# Concentration and distribution

The world global economic crisis shows no signs of recovery, despite the uneasy smiles of “confident” capitalist politicians and economists. Their claims of recovery are particularly hollow in the phase of the evident stench from the corpse of the global capitalist system. Life support measures such as more injections of cash are pathetically hopeless. This death is the consequence of capitalism itself. Capitalism has concentrated wealth on a large scale in the hands of the capitalists and deprived the society to the point that the vast majority of people are able to partake in economic activity or secure their needs.

Capitalism is a system of deprivation. It deprives the public of huge sources of revenue by privatizing them, such as the privatization of oil, gas and electricity. It deprives the state of huge sources of revenue by privatizing interests such as large scale telecommunication, transport and construction. It deprives people of their private property by giving loans on interest and the government resorts to heavy taxation on their hard earned wages and savings. The beneficiaries are the private energy giants, industrial conglomerates and private banks, leading to an immense concentration of wealth in the hands of a few. The consequence of capitalism’s “trickle down” effect was nothing but deprivation of the masses. And now the large scale capitalists are stunned to discover that the masses have little to spend on their products and services, so little comes back up to them, barely a trickle.

It is upon the Ummah to establish the practical alternative to this capitalist system of misery. Unlike socialism, Islam does not kill the benefits of private enterprise by swinging to another extreme of nationalizing everything. Instead it offers a unique blend of private, public and state ownership, ensuring effective distribution, rather than the miserly and unreliable “trickle down effects”

The Khilafah will restructure revenue generation according to the Shariah rules to accelerate economic revival. It will generate huge revenues from public properties such as energy and state enterprises such as large scale construction and manufacture of machinery. It will establish Zakah on industry and Kharaj on agriculture and end the oppressive income and sales tax that has strangled economic activity. It will also refuse to pay the interest based loans from the colonialists and others, which eat a third of the revenues of Pakistan as debt-servicing, in the knowledge that the loans have been paid many times over due to interest. And if this were not enough to fulfill its obligations, it will seek donations, loans or emergency wealth taxation, only from those who can meet their basic needs and some luxuries as well.

The Khilafah was a source of envy due to its economy for hundreds of years. And soon inshaaAllah after its return, it will be a glowing example to all of humankind living under the dark shadow of Capitalism.

أَلَمْ تَرَ إِلَى الَّذِينَ بَدَّلُوا نِعْمَةَ اللَّهِ كُفْرًا وَأَحَلُّوا قَوْمَهُمْ دَارَ الْبَوَارِ

“Have you not seen those who have changed the Blessings of Allah into disbelief and caused their people to dwell in an abode of destruction?” [Surah Ibraheem 14: 28]

### O Muslims of Pakistan!

Have you seen what the rulers have done to us, despite all the blessings we possess, by the grace of Allah سبحانه وتعالى, in terms of resources, material strength and a noble and dignified people? We are subjected to bomb blasts and assassinations, throughout the country and in particular the capital of the neglected province of Baluchistan, Quetta. We count our dead in hundreds and hear the screams of agony of thousands injured. To rub salt in our wounds, the rulers arrange for our humiliation and inconvenience with check-posts and searches, disrupted phone communication and other token measures, all to appear as if they are doing something. But no! Not only are they doing nothing to secure us, they are the actual cause of our misery and suffering, death and injury.

Have you not seen how these rulers assist their lord and master, America, in orchestrating the killing of Muslims all over the country? Have you not seen how America's terrorists of the “Raymond Davis Network”, are supported by traitors in the political and military leadership and their shadowy agencies and paid thugs? So, whilst we are stopped at check-posts, the American terrorists' SUVs with blacked out windows and false registration plates are waved through by these rulers. Whilst we are searched down to our motor-cycle helmets and car glove boxes, these rulers arrange for the Americans to import their tools of mischief in sealed containers, upon which not a single Pakistani official is allowed to lay their hands

upon, let alone gaze into. Whilst these rulers suspend our phone communications, despite medical and other emergencies, they ensure that the American terrorists parade through the streets of our capital and sensitive military cantonments, with satellite phones to arrange their chaos. And whilst we yearn for security, even if it were under a rock or under the ground, the rulers arrange for plush residences for the American terrorists in our neighborhoods and grant permission for construction of the world's second largest American embassy in our capital, a fortress in all but name.

Have you not seen how these rulers have changed the strongest Muslim power into a country under a bloody siege, just so that our enemies will benefit? This chaos is to create confusion and fear amongst the Muslims, so that America and the Hindu State are uninterrupted in their mischief in Pakistan, the world's only Muslim nuclear power. The occupying forces of America in Afghanistan are the direct beneficiaries of the chaos, at a time when America seeks to establish a permanent presence in the region, under the veil of a limited withdrawal. The vast American presence in Pakistan itself, American intelligence, military and private military, is likewise secured by this chaos. This chaos creates opportunities for the Hindu state to bolster in its ambitions against us in occupied Kashmir and even within Pakistan. This is the real meaning to the phrase coined by the former US Secretary of Defence, Donald Rumsfeld, “creative chaos.” It is

## Leaflet: Have you not seen those who have changed the Blessings of Allah into...

chaos, insecurity and destruction within the lands of Muslims to “create” opportunities for their enemies.

And as the Ummah bleeds in rivers through deep wounds inflicted by these cursed rulers and their masters, these hypocrite rulers feign concern and roll out their standard calls for solutions: governor rule, army rule and chief minister rule, when the actual problem is they and their kufr colonialist rule!

### **O Muslims of Pakistan!**

We will only see such destruction at the hands of these evil rulers, as long as we live without our Khilafah. No matter which faces come to rule in this current system, we will witness our destruction because this system is a system of colonialism, a throne only for traitors to our people and our Deen. Only under our Khilafah will we see the end of the colonialist presence in Pakistan, which is the root cause of our suffering. Our Khilafah will close all American consulates, embassies, bases and deport all of its officials. It will end all contacts with officials of foreign hostile powers to cut off any influence. And our Khilafah will alone unify all the Muslim states, whose collective armed forces number near six million, gathering all their resources as a single state, to protect the Muslims from the evil of the kuffar enemy. Indeed, the Khilafah throughout the ages was a shield for the Muslims and Non-Muslims, protecting their beliefs, lives and properties. It was the Khilafah that repelled the Tartars, the Crusaders and vanquished the Romans and the Persians. Even in its weakest period, it was the Khilafah that compelled America to pay Jizya in an agreement signed on 21<sup>st</sup> of Safar, 1210 A.H i.e. 5<sup>th</sup> June, 1795 C.E., according to which it was required to pay 642,000 gold dollars and an annual payment of 12,000 Othmani gold Lira to the Khilafah State- the only agreement which America has ever signed in a language other than its own.

Only under our Khilafah will we find our lives, property and honor secure, for only our

Khilafah will pay heed to each and every command of Allah سبحانه وتعالى. Allah سبحانه وتعالى said, وَمَنْ يَقْتُلْ مُؤْمِنًا مُتَعَمِّدًا فَجَزَاؤُهُ جَهَنَّمُ خَالِدًا، And فيها وَغَضِبَ اللَّهُ عَلَيْهِ وَلَعْنَهُ وَأَعَدَّ لَهُ عَذَابًا عَظِيمًا “And whosoever kills a believer intentionally, his recompense is Hell to abide therein, and the Wrath and the Curse of Allah are upon him, and a great punishment is prepared for him” [Surah Al-Nisa 4:93]. And our Khilafah does not discriminate between us on the basis of school of thought or race or language. Allah سبحانه وتعالى said, هُوَ سَمَّاكُمُ الْمُسْلِمِينَ، “And Allah named you as Muslims only.” [Surah al-Hajj 22: 78]. Thus, our Khilafah state is not a state for a particular school of thought, but it is for all Muslims. And our Khilafah state secures the lives, property and honour of all of its citizens, regardless of their race, language or religion. Thus, for centuries Muslims belonging to different schools of thought have been living peacefully under the Islamic rule. Thirteen hundred years of Muslims history show us that a Shafai Muslim had never killed his Hanafi Muslim brother nor a Hanafi had ever killed his Jafferi Muslim brother, just because of juristic differences of opinions. Islam severely condemns nationalism, racism and sectarianism and declares all human beings as the offspring of Adam عليه السلام and the Muslims as a single Ummah. The Khilafah was a sanctuary for non-Muslim refugees too, to escape persecution outside of the Khilafah. Not only did the Muslims of the Indian Subcontinent peacefully deal with their fellow Muslim brothers for centuries, the Dhimmis (Non Muslim citizens of the Islamic state) like Hindus and Zoroastrians were never subjected of oppression at the hands of Muslims.

### **O sincere officers of Pakistan’s armed forces!**

Have you still not seen enough of the treachery from the men who sit astride your shoulders, over your heads? It is an open secret that Pakistan’s armed forces are the real power in Pakistan. The fact that matters.....

Hizb ut-Tahrir held country-wide demonstrations against killings and insecurity in Quetta, Karachi and across Pakistan

## Bomb Blasts, Destabilization And Insecurity is Because Of America And Democracy

Hizb ut-Tahri Wilayah Pakistan held country wide demonstrations against the killings and bomb blasts that are taking place in Quetta, Karachi and across the country. Demonstrators were holding banners and placards declaring “**Bomb blasts, destabilization and insecurity is because of America and Democratic system**”, “**America’s Raymond Davis terrorists are the cause of insecurity and chaos**”, “**O Pakistan’s armed forces! Uproot Kayani –Zardari and their US masters, Establish the Khilafah now**”.

Demonstrators stood to condemn the killings of Muslims taking place in Quetta, Karachi and across the country. They held America responsible for these brutal killings, whose terrorists of the “Raymond Davis Network”, are supported by traitors, led by Kayani and Zardari, in the political and military leadership. It is these American terrorists that are supervising and orchestrating bombings and killings across the country. People are stopped at check-posts, mobile phone communications suspended and pillion riding banned, whilst American terrorists’ SUVs with blacked out windows and false registration plates are allowed to pass through these check points, import their tools of mischief in sealed containers and parade through the streets of our capital and sensitive military cantonments, with satellite phones to arrange their chaos.

This current strife is the creation of the Western colonialist nations, who invaded and occupied Muslims lands and sowed the seed of hatred on the basis of nationalism, racism and sectarianism. Islam severely condemns nationalism, racism and sectarianism and declares all human beings as the offspring of Adam عليه السلام and the Muslims as a single Ummah. Demonstrators were asking the sincere officers in the armed forces that they are sons of Muslims and inheritors of a legacy of hundreds of years of Islamic rule in this region therefore they for the sake of Allah سبحانه وتعالى, His Messenger صلى الله عليه و سلم and the believers, plan an action in order to take authority and give it to the sincere and aware shabab of Hizb ut-Tahrir, so that it can establish the Khilafah which rules by Islam, liberates and annexes the Muslim Lands to unify them.

At the conclusion of the demonstrations, demonstrators dispersed peacefully whilst chanting slogans in favour of establishing Khilafah.

## Hizb ut-Tahrir's Khilafah Bayyan Campaign well underway

# The people's demand is Khilafah Rashida

Hizb ut-Tahrir Wilayah Pakistan's Khilafah Bayyan Campaign is well underway, beginning in January 2013, throughout Pakistan's most populated cities, in the most prominent public places. The people are giving a strong response to the Bayyans, in which the speakers are calling the people to reject the current corrupt system and embrace the movement for establishing the Islamic Khilafah state in Pakistan.

