reception by the Netherlands and the European Union for you and your conference strange, at a time when they prevent the displaced Syrians of prayer in the refugee camps, and the security forces arrest Muslims in various parts of Europe, breaking the doors of their homes in the middle of the night and dragging them in a humiliating manner in front of their children and their wives, and throw them in the darkness of prisons for days and weeks without fixed charges, but only because they are Muslims attending mosques and Islamic study circles? Yet we do not hear from you a single word of condemnation for the actions of your hosts?!!

The plight of the Ummah of its scholars is harsher than that of its rulers, because it longs and yearns for a righteous scholar who will take a stance as Imam Ahmad and Al-Izz Ibn Abd Al-Salam, and Taqiudeen An-Nabhani, they sacrificed their lives for the pleasure of Allah (swt), and were victorious, by the permission of Allah...

The Ummah awakened and realized who is the enemy and who is the friend, and who is working for Allah and who is working for the Dunya! They are eager to have a strong scholar, pious and righteous like the predecessors, so be like them, do not waste this chance that is in your hands, and side with Allah (swt) and His Messenger (saw) and your Ummah and its revolutions, and reject the West and the agent rulers of the Muslims. And proclaim in their faces the word of truth, it will elevate you to the ranks of the martyrs, Hamza Ibn Abdul Muttalib may Allah be pleased with him.

﴿يَا أَيُّهَا الَّذِينَ آمَنُوا لَا تَخُونُوا اللَّهَ وَالرَّسُولَ وَتَخُونُوا أَمَانَاتِكُمْ وَأَنْتُمْ تَعْلَمُونَ * وَاعْلَمُوا أَنَّمَا أَمْوَالُكُمْ وَأَوْلَادُكُمْ فِتْنَةٌ وَأَنَّ اللَّهَ عِنْدَهُ أَجْرٌ عَظِيمٌ﴾

"O you who have believed, do not betray Allah and the Messenger or betray your trusts while you know [the consequence]. And know that your properties and your children are but a trial and that Allah has with Him a great reward." [Al-Anfal: 27-28]□

The Future-Hezbollah Dialogue: "Pebble Soup"

(Translated)

Media reported on Thursday morning, 25 December 2014, the launch of the so-called Future-Hezbollah Dialogue on Wednesday, 24 December 2014. This dialogue that was promoted by the media for several days as if it were "a silver bullet"! Only to surprise the people that entering of the Party of Iran in the raging killings in Syria, or its exit is not up for discussion and dialogue. As well as what is known as the weapon of "resistance" is not up for discussion and dialogue, and the eligibility of the presidency is also not under discussion and dialogue, as this is the concern of the ally of the Party of Iran, Michel Aoun ... However, it made the urgent and most important quest the subject of the so-called Saraya al-Moqawama (Resistance Brigades) and dissolving them! ... And that this meeting would assuage the Sunni-Shiite tension.

Here, we say: If all these issues are not in question, and not even urgent discourse, then on what dialogue do they speak?! As long as these issues are not debated by those causing them, why then the meeting and dialogue?! Consequently, were not these issues, as the future trend deluded its followers, fundamental issues?! So where did this fundamentalism go?! Or have the leaders of this trend disregard its public since it accepted to form a government with the party of Iran, Hezbollah, despite the reservations alleged since a long time ago?!

The answer to these queries has become obvious to everyone with vision and insight. Thus the decision to confrontation, or the decision to form a government, or to sit at the dialogue table... All these decisions had never been - and will never be - in the hands of the interlocutors of the Future Movement, or the Party of Iran, or those who sponsored the dialogue superficially. The decision of this kind was - and remains - subject to regional countries, who are the owners of the political money that feeds the interlocutors. Rather, it is subject to the major countries that were and still are planning for these regional states their movements and stillness, according to the interests of the major countries that do not observe concerning Lebanon and its people or the countries in the Islamic world any pact of kinship or covenant of protection. However, they put their calculations, plans and strategies above anything else, even if it was the blood of the people of Lebanon, Syria and the rest of the region...

As for the issue of dissolving "Saraya al-Moqawama", does this require meetings and dialogues? Not even half a meeting or half a dialogue?! Cannot those who formed them see that they have become not more than mere clusters that have been took up weapons, and found support and cover, and even security institutions were prevented to bring one of them, except with a hail of bullets and shedding blood of pedestrians here and there... So does it require more than an immediate and momentary dissolution from those who claim a

desire to stop the congestion and unite the rank?! As for reducing the Sunni - Shiite tension, which the interlocutors made it a flashy title for this meeting, we wish it were true as well ... had not this been possible many years ago? Or that the external directives had not arrived yet?! And who had created this tension except those who shed the sacred blood of their people, the people of Lebanon and the people of Syria as a service for foreign agendas? Who instilled it except those who accepted to sit with them yesterday and today, only in compliance with the orders of their masters and their agendas?

The one having the interest in this congestion are the international masters who ordered everyone to sit down to the table of dialogue with the knowledge that it is merely a "pebble soup" which neither nourishes nor avails against hunger, but only continued procrastination and stalling due to floundering and confusion of their masters in solving the pressing issues in the region. Ash-Sham's revolution has surprised the regional and international players and their followers, due to the raising of the slogans of Islam in general, and the Khilafah on the method of the Prophethood, in particular, prompting these countries compulsorily to raise the tension in an attempt to thwart the awakening of the Ummah. Also to highlight the alleged "Caliphate" announced by ISIS (Da'ish) to bury the real liberating project of the Ummah; the Khilafah on the method of the Prophethood, of whom the sincere sons work towards it. Then attempt to silence all those carrying the word of truth pretexts of "terrorism", "atonement" and "Da'ishism"! ...

Here is the Deputy Secretary-General Naim Qassem said in a statement published by Al-Hayat Newspaper in its edition on Monday, 29/12/2014, giving tiding of the result after a few days from the first dialogue meeting, saying: "The region today in the state of swaying; no solutions, no predominance, and no achievements. In other words, there is no solution soon in Syria nor in the face of Da'ish, nor in Saudi-Iranian relations and nor in the range of problems that exist in our region, including no solution soon in Lebanon for many of the outstanding issues for its association with the project in the region". O Sunnis and Shiites in Lebanon! O Muslims, as Allah named you by: We in Hizb ut Tahrir/ Wilayah Lebanon invite you not to cling to false hopes and illusions promoted by the interlocutors and their masters; misleading and deception! We also urge you to support the workers, and even work with them to establish the Khilafah on the method of the Prophethood where everyone who will live under it, Muslim and non-Muslim shall enjoy peace. This is what Hizb ut Tahrir works for day and night in pursuit of the revival of the Ummah, including Lebanon and its people.

﴿ إِنَّ فِي ذَلِكَ لَذِكْرَى لِمَنْ كَانَ لَهُ قَلْبٌ أَوْ أَلْقَى السَّمْعَ وَهُوَ شَهِيدٌ ﴾

National Action Plan is to Strengthen America's Raj in Pakistan

The regime has been grossly negligent in its responsibility to secure the people from harm by ignoring the root cause of barbaric attacks in Pakistan, the vast American intelligence and private military network. It is this "Raymond Davis network" that gathers intelligence, plans, trains and funds the misguided and ignorant to undertake sophisticated attacks in even the most sensitive and well-guarded places. Yet, despite numerous resolutions, known collectively as the "National Action Plan," the regime did not undertake a single action against the hostile Americans on our soil, whether it is rounding up the American spies and assassin trainers for trial, or depriving them of their bases within the residential areas and military cantonments, or closing their fortresses that are disguised as an embassy and consulates. Thus, the current rulers of Pakistan have shown that they have no sincerity for the people even, though RasulAllah (saw) warned,

«مَا مِنْ عَبْدٍ يَسْتَرْعِيَهُ اللَّهُ رَعِيَّةً يَمُوتُ يَوْمَ يَمُوتُ وَهُوَ غَاشٌّ لِرَعِيَّتِهِ إِلَّا حَرَّمَ اللَّهُ عَلَيْهِ الْجَنَّةَ»

"There is no servant whom Allah gives charge over a people and he dies while he is cheating them (by neglecting their affairs), Allah will make Jannah unlawful for him." [Muslim]. Adding to their criminal neglect, traitors within the political and military leadership have committed to great treachery against the Muslims, their lands, their armed forces and their political rights granted by their Deen, for they are working to curb resistance to America's occupation of Afghanistan, as well as her dangerous foreign presence within Pakistan.