The bayyans warned the people that the impending election drama is only to bring some new faces, along with some old faces. However, the real cause of misery and humiliation, the current democratic capitalist system, will remain firmly in its place. Just as in dictatorship, corruption, misery and humiliation is produced by democracy itself. Just like dictatorship, in democracy too the sovereignty to legislate, deciding what is right and wrong, lies with men and not Allah سبحانه وتعالى. So self-serving individuals know that once they are elected into the democratic system, they can make laws to secure their interests. Any corrupt one amongst us, regards his "investment" of millions of rupees to become a public representative through elections, a wise investment because it will give a good "return." The assembly is not about taking care of the people's interests, but a way for these corrupt elements to look after their own affairs and the affairs of those who selected and groomed them to rule, the colonialists.

The bayyans reminded the people that the Khilafah alone will relieve us of corruption, misery and humiliation. Rulers do not make laws and are subject to the laws of Allah as are all the citizens. The Khilafah will estimate the personal wealth of the Walis when they enter ruling and will take back any wealth they acquire during ruling when their rule ends. Islam will bring us relief from the hardship of unaffordable electricity, gas, kerosene, diesel and petrol. This is because in the Khilafah system, public properties, which include fuel and power, can neither be privatized nor even nationalized, rather the people are its actual owners, whilst the state only administers them on people's behalf. So, the Khilafah will never profiteer from these public properties, rather it will ensure they benefit the entire society. The Khilafah will bring relief from the hardship of crippling taxes under the current system, release us from foreign debt, whilst unleashing huge alternative revenue sources for looking after the affairs of the people. In Islam, Allah سبحانه وتعالى decides which revenues are fair as well as who are able to pay them and taxation upon the poor is forbidden. Islam has its own unique system of revenue collection, including revenue from public properties, such as gas and oil, copper and gold, revenue from agriculture such as ushr and kharaj, and revenue from industrial manufacture, through Zakah on goods. As for the foreign policy, the Khilafah will cut the root of foreign domination over the Muslims, as it will end all relations with hostile kafir states. It will close their embassies, bases, residences for private military organizations and will prevent contact with their military and political officials. Rather than depending upon the kuffar for strength and dignity, the Khilafah will work to unify all the Muslim Lands as one state and it will forge relationships with non-hostile kafir states to facilitate making the call to Islam to them, leaving the hostile states isolated. And this is only some of that which Hizb ut-Tahrir has prepared for implementation from the first moment the Khilafah is re-established inshaaAllah.

# Q&A: The Global Economic Crisis

**Question:** Where does the global economic crisis currently stand, which began in the USA and engulfed Europe and then the world?

**Answer:** To shed light on this subject, we will mention the following:

1. The collapse of the real estate market in the US spread across the world resulting in the collapse of many banks, which lead to unprecedented government intervention to halt global economic collapse. The result however, was what is now called the Great Recession, the worst since the Great Depression in 1929. The global financial crisis brought to light the fact that the boom of the preceding decade was in reality driven by debt; and after five years the world's largest economies continue in their failure to resolve this.
2. United action was attempted by the world's largest economies in order to coordinate a resolution to the crisis. This was argued on the basis that the global economy is interlinked due to the effects of globalisation. Thus, a collective and global approach would be in the world's best interests. This unified approach did not last long as economic nationalism - where each country fights for its own survival spread, where each nation expected other nations to fund a global reserve. Various meetings and conferences of the G20 agreed different types of bailout funds to help grieved economies, how this was to be funded led to most of the bailouts to never move forward from the paper they were written on. This was due to the concept of economic nationalism of the super-powers. "The Economist" highlighted in 2010, **"But the re-emergence of a**

**spectre from the darkest period of modern history requires a different response, even serious. Economic nationalism that strives to save jobs and capital at home turned the economic crisis into a political one and threatened the world with depression. If it is not buried again forthwith, the consequences will be dire."**

3. Stark exchanges between the Germans and the Americans have taken place on the best route for the future of the global economy. Angela Merkel, along with the majority of the other countries suggested that the unsustainable growth model of the US, fuelled by the cheap credit and debit/loans, from the governments' perspective using funds as stimulus for growth is obsolete. The European approach has manifested in the need to control the national deficit through austerity measures. Austerity measures are typically taken if there is a threat that a government cannot honour its debt liabilities. This is a very specific objective and different to economic growth. With the threat to the credit ratings of most of the world's largest economies, many have resorted to austerity i.e. reducing the government deficit to please the financial markets. The problem with the austerity approach is that such a policy is not actually geared towards growth, which would create jobs and income for society, and accordingly lead to overall economic growth, but towards cutting the government debt.
4. The US approach of seeking to stimulate the growth has fared no better. This is because stimulus requires increasing government spending using funds borrowed

primarily from abroad in the case of the US from countries such as China, or funds simply created by central banks literally by entering digits into a computer. Any stimulus was always a high-octane boost and a temporary measure. They are designed to kick-start stalled economies, not to fuel sustained economic growth. The growth that has been achieved is really the inflated results of stimulus measures achieving their intended effect to be temporary. Hence stimulus just props up government and service industry jobs which die off when the stimulus ends, leaving an economy in much the state it was when the stimulus started.

5. Western governments also resorted to Quantitative Easing (QE), a new development which was an electronic method of printing money. This unconventional policy was used by central banks (governments) to stimulate the national economy when conventional policy had failed. Accordingly, central banks started to implement the so-called Quantitative Easing (QE) through buying financial assets, such as bonds in order to inject a pre-determined quantity of money into the economy. This is achieved by purchasing financial assets from banks with new electronically created money. This action increased the reserves of banks. However, the global economy at the start of 2013 is not better than it was at the start of 2012. Rather the great recession has eaten away some of the States that tried to avoid falling into the recession. Reports have emerged as soon as 2013 began about the possibility of Britain going into a triple dip recession, due to its debt burden going into the trillions. Thus, the QE approach ended up in reality with no effective result. After 5 years of economic crisis, the global economy is

still reeling and with unemployment constantly increasing social chaos has already begun in Europe. All attempts to solve the crisis have not dealt with debt fuelled growth, whilst debt caused the problem more debt was thrown at it, Western governments attempted to treat the patient with the disease itself

6. Finally, there are three possibilities that may eventually lead to economic recovery; we mention them from the least to the best:

**First:** The first is the double-dip recession turns into a depression, prices hit rock bottom and this leads to property, loans and commodity prices being seen as cheap and this kick starts economic growth as such assets are then purchased. This is a weak possibility because the Capitalist economy is primarily based on loans and interest (riba) that results from them. The decline of loans prices (riba) do not live long as long as capitalist economy continues.

**Second:** The second possibility is China bails out the West. China's vast trade and financial surpluses are causally linked to the unsustainably large debts of the US, UK and a swathe of the Eurozone. It would be in their interests to bail out the West. This would also mean the Western world will have to accept Chinese global leadership. Here the issue is not whether the West will accept such a bailout but rather will China pursue such a policy.

**Third:** The Khilafah State shines on the world, and the Islamic economic system starts to be implemented. Then, not only will the Muslims benefit, but rather all the world that will deal with it. This would make such global crises disappear or bring it under control.

# Policy regarding Electricity Crisis

**Hizb ut-Tahrir Wilayah Pakistan has issued the following Publicized Policy Position (PPP) over the severe electricity crisis in the country which has crippled industry and agriculture as well as making the daily lives of the people a misery.**

**A. PREAMBLE: Electricity is unaffordable and unavailable because of capitalism's privatization concept, as safeguarded by democracy.**

Through democracy's implementation of capitalism, the government is responsible for Pakistan's electricity crisis. The present capitalist system ensures that through privatization a few private owners, foreign and local, fully benefit from electricity resources whilst the public faces hardship. Privatization raises electricity prices so that the private owners can profit in their business. As an example the World Bank has closely overseen rises in electricity charges, which surged between 2000 & 2004 and continue to rise such that people are paying as much for electricity in the winter as they used to in the peak of summer before massive privatization took hold. So, whilst private owners amass huge wealth by owning electricity resources, the rest of society is stricken by increasingly un-affordable energy prices. In addition, regarding the electricity shortages, the government itself fell into debt to these private interests to the order of billions of Rupees. Then the private interests reduced production of electricity because they were not paid what they were due and were not able to maintain profits. This "circular debt crisis" is the reason that only 10,000 MW or less electricity is being produced. This is even though the total installed capacity is 19,855 MW, dropping to 15,150MW at times of low river flow. This is against a demand that varies between 11,500 MW in the cooler months up to 17,500 MW, during the peak of the hot summer. So it is clear twelve to

eighteen hours without electricity per day in the summer and six hours in the winter, is the result of not producing at capacity. All this is the result of making electricity a business and not a right for the people.

**B. POLITICAL CONSIDERATIONS: Capitalism's control of electricity only benefits the colonialists and the current rulers and deprives the Ummah.**

B1. Of Pakistan's electricity, Pakistan produces 65% from thermal generation, by the burning of oil and gas, 33% from hydro-electrical generation (Hydel), using water pressure such as in dams, and 2% by nuclear power. Installed capacity is more than enough to meet the current demands throughout the year.

B2. Regarding thermal generation, the Ummah possesses over half of the world's proven oil reserves and over forty per cent of the world's proven gas reserves. Pakistan has one of the world's largest coal reserves in Thar.

B3. Regarding developing other forms of electricity generation to meet future short falls, such as solar, tidal and wind generation, the Islamic Ummah possess brilliant sons and daughters who are more than capable to deliver results.

B4. However, by privatizing these abundant resources foreign colonialist companies benefit as well as local companies which are from the entourage of the rulers or the rulers themselves.

B5. The current rulers and their colonialist masters benefit from the people being immersed in seas of economic miseries as it dampens their ability to rise up and depose the current corrupt order. This is the meaning of

**Continued on Page 21**

# Policy Regarding Crippling Rises in Prices

**Hizb ut-Tahrir Wilayah Pakistan has issued the following Publicized Policy Position (PPP), over the great increases in prices, particularly over the last decade, from the time of the Musharraf-Aziz regime until the Kayani-Zardari regime, that have broken the backs of the people.**

**A. PREAMBLE: The huge and constant rise in prices is due to currencies that reduce their values constantly, as they are not based on gold and silver**

Like other currencies, the Dollar, the Pound and the Franc, originally, the Rupee was backed by real tangible wealth in the form of a precious metal. In the case of the Dollar, it was gold, in the case of the Rupee it was silver. This system stabilized the value of the monetary unit both internally within the country and externally in international trade. The evidence for this was that the standard prices of gold in 1910 were almost the same level they were in 1890. Today, there is sufficient gold and silver in the world to support the actual economy, transactions such as buying and selling food, clothing, shelter, luxuries, manufacturing machinery and technology and so on. However, due to capitalist practices, the demand for the creation of money outstripped the supply of gold and silver. The states abandoned the precious metal standard, so that currency became backed only by the authority over the state, allowing more and more notes to be printed, without being backed fully by gold and silver, such that each new note has less value than previously. However, money is used to buy commodities and services, so the money became worth less, if not almost worthless. More of it was needed to buy, so the price of all commodities and services began to rise. Continuous rises in price is now so much part of the system that inflation is a widespread measure of how fast they are rising. Thus, the rupee that was once worth

over eleven grams of silver before the British occupation, after over two hundred years of the capitalist system is now worth around one nine hundredth's (1/900th) of a gram of silver. Before America's war on Muslims in Afghanistan and Iraq..., 30.97 Rupees were needed to buy a single US Dollar, and then during the Musharraf-Aziz regime on Friday 15 August 2008 it rose to 76.9 Rupees with inflation in Pakistan at its highest ever in 30 years. And now in January 2013, under the Kayani-Zardari regime over 98 Rupees are required to buy a single US dollar. With each passing year, the Rupee is worth less and can buy less with huge increases in prices, such that buying meat is beyond the reach of most, fruit is a luxury and vegetables are becoming a great burden. Today, the Rupee is worth less than a Paisa was a few decades ago. Despite the false reassuring claims of the government to the contrary, the Rupee is collapsing constantly, which is leading to huge increases in prices. Yet, the government continues to print more and more money unheeding of the dire consequences, busily digging a grave for the lifeblood of the economy, its currency.

**B. POLITICAL CONSIDERATIONS: Addressing factors leading to the demand for the creation of money, beyond the gold and silver supply**

**B1.** Persistent borrowing by the government to bridge budget deficit has resulted in inflation. Pakistan's debt obligations have crossed all sustainable levels as according to the SBP country's debt and liabilities have soared to Rs, 15.2 trillion, equal to 68% of the total size of the economy. A government domestically borrows either from its public, bank & non-bank, or from its central bank. Historically, between 1992 and 2013, the average interest rate has been 12.75%. The cost of borrowing at such high rates surely increases debt service payments thus adding to future budget expenditures. In addition, when

## Publicized Policy Position: Crippling Rises in Prices

---

banks acquire the government debt, government borrowing puts additional pressure on banks' reserves and banks may demand more liquidity from the central bank. When such an extra demand from banks is accommodated and the central bank supplies banks with additional reserves, then in fact monetary base increases, thereby causing a rise in money supply through deposit multiplication, fueling inflation. Borrowing from the central bank is called "monetizing" the deficit. Because this method always leads to the growth of monetary base and of money supply and ultimately inflation, it is often referred to as just "printing money". In addition, sustained inflation may stem only from a persistent rather than a temporary budget deficit that is eventually financed by printing money rather than by borrowing from public.

**B2.** The capitalist balance of trade policy through devaluation of the Rupee also leads to inflation. Being a net importer country with a weak manufacturing base, Pakistan's capitalist government oversees the devaluation of the Rupee, in accordance to IMF orders. This was claimed to be primarily done to address Pakistan's balance of trade. This is where the state actively discourages the import of goods and encourages the export of domestic goods. However, by devaluing the Rupee, the Pakistani government increased the costs of manufacturing inputs, which caused havoc in the agricultural, textile and other sectors that were already reeling from the policy of high interest rates. Hence, the high cost of borrowing, together with the increase in manufacturing costs, rendered many industries and companies unable to compete internationally. Incapable to find buyers for their expensive products, key exports declined and Pakistan's balance of payments deteriorated. This was further compounded by the continued import of basic food stuffs.

Despite being the fourth largest agricultural economy in the world, Pakistan is a net importer of foodstuffs. This means Pakistan must pay more for its food imports (after devaluation), thus causing domestic food inflation to greatly rise. In recent years, food inflation has been made worse by the declining value of the Dollar

and the Pakistani Rupee's peg to the dollar. To conceal the failure of its devaluation policies, the Pakistani government has relied more and more on expatriate remittance and the export of domestic staple foods to boost Pakistan's balance of payments. The latter is particularly cruel for the Pakistani population, as in a desperate bid to earn foreign exchange and improve the balance of payments, the Pakistani government exports much needed staple foods, such as rice and wheat, which leads to shortages at home. Moreover, the hard earned foreign exchange is not re-invested back into the domestic economy, but is repatriated in the form of debt service payments to strengthen foreign economies. Thus, the Pakistani government is forced to borrow from international institutions to redress a shortfall in balance of payments compounding its problems. These new loans come upon interest, such that Pakistan, like most "developing" countries have paid back the principles several times over and are actually never allowed to "develop," because these loans come with conditions to strangle the economy, ranging from interest-rates, devaluation of currency, as well as a whole host of fetters on agricultural and industrial growth.

**B3.** Return to the gold and silver standard for Muslims is eminently practical. The lands of the Muslims in which the Khilafah state is likely to arise contains a lot of gold and silver resources, such as the Sandaik and Reko Diq fields in Pakistan. The Ummah possesses great resources that are direly needed by other countries, such as oil, gas, coal, minerals and agricultural commodities, which can be used to exchange for more gold and silver. The banks in Muslim Lands have international currency as Forex holdings, such as the Dollar, the Euro and the Sterling which can be used for exchange as well. The Muslim Lands are self-sufficient in basic commodities, so the real economy is stable and resistant to manipulations and speculation, once the parasite economy is abolished.

### **C. LEGAL INJUNCTIONS: Pertaining to restoration of the gold and silver standard**

**C1.** Islam has mandated that the currency of the state is backed by precious metal wealth, ending the root cause of inflation. RasulAllah (saw) commanded the Muslims to mint Gold Dinars, weighing 4.25g, and Silver Dirhams, weighing 2.975g, as the currency of the state. This is why the Khilafah enjoyed stable prices for over a thousand years. Today the Khilafah will employ exchange of commodities, such as copper, and foreign exchange for gold and silver and will be mindful of net outgoing of gold and silver during international trade, though the Muslim World is self-sufficient in most matters. Moreover, re-establishing gold and silver in international trade will end the unfair disadvantage that America has by imposing the dollar on international trade. As Hizb ut-Tahrir has adopted in its **Introduction to the Constitution**, Article 166, “The State issues its own independent currency, and it is not permitted for it to be linked to any foreign currency.” In Article 167 it has adopted, “The currency of the State is to be restricted to gold and silver, whether minted or not. No other form of currency for the State is permitted. The State can issue something as a substitute for gold or silver provided that the *Bayt al-Mal* has the equivalent amount of gold and silver to cover the issued coinage.” In Article 168, it has adopted, “It is permissible to have exchange between the State currency and the currency of other states like the exchange between the State’s own coinages.”

**C2.** Bayt al-Mal in the Khilafah will be a financial institution to support the growth of the real economy, including agricultural and industrial development. It is not a parasite that bleeds wealth from the economy through Riba, as the current private banks have become, creating the need for constantly expanding monetary supply, loss in value in the currency and the resultant increase in the prices. Its sole focus will be to develop a vibrant and powerful economy, by using loans to stimulate the local agricultural and industrial sectors. As Hizb ut-Tahrir has adopted in its **Introduction to the Constitution**, Article 169, “It is completely

prohibited to open banks, and the only one permitted will be the State bank, and there are no transactions upon interest. This will be dealt with by a particular department of the Bayt al-Mal.”

**C3.** Rather than destroying the economy and then going cap in hand for more loans, the Khilafah having established Pakistan on a firm footing, will raise a global cry for the end of the injustice of Western colonialist interest based-loaning with condition. It is this unjust system which prevents countries from standing on their own feet, with suffocating conditions, even though they have bled the principle loan several times over from their economies, in the form of interest. As Hizb ut-Tahrir has adopted in its **Introduction to the Constitution**, Article 165, “It is confirmed by the senses and by information whose authenticity is trusted that the use of foreign funds for development in the country is the method to extend the influence of the disbelievers over them, and extending their influence in the land is *haram*.”

**Note:** Please refer to the following articles in Hizb ut-Tahrir’s **Introduction to the Constitution**, for the complete evidences from Quran and Sunnah: 165, 166, 167, 168, 169

### **D. POLICY: Propelling the Khilafah as the economic model for the world**

**D1.** Strengthening and stabilizing the currency by backing it with real wealth, gold and silver, to end the generalized inflation, which has crippled households, industry and agriculture, once and for all.

**D2.** Ending the “business” of private interest-based banking and re-introducing interest-free state banking so as to fuel a vibrant economy, steered by creative and supportive financing of the agricultural and industrial sectors.

**D3.** Working for the eradication of the colonialist loans and conditions globally, that has reduced the world’s most resourceful nations to the state of beggars.

# To our people in Al-sham, the Abode of Islam...and to the sincere revolutionaries

*The following is a speech from the Ameer of Hizb ut-Tahrir, the Aalim, Ata Ibn Khalil Abu Arashtah - may Allah protect him - to our people in Al-Sham and to the sincere revolutionaries, on the occasion of the glorious day of the birth of the Messenger of Allah صلى الله عليه و سلم, in the month of his Hijrah and the establishment of the great Islamic state, a state that the Muslims were glorified by, which will be established again soon, Insha'Allah.*

Assalaamo Alaikum Warhamatu Allah Wa Barakaatahu,

Praise be to Allah, prayer and peace be upon the Messenger of Allah, his family, companions and allies and those after,

وَقَدْ مَكَرُوا مَكْرَهُمْ وَعِنْدَ اللَّهِ مَكْرُهُمْ وَإِنْ كَانَ مِنَ الْجِبَالِ لَيَزُولُ مِنْهُ الْجِبَالُ “Mighty indeed were the plots which they made, but their plots were (well) within the sight of Allah, even though they were such as to shake the hills!” [Surah Ibrahim 14/46]

The wicked people, from the colonialists, their agents and their factions have gathered against you. They gathered their guile and cunning to avoid the implementation of Islam in Al-Sham and instead maintain a secular republican government, with a mere change of faces, so as to deceive the people that actual change has taken place! Today, you witness and hear that America, her allies and agents have gathered their evil against you at both ends: on the one hand, the crimes of the tyrant Bashar, which did not spare the humans or even the trees and rocks; whilst on the other, the continuous meetings in Istanbul, Cairo and Paris, in order to form an interim government to arrange a republican secular, civil democratic system, as

they claim, to forbid and permit instead of Allah SWT; وَلَا تَقُولُوا لِمَا تَصِفُ أَلْسِنَتُكُمُ الْكَذِبَ هَذَا حَلَالٌ وَهَذَا حَرَامٌ لَتَفْتَرُوا عَلَى اللَّهِ الْكُذِبَ إِنَّ الَّذِينَ يَفْتَرُونَ عَلَى اللَّهِ الْكُذِبَ لَا يُفْلِحُونَ “But say not - for any false thing that your tongues may forth,- “This is lawful, and This is forbidden”; so Aas to ascribe falsely to Allah. for those who ascribe false things to Allah, will never prosper.” [Surah An-Nahl 16/116]

They have intensified their evil plans, killing and massacres, aggressive bombing with cluster bombs, lethal weapons and deadly gases as well as several forms of torture that even the beasts of the jungle would shy from ... They hope from all of this to force the revolutionaries to accept the exclusion of Islam from life and to negotiate with murderers, who spilled the blood of Muslims and continue to do so! So as to continue the American influence in the noble Al-Sham by maintaining the core of the secular republic system... However, these wicked people forget that Al-Sham is the Fortress of Islam, the Abode of Islam. It does not accept the virulent, even if it succumbs to it for a while. The virulent will disappear, Insha'Allah, disgraced and rejected. Also the wicked ones do not realize that the Haq is only to prevail over falsehood and annihilate it. بَلْ نَقْذِفُ بِالْحَقِّ

عَلَى الْبَاطِلِ فَيَدْمَغُهُ فَإِذَا هُوَ زَاهِقٌ وَلَكُمُ الْوَيْلُ مِمَّا تَصِفُونَ “Nay, we hurl the truth against falsehood, and it knocks out its brains, and behold, falsehood perishes! Woe be to you for the (false) things you ascribe (to Me)” [Surah Al-Anbiyya 21:18]

**Dear people in Al- Sham, the Abode of Islam, O sincere revolutionaries:**

## To our people in Al-sham, the Abode of Islam...and to the sincere revolutionaries

The plotting is a malignant planning, formulated by the United States and its allies and implemented by its agents and its followers. The killing and massacres at home are to make people accept what the coalition and the council do abroad ... Thus, the tools of implementation are divided among the poison of the crimes of killing and destruction by Bashar on the one hand and on the other, sugar coated poison at the hands of the coalition, begging America to grant it the throne of the tyrant, after he has been spent in his role and is discarded on the street ... So this is how the coalition thinks, whilst the tyrant is ignoring that his role is spent and that America, which built him, will finish him, should the coalition mature enough to replace him, as America did with its agents before, when they had become spent in their roles. Also America hopes that by replacing one agent with another, it will keep its influence in Al-Sham before the Ummah cleanses the country from the current agents and the incoming ones ... Had the tyrant any mind, he would have invested the available circumstances, during the first months of the people revolting against him, and fled with his life and at least some dignity, instead of been discarded or killed as a criminal traitor, cursed by Allah, His Messenger and the believers; إِنَّهُ