As for the treachery against the sanctity of the Muslims' lands, it is in the form of measures to prevent Jihad against the occupying American forces in Afghanistan, under the banner of preventing "terrorism." Previously the regime claimed to distinguish between those who attacked Pakistan and those that attacked the American occupation. However, now, the regime has declared them all as one and has ordered them all to be stopped, no longer distinguishing between the lowly murderer of children and the noble mujahid fighting in the way of Allah against the Western crusaders. On 17 December 2014, Prime Minister, Nawaz Sharif, declared, "There will be no distinction between good and bad Taliban. The nation will continue this war with full resolve till the elimination of the last terrorist." This is despite the severe condemnation from Allah (swt) and His Messenger (saw) for abandoning the duty of Jihad in the path of Allah (swt). Allah (swt) said,

﴿يَا أَيُّهَا الَّذِينَ آمَنُوا مَا لَكُمْ إِذَا قِيلَ لَكُمْ انْفِرُوا فِي سَبِيلِ اللَّهِ اثَّاقَلْتُمْ إِلَى الْأَرْضِ أَرْضَيْتُمْ بِالْحَيَاةِ الدُّنْيَا مِنْ

الْآخِرَةَ فَمَا مَتَاعَ الْحَيَاةِ الدُّنْيَا فِي الْآخِرَةِ إِلَّا قَلِيلٌ ﴿٣٨﴾

"O you who have believed, what is [the matter] with you that, when you are told to go forth in the Path of Allah (Jihad), you adhere heavily to the earth? Are you satisfied with the life of this world rather than the Hereafter? But what is the enjoyment of worldly life compared to the Hereafter except a [very] little." [Surah At-Tawba 9: 38].

And RasuAllah (saw) said, «مَا تَرَكَ قَوْمَ الْجِهَادِ إِلَّا عَمَّهُمُ اللَّهُ بِالْعَذَابِ» **"No people that abandoned Jihad except that Allah encompassed them with punishment." [Tabaraani]**

As for the treachery against the Muslims' armed forces, not only does the regime prevent the armed forces from fulfilling their duty of Jihad to end the Western occupation in Afghanistan, it orders the armed forces to engage in operations in the tribal regions, in support of the occupying forces, under the banners of "alliance" and "strategic cooperation." On 23 December 2014, the Chief of Army Staff, General Raheel Sharif met commanders of the Afghan National Army (ANA) and the International Security Assistance Force in Afghanistan (ISAF) and reaffirmed commitment to joint operations to eliminate all tribal fighters. An ISPR statement on the meeting said, "Both leaders (ANA and ISAF chiefs) assured their full support in fight against terrorism and eliminating terrorists on Afghan soil." Moreover, the American blood money, from the Coalition Support Fund, comes with a condition that the crusaders will both review the effectiveness of the operations and scrutinize the killing. Thus, the regime commits to burn our armed forces as fuel for America's collapsing crusade, even though Allah (swt),

﴿إِنَّمَا يَنْهَاكُمْ اللَّهُ عَنِ الَّذِينَ قَاتَلُوكُمْ فِي الدِّينِ وَأَخْرَجُوكُمْ مِنْ دِيَارِكُمْ وَظَاهَرُوا عَلَىٰ إِخْرَاجِكُمْ أَنْ تَوَلَّوهُمْ وَمَنْ يَتَوَلَّهُمْ فَأُولَٰئِكَ هُمُ الظَّالِمُونَ﴾

"Allah forbids your alliance with those who fight you because of your Deen, and drive you from your homelands, or aid others to do so: and as for those who turn to them in alliance, they are truly oppressors." [Surah al-Mumtahina 60:9]

The treachery against the Muslims' right to account the rulers includes measures to silence them under the banner of stopping the "sympathizers of terrorism." So, any Muslim who raises his voice against the American Raj, or calls the people for the implementation of Islam or praises Jihad against the kuffar enemy occupying forces is now to be persecuted harshly and prevented from access to the media. The Interior Minister, Chaudhry Nisar Ali, declared on 21 December, "Nobody can be allowed to glorify terrorists through media." Thus, in the gloom of chaos and misery, the regime seeks to stamp out those who are beacons of light and guidance for the people. This is even though RasuAllah (saw) commanded enjoining the good and forbidding

the evil as a duty, whose neglect has dire consequences. RasulAllah (saw) said,

«وَالَّذِي نَفْسِي بِيَدِهِ، لَتَأْمُرَنَّ بِالْمَعْرُوفِ، وَلَتَنْهَوْنَ عَنِ الْمُنْكَرِ، وَلَتَأْخُذَنَّ عَلَيَّ يَدِ الظَّالِمِ، وَلَيَأْطُرَنَّهُ عَلَيَّ الْحَقُّ
أَطْرًا، أَوْ لَيُضْرِبَنَّ اللَّهُ قُلُوبَ بَعْضِكُمْ عَلَى بَعْضٍ، وَلَيُعَذِّبَنَّكُمْ كَمَا لَعَنَهُمْ»

"By the One in Whose Hands my soul lies, you must enjoin the good and you must forbid the evil, and you must seize the hand of the oppressor and you must confine him to the truth, or Allah (swt) will strike your hearts one against another and curse you as he cursed them (Bani Israeel)." [Tabaraani]

O Muslims of Pakistan! The National Action Plan is a plan of inaction against your enemies. Worse, it is a plan to allow your enemies to strengthen an American Raj against you. In obedience to America, the regime seeks to suppress your desire for Islam, spread fear amongst you and halt your march towards the return of Khilafah to Pakistan. Your duty is to work for the establishment of the Khilafah, declaring clearly by your very actions that you fear none but Allah (swt). Allah (swt) said,

﴿إِنْ يَنْصُرْكُمُ اللَّهُ فَلَا غَالِبَ لَكُمْ وَإِنْ يَخْذُلْكُمْ فَمَنْ ذَا الَّذِي يَنْصُرُكُمْ مِنْ بَعْدِهِ وَعَلَى اللَّهِ فَلْيَتَوَكَّلِ الْمُؤْمِنُونَ﴾

"If Allah helps you, none can overcome you; and if He forsakes you, who is there after Him that can help you. So in Allah (Alone) let believers put their trust." [Surah Aali-Imran 3:160].

O Officers of Pakistan's Armed Force! O Sons of Khalid bin Waleed!

Your responsibility is not that you safeguard the traitors in the military and political leadership who are collaborating with the Western colonialists to strengthen America's Raj in Pakistan. Know that your duty is to protect Islam and the Muslim lands and to assure that nothing but Islam is in authority. Today, there is no Khilafah in the world by which to challenge the American criminal brutality and unify the Muslims as a single powerful state. We call upon you to give Hizb ut Tahrir the Nussrah (material support) so we can be ruled by nothing but Islam, through the Khilafah State, which will lead you in Jihad in the path of Allah (swt) against our enemies, seeking victory or martyrdom, and this is the true success. Allah (swt) said,

﴿إِنَّ اللَّهَ اشْتَرَى مِنَ الْمُؤْمِنِينَ أَنْفُسَهُمْ وَأَمْوَالَهُمْ بِأَنْ لَهُمُ الْجَنَّةَ يُفَاتِلُونَ فِي سَبِيلِ اللَّهِ فَيَقْتُلُونَ وَيُقْتَلُونَ﴾

"Indeed, Allah has purchased from the believers their lives and their properties, for the price that theirs shall be the Paradise. They fight in the Path of Allah (wage Jihad), so they kill and are killed." [Surah At-Tawba 9:111]□

Patching the Man-Made Constitution Deepens the Crisis; The Obligation is to Resolve it by a Constitution Based on the Doctrine of Islam

On Saturday, 4th January 2015 CE, the parliament approved amendments in the Interim Constitution of 2005, most notably with regards to the powers of the President of the Republic in appointing the governors of States and their exemption, and the powers of the Security and Intelligence Service; which has evolved into a government force, rather than the previous powers confined to information gathering and analysis, and delivering them to the specialized authorities. The amendments included the Doha Agreement on Darfur in the Constitution, as well as to give the provinces and local authorities the right to issue laws in the provinces and local authorities to impose taxes and fees.