مَنْ يَأْتِ رَبَّهُ مُجْرِمًا فَإِنَّ لَهُ جَهَنَّمَ لَا يَمُوتُ فِيهَا وَلَا يَحْيَىٰ

“Verily He who comes to His Lord As a sinner (at Judgment),- for Him is Hell: therein shall He neither die nor live.” [Surah Taa Haa 20:74]

What they plan is deception and scheming which they expect to hoist over Al-Sham and the people of Al-Sham, so as to make them accept the government made by the coalition, secular in essence, a deception with a beautiful cover! They also think that Al-Sham and the people of Al-Sham will forget the pure blood that was spilled by the criminals and the great sacrifices made by the sincere revolutionaries ... But their thinking will bring the end of them Insha'Allah, and they will see with their own eyes and hear with their own

ears that all their plotting was false and so perished, وَمَا كَيْدُ الْكَافِرِينَ إِلَّا فِي ضَلَالٍ... but the plots of unbelievers (end) In nothing but errors (and delusions!)” [Surah Al-Ghafir 40:25] Also they have forgotten or let themselves forget that Al-Sham possesses strong men, who believed in their Lord and were increased by Guidance; they are guided by the Messenger of Allah and they do not sleep before injustice. They will neither fall silent before injustices nor will they forget the blood nor those efforts, nor the cries of the elderly and children, nor the cries of the free women violated, nor those of the orphaned and widowed ... The crimes of the tyrant will only increase their strength. The crimes of America and the kafir colonialist West will not escape their minds, no matter what they apply on the face of the coalition as cosmetic. Instead, all of all this will provide them with more momentum. الَّذِينَ قَالَ لَهُمُ النَّاسُ إِنَّ النَّاسَ قَدْ

جَمَعُوا لَكُمْ فَاخْشَوْهُمْ فَزَادَهُمْ إِيمَانًا وَقَالُوا حَسْبُنَا اللَّهُ

وَنِعْمَ الْوَكِيلُ “Men said to them: "A great army is gathering against you": so as to frighten them: but it (only) increased their faith: They said: "For us Allah suffices, and He is the best disposer of affairs.” [Surah Aali- Imran 3:173]

**Dear people in Al- Sham, the house of Islam, O sincere rebellions:**

The tyrant and his thugs have reached the abyss of despair from which they can not return. Even if the tyrant increased his tyranny, his death is imminent. His thugs who fight by him are abandoning him day after day, except for the one who loses sight and insight. Even Russia, which supported him as a front-line for America, under an agreement with it until they replaced one agent with another, has suffered and has started to evacuate its citizens because of its conviction that the authority of the tyrant has collapsed. And then the tyrant will be falling in a soon to be forgotten place, with cursed in this life and in the Hereafter ... However you, O sincere revolutionaries, stand firm on what is of right

## To our people in Al-sham, the Abode of Islam...and to the sincere revolutionaries

and good and be assured of the victory of Allah is sooner or later. Allah SWT does not provide the victory to His messengers only, but also to those who believe; **إِنَّا لَنَنْصُرُ رُسُلَنَا**

“We will, without doubt, help Our apostles and those who believe, (Both) In This world's life and on the Day when the witnesses will stand forth.” [Surah Ghaafir 40:51]

So give the Nussrah to the Haq and its people, provide the Nussrah to Allah and His Messenger and the believers ...give the Nussrah for the Khilafah and those who work for it, resolve to support Hizb ut-Tahrir for the establishment of the Khilafah. Only then you will be born witness in front of Allah by: the pure blood that was spilled, the free women that were violated, the widowed women, and the orphaned children and the elderly who make Rukoo', and even the beasts ... All of them will be borne witness for you as good and only then will this spilled blood and effort have not been for in vain...

On the top of that, the angels of Allah will praise you for giving the Nussrah (Support) to the Deen of Allah religion and to the Dawa carrier and for the Nussrah of the second Khilafah on the Methodology of the Prophethood ... you shall be of the noblest in this world and in the Hereafter with the best of Allah's creation, the Messenger of Allah صلى الله عليه وسلم, his family and his Companions, رضي الله عنهم and with the truthful supporters of His Deen... also with the ibn Zaraqah and Ibn Hudayr and Saad bin Maaz, the Ansaar of the Deen of Allah and the Ansar (Supporters) of the Messenger of Allah صلى الله عليه وسلم ... particularly in this great month that you are in, the month of Rabe Al-Awal, the month of the birth of the Prophet صلى الله عليه وسلم, the month of his Prophethood, the month of his migration to Madinah and his establishment to the great Islamic state, and the month of his صلى الله عليه وسلم ascent to Paradise and the beginning of the era of the first Khilafah on the Methodology of the Prophethood ... which was then followed by an era of a Khilafah with clinging to the rule, then after this Khilafah was the era of the rule of

tyranny in which we are in now, which is to be followed by the second Khilafah on the Methodology of the Prophethood. This is what the Messenger of Allah صلى الله عليه وسلم said, as narrated by Imam Ahmad in his Musnad and Tayaalisi in Musnad from Hudhayfah ibn al-Yaman,:

**يَرْفَعُهَا إِذَا شَاءَ أَنْ يَرْفَعَهَا، ثُمَّ تَكُونُ خِلَافَةً عَلَى مِنْهَاجِ النَّبِيِّ، فَتَكُونُ مَا شَاءَ اللَّهُ أَنْ تَكُونَ، ثُمَّ يَرْفَعُهَا إِذَا شَاءَ أَنْ يَرْفَعَهَا، ثُمَّ تَكُونُ مُلْكًا عَاصًا، فَيَكُونُ مَا شَاءَ اللَّهُ أَنْ يَكُونَ، ثُمَّ يَرْفَعُهَا إِذَا شَاءَ أَنْ يَرْفَعَهَا، ثُمَّ تَكُونُ جَبْرِيَّةً، فَتَكُونُ مَا شَاءَ اللَّهُ أَنْ تَكُونَ، ثُمَّ يَرْفَعُهَا إِذَا شَاءَ أَنْ يَرْفَعَهَا، ثُمَّ تَكُونُ خِلَافَةً عَلَى مِنْهَاجِ النَّبِيِّ، ثُمَّ سَكَتَ .**

“Prophethood will last with you for as long as Allah wants it to last. Then there will be Khilafah according to the Method of Prophethood, and things will be as Allah wishes them to be. Then Allah will end it when He wishes. Then there will be hereditary rule, and things will be as Allah wishes them to be. Then Allah will end it when He wishes. Then there will be an oppressive rule, and things will be as Allah wishes them to be. Then Allah will end it when He wishes. Then there will be a Khilafah according to the method of Prophethood.” Then he صلى الله عليه وسلم fell silent.”

So praised be the Nussrah to the Deen of Allah, praised be the Nussrah to the workers of the Khilafah, praised be the Nussrah of Hizb ut-Tahrir, such that you emulate the life of the Ansar, may Allah bless them. Islam and its people will be dignified and Kufr and its people will be humiliated, **وَيَوْمَئِذٍ يَفْرَحُ الْمُؤْمِنُونَ \* بِنَصْرِ**

“On that Day shall the believers rejoice \* at the victory of Allah. Allah makes victorious whom He will, and He is Exalted In Might, Most Merciful.” [Surah Ar-Room 30:4, 5]

# NATO Airstrike Killings of Women and Children in Afghanistan Re-iterates the Urgent Need for the Re-establishment of the Khilafah State

On Thursday 14th February 2013, the BBC, CNN and other media outlets reported that NATO airstrikes killed 10 civilians, including 4 women and 5 children during a joint Afghan-NATO operation in the Shigal district of the northeastern Kunar province of Afghanistan. Last October, at least four children were killed in a U.S. missile attack on a residential area in Afghanistan's eastern province of Logar, and an airstrike by US forces in Helmand province killed three children. According to data released by the US Air Force last December, the US set a record of 447 strikes on Afghanistan in 2012 – more than in any other year in its 11 year brutal occupation of the country - killing countless women and children. A recent UN Committee on the Rights of Children report stated that hundreds of children are reported to have died, “as a result of attacks and air strikes by the US military forces in Afghanistan” between 2008 and 2012, due to the use of “indiscriminate force”. Rather than acknowledging the fall-out of its merciless campaign of death and destruction on the Muslims of Afghanistan and Pakistan, NATO and the US rejected the UN report, choosing instead to continue to accept the slaughter of hundreds of women and children as acceptable collateral damage in the pursuit of securing their economic and strategic interests in the region – in true capitalist colonial style.

In an attempt to strengthen their control of the resources of Afghan soil and the region, as well as force-feed liberal freedoms and democracy to Afghan Muslims, these occupying forces are indiscriminately killing

every living being that comes in the way of achieving their goal. And out of all the crimes committed against the Muslims of Afghanistan and Pakistan, the greatest is the treachery of rulers like Karzai and Zardari, and army chiefs like Kayani, who are shamelessly providing every logistic and practical help to these killing machines, even using Muslim soldiers as hired killers to do their dirty work. They evidently see the deaths of hundreds of the honourable daughters and children of this Ummah as an irrelevant and insignificant matter in the path of licking the boots and gaining the pleasure of their Western masters.

We ask the sincere sons, officers and generals of the Afghanistan and Pakistan armies - till how long will you close your eyes to this murder of your sisters, brothers, and children when you know it is your duty to protect their blood, lives, and honor? How can you let this occupation, these atrocities, this bloodshed of your Ummah continue when you are the sons of the courageous general and defender of the Muslims, Muhammad bin Qasim who was sent under the Umayyad Caliph Al Waleed, upon the call of one Muslim woman to defend her life and honour from the Hindu Raja Dahir? We call you to move and fulfil your duty to defend the blood of your Ummah from their killers and liberate our Muslim lands from its brutal occupiers. We call you to break your allegiance to these cowardly rulers who have brought dishonour to your name by using you as pawns to secure the interests of foreign states. Give your support and allegiance to the establishment of the Khilafah that will return

your status as one of liberators and heroes of the Ummah for it is the shield of the believers. The Khilafah embodies the highest principles in all matters, including war, prohibiting the killing of innocent civilians or destruction of crops and land. The women and children of Afghanistan, Pakistan, and the whole Muslim world are crying out for their guardian the Khilafah and for their general Muhammad bin Qasim to defend their blood and honour. O sincere sons of the Muslim armies, will you not respond?"

((وَمَا لَكُمْ لَا تُقَاتِلُونَ فِي سَبِيلِ اللَّهِ وَأَلْتُمِسُونَ تَضَعُونَ عَنُقَيْنَ مِنْ

"And what is wrong with you that you fight not in the cause of Allah, and for those weak, ill-treated and oppressed among men, women, and children, whose cry is, 'Our Lord! what Donald Rumsfeld, former US Defence Secretary, termed "creative chaos."

### **C. LEGAL INJUNCTIONS: Securing the benefit of energy and fuel for the people.**

Islam will end the capitalist economy and establish an Islamic one. As a system Islam ensures the distribution of wealth and one of its mechanisms is the public ownership of electricity resources as well as coal, oil and gas. As such these resources are neither owned by the state nor individuals. Instead, the state administers this resource to ensure that its benefit is used for all the citizens, regardless of race, color, school of thought and religion. The Khilafah will abolish taxes upon power and fuel which have further greatly inflated their prices. It will charge only to cover their production and distribution costs, if needed, and any profit from sales to non-hostile non-Muslim states will be

put to use for taking care of the public's needs. Islam's electricity policy will contribute to a massive industrialization of Pakistan, supervised by the Khilafah.