The parliament did not face any difficulty in making these amendments, and contented themselves with Takbeers and Tahleel hence it passed by the overwhelming majority, especially the ruling party that controls 90% of the parliamentary seats which are 450 seats. Chairman of the National Congress parliamentary group Mahdi Ibrahim, in a statement quoted by Ashrooq Channel said, that the aim of the proposed amendments "is to address the crises of tribalism, nationalism, and regional prejudices as ills that must be met with swift treatment."

O Noble Muslim Ummah: These constitutional amendments, as is the Constitution, are not derived from the Book of Allah and the Sunnah of His Messenger (saw), i.e. the Shariah law was not the basis for them, Allah (swt) says: ﴿وَأَنِ احْكُم بَيْنَهُم بِمَا أَنْزَلَ اللَّهُ وَلَا تَتَّبِعْ أَهْوَاءَهُمْ وَاحْذَرْهُمْ أَنْ يَفْتِنُوكَ عَنْ بَعْضِ مَا أَنْزَلَ اللَّهُ إِلَيْكَ﴾ "And judge, [O Muhammad], between them by what Allah has revealed and do not follow their inclinations and beware of them, lest they tempt you away from some of what Allah has revealed to you..." [Al-Ma'ida: 49] Therefore, they are man-made laws that do not reflect the aspirations of our great Ummah, in that it wants to be ruled by Islam as a Muslim Ummah.

- The inclusion of the Doha Agreement in the Constitution; it is the agreement signed between the government and some Darfur movements, which gave Darfur a wider regional autonomy, in preparation for its separation, and now the idea of self-autonomy is to become a constitutional right, and this explicitly threatens the unity of the country, and the separation of the south through the same man-made constitution is not far-off.

- The weakening of the army through the Nevasha Agreement; that this man-made law constitution was based on, and then replacing the main

armed force with other forces, such as the police and security apparatus. It is a great crime against the country and the people, because the functions of the police and security apparatus are different from the military tasks; the armed forces is the striking and fighting force, the entire Ummah stands behind it, and our Ummah is stronger and dignified by its strength.

- Giving local authorities and provinces the right to issue local laws and commands, such as imposing taxes and fees, is rationing for more means and methods of consuming people's wealth unlawfully, which is forbidden in Islam, the Prophet (saw) said: «لَا يَجِلُّ مَالُ امْرِئٍ مُسْلِمٍ، إِلَّا بِطَيْبِ نَفْسٍ مِنْهُ» **"The money of the Muslim is not lawful, but when he gives it willingly."** It furthers the suffering of the lives of the ordinary people; those who are supposed to be represented in the parliament chamber by those cheering on (for these laws)!

O our people in Sudan: Tribalism, nationalism, and regional prejudices are the discharge of this falsehood system; which ruled the country a quarter of a century without the Shariah of Islam. This government has provoked these ignorant prejudices, its relationships are on this basis; when it befriends or take an enemy, when it provides or deprives and when it makes peace or fights on this basis. Such patches on the man-made constitution would not address the problem of tribalism or others, but it deepens the crisis of the country. Solving the problem of tribalism and nationalism is only in the implementation of Islam and its system, which smelt the society in the crucible of Islam, eliminating these stinking prejudices, and Allah will unite our hearts, Allah Azza Wa Jal says:

﴿لَوْ أَنْفَقْتَ مَا فِي الْأَرْضِ جَمِيعًا مَا أَلْفَتَ بَيْنَ قُلُوبِهِمْ وَلَكِنَّ اللَّهَ أَلْفَ بَيْنَهُمْ إِنَّهُ عَزِيزٌ حَكِيمٌ﴾

"And brought together their hearts. If you had spent all that is in the earth, you could not have brought their hearts together; but Allah brought them together. Indeed, He is Exalted in Might and Wise." [Al-Anfal: 63]

O great Ummah of Islam; O people of Sudan: The time has come to remove the systems of the Kaffir West; democracy that make legislation for humans by the opinion of the majority, making this is the source of this man-made Constitution; the Constitution of 2005, which bequeathed us with humiliation and poverty, serving as a Trojan horse to tear the country apart, by the separation of South Sudan, and the preparing the rest of the regions to secede. Such man-made constitutions are a tool to consolidate the power of rulers, and subjugation of the Ummah and its impoverishment. This reality will not change, except by the Islamic Constitution taken from the Qur'an and Sunnah by the strength of the evidence. It is a Constitution that guarantees the unity of the Ummah and its living by Islam, a life in ...Cont. on p. 36

Hizb ut Tahrir Wilayah Pakistan Condemns the Massacre of Innocent Children in Peshawar Enough! End the US Presence in Pakistan, the Head of the Snake

Today, 16 December 2014, armed attackers struck the Army Public School, moving from classroom to classroom, killing dozens, until it exceeded over a hundred, most of them being children!

1. Hizb ut Tahrir condemns this heinous crime for Allah (swt) said,

﴿مَنْ أَجَلِ ذَلِكَ كَتَبْنَا عَلَىٰ بَنِي إِسْرَائِيلَ أَنَّهُ مَن قَتَلَ نَفْسًا بِغَيْرِ نَفْسٍ أَوْ فَسَادٍ فِي الْأَرْضِ فَكَأَنَّمَا قَتَلَ النَّاسَ جَمِيعًا وَمَنْ أَحْيَاهَا فَكَأَنَّمَا أَحْيَا النَّاسَ جَمِيعًا﴾

"Because of that, We ordained for the Children of Israel that if anyone killed a person not in retaliation of murder, or (and) to spread mischief in the land - it would be as if he killed all mankind, and if anyone saved a life, it would be as if he saved the life of all mankind." [Surah al-Maida 5:32]

2. Hizb ut Tahrir reminds the Muslims that such evil massacres are organized by American intelligence to further its objectives in the region. Those who are informed of matters know well that American intelligence has infiltrated the loose tribal networks many years ago and they incite the ignorant amongst them to turn their weapons away from the crusaders who occupy Afghanistan and onto their Muslim brethren. Barbaric acts such as the killing of children are the direct outcome of American foreign policy, specifically the policies of low intensity conflict and covert, "black" operations. The covert operations are an established American ploy, practiced by its intelligence and private military all over the world, to burn countries in the fires of confusion and insecurity. These barbaric acts are then used by the regime and its masters as a justification for low intensity conflict, in the case of Pakistan, military operations in the tribal areas, which the Americans need desperately to prevent resistance to their faltering occupation of Afghanistan.

3. Hizb ut Tahrir directs the tribal Muslims, those who are sincerely fighting against the US occupation in Afghanistan, that they must denounce such massacres. They must not allow oppressor to speak on their behalf

who is ignorant of Islam, such that he furthers the American plan through his disobedience of Allah (swt) and His Messenger (saw). It is a duty upon you to prevent such massacres that only benefit America and turn Muslim against Muslim. RasulAllah (saw) said, «أَنْصُرْ أَخَاكَ ظَالِمًا أَوْ مَظْلُومًا» "Support your brother, oppressed or the oppressor." They said:

«يَا رَسُولَ اللَّهِ هَذَا نَنْصُرُهُ مَظْلُومًا فَكَيْفَ نَنْصُرُهُ ظَالِمًا»

"O Messenger of Allah, supporting the oppressed is understood, but how can we support the oppressor. He said, «تَأْخُذْ فَوْقَ يَدَيْهِ» "Seize his hands to prevent him." [Bukhari].

4. Hizb ut Tahrir condemns the regime for its allowing the US to exist on our soil and organize such attacks. On the one hand, the regime claims that we are fighting American agents through operations in the tribal regions, yet on the other, the regime allows a huge American presence on our soil to perpetrate its evil designs. And this is why on the evening when the traitorous rulers catch the American spies, such as Raymond Davis and Eugene Joel Cox, they promptly release them. This blatant contradiction is because the regime cares for neither us, nor our Deen nor the commands of our Lord, Allah (swt). Our suffering and immense losses, in terms of lives and property, are a direct consequence of the regime making alliance with our enemies, showing affection to them, extending them sanctuary and provisions within our country, providing them an upper hand over us by which to strike us. Allah (swt) said,

«يَا أَيُّهَا الَّذِينَ آمَنُوا لَا تَتَّخِذُوا عَدُوِّي وَعَدُوَّكُمْ أَوْلِيَاءَ تُلْقُونَ إِلَيْهِم بِالْمَوَدَّةِ وَقَدْ كَفَرُوا بِمَا جَاءَكُمْ مِنَ الْحَقِّ»

"O you who believe! Choose not My enemies who are your enemies as friends showing them affection even when they disbelieve in that truth that has come to you." [Surah Mumtahina 60:1]

5. And Hizb ut Tahrir calls upon the sincere within the armed forces that it is you who hold the physical capability to put matters straight according to the command of Allah (swt). Cut the head of the snake and purify Pakistan of all American presence. Close the American Embassy and Consulates, which are fortresses in all but name, expel the enemies that roam the country to contact and spend dollars as they place, the US diplomats including its ambassador as well as the US private military and intelligence operatives. And know that these matters will only be practically realized once you extend the Nussrah to Hizb ut Tahrir for the return of the Khilafah to these lands of Pakistan, the Pure, the Good. □

A Handful of Conspirators Take the War on ISIS as a Ladder to Divide Iraq

(Translated)

Aljazeera.net website reported that political, tribal and social Sunni forces held on Thursday 18th December 2014, a conference in Erbil in the Kurdistan Region under the theme "Arab conference to combat terrorism and extremism", in order to develop a unified position for the political Sunni forces in the face of the ISIS.

The conference was held under the auspices of Osama Najafi, Vice President of the Republic, and attended by ministers and members of the parliament representing Sunni political forces and participants in the political process, in addition to a number of Arab and foreign ambassadors, including the US ambassador to Iraq. The organizers of this miserable conference seek to implement the final chapter of the repugnant US occupation project, namely dividing Iraq into regions and then fragment it as a service to their masters, who they installed spokesmen on behalf of the Iraqis selling what they do to own; after they had supervised all the previous crimes against their families and their country to reach this stage. Thus the patrons of this conference did not hide their purpose - according to Al-Arab newspaper - as the issue of forming a Sunni region in Iraq, after the expulsion of ISIS, topped the side dialogues, and the Vice President Osama Najafi stressed that the "Sunni Arabs will not be fooled by promises and will not give up their right to form a constitutional territory".

Dear honorable people of Iraq: You know that Iraq is an Islamic country since it was opened by Muslims whom irrigated its land with their pure blood, so it became part of the Khilafah State, and then was the center of the Islamic state, with its capital in Baghdad. We have warned you repeatedly of the Kaffir occupiers projects, particularly the "Regionalization" project contrary to the laws of Allah, which is intended to displace the people, fragment the country and weaken it, and create pockets through which the Kuffar penetrate to strew the seeds of conflict and discord and ignite wars between yesterday's brothers. So hasten to your unification under the banner of Islam, which Allah honoured us by it, and made us witness over all the people. Allah Almighty said:

﴿وَأَطِيعُوا اللَّهَ وَرَسُولَهُ وَلَا تَنَازَعُوا فَتَفْشَلُوا وَتَذْهَبَ رِيحُكُمْ وَاصْبِرُوا إِنَّ اللَّهَ مَعَ الصَّابِرِينَ﴾

"And obey Allah and His Messenger, and do not dispute and [thus] lose courage and [then] your strength would depart; and be patient. Indeed, Allah is with the patient." [Al-Anfal: 46] □

**From Public Talks held in front of 50 Mosques:
Hizb ut Tahrir Calls upon the People to Stop the Democratic
Elections Circus and Establish the Second Khilafah Rashidah**

Hizb ut Tahrir organized Public Talks after Jumma prayers today in front of 50 mosques in Dhaka, Chittagong and Sylhet. There was spontaneous participation from the people who listened attentively and supported the talks arranged under the title, "Oh People! The Only Way to Free Yourself from Tyrant Hasina is to Demand from the Sincere Military Officers to Overthrow her and Transfer the Authority to Hizb ut Tahrir to Establish the Second Khilafah Rashidah." Members of Hizb ut Tahrir delivering the talks made the following points:

1. There is only one real alternative to Sheikh Hasina's misrule and tyranny; and that is for the people to establish the Second Khilafah Rashidah state, which will rule them with compassion, caring for them, and acting as their guardian rather than being an enemy to them like the tyrants of today.

2. The people have to reject the current kufr ruling regime and stop the circus of so called free and fair democratic elections. They have to shun every call and every caller to the democratic system and to democratic movement and those who present themselves as an alternative force but within this democratic political set up. It is this rotten democracy which created and made space for the likes of Hasina-Khaleda to enter politics, corrupt it and reach the authority.

3. The people must demand from the sincere officers in the military, those they know and they meet, to overthrow Sheikh Hasina and transfer the authority to Hizb ut Tahrir to establish the Khilafah. Making the sincere officers switch sides, making them abandon the regime and take the people's side is the assured way to change the regime when they overthrow it, not for taking power for themselves, rather for transferring the authority to sincere and aware politicians, those politicians who will build the regime on a new basis, the Islamic Aqeedah and declare Bangladesh as the Khilafah. These

sincere and aware politicians, those who are aware of how to solve the people's problems according to the Qur'an and the Sunnah, how to industrialize the country, how to face regional and global challenges, are to be found in Hizb ut Tahrir and not in any other party, the combination of the two - sincerity and deep awareness - does not exist in any other party. The names of the mosques where the Public Talks were arranged have been attached (in Bengali) with this press release. □

The Mosque Attack in Eskilstuna Shows Increased Islamophobia in Scandinavia

Scandinavia is witness to another serious attack on the Muslims' places of worship and gathering. Thursday the 25/12/2014, a mosque in Eskilstuna, Sweden was exposed to an arson attack, in the middle of the day. A window was broken by a thrown object, and a fire developed quickly. Five had to be transferred to the hospital, and Swedish police are investigating the case as "gross arson". The following day, a nearby mosque was the subject of vandalism, which brings us to a total of 12 attacks in 2014. It is still too early to say who is behind the violent arson attack, but several sources point towards it being fueled by racist and Islamophobic motives. Regardless of the motives, the reactions regarding the attack have revealed a deep hatred towards Islam and Muslims among quite a few people in Scandinavia. In both Danish and Swedish papers, you could read comments on the social media, which encourage burning more mosques and even killing Muslims.

This is not new in Scandinavia, where there has been a leaning towards the right for a long time. In Denmark most election campaigns are about who can be harshest in their rhetoric towards Muslims, and according to opinion polls, the most hostile party of them is about to becoming the second largest in Denmark in the upcoming elections. In Sweden, who normally tries to portray themselves as tolerant, the xenophobic party "Sverigedemokraterna" became the third largest party in the latest elections, after a progress by over 100% since the election in 2010.

The development is not unique for Scandinavia, but is unfortunately in line with the general European development of mass hysteria and irrational hatred towards Islam and Muslims. We have seen similar attacks in Holland and lately we have seen large demonstrations in Germany, where thousands of people gathered to show their hatred to Islam, and the same tendency can be seen all over Europe.

Such an irrational and deep hatred does not come by itself, but has for a long time been driven by politicians and media, who exploit every chance to attack Islam and Muslims. They talk about terror and tightening the laws, while at the same time manipulating and creating panic portrayals, which leads to divided societies dominated by verbal and physical

**Yes, We Need a Religious Revolution; But in the Right Direction,
Not As the Henchmen of the West Want in Our Lands**

(Translated)

On Thursday morning, January 1st 2015 CE, President Abdel Fattah Al-Sisi said in his speech on the occasion of the celebration of the Prophet's birth, which was organized by the Ministry of Awqaf; directing it to Dr. Ahmad Al-Tayeb the Grand Sheikh of Al-Azhar, saying, "You and the preachers are responsible before Allah for the renewal of religious discourse and to correct the image of Islam, and I will hold it against you before Allah." He added, "I'm saying that corpus of texts and ideas that we have sanctified over hundreds of years, to the point that departing from them has become almost impossible, is antagonizing the entire world. It's antagonizing the entire world! To the extent that that 1.6 billion people [Muslims] should want to kill the rest of the world's inhabitants-that is 7 billion-so that they themselves may live? ... because this Ummah is being torn, it is being destroyed, it is being lost-and it is being lost by our own hands."