In its "Introduction to the Constitution," Hizb ut-Tahrir has adopted in Article 137, There are three categories of Public Ownership: a. Public utilities, such as the open spaces in the towns. b. Vast mineral resources, like oil fields. c. Things which, by their nature, preclude ownership by individuals, such as rivers." In Article 138, it has adopted, "Factories by their nature are private property. However, they follow the rule of the product that they are producing. If the product is private property then the factory is considered to be private property, such as textile factories. If the product is public property then the factory is considered public property, such as factories for iron ore production." In Article 139, it has adopted, "The State is not permitted to transfer private property into public property, since public property is confirmed by the nature and characteristic of wealth and not by the opinion of the State." And in Article 140, it has adopted, "Every individual from the *Ummah* has the right to utilise anything from public property, and it is not allowed for the State to permit someone to individually possess or utilise it."

Note: Please refer to the following articles in Hizb ut-Tahrir's "Introduction to the Constitution" for the complete evidences from Quran and Sunnah: 137, 138, 139 and 140

### **D. POLICY: Fuelling the rise of the world's leading state, the Khilafah.**

D1. The return of gas, oil, coal and electricity to public ownership will result in affordable and available electricity.

D2. The abundance of power is essential to the development of a strong industrial base, a necessity for any state aspiring to lead the world

D3. Islam's unique concepts over power and energy will be a shining example to a world exploited and deprived by capitalism.

## American “withdrawal” from Afghanistan

# Another treachery from traitors with in political and military leadership

President of America Barack Obama on 12<sup>th</sup> of February 2013 during his state of the union address announced that “Tonight, I can announce that over the next year, another 34,000 American troops will come home from Afghanistan. This drawdown will continue. And by the end of next year, our war in Afghanistan will be over.” Just before this announcement, Pakistan had already started the release of Afghan Taliban which has increased its pace further. Before this announcement, the spokesman of Tehrike Taliban Pakistan (TTP) Ehsan Ullah Ehsan suddenly, on 3<sup>rd</sup> February 2013 through a video, offered peace negotiation with Government of Pakistan which was welcomed by traitors within the political and military leadership. They organized an all-parties conference and issued declarations in support of negotiations. The hypocrisy is apparent. Previously, when most of the people of Pakistan were demanding the end to military operation in tribal region and advised government to start negotiation with the people of tribal region, the traitors in the military and political leadership whole heartedly supported military operations and strongly opposed any negotiation, rather they claim that this war is our war and we must win it at any cost.

At the same time the traitor rulers are trying to secure the attendance of most prominent religious scholars of Pakistan at Afghan Ullema conference which is going to be held in first or second week of March in Kabul. As at the beginning of Afghan occupation, traitors amongst the political and military leadership supported America politically, militarily, and provided logistic and intelligence support. Similarly America is trying to get the support of Pakistan again through the traitors in political

and military leadership in order to force Afghan Taliban and the Muslims of Afghanistan to surrender to the American “solution” for Afghanistan, which is a partial troop withdrawal and full control of the country through a puppet government. For this purpose America is trying to create a positive political environment and public opinion through the release of Afghan Taliban in Pakistan and organizing Ullema conference in Kabul.

This entire situation is very regrettable because when America wanted to invade, occupy and strengthen its position in Afghanistan, she secured the support of General Mushrraf of Pakistan and now when America want to get out of Afghan quagmire in good shape, she once again finds support from Musharraf's former right hand man, General Kayani of Pakistan. America could neither have invaded and occupied Afghanistan with out the help of Pakistan, nor she can leave Afghanistan respectfully with out the help of Pakistan. This shows that in this region the seat of power is Pakistan and without her help, America can not do much in this region. On 14 February 2013 former American ambassador to Pakistan Cameron Munter said “The fact that we were unable to say that we were sorry until July, cost our country literally billions of dollar”. He was pointing to the costly shift of sending supplies for Afghanistan via Central Asia, instead of through Pakistan. This statement is an admission of Pakistan's strength and its capability.

By becoming a part of this American war, achieved nothing but losses. Contrary to Musharraf's promises, neither the Kashmir dispute has been settled, nor has Pakistan's economic situation improved, nor has its

## Press Release: Another treachery from traitors within political and military leadership

international stature improved and nor has it increased the security of its nuclear assets. Instead the Kashmir issue has been buried and Pakistan incurred losses of more than seventy billion dollars to its economy and the lost forty thousand military and civilian lives. Pakistan is seen internationally as a donkey of America, who beats it constantly, demanding more. The increased American presence within Pakistan certainly does not add to the security of Pakistan's nuclear weapons. And is if all this were not enough, America is to establish a permanent presence on our doorstep, under the disguise of "withdrawal."

The Muslims must move to end this unfolding treachery decisively. Initially, Musharraf and his cronies made treachery on the grounds that if we support America in its endeavor in Afghanistan, America will help Pakistan for the resolution of Kashmir dispute and to strengthen its economy. Now the traitors within military and political leadership, headed by General Kayani and Zardari, are committing treachery again by forwarding this argument that we should help America in its withdrawal, so that we can get ourselves out of this war. But sixty-six years of Pakistan's history proves that as long as the traitors in political and military leadership continue to secure the seat of power, they will sacrifice Pakistan, its people and its resources to fulfill American objectives. The establishment of the Khilafah is the need of the time to end American presence in the region and to get rid of traitors with in political and military leadership. A powerful Khilafah state that will unify Pakistan, Afghanistan, Bangladesh and Central Asian Muslim countries and secure this region from the American, British and Russian hostile states. There is no solution other than the establishment of Khilafah state. This is the requirement of our Deen, Islam, and the lesson of the Muslim history as well.

worsened so much lies squarely at your feet. You are responsible for letting this destruction continue and worsen. Remember who you are, sons of Muslims and inheritors of a legacy of hundreds of years of Islamic rule in this region. It is the Iman in your chests that amplifies your military capabilities, such that America depends more on you, than its own cowardly troops, for success. And it is this Iman that compels you to overcome your fears and do what must be done. Do not allow yourselves to be raised as one of those who sided with the mischief makers, Kayani, Zardari and their club of thugs, through your silence. Allah سبحانه وتعالى said, وَقَالُوا رَبَّنَا إِنَّا أَطَعْنَا سَادَتَنَا وَكُبْرَاءَنَا فَأَضَلُّونَا السَّبِيلَ "And they will say: Our Lord! Verily we obeyed our chiefs and our great ones, and they misled us from the (Right) Way" [Surah Al-Ahzab 33:67]

Now is the time for planned action for the sake of Allah صلى الله عليه وسلم, His Messenger and the believers, undertaken by the sincere officers, in order to take authority and give it to the sincere and aware shabab of Hizb ut-Tahrir, so that it can establish the Khilafah which rules by Islam, liberates and annexes the Muslim Lands to unify them. Clasp your hands firmly with Hizb ut-Tahrir now, remembering your brothers-in-arms who preceded you, in establishing Islam as a state and a rule in Madinah, by giving the material support (Nussrah) to RasulAllah صلى الله عليه وسلم, such as Saad رضي الله عنه. When Sa'ad رضي الله عنه died, his mother wept and RasulAllah صلى الله عليه وسلم told her, «ليرفأ (لينقطع) دمعك، ويذهب حزنك،» "Your tears would recede and your sorrow be lessened if you know that your son is the first person for whom Allah smiled and His Throne trembled." ## Egypt's President Morsi is the New American Stalwart in the Region

Ever since assuming the office of the Presidency, Morsi has worked resolutely to portray himself as a moderate Islamist working independent of American influence for the betterment of Egypt and the region. But beneath the veneer of Islamic rhetoric surrounding his domestic and foreign policy actions, Morsi is no better than his predecessor Mubarak—the former gatekeeper of American interests in the region.

On the domestic front Morsi can claim that the opposition has not allowed his government enough time to push through reforms that will address the Egypt's battered economy, restore law and order, and improve the lives of the ordinary Egyptian people. This is despite the fact that such reforms are formulated under the auspices of IMF stipulations for Egypt's government to revise its economic agenda in order to qualify for the \$4.8 billion loan. IMF spokesman Gerry Rice said, "We understand the Egyptian authorities have been working on revising their economic program. And once this step is completed, we will discuss the timing of a possible mission to Cairo to assess the revised program." The delay has prompted America's rating agency Moody to downgrade Egypt's credit worthiness. Thus America's economic enslavement of Egypt continues via the IMF and Moody regardless of the claims made by Morsi's government of following an independent economic policy.

On the foreign policy front Morsi cannot conceal his pro-American credentials behind the wall of protestors, which include people from all walks of life. Morsi's foreign policy is distinctively American and in many ways is more brutal than Mubarak's era. On February 13<sup>th</sup> 2013, Egypt without warning flooded Gaza tunnels that are a life blood to the Palestinians living in concentration camp like

conditions in Gaza, which for all intents and purposes is controlled by the cowardly Jewish state. The tunnels bring in everything from food and medicine to cement and iron, providing up to 75 percent of the goods to a population of 1.6 million people.

An Egyptian security official in the Sinai told Reuters the campaign started five days ago. He said, "We are using water to close the tunnels by raising water from one of the wells." Hamas has been reluctant to criticise Morsi in public, but Gazan's are more outspoken about the Hamas's naivety and Morsi's brutality. "Egyptian measures against tunnels have worsened since the election of Morsi. Our Hamas brothers thought he would open up Gaza. I guess they were wrong," said a tunnel owner, who identified himself only as Ayed, fearing reprisal. "Perhaps 150 or 200 tunnels have been shut since the Sinai attack. This is the Morsi era," he added.

So Morsi's government has used the attacks on Egyptian forces in Sinai in August 2012 to spearhead a ruthless campaign to close as many tunnels as possible and bolster the security of the Jewish state ahead of the much anticipated resumption of the dormant peace process. With Palestinian unity talks planned in the days ahead, Netanyahu weakened by the recent elections and Obama scheduled to visit the Jewish state in March 2013, Washington is keen to create the right atmosphere to give a vital push for peace between the Arabs and the Jewish state. Central to the commencement of peace talks is the security of the Jewish state, and Morsi like his predecessor is doing his utmost to meet American and Jewish expectations. Nonetheless, the timing of the recent operation is intended to mollify Jewish

# Detaining Muslims Illegally Is Democracy's Best Revenge

On 24 January 2013, Attorney-General of Pakistan Mr. Irfan Qadir admitted in front of the Supreme Court of Pakistan that more than seven hundred people from the tribal areas bordering Afghanistan, have been detained illegally by intelligence agencies and security forces. These people have been denied their basic right of self-defense for years now. They are confined under inhuman conditions, prevented from meeting their loved ones and some even died during detainment, their bodies were thrown in hospitals or on roadsides. These are the numbers the government has accepted and admitted. However, there are hundreds of others excluding the tribal regions who have disappeared including Naveed Butt, the official spokesman of Hizb ut Tahrir in Pakistan. This human tragedy occurs in a country founded in the name of Islam, under a regime that claims to be fighting terrorism but in fact is terrorizing its own people for the sake of America and its war against Islam and Muslims. Every person's basic right of innocent unless proven guilty has been abrogated under the Kayani-Zardari democratic regime.

This comes as no surprise since America, the world's leading democracy, master and model for the Kayani-Zardari regime, has itself been committing crimes against humanity since the inception of United States of America. America, itself, has firmly established that "democracy is the best revenge," whether it was the hundreds of thousands of Native Americans massacred until near extinction from their own country, or the horrific bombardment of Hiroshima and Nagasaki by atomic weapons, or the notorious Bagram, Guantanamo and Abu Ghuraib Prisons, or the witch-hunt of Muslim U.S. citizens, or the supporting of tyrant regimes in the Muslim lands, such as those of Syria's Bashar Al-Assad and Kayani-Zardari, granting them free reign to abduct, torture and murder those who oppose their master, America. Muslims specifically and

people of the world generally are all at the mercy of state machineries that can detain, imprison, torture or even kill them, sanctioned by democracy. No doubt, democracy is the best revenge against humanity, where every inhuman act such as waterboarding or even killing people in drone attacks, can be declared legal. Truly, Democracy does not look after the affairs of people; rather it secures the narrow interests only of those who rule within it, or those within the rulers' entourage and their thugs.