Emphasizing our need for a religious revolution, and that Al-Azhar scholars cannot feel the danger of this thought from within it, asking them to get out of it and view it and examine it with true enlightened thought, with this dangerous speech, Sisi "clothed as a preacher" has exposed his real face confirming to all his previous statement that were considered then as a slip of the tongue when he said, "anything that is not pleasing to Allah we are with it and will support and aid it."

Sisi directed his speech to a group of Al-Azhar scholars to strike Islam, its texts and Sunnah with all the arrogance and pride. No one responded in outrage for the sake of Allah's Deen and none of them frowned, even for one moment, but instead they were applauding him warmly as if they were playing, and even worse was the announcement by the Minister of Awqaf Dr. Muhammad Mukhtar Jummu'ah, on the second day of celebration when he said, "The directives of President Abdal Fattah Al-Sisi to conduct the renewal of religious discourse is of interest and great consideration, both from Dr. Ahmad Al-Tayeb, sheikh Al-Azhar, or from the Ministry of Awqaf and Dar al-Ifta in Egypt", pointing out that all religious institutions received these

directives with great interest.

There is no doubt that Sisi did not introduce anything new. His speech content during the ceremony is what the West has echoed for decades and dreams of and recruits its armies in our lands of intellectuals, politicians and agents appointed by them over us after the demolition of the Islamic Khilafah state, to turn the Ummah into a herd of sheep being driven to its death with joy happily, and to change Islam to agree with the idea of separation of religion from the state and politics and governance but also from the whole of life, to limit it to a corner or to the mosque as they did to Christianity before. There is great difference between Christianity and Islam, Islam is a comprehensive and complete Deen. It is an intellectual creed from which a system regulating all affairs of life emanates.

Because Islam is stronger than all of them, along with all the devils of mankind and the jinn, their plots will not succeed in harming this great Deen and the adherence of the Ummah to it and upholding it tightly even though those have controlled the Ummah in government and politics for decades, and they spent nights to corrupt education curriculums and tried to mislead the Ummah and to obliterate its identity, and spent billions to hinder (men) from the way of Allah. However, it was heartbreaking for them and soon will be defeated by the permission of Allah (swt), the Ummah is regaining control and is determined to implement Islam and put an end to their deception and those behind them.

﴿وَالَّذِينَ يَمْكُرُونَ السَّيِّئَاتِ لَهُمْ عَذَابٌ شَدِيدٌ وَمَكْرُ أُولَئِكَ هُوَ يَبُورُ﴾

"But they who plot evil deeds will have a severe punishment, and the plotting of those - it will perish" [Fatir: 10]

A man of this Ummah will not see matters in this inverted way, as if he does not see how the Kaffir West piled up against the Ummah and cannot see them slaughtering it from vein to vein in Palestine, Iraq, Afghanistan, Burma, Kashmir, Bosnia and Albania from before, and before that the extermination of Muslims in Andalusia and the Inquisition. So Mr. President, is it the Ummah that wants to kill the whole world or is it the one that is exposed to murder and extermination campaigns and mutilation at the hands of a crusader alliance, which made torturing of the Ummah as a target and the elimination of the Islamic Ummah as its dream and wish? Is the Islamic Ummah responsible for the killing of millions of people in the two world wars that exterminated everything and everyone, or is it greedy capitalism and its nations full of animosity and thirsty for the blood of Muslims.

Islam and Muslims are not hostile against the whole world, but they are Dawah carriers of a message of mercy to the mankind,

﴿وَمَا أَرْسَلْنَاكَ إِلَّا رَحْمَةً لِّلْعَالَمِينَ﴾

"And We have not sent you, [O Muhammad], except as a mercy to the worlds" [Al-Anbiya: 107]

They want to bring people out of the darkness into the light, and from the injustice of capitalism to the justice of Islam, and from the narrow world to the wide Dunya and Hereafter,

﴿قَدْ جَاءَكُمْ مِنَ اللَّهِ نُورٌ وَكِتَابٌ مُبِينٌ، يَهْدِي بِهِ اللَّهُ مَنِ اتَّبَعَ رِضْوَانَهُ سُبُلَ السَّلَامِ وَيُخْرِجُهُم مِّنَ الظُّلُمَاتِ إِلَى النُّورِ بِإِذْنِهِ وَيَهْدِيهِمْ إِلَى صِرَاطٍ مُسْتَقِيمٍ﴾

"O People of the Scripture, there has come to you Our Messenger making clear to you much of what you used to conceal of the Scripture and overlooking much. There has come to you from Allah a light and a clear Book" [Al-Ma'ida:15]

Perhaps the only thing which President Sisi was right about is his saying that we need a religious revolution, but a revolution that must be in the right direction, not as he wants and the henchmen of the West want in our lands for the domestication of Islam and distorting of its texts to satisfy the West. It is the revolution that purifies Islam and refines it from the erroneous concepts that mixed with it such as the separation of religion from state, and the rotten patriotism and dreadful nationalism; a revolution that will get rid of the control of Islam by some under the name of clerics like priests who do not do anything but drumming and clapping for the ruler and twisting the texts of Islam under the name of renewal of religious discourse.

The near future is for this great Deen. It is alone the haven for the oppressed in the world who were exposed to the sword of greedy capitalism to make them gears in their hell machine that grinds people crushing them in favor of a small group of benefitters and the mercenaries and the owners of capital. It is only a few days, God willing, for the shining sun of the guided Khilafah on the method of Prophethood to fill the world with justice and equity after it is filled with injustice and oppression; and tomorrow to those waiting is close.

﴿يَا أَيُّهَا الَّذِينَ آمَنُوا اسْتَجِيبُوا لِلَّهِ وَلِلرَّسُولِ إِذَا دَعَاكُمْ لِمَا يُحْيِيكُمْ وَاعْلَمُوا أَنَّ اللَّهَ يَحُولُ بَيْنَ الْمَرْءِ وَقَلْبِهِ وَأَنَّهُ إِلَيْهِ تُحْشَرُونَ﴾

"O you who have believed, respond to Allah and to the Messenger when he calls you to that which gives you life. And know that Allah intervenes between a man and his heart and that to Him you will be gathered" [Al-Anfal: 24] □

Charlie Hebdo: The Deceptions of Free Speech

On Wednesday afternoon, we were catapulted to the year 2011, when the media coverage in Norway, right after the terror attack in Utøya pointed their fingers at the Muslims without any substantial evidence, as became apparent later. This time it was the attack on the office of the French satire weekly newspaper Charlie Hebdo which resulted in twelve people dead.

Not much has been changed since then with regards to the media coverage because this time again without any evidence and decent investigation whatsoever, the suggestion was presented that Muslims are behind the attack in Paris. This occurred before the videotapes were publicized showing the perpetrators shouting Arabic phrases. As a result, this incident was directly branded 'Islamic' and came for some as a blessing and a confirmation of that which they deeply harbor in their chests. In order to use these kinds of attacks as firewood to fuel the continuously burning anti-Islam rhetoric even further.

It was not long before the authorities had three names and pictures of the suspects because one of the perpetrators oddly enough forgot his ID in the escape car. Furthermore, they managed to uncover the identities of the three suspects with just one ID. Afterwards this impossibility became apparent when one of the suspects was an 18-year-old man who was still at school during the incident. Convincing or not, Islamically motivated or not, we will never find out because the suspects were all shot dead by the French anti-terrorism unit.

A violent act has taken place with all its accompanying negative consequences for non-Muslims and the Muslim community in Europe. This is the reality which we have to deal with. The question rather, is not if the perpetrators were Muslim or not and if their motives were Islamic, but why is it important that the perpetrators are Muslim or non-Muslim?

Without trivializing the attack on Charlie Hebdo, let's consider the attack in Norway and the reaction of the media, politicians and the subsequent measures that were taken to prevent and combat it. The attack on a government building in Norway by Anders Behring Breivik took eight lives. Then there were 69 innocent teenagers brutally shoot dead in a summer camp.

Any rational human being can't help but admit that this is far worse and drastic. This is due to several reasons; firstly the death toll is almost seven

times higher than that of the attack in Paris and most of the victims were innocent teenagers whilst Charlie Hebdo was known for its provocation and intentional seeking confrontations. And more importantly, the West knows the consequence of right-wing nationalism and discrimination of ideological or religious opposition all too well. And the West knows what it is capable of, giving its violent history.

Why is an attack on innocent children by one person who believes in an ideology of hate and discrimination who forms a dangerous threat for Europe not a real threat to society and aren't there any extra measures being taken? But instead they cause so much uproar if the perpetrators are Muslim? Do they think that the ideology that is carried by a minority poses a bigger threat to society than the potential monster of WW II?

Or is it perhaps not the minority of Muslims in France that makes people so anxious, but rather the overwhelming majority in the Muslim countries who have been colonized for decades and still to this day are colonized? Or perhaps they are scared because they helped the tyrants and dictators to power to literally suppress the Muslims in Algeria, Libya and other countries? Or maybe they are scared because they have plundered their wealth for many years in for instance Mali and Central-Africa? Or is it because of their military contribution to other Western coalitions in the Muslim countries that they are scared? Is France afraid of the crimes that it has committed which it knows will one day come back to it like a boomerang?

I think that the true reasons have to be looked for in this direction. Because the empty war rhetoric of politicians, commentators and the media of the attack describing it as not an attack on cartoonists but an attack on all important values which the West and its citizens stand for, namely freedom of speech has no considerable meaning because of three reasons:

The supporters of freedom of speech consider this a right to resist against the injustices and crimes that takes place in society and politics. And to criticize with the aim that through discussion a better understanding and relations can be created to improve the society. However in the case of the insulting cartoons, there are no arguments presented nor does it contribute to coexistence. It only creates animosity and hate between different segments in society. As a result it does not accomplish any intended purposes of free speech.

Freedom of speech and expression is used selectively. The Muslim women cannot dress in their own Islamic clothing in public, their right to enjoy an education is violated and their right to fulfill public services are denied. Wearing a face-veil in public is legally prohibited and punishable by a fine. Even when almost the whole Islamic world was protesting and demanded that Charlie Hebdo should remove the insulting cartoons, they did not even give an inch. However when one of their own cartoonists Maurice Sinet

In response to the "Road Map to Save Syria": We will Draw up our Road Map Ourselves and we will Crown our Sacrifices with the Khilafah Rashidah on the Method of the Prophethood
(Translated)

The Syrian opposition abroad (and with it some of the militant factions), and those associated with the criminal Syrian regime, reached preliminary understandings on the future government in Syria. They will agree on the composition of their delegations before going to Moscow at the end of this month, between 26 and 29 thereof, to agree on a "road map to save Syria" in which its decisions must be as stated in the terms of the American Geneva 1 Conference, and in a period not exceeding three months. It is presumed to reflect a regional and international understanding represented in a UN-backed resolution under Chapter VI, which includes the deployment of international observers. These understandings suggest the formation of transitional institutions, including a "transitional government" that can exercise the powers of the president and the prime minister according to the current constitution, along with a "military council" equally shared between the two parties to restructure the security services and integrate dissidents back into the regular army in order to fight the "Islamic State" (ISIS),

O Muslims in the honorable Ash-Sham: The Kaffir West, and with it its tools of the puppet regimes and political blocs that falsely and wrongly claim to represent Muslims in Syria, is trying to make the political solution through negotiation with the regime a granted matter for the people of Syria to come out of the tragic situation. Which if it was not for it standing behind this regime and its overwhelming support for it by all means and methods, it could not have been able to withstand Ash-Sham blessed revolution, and it would have received today the reward of what it hands sinned.

And we wonder? Who gave the right to those currents to negotiate on the blood of our martyrs, the screams of our honorable women and the crying of our children? Is not Moscow the one that stood brazenly and arrogantly with this criminal regime and provided it with the weapons that kill us every day and military experts who plan to slaughter us? Is not Moscow that

slaughtered the Muslims in Chechnya and Afghanistan? Will Moscow and behind it the Kaffir West consent to have a way out of the crisis as it claims, but for the benefit of the criminal Bashar and at the expense of our sacrifices and the blood of our martyrs? Instead it will work through negotiation to reproduce this regime, which the Muslims in Syria suffered from it the horrors and calamities, and to recycle it to serve their interests and the interests of the enemies of Islam. The formation of a transitional government that can exercise the powers of the president will not change the reality in anyway, rather it will be a treacherous puppet government ruled by a tyrant such as this who the history has ever witnessed his like in crime. Moreover, this document made no secret of the intention of its owners to fight Islam under the guise of terrorism, at the request of their masters of the Kaffir West. It has become clear to everyone that the war on terror is a war on Islam and Muslims, and on anyone who does not march with the American convoy and its cronies.

O Muslims in Ash-Sham: Almighty Allah says in His Book Al-Aziz:

﴿وَلَنْ تَرْضَىٰ عَنْكَ الْيَهُودُ وَلَا النَّصَارَىٰ حَتَّىٰ تَتَّبِعَ مِلَّتَهُمْ﴾

"And never will the Jews or the Christians approve of you until you follow their religion." [Al-Baqara: 120]. Are you contented to sit down with your enemies and the enemies of your Deen? Will you allow them to draw you a map for your future and your way of life? By Allah, this is a manifest loss. We in Hizb ut Tahrir, the frontrunner that does not lie to its people, invite you to stand with us shoulder to shoulder in the face of anyone who tries to negotiate on the blood of our martyrs. And we say to every conspirator: that we will draw up our road map ourselves and crown our sacrifices with Khilafah Rashidah on the method of the Prophethood, that satisfies our Lord and enrages our enemy, Allah (swt) says:

﴿قُلْ إِنَّ هُدَىٰ اللَّهِ هُوَ الْهُدَىٰ وَلَئِنِ اتَّبَعْتَ أَهْوَاءَهُمْ بَعْدَ الَّذِي جَاءَكَ مِنَ الْعِلْمِ مَا لَكَ مِنَ اللَّهِ مِنْ وَلِيٍّ وَلَا نَصِيرٍ﴾

"Say, "Indeed, the guidance of Allah is the [only] guidance." If you were to follow their desires after what has come to you of knowledge, you would have against Allah no protector or helper." [Al-Baqara:120]. □

بسم الله الرحمن الرحيم

Resolution 1860 is a disgraceful slap in the face of the rulers in the Islamic Lands Not content with denying Gaza the help of the Muslim armies, they surrender it to the Jews through international resolutions

This morning the United Nations Security Council issued Resolution 1860 regarding the brutal hostility against the Gaza Strip. This resolution's wording employs malicious, political cunning, as used previously in Resolution 242, after the hostility in 1967, which mentions withdrawal from "territories," without specifying withdrawal from "the territories," and thus granting the state of Jews scope to remain on territories that it seized!

With regards to Resolution 1860, it does not mention withdrawal from Gaza, rather it limits itself to a ceasefire "leading" to withdrawal! And "how" or "what" is "leading." And how is it such a resolution, intentionally cloaked with ambiguity, end the Jewish hostility, when they have never ended hostility for other even clearer resolutions?!

The Security Council resolution is not worth the paper it is written on. Moreover there are many resolutions that the Jews ignored, that now fill their dustbins! Despite this, America and its allies prevented the issuing of any Security Council resolution that insists on cessation of hostilities, in order to give the state of Jews an opportunity to continue to spill blood in Gaza, in brutal hostility, until the state of Jews achieves its objectives.

Following and emulating America, the rulers in the Muslim lands fulfilled America's will, willingly and fearfully, so they differed, disagreed and they did not gather...

And when the state of Jews faced great resistance and it was clear to the state of Jews that it was unable to achieve its objectives through military actions, and that the matter will prolong to the time that is due for their elections, when they need an environment of "victory," whether by war or peace, up to the elections and during them, America then became active in realizing their goals for them through the means of the Security Council. Condoleezza Rice was steering the meetings and she moved her pawns amongst the rulers and they started to move, making pilgrimage to the Security Council, to merge their days and with their nights in unrelenting efforts... And they are the ones who look at helping Gaza with the look of the one who is dazed by death, at a time when if a single front, or even a few fronts, were opened, by these rulers the state of Jews would be shaken if not completely annihilated.

These rulers are the "sponsors" of the resolution that allows the state of Jews to achieve what it could never achieve through its hostility! And the

resolution keeps the Israeli army in Gaza, whilst sanctioning the Gaza strip of any means of strength and weaponry, and this does not change anything, despite the cosmetic mention of relieving food sanctions!...

And to market this resolution, America abstained from voting for it, as if it were not behind it and so that the Muslim rulers are able to give the impression that they achieved a big victory without America's help, but they are lying and anyone who has a mind that can comprehend will realize that if America was not behind the resolution, it would not have allowed it to be passed.