Only the upcoming Khilafah InshaaAllah, can solely guarantee the basic right of every citizen of the state. That is because the laws in Islam are not man-made laws; rather they are ordained by the Creator (swt) for all humankind, including the ruler and ruled. Upon the establishment of the Khilafah, only then will those seeking justice will find justice. Only then will the world rejoice, relieved from abduction, torture and murder by the state. Allah (swt) said,

يَا أَيُّهَا الَّذِينَ آمَنُوا كُونُوا قَوَّامِينَ لِلَّهِ شُهَدَاءَ بِالْقِسْطِ وَلَا  
يَجْرِمَنَّكُمْ شَنَا نُ قَوْمٍ عَلَىٰ أَلَّا تَعْدِلُوا اعْدِلُوا هُوَ أَقْرَبُ  
لِلتَّقْوَىٰ وَاتَّقُوا اللَّهَ إِنَّ اللَّهَ خَبِيرٌ بِمَا تَعْمَلُونَ

*"O you who believe! Stand firm for Allah as just witnesses. And let not the hatred of others to you to make you swerve to wrong and depart from justice. Be just, that is nearer to piety. And have Taqwa of Allah for Allah is mindful of all that you do" [Al-Maa'ida: 8]*

## Hizb ut Tahrir East Africa Sends a Delegation to the Embassy of Pakistan to Demand the Release of Naveed Butt

In a continuous worldwide campaign to squeeze and criticize the dictatorial Pakistan authorities, **Hizb ut Tahrir** East Africa sent a special delegation of not less than ten members to the Pakistan embassy in Dar es salaam on Tuesday 08/01/2013. The main objective of the visit was to demand their country to release Naveed Butt, the official spokesman of **Hizb ut Tahrir** Pakistan who was abducted in front of his children more than eight months ago.

The Deputy Media Representative for East Africa Masoud Msellem and Communications Committee Representative Sheikh Mussa Kileo, on behalf of the delegation had the opportunity to meet an embassy official Mohammad Mushtaq. Later on, they also had the opportunity to meet the Ambassador Muhamad Iqbal and present him the letter.

In conjunction with the visit, **Hizb ut Tahrir** / East Africa calls on all Muslims and anyone who loves justice to continue squeezing the Pakistani authorities so as to release Naveed Butt whose biggest crime according to the views of the authorities is his uncompromising stand in propagating truth from his Lord and criticizing the government for injustices and cooperating with kufar specifically America in killing and harming Muslims. All these being done by Naveed Butt through intellectual and political discourse without using even an atom of force

## Abduction of Spokesperson by Pakistani Authorities Delegation to Pakistani High Commission in Canberra demands immediate release

A delegation from Hizb ut Tahrir in Australia visited the Pakistani High Commission in Canberra today to deliver a letter in relation to the abduction of its media spokesperson in Pakistan, Naveed Butt.

It has now been almost eight months since Naveed Butt was abducted by Pakistani state agencies in May 2012 from Lahore in front of his children as he took them home from school. Naveed Butt, a father a four and an engineer by profession, has for many years been a staunch opponent of successive Pakistani governments for their corruption and servitude of America and espoused an alternative forward-looking Islamic Caliphate system for Pakistan. It was for these political views and his work for Hizb ut Tahrir that he was abducted.

Head of Hizb ut-Tahrir's Central Contact Committee, Saad Jegranvi, Conducted Public Bayyans and Side Meetings, and Addressed Seminars in Islamabad and Rawalpindi.

## Only the Khilafah will End the American Hegemony and Uproot the Current Colonist System of Governance

Head of Hizb ut-Tahrir's Central Contact Committee Saad Jegranvi conducted public bayyans, side meetings and addressed seminars in Islamabad and Rawalpindi. Saad Jegranvi delivered a message of hope and motivation. He assured the people that the time of the traitors in the political and military leadership is at an end. The Ummah has rejected their treachery and their Kufr democracy and dictatorship through which they implement it. The Ummah seeks only Islam, the Shariah and the Khilafah. Everywhere the Ummah is looking for a sincere leadership that rules them as they deserve by Islam.

Saad Jegranvi presented a refutation of Kayani's military doctrine, characterizing it as a doctrine of submission, humiliation and capitulation before a hostile force, America. He reminded the Muslims that after the rejection of the Ummah of direct colonialism, the Kuffar receded and changed the face of their control, using the concept of alliances, which is elaborated in Hizb ut-Tahrir 's issued booklet, Political Concepts. These alliances with hostile states are not alliances of equals and fair dealing, but designed to subjugate the Muslims. It is this concept that has led to the building of the world's second largest American embassy in Pakistan, a fortress from which it can govern its terrorist network and order and forbid its agents within the political and military leadership. It is this concept that has led to American private military organizations patrolling the streets of the capital, after midnight, at the hours in which swine make their forays. It is because of alliance that our armed forces are made to fight on behalf of the American forces against the tribal Muslims, whilst the American "Allies" revert to drunkenness or madness to escape from cowardice.

Saad rebutted the naive view that anything less than challenging the current corrupt leading nation and thwarting its interests will restore the Ummah to its rightful position, the leading state, a position the Khilafah enjoyed for centuries. He referred to the Introduction to the Constitution for the Khilafah, as adopted by Hizb ut-Tahrir, as a road map for achieving this matter, from isolating America from other Kafir states that are not hostile to the Muslim but angered at American aggression and injustice, to unifying the Muslim states as a single powerful state.

## Kayani-Zardari Follow the Footsteps of Abu Lahab and Abu Jahal Advocates for Khilafah Tortured for the Pleasure of America's Raj

Having seized Saad Jegranvi and other activists of Hizb ut-Tahrir from a seminar exposing the treachery of Kayani-Zardari through open collaboration with the Americans, the thugs of the regime were deployed to beat them. The thugs struck the elderly, white haired and respected, the brother-in-law of Naveed Butt with the butt of a rifle, cutting his head open such that it required stitches. Members of an Islamabad torture unit have been deployed against the Shabab of Hizb ut-Tahrir under custody of the regime. And previously the thugs of Kayani-Zardari have employed punches, kicks, lead pipes, wooden bats and hanging from walls until shoulders dislocate. Thus, whilst Hizb ut-Tahrir and its Shabab call upon the Muslims to perform their duty with noble Ayaat and blessed Hadith working to establish the Khilafah on the methodology of the Prophethood, Kayani-Zardari reply with punches and kicks, following the footsteps of Abu Lahab and Abu Jahal, bereft of a single word of Truth on their side.

The world knows that the objective of torturing Muslims by America and its agents is not for intelligence gathering, as it never has yielded any information of worth. However, these traitors order torture regardless, as they believe it will bring the Muslims to kneel before them. They know neither Islam nor what they do! Never has force ever suppressed the Word of Truth, rather Truth became more evident and overwhelmed the oppressors. Abu Lahab and Abu Jahal in mighty arrogance tortured Muslims but then stared in horror as they were obliterated by the Help of Allah (swt) and replaced as rulers as if they had never ruled. Let Kayani-Zardari and their club of thugs know that the Ummah possesses sons who overnight can form the political and military leadership it deserves, such as Saad Jegranvi, Naveed Butt and Brigadier Ali Khan, succeeding the current rulers. Let them know that the time of the Khilafah draws near and their blind brutality is an evidence of it, driven by an anger and frustration that all their plans have come to naught. And soon they will stare in horror as they are dragged on their faces before the courts of the Khaleefah, to be held to account for each blow, punch and kick, which is the least of what they do!

((وَعَدَ اللَّهُ الَّذِينَ آمَنُوا مِنْكُمْ وَعَمِلُوا الصَّالِحَاتِ لَيَسْتَخْلِفَنَّهُمْ فِي الْأَرْضِ كَمَا اسْتَخْلَفَ الَّذِينَ مِنْ قَبْلِهِمْ وَلَيُمَكِّنَنَّ لَهُمْ دِينَهُمُ الَّذِي ارْتَضَى لَهُمْ وَلَيُبَدِّلَنَّهُمْ مِنْ بَعْدِ خَوْفِهِمْ أَمْنًا يَعْبُدُونَنِي لَا يُشْرِكُونَ بِي شَيْئًا وَمَنْ كَفَرَ بَعْدَ ذَلِكَ فَأُولَئِكَ هُمُ الْفَاسِقُونَ))

# Hasina-Khaleda, and the Democratic System is Rejected by the People; Bullets Will Not Save Them; Muslims Demand the Khilafah Ruling System

The Hasina government ordered the police to fire rubber bullets from which one person was injured in his chest and it arrested dozens of Muslims, to disperse the several hundred participants who attended a rally today organized by Hizb ut-Tahrir outside the National Press Club, Dhaka. The party organized the rally to express the people's rejection of Hasina-Khaleda, the agents of US-India and the democratic system which manufactures such agents. The participants chanted the slogans, "Hasina-Khaleda is Rejected," "Agents are Rejected," "Democracy is Rejected," and "The People Demand the Khilafah." Hearing these slogans from the people of the country the foundation of the ruling *kufir* regime was shaken and it resorted to brutal force as a means for its protection. This is exactly like its masters US-Britain-India who unleash violence against innocent, unarmed civilians for achieving their evil aims across the world. The *kufir* regime has come to realize that despite their oppression, the call for Khilafah has reached people's hearts and minds to an irreversible point and it is acting desperately to silence the people. We, in Hizb ut-Tahrir, make it clear that the regime will not succeed, rather the people's resolve will be strengthened and they will increase their efforts to bring this regime's downfall with the Help of Allah (SWT). And the Khilafah state will be re-established soon and it will punish the guardians of this regime with an exemplary punishment.

Head of Central Contact Committee of Hizb ut-Tahrir in Pakistan, Saad Jegranvi Addresses a Gathering on Kashmir Day

## Only the Khilafah will Liberate Kashmir and Restore Islam's Dominance to the Indian Subcontinent

Addressing a large crowd in Pakistan's largest city, Karachi, the third most populated city in the world, Saad Jegranvi delivered a powerful and moving message on the occasion of Kashmir Day. Mr. Jegranvi, the Head of Hizb ut-Tahrir's Central Contact Committee in Pakistan, condemned the policies of the traitors in the military and political leadership that has bolstered the Hindu state's aggression against the Muslims. Mr. Jegranvi reminded the audience, which including dignitaries, that since the Clinton era, the regime's master, America, has wanted to exploit Pakistan to win over India to its sphere of influence, with the promise of the permanent burial of the Kashmir issue, enhancing India's presence in Afghanistan, strengthening India's economy by gaining access to our huge market and the reduction of our military capabilities, including our nuclear weapons. Although the beneficiary of this treachery was America, America promptly opened the doors to the target of its aspirations, India, who now enjoys unprecedented influence within Afghanistan and the opportunity to create chaos within our borders. Moreover, India breathed a sigh of relief as Kashmir was abandoned and our armed forces are now ensnared in America's war of Fitna, as made clear in Kayani's revision to the army's military doctrine in the Green Book. All this is how India has the nerve to look our armed forces in the eye today and continue its brutal oppression of the Muslims of Kashmir.

He assured the gathered public that once Hizb ut-Tahrir establishes the Khilafah in Pakistan, all that Allah (swt) has blessed the Muslims with will come to count and set the stage for the return of Islam's dominance in the region and the liberation of Kashmir. He reminded them of America and India's hold on Afghanistan is purely dependent on Pakistan, its logistical support, its intelligence and its professionally competent armed forces. He also reminded the audience of the weakness of the Hindu state. It is a fragile rule, with a tendency to collapse. It is based on bigotry to the point that there are a myriad of secessionist groups, which seek the division of India. It is incapable of providing security and prosperity to non-Hindus or even Hindus of lower castes. And the Hindu state is energy dependent on the huge gas and oil reserves within the Muslim Lands and upon Pakistan for access to these resources.