O Muslims! Indeed, it was true what the most truthful RasulAllah (saw)said, «إذا لم تستح فاصنع ما شئت» **“And if you have no shame than do what you wish”**.

And as for these rulers who are looking on as pure blood is spilled in Gaza of Hashim (named after the grandfather of RasulAllah (saw) they neither mobilize the armies nor launch rockets and bombers, but instead they prevent the volunteer fighters from fighting...! Yet they fall head over heels to endorse the resolution that prohibits weapons and the means of strength for Gaza and ensures the Jewish army's occupation of it, may Allah fight them for what they do.

Any one who looks to the Palestine-occupying entity of the Jews, which is surrounded by these rulers, would realize that the existence of this entity relies upon the existence of these rulers. Not only are the Jews protecting themselves, so are the rulers on their behalf. And America and the other Western states would not be able to protect this entity effectively, if there were a single righteous man amongst them!!

O Muslims! As we mentioned many times before, and we re-iterate now, anyone who wants to annihilate the entity of Jews and return Palestine to the Abode of Islam, he has to work for the sincere ruler, the sincere state, the Khilafah Rashida. RasulAllah (saw) said, «الإمام جنة يقاتل من ورائه ويتقى به» **“Indeed, only the Khaleefah is a shield, who protects and leads in fighting.”**

And then the state of Jews will cease to exist, as will other colonialist, occupying kufr, states that are stronger and more effective than the entity of the Jews, and they will all be in humiliation.

﴿إِنَّ فِي ذَلِكَ لَذِكْرَى لِمَنْ كَانَ لَهُ قَلْبٌ أَوْ أَلْقَى السَّمْعَ وَهُوَ شَهِيدٌ﴾

“And this is a reminder for those who have a believing heart and hearing, so bear witness.” [Surah Kaf 50:37]□

News and Comment**Against the Backdrop of the Attack on Charlie Hebdo
The Ummah of Islam is Alive Will NOT Die**

News: Sky News Arabic quoted: In a step singled out among the rest of the major newspapers in Denmark, Jyllands-Posten Newspaper will not republish the French newspaper Charlie Hebdo's cartoons. The newspaper had sparked a wave of protests in the Muslim world, in which at least 50 people were killed, when it published cartoons offensive to Islam in 2005. The rest of other Danish newspapers republished the French satirical weekly newspaper's cartoons within their coverage of the attack, which took place in Paris, Wednesday (07/01/2015), on the Office of the French newspaper Charlie Hebdo.

Comment: The world was filled with statements denouncing the attack which took place at the headquarters of the French newspaper, and the Western leaders stated that this is a vicious assault against the freedom of expression. French President Francois Hollande had condemned the attack, and said in a speech in front of the headquarters of the newspaper that the attack "touches the heart of the principles of the French Republic, which is the freedom and freedom of expression".

In January of last year, French Interior Minister Manuel Valls, banned a performance by the comic Dieudonne Mbala called "The Wall" on the grounds that it is anti-Semitic, and the French Supreme Court upheld the decision. However, the same court acquitted the novelist Michelle Houellebecq after he called Islam "the dumbest religion" under the pretext of maintaining the freedom of expression!

And so, freedom of expression for them becomes boundless when it comes to attacking Islam, its rites and its holy places, while the exposure of the Jews, even though innuendo, by what offend them, then this is outside the limits of freedom of expression. Events that indicate the bright truth of the deep-rooted hatred in their hearts against Islam and its people have recurred successively, and those people are not deterred except by an impediment punishment, and perhaps this is the lesson that the Danish newspaper had learned and decided not to publish the French newspaper's cartoons.

It came in the Sahih Hadith:

«ثلاث من كن فيه وجد بهن حلاوة الإيمان: - منها - أن يكون الله ورسوله أحب إليه مما سواهما»

"Whoever possesses the following three qualities will have the

sweetness (delight) of faith - among them - The one to whom Allah and His Messenger becomes dearer than anything else." (Narrated by the two Sheikhs) and his (saw) saying:

«لا يؤمن أحدكم حتى أكون أحب إليه من والده وولده والناس أجمعين»

“None of you will have faith till he loves me more than his father, his children and all mankind.” (Narrated by Muslim).

The time has come for the world to realize that the Ummah of Islam is alive, will not die, and it sacrifice for its Deen and its Prophet with hearts and lives. It does not know weakness despite all the criminality of the oppressive rulers who are keen on pleasing the capitals of Kufr. And that it is determined to live in dignity and pride of Islam even though the Unbelievers may detest. □

When Non-News Become News

News: On the 2nd of January, the TV-station CCTV America, brought a story with the title: "Denmark Police Say Islamic Extremists Recruiting Gang Members".

The story claims that there was a confrontation between members of Hizb ut Tahrir and "anti-Islamists" outside a recent even with the title: "Sharia- The Pride of All Muslims".

It further claims there is a close connection between Islamic groups, including Hizb ut Tahrir, and gang members. It goes even further and claims that Islamic groups use these gang members to enforce Sharia in areas with a large Muslim population.

Comment: This article is a textbook example of how non-news become news, when journalists leave facts and with full knowledge and intension, brew stories that do not exist. The article is a selected mixture of new and old stories and statements, taken out of context and spiced with already exposed lies.

Therefore, it is important to notice the following:

The attempt to connect the confrontation between the two

parties outside our meeting, to Hizb ut Tahrir, is low and shows lack of sincerity. Both parties are well known here. One party are known self-proclaimed "anti-Islamists", who will do anything to provoke Muslims, degrade Islam and get attention. The other part is also known, as young Muslims, with no connection to Hizb ut Tahrir, but with strong feelings for Islam, which lead them to react emotionally when they see Islam under attack.

The claim that there is a special connection between gang members and Hizb ut Tahrir is also completely baseless. It has been known, for years, that we are very successful in calling young people, Muslims as well as non-Muslims to Islam. We do not discriminate, but call everybody regardless of social status or ethnicity. We are a part of the Muslim community and contact everyone we meet, including people who are leading un-Islamic lives. Danish police have been criticized for not having the same success and in a general Islamophobic atmosphere, they try to frighten people away from Islam.

The final claim of Islamic groups, including Hizb ut Tahrir, using gangs to enforce Sharia in Muslim areas is completely ridiculous. The mere contradiction between Islam and crime should be enough to dismiss

this claim. The man claiming this, Mohammed Rafiq, was exposed as a liar, when the same story was published by a Danish tabloid paper, already on the 7th December 2014. The fact that it was a complete lie was confirmed by local police chiefs, and even the special department of anti-radicalization at the Danish Secret Service (PET), who added that the mentioned areas were not even regarded as exposed to radicalization. The journalist from CCTV was fully aware of this fact, but chose to bring the interview and claim anyway.

This story and the general lack of honesty and sincerity is however not surprising nor unique in this society. The media are a political tool, and are often used to slander those who pose an intellectual challenge you can no longer oppose. This is the

nature of truth colliding with falsehood, but truth will always prevail. Allah (swt) says:

﴿بَلْ نَقْذِفُ بِالْحَقِّ عَلَى الْبَاطِلِ فَيَدْمَغُهُ فَإِذَا هُوَ زَاهِقٌ﴾

"Rather, We dash the truth upon falsehood, and it destroys it, and thereupon it departs." [21:18]□

French Premier Declares 'War' on Radical Islam as Paris Girds for Rally

Prime Minister Manuel Valls declared that France was at war with radical Islam after the sieges that had led to the deaths of 3 gunmen and 4 hostages, and as authorities mounted a frantic hunt for a suspected accomplice. "It is a war against terrorism, against jihadism, against radical Islam, against everything that is aimed at breaking fraternity, freedom, solidarity," Mr. Valls said during a speech in Évry, south of Paris. The government said it would put 500 additional troops on the streets amid prep for a giant unity rally in Paris. A number of European officials said they would attend, including Prime Minister Ahmet Davutoglu of Turkey, the most prominent Muslim leader. 1000's of people marched in Paris, Toulouse and Nice in a show of solidarity, and rallies were held in places as far away as Madagascar and Bangui, Central African Republic. Top ministers in the French government held an emergency session to discuss measures to prevent a repeat of the attacks, which shocked the country and raised questions about why law enforcement agencies had failed to thwart terrorism suspects well known to the police and intelligence services. The crisis and its aftermath presented a major challenge to Hollande and his

government, which are facing deep religious and cultural rifts in a nation with a rapidly growing Muslim population while simultaneously coping with the security threats stemming from Islamic extremists. Large numbers of French citizens have been traveling to Syria and Iraq to fight with the Islamic State militant group. Mr. Hollande, appealing for unity, has warned against seeing Islam as the enemy. "There needs to be a firm message about the values of the republic and of secularism," Mr. Valls said in Évry. "Tomorrow, France and the French can be proud. Everyone must come tomorrow." Again France and the West in general fail to address the root cause of terror and that is Western intervention in Muslim lands. The people of France should ask their leaders what benefits has France gained by joining America's war against Islam? □