Mr Jegranvi affirmed that the Khilafah as a state actor in the region will turn the tide in the favour of the Muslims. Islam is a unifying force for the Muslims of South and Central Asia that are over half a billion in number of which nearly 200 million are in the Hindu state itself. The combined forces of the Islamic Ummah is approaching six million, those of the Hindu state stand at one million. The call for Khilafah has permeated through Central and South Asia, so the platform for the reunification of the Muslim Lands is in place. Moreover, there are many non-hostile non-Muslim states in the region who resent American and Indian aggression on their doorstep. They are also amenable to access to the huge resources of the Muslim Lands.

## Press Release: Only the Khilafah will liberate Kashmir and restore Islam's dominance

In a rousing conclusion, Saad Jegrarvi asked the gathering to be firm on their commitment to the Deen of Allah (swt) and the establishment of the State that represents this Deen and its people, the Khilafah. He called upon the armed forces to immediately grant the Nussrah to Hizb ut-Tahrir for the establishment of the Khilafah so the serious work of liberating all occupied lands could begin.

## Indian escalation on line of control

# Khilafah will permanently end Hindu hostility at our borders

It is General Kayani's policies that have bolstered Indian aggression against us, whether in the recent border tensions or previous ones. Since the Clinton era, Kayani's master, America, has wanted to exploit Pakistan to win over India to its sphere of influence, with the promise of the permanent burial of the Kashmir issue, enhancing India's strategic depth in Afghanistan, strengthening India's economy by gaining access to our huge market and the drastic reduction of our military capabilities, including its nuclear weapons. As General Musharraf's right hand man, General Kayani assisted Musharraf in establishing America's military and intelligence presence to unprecedented levels within our borders, as well as providing the means for establishing and maintaining the American occupation of Afghanistan. Although the beneficiary of the Musharraf-Kayani partnership was America, it promptly opened the doors to the target of its aspirations, India, who now enjoys unprecedented influence within Afghanistan and beyond it into Pakistan's tribal areas and Baluchistan. And India breathed a sigh of relief as Kashmir was abandoned and our armed forces were ensnared and preoccupied in America's war of Fitna. All this is how India has the nerve to look our armed forces in the eye.

The absence of Khilafah has not only brought us economic misery, it has brought us great humiliation in foreign policy and unprecedented danger to the security of our country at the hands of the Hindu State. Our misery and despair will only increase as traitors in the military and political leadership will continue to pursue the foreign plots against Islam and Muslims. It is upon each and every one of us to undertake the immediate and serious efforts to establish the Khilafah. Only a Khaleefah that rules by Islam will direct our sons, brothers and fathers in the armed forces as they deserve to be led. Only a Khaleefah will consolidate the armed forces of the Muslims to eradicate the foreign military and intelligence presence in the country. Only a righteous Khaleefah will work seriously to unify all the Islamic Lands, from Indonesia through to Morocco, Central Asia to Sudan, as a single state. Only the Khilafah will render us capable to end forever the Hindu aggression.

O armed forces of Pakistan! Hasten your movement for a true comprehensive change that turns the table on the heads of the traitors and their masters. Act before them and confound them, O brave people. Remove the traitors and grant the Nussrah for the establishment of the Khilafah.

إِنْ يَنْصُرْكُمُ اللَّهُ فَلَا غَالِبَ لَكُمْ وَإِنْ يَخْذُلْكُمْ فَمَنْ ذَا الَّذِي يَنْصُرُكُمْ مِنْ بَعْدِهِ وَعَلَى اللَّهِ فَلْيَتَوَكَّلِ الْمُؤْمِنُونَ

And in Allah let the believers put their trust.” [Surah Aali Imran 3:160]*

# Kargil issue is yet another proof that America uses traitors in Pakistan military leadership to serve its interest in the region

The Kargil incidence is a proof that the traitor in the military leadership, Pervaiz Musharraf, foremost agent of America who opened Pakistan to unprecedented American presence, slaughtered Muslims in the Lal Masjid operation, was a loyal American servant even before coming to power.

The Kargil operation by Musharraf was not to liberate Kashmir which has been the desire of our people and armed forces for decades. Instead, this incidence which occurred only a few months before the elections in India, was to build profile of the then Prime Minister Vajpayee, a fellow American agent, and helped BJP to win the elections. BJP traditionally uses anti-Pakistan and anti-Muslim feelings to grab votes and the Kargil incidence fanned these emotions strongly.

Such is the reality of traitors in the political and military leadership of Pakistan! They do not hesitate to sacrifice the pure blood of soldiers of our army for the sake of America. Moreover, Hizb ut-Tahrir remind all those engaged in this debate that Musharraf did it in the past and Kayani is doing it now.

The sincere officers in Pakistan armed forces should move to pluck out these few black sheeps from our noble institution and provide Nusrah to Hizb ut-Tahrir for the establishment of Khilafah. In the Khilafah the pure blood of soldiers of this Ummah will not be spilled for the sake of American interests, rather their role would be that of Salahuddin Ayubi - the liberation of all the occupied lands from colonialist kuffar.

## Q&A: Bilawal's Entry into Politics

### Question:

On December 27 2012, Bilawal Bhutto Zardari the only son of President Zardari formally announced his entry into Pakistani politics. Please can you explain as to why he has chosen this moment to enter the Pakistani political medium and is this move connected to the Pakistani general elections in 2013?

### Answer:

One needs to bear the following points in mind before answering the question:

1. The political medium in Pakistan and other countries of the Indian sub-continent are dominated by rich families who have been involved in dynastic politics from the early days of independence from the British Raj. These families in collusion with major powers such as Britain and America have dominated the political life of Pakistan, India and Bangladesh, and view ruling these respective countries as their birth right. Hence, it not uncommon to find the political landscape in Pakistan dominated by the Bhutto family or the Sharif brothers, the political scene in India overshadowed by the fortunes of the Gandhi family, and the political life in Bangladesh governed by the antics of the families of Zia Rahman and Sheikh Mujibur Rahman.

Bilawal is shaped by this mindset and regards participation in Pakistani politics as a way of continuing the legacy of his maternal grandfather Zulfikar Ali Bhutto, the father of Benazir Bhutto who was the mother of Bilawal. Thus Bilawal made several references to this political legacy that he wishes to continue. Speaking at his unveiling ceremony close to his mother's tomb he said that the Pakistan's Peoples Party (PPP) stood for "food, clothes and shelter" and he said, "The PPP is not just a political party. This is our life."

2. In the sub-continent, foreign powers and their intelligence agencies spend a great deal of time and effort to cultivate and win over family members from these political dynasties to rule on their behalf. It is one of the preferred styles of major powers to dominate and control the political medium via political dynasties. And when a member of a political dynasty becomes no longer useful or they oppose the wishes of their master the person is quietly retired from active politics or is killed. In the case, of the Bhutto family, members have been killed or assassinated in ensuing struggles between Britain and America for control of PPP. Hence it is not surprising to see Britain and America courting and encouraging Bilawal to follow in the footsteps of his mother or grandfather.

3. Another factor in Bilawal's formal declaration is to reverse the flagging fortunes of the PPP. The PPP has been badly discredited through numerous corruption scandals, incompetence and nepotism. The plummeting popularity of Zardari has also hurt tremendously the ability of the PPP to mount an effective campaign for the general elections scheduled for later this year. With this in mind, the young Bilawal was encouraged to partake in the public lime light and reconnect traditional PPP values with the disgruntled PPP voter base. This in many ways is similar to what Rahul Gandhi tried to do for the Congress Party a few years ago. It should also be remembered that because of his age, Bilawal is unable to contest the upcoming general election. So his role is more ceremonial and a beginning of a long political grooming journey.

# Democracy breathes its last breath in Pakistan

Event: The highly publicized long march for democracy, that paralyzed Pakistan's capital, Islamabad, from 14 January 2013, was the basis for a discussion about the future for Pakistan. With the five years of the previous government over in March 2013, political parties that are seeking to participate within elections became active in making statements supporting the existing system, as did the rulers who endorsed that democracy must prevail at all costs. However, the Ummah revealed its growing rejection of democracy, because of its support for Islam.

Comment: Federal and provincial governments in Pakistan, that came into existence because of the American-backed National Reconciliation Ordinance (NRO) which “cleansed” criminal politicians, are very near to completion of their five year term. In March 2013, these assemblies will be dissolved and as per constitutional requirements, elections will be held within ninety days after the dissolution of assemblies. This time political parties have started their election campaigns, even before the dissolution of the assemblies, as nobody has any “achievement” to show their voters, even though almost every political party was in power, whether in the federal or provincial government. For the last five years, people have been facing crippling inflation, unemployment, declined law and order situation, severe electricity and gas shortages, long queues on CNG stations, drone attacks, target killings and exemplary bad governance. All these matters have made people severe critics of democracy and people are now saying that no doubt “democracy is the best revenge” against the people themselves.

Even that small and fading faction that advocates democracy is struggling. Some misguided elements in the Pakistani media are unable to defend democracy and various anchor persons openly admit their incapability to defend it. Similarly some naïve intellectuals concede the fact that even if a credible election process takes place, even then the same corrupt, incapable and traitors will come to power again. It means everyone has reached the conclusion that even the continuity of democracy cannot bring forward capable and righteous rulers. It does not mean that people want military dictatorship again, because they have not forgotten the Musharaf era. So now people reject both democracy and dictatorship and in a general sense call Islam, though a large and growing number are specifically supporting the Khilafah.

Sensing this situation, the masters of Kayani, America launched Imran Khan almost a year ago. He called for severe accountability of corrupt politicians and raised the slogan of real democracy. Initially, he got some attention but soon he showed his true colors, when he accepted the same old corrupt politicians in his party and adopted a deliberately vague, ambiguous stance over Pakistan's relations with America. At the same time in order to reestablish peoples trust on the democratic system, a new voter list was produced and a retired judge, who has credibility amongst civil society was appointed as chief election commissioner, but even these steps could not revive the people's trust upon democracy. Now America is so desperate that under government supervision, the biggest media house of Pakistan, GEO, has started a campaign in defense of democracy, complete with computer animations, telling people that it is not the failure of democracy, rather it is the failure of ruling party. So much for the long march for democracy!

## **Press Release: Democracy breathes its last breath in Pakistan**

---

In a country in which people are only moved for Islam, this situation has really helped to spread the call of Khilafah. People now know that their days of misery and slavery to America can only be ended if Islam is implemented. The word Khilafah is so popular now that even secular parties are calling for a system like Khilafah in the public gatherings, because they see people no longer tolerate democratic system in its current form. It is the effect of the popularity of the call of Khilafah that for last one year government agencies become very active against dawah carriers. They abducted Naveed Butt, spokesman of Hizb ut-Tahrir in Pakistan, who remains missing, and several other members throughout the country. They raided houses and offices of shabab, registered fake cases and booked them under the army act and they even open fire on one of Naveed Butts maternal nephew. Let them die in their anger for their efforts will come to less than naught. No doubt the current situation is ripe for the spread of Hizb ut-Tahrir's call and for the establishment of Khilafah. Now people are discussing the systems of Islam. The discussions amongst the aware are about the policies and laws that are prepared by Hizb ut-Tahrir for implementation. This is the time where we should sacrifice our time, wealth and even our lives. This is the time to severely account the agent rulers and spread the call of Khilafah to each and every corner of the society. No doubt victory from Allah سبحانه وتعالى is very near.

4. But perhaps the most important factor in Bilawal's announcement is that America is desperate for fresh faces untainted with corruption scandals to participate in Pakistan's political life. The whole edifice of Pakistan's political structure is tainted with crony politicians who are incompetent and no longer represent the interests of their constituencies. With the formal introduction of Imran Khan 2011 and Bilawal in 2012, America is looking to move away from the current political malaise that has taken hold of the country.

In conclusion, Bilawal's entry into Pakistan's political scene is to give some boost to PPP cadres ahead of the upcoming general elections as well as to begin his political grooming. However, America is facing huge obstacles in its efforts to bring fresh faces to the political landscape. The foremost of which is anti-Americanism and the renewed political awakening amongst the people. Because of this development, American efforts to promote Imran Khan have been disastrous as people view Imran Khan as a staunchly pro-American man surrounded by a sea of American agents committed to preserving its hegemony in Pakistan. It is more than likely that Bilawal will be viewed in a similar manner, if not worse as the stigma of his father will haunt him forever.

# The armed forces are not a shield for the kings and tyrants; rather their role is to protect the citizens

On January 15, 2013, the government of Bangladesh and Russia signed a \$1 billion arms deal. According to the Russian President Vladimir Putin, Russia will provide Bangladesh a credit of \$1 billion, which will be spent on the purchase of Russian weapons and military technology. Newspapers in Dhaka reported that the purchase agreement includes orders for armoured vehicles and infantry weapons, air defence systems and Mi-17 transport helicopters. This deal generated huge discussions in the political arena of Bangladesh.

Regarding the purpose of the weapons purchase, Prime Minister Sheikh Hasina in a press conference on January 23, 2013, said, "It is futile to become a king without swords and shields." Armed forces of Bangladesh will become strong and capable of defending the nation's independence and sovereignty, she added. She also said that Bangladesh needed the military equipment as the country was engaged in UN peacekeeping missions.

Our question to the PM is what is the use of these weapons when the Border Security Forces (BSF) of India kills our people in the border regions almost on a daily basis. In fact, just two weeks before the arms deal the BSF opened their account by killing two Muslims on January 1 and killing two and abducting another two Muslims on January 2 this year. In 2012, it is reported that at least 48 people were killed by BSF, 319 were tortured, 140 were abducted and 106 sustained injuries. Sheikh Hasina with all her existing swords and shields did nothing to stop these atrocities. Moreover, her Home Minister MK Alamgir, after the January 1 and 2 incidents of killing and abduction by BSF, said that the government will investigate whether the BSF

had broken its agreement with Border Guards Bangladesh that two forces would not open fire unless it was for self-defence. As expected, BSF immediately claimed that Indian border guards had opened fire to save their own lives on both occasions. Leaders like Sheikh Hasina are the biggest protector of India and the biggest obstacle to protecting the Muslims of the Bangladesh.

Also, when Muslims of Myanmar are persecuted, killed, raped and tortured, Sheikh Hasina orders the armed forces to seal the borders and forcefully return the Muslims who come to us for help. Be it the oppressions and atrocities in Kashmir, Gujrat, Myanmar or our own border, Sheikh Hasina and her counterpart Khaleda Zia, when she is in power, failed to protect the Muslims. They never allowed our Muslim armed forces to rescue the Muslims from being killed, tortured and looted. Rather they shamelessly allow the US under the guise of the UN to hire our armed forces to secure US strategic interests while Muslims bleed.

It must be remembered that Russia itself is an oppressive country that persecutes Muslims especially in Chechnya. Russia supplies arms to the governments who torture and kill Muslims. In December 2012, Putin visited India and signed weapons deal worth \$3 billion. Russia is also playing its part with America by supporting the butcher of Syria and delaying the solution to the Syria crisis where more than 60,000 Muslims have been in last two years. Russia is a belligerent state and Islam does not allow defence deals with countries that have designs against Islam, Muslims and Islamic State.

Our Prophet (SAW) said, "Blood of the Muslim is more pure than the Kabah and its

surroundings.” In the Islamic State, the armed forces will perform its duty according to the Qur’an and Sunnah. The vision of the Khilafah state is to carry and establish Islam throughout the world. The army will protect the Muslims from kafir aggressors according to the way shown by our Prophet (SAW) when he ordered the Muslim army to march in response to the call of a Muslim woman who was maltreated by the Jews of Banu Quraydah. The state will also provide the army with the best and highest possible training and weapons etc to perform its duties. And only by doing that, the honour and dignity of the Muslims and its army will be re-established.

criticism of America’s delivery of four F16 aircraft to the Egyptian air force.

Likewise, Morsi’s close ties with Iran to find a political solution to the crisis in Syria that preserves remnants of Assad’s regime bears the hallmark of America’s intended solution. America has been working tirelessly with Iran, Turkey, Egypt, Gulf countries as well as with the EU and Russia to protect Assad’s regime in some form through a variety of initiatives the latest being the Brahimi Plan. This will ensure the continuation of her hegemony over the Levant. Within this context Morsi visited Tehran in September 2012 and spoke of Iran as a pivotal stakeholder in finding a solution to the Syrian crisis. He said, “[Iran] a main player in the region that could have an active and supportive role in solving the Syrian problem... I don't see the presence of Iran in this quartet (Turkey, Egypt, Iran and Saudi Arabia) as a problem, but is a part of solving the problem.” This also explains why Morsi a few days ago warmly greeted Ahmadinejad the butcher of Syria. His treatment of the Iranian president attracted the ire of some of Morsi’s close supporters such as Daawa

Salafiyya which issued a statement: “Egypt is committed to the protection of all Sunni nations.” Hence within a space of a few months Morsi has managed to surpass Mubarak and do what his predecessor failed to do i.e. forge a working relationship with Iran to safeguard America’s interests in the Levant.

America is mightily pleased with the domestic and foreign policy actions undertaken by Morsi’s government. On February 3rd 2013 U.S. Ambassador to Egypt Anne Patterson said, “We look to Egypt to continue to serve as a force for peace, security and leadership as the Middle East proceeds with its challenging yet essential journey towards democracy.”

There are important lessons for Egyptians to learn from Morsi’s rule. First, by simply calling for the ouster of a brutal dictator only to be replaced by someone who overtly expresses his faith in Islam is a folly of enormous proportions and will not change the plight of the people. Second, the real cause of misery for Egyptians is the current system through which America continues to colonise the country. Unless the system is eradicated from its roots people will continue to suffer under America’s colonial policies implemented by her loyalists in the present regime—be they Islamists or liberals. Third, the only alternative to the present decadent system is the Islamic Sharia, and not Western liberal democracy as advocated by the short-sighted liberals. Western liberal democracy along with capitalism is dying and even people in the West are eagerly looking for an alternative system. But for Islamic Sharia to succeed it has to be implemented holistically not in a piecemeal fashion as championed by Muslim brotherhood and its supporters. Fourthly, the only practical way to realise the implementation of the Sharia in domestic and foreign policy areas is through the re-establishment of the Caliphate. Only the Caliphate can guarantee an independent economic and foreign policy free from Western interference.

# Kayani's treason against Karachi is to expand America's war to Pakistan's major cities

For several years, the Kayani-Zardari regime itself allowed the spread of terror in Karachi, by opening the doors to a vast and growing American infrastructure. The regime allowed America's CIA, FBI and private military terrorists to operate freely in Pakistan, within its residential and sensitive military cantonments. It is this "Raymond Davis" network that organizes bombings and assassinations throughout the country, against civilians and the military, in order to create an atmosphere of terror for the continuation of America's war on terror.

As for the US consulate in Karachi, again for several years, it has been allowed to function as a command center for making extensive contacts to realize American ambitions in Karachi. On 9 August 2011, the former Sindh Interior Minister, Manzoor Wisan, after meeting US Counsel-General William Martin, confirmed that America is ready to supply both equipment and expertise for Karachi. As such the Karachi consulate functions like American consulates throughout the world, from Latin America to Africa and onwards to South East Asia, as launching pads for terrible Fitna.

And as if all this was not enough, on 25 February 2013, news has come that US Army Corps of Engineers, Middle East District, has been given permission to build a Tactical Command and Operations Centre (TCOC) compound at the Jinnah International Airport (JIAP), Karachi.

This growing American infrastructure is accompanied by direct calls for expansion of America's war. Days after the attack on the Mehran Naval Base, Karachi, in May 2011, President Obama's then Secretary of State, Hillary Clinton, announced on a visit to Pakistan, "This was an especially important visit because we have reached a turning point. We look to Pakistan, to the government of Pakistan to take decisive steps in the days ahead." This is also why in the beginning of 2013, America's submissive agent, General Kayani, announced a change in the military doctrine of our armed forces, from focusing on India to focusing on internal threats, in order to prepare our officers for an expansion of America's war into Pakistan's major cities.

This terror and bloodshed is part of America's plan because the Americans are deeply wary of Pakistan's armed forces and so need to create great chaos in Karachi to ensnare them fully. And this ensnaring of Pakistan's armed forces in Karachi, as well as Baluchistan, is to protect the permanent military presence America seeks to establish in Afghanistan, under the cover of a limited withdrawal of its troops, again with the help of Kayani.

إِنَّمَا جَزَاءُ الَّذِينَ يُحَارِبُونَ اللَّهَ وَرَسُولَهُ وَيَسْعَوْنَ فِي الْأَرْضِ فَسَادًا أَنْ يُقَتَّلُوا أَوْ يُصَلَّبُوا أَوْ تُقَطَّعَ أَيْدِيهِمْ وَأَرْجُلُهُمْ مِنْ خِلَافٍ أَوْ يُنْفَوْا مِنَ الْأَرْضِ ذَلِكَ لَهُمْ جُزَاؤُهُمْ فِي الدُّنْيَا وَلَهُمْ فِي الْآخِرَةِ عَذَابٌ عَظِيمٌ (المائدة : 33)

"The punishment of those who wage war against Allah and His Messenger, and strive with might and main for mischief through the land is: execution, or crucifixion, or the cutting off of hands and feet from opposite sides, or exile from the land: that is their disgrace

In This world, and a heavy punishment is theirs In the Hereafter [Surah Al-Maida 5:33]"

## O officers of Pakistan's armed forces!

The growing America Raj in Karachi and the terror that it is unleashing on our people illustrates the level of actual trust that America has you. They are more than aware that where a fine, Islam loving officer such as Brigadier Ali Khan is found, the soil must be fertile for the establishment of the Khilafah. They fear you so completely that they are taking elaborate and extensive steps to ensnare you in their growing war. Remember that you signed up to fight the enemy and protect your people, not to bow down before the enemy and its war.

Know also that the creeping American Raj is a stern reminder to you to mobilize for Islam now. Remember it was our inaction before the likes of Mir Jafir and Mir Sadiq that led to the abolition of Islamic rule in our region and the ascent of a British Raj, in which the mischief of the Hindu was encouraged. It is upon you now to prevent Kayani from raising an American Raj, which seeks to prop up the Hindu State to oppose America's actual rival, our movement for Islam and its Khilafah.

The flagrant traitor Kayani is calling you to shed your pure blood to secure America's crusade. Whereas Hizb ut-Tahrir calls you to deal America's Raj a death blow from which it can never recover. The Khilafah within hours and days, will end the American terrorist network within the country once and for all, by cutting its head and limbs. It will close all American bases and consulates. It will expel all of American military, diplomatic and intelligence staff. It will forbid any contact of our military and political leadership with the officials of belligerent hostile states, a contact which is used to both gain agents and instruct them.

Hizb ut-Tahrir calls you to grant the Nussrah for the Khilafah, so seek the pleasure of Allah تعالى و سبحانه and perform your duty. Let Pakistan, with its rich history of centuries of Islamic rule, be the first for the return of Khilafah. Let this land be a support for the Ummah, bringing forth cool winds of relief for the entire Muslim World. RasulAllah صلى الله عليه و سلم said, "أطيب ريح في الأرض الهند" "The best of the winds on the earth are from Hind."