Majority of Germans See Islam as Threat

Poll Indicates over 60% of non-Muslim Germans say Islam has no place in the West. A large and growing majority of Germans believe Islam does not belong in the Western world and more than half see it as a threat, a poll published showed. In a November survey before the massacre by Islamic extremist gunmen at French satirical paper Charlie Hebdo or widespread media coverage of a new German anti-migrant movement, 61% of non-Muslim Germans said Islam had no place in the West. The figure was up from 52% in 2012, according to the study by the

Bertelsmann Foundation think tank. More than half - 57% - said they felt threatened by Islam, 4% points higher than in 2012. 40% said they felt like "foreigners in their own country" because of the presence of Muslims. 1 in 4 (24%) said that Muslims should be barred from migrating to Germany. About 4 million Muslims live in Germany, around three-quarters of them of Turkish origin, among a population of 80 million people. "For Muslims, Germany has become home. But they are confronted with a negative image apparently shaped by a minority of radical Islamists," Bertelsmann Foundation Islam expert Yasemin El-Menouar wrote in the study's findings, which also looked at Muslim immigrants' views of Germany. The authors said that anti-Islam stances could be found regardless of class or education level, but that younger people and those with personal contacts with Muslims showed less prejudice. The poll was by the TNS Emnid independent opinion research institute among 937 non-Muslim Germans. Germany has been rocked by anti-migrant marches in the eastern city of Dresden, which began small in October but have grown in support over the last month, now attracting around 18,000 people each week. They are organised by a right-wing populist group calling itself PEGIDA or Patriotic Europeans Against the Islamisation of the Occident. [Source: I24News]

The wide spread Islamophobia against Muslims is rapidly spiraling out of control in one of Europe's most tolerant nations towards Muslims. Germany does not possess the same evil colonial legacy as that of Britain

and France, but its German populace is increasingly fearful of Islam. And the question has to be asked: Is Germany moving towards the 1930s but this time the Muslims have become the new Jews of Europe? □

Hindu Outfit Plans to Finish Islam By 2021

Stoking a fresh controversy after conversion plans in Aligarh, Hindu outfit Dharm Jagran Manch, a planned conversion programme in Aligarh, said it plans to "finish" Islam and Christianity by 2021. "We have so far ensured 'ghar wapsi' (reconversion) of three lakh Muslims and Christians back to Hinduism. By 2021, we will finish Islam and Christianity," Manch head Rajeshwar Singh Singh. "We have not done any conversion. We have ensured 'ghar wapsi'. Why they (political parties) did not utter a word when Hindus are converted? What's their objection when we ensure that they come back to the religion?" he asked. His organisation had planned a mass conversion programme in Aligarh on Christmas day but later called it off. On Agra conversion, he said that those converted were Indians and not Bangladeshis and they had affidavits of those who participated in the programme. [Source: Indian Express]

The Western world is continuously complaining about the intolerance of Muslims towards people of other faiths, but remains silent about the bigotry towards Islam and Muslims in other parts of the world. This hypocrisy only underscores the double standards of the West in how they portray Islam and deal with Muslims. □

And despite the fact that the term "terrorism" is clearly stated in the Turkish laws; the Turkish judiciary aggrieves the evidences that cannot be interpreted by violence in order to classify the Hizb as a "terrorist organization". aggressions against the Muslim population. However even when these politically motivated aggressions lead to loss of life, or are direct murder attempts, they are "strangely enough" not characterized as terror.

In this connection, we have two general calls.

The first goes to our Muslim brothers and sisters: Hold fast to your Islam. Islam is perfect and does not need to be adapted. This sad development is a desperate attempt to suppress you through pressure and violence, by people who can no longer argue for their beliefs. Be proud and present Islam as it is, with a good tone, then you can dismantle many presumptions and misunderstandings.

The second goes to our non-Muslim neighbors, work colleagues and schoolmates: Do not let the politicized, manipulated and hateful portrayal be the basis for your understanding of Islam. Put prejudgments aside and talk to a Muslim. Islam has no problem with intellectual challenges, and everything can be discussed, as long as the discussion is factual and the tone is sober. □

As paradoxical as it may sound, freedom of speech which is considered a constitutional right, is even imposed against critical oppositions (who think outside the norms of liberal democracy) to silence them through preventive and repressive policies. And if necessary they are silenced with brute force and if need be, like the wording of the Mayor of Rotterdam they have to "buzz off".

This shows that even the supporters of freedom of speech are not convinced of this idea and it is only used to serve its own agenda to silence the Muslims.

Finally, We the Muslims are the 'Nation of Muhammad (saw)'. We believe in him, we love him, we follow him and we will always stand up to defend his honor. The so-called freedom of speech or whatever else cannot convince us otherwise, not even for a second. □

The Islamic State

Hizb ut Tahrir

The present generation does not recall the Islamic State that implemented Islam, and those who lived during the last years of the Islamic State ('Uthmani Khilafah) against which the West had directed its onslaught, had in fact witnessed the vestiges of a state implementing remnants of Islamic rule. It is extremely difficult therefore for many Muslims to perceive the structure of the Islamic government. The minds of the Muslims have been consumed by the present day situation, and can only conceptualize the system of government through the depraved democratic regimes foisted upon Muslim countries.

This is not the only unfortunate aspect of a sad situation. An even more difficult task is transforming these minds seduced by Western culture. Western culture was the dagger drawn by the West in the face of the Islamic State, and by which it fatally stabbed her.

The concepts which the Muslims carry, such as nationalism, separating

the religion from the State and the anti-Islamic notions are the very poison that this Western culture has injected in their veins. The chapter explaining the missionary invasion in this book contains facts and figures clearly showing in detail the true intentions of the killer and the true motives behind the crime,

The Islamic State is by no means an easy endeavor. The pursuit of it should not fuel false hopes to opportunists (with the purpose of acquiring a position in it). The road is embedded with thorns, full of perils, obstacles and hardships, not to mention the non-Islamic culture, shallow thinking and pro-Western regimes which form a formidable obstacle. Those who truly tread the path of the Islamic call to restore the Islamic State, would be aiming to assume the authority in order to resume the Islamic way of life in the Muslim lands, and to convey the Message of Islam to the whole world. That is why they would reject sharing authority with anyone, no matter how great the temptation. They would also reject absolute rule unless they were capable of implementing Islam comprehensively, radically and instantaneously.

Finally, this book about the Islamic State is not meant to narrate its history but to explain how the Messenger of Allah (saw) established the Islamic State, and to show how the disbelieving colonialists destroyed it. It demonstrates how Muslims should re-establish their State so that the light that guided the world in the darkest of ages returns to enlighten humanity once again.

Under the brunt of the severe freezing conditions and the absence of the State and all its institutions to care for its guests of the displaced people of Syria, and even their absence to care for the people of Lebanon themselves, the Lebanese authorities are still determined to clamp down on our people fleeing from the tyranny of the Baathist regime and his raging killings. Its latest chapters was this restriction imposed by the Interior Ministry when it issued new "standards" for the entry of those arriving from Syria with the beginning of the year 2015. The standards equates the close neighbours to the foreigner who cannot enter the country except for "tourism, or on a working visit, or for being the owner of the property, or coming for study, or medical treatment, or to review a foreign embassy, or under a prior commitment from a Lebanese citizen of responsibility." This consolidates that the two regimes: the Syrian and Lebanese are the byproducts of the Sykes-Picot Agreement, and that they were mandated to maintain division and fragmentation, contrary to what they both alleged for years.
