

Further Evidence of Genocide at Canadian 'Residential School'

This week, the Canadian government came under renewed criticism after descendants of the native people originally living in the lands of Canada discovered the remains of 215 children, some as young as 3 years old, buried on the site of Canada's largest Indigenous residential school. The remains were confirmed with the use of ground penetrating radar and more may yet be found. According to *The Washington Post*, "From the 19th century until the 1970s, more than 150,000 First Nations children were required to attend state-funded Christian schools as part of a program to assimilate them into Canadian society. They were forced to convert to Christianity and not allowed to speak their native languages. Many were beaten and verbally abused, and up to 6,000 are said to have died." Of course, shirking blame for his government and people, Canadian Prime Minister Justin Trudeau is calling for the Catholic Church in distant Rome to issue a mere verbal apology.

Quite contrary to the propaganda against Islam, it is actually the West that has brutally colonised non-Western peoples. Those lands that the Europeans found too hot for them to reside in became subject to the imposition of extractive institutions that exploited their wealth, resources and labour. But those lands that were of similar climate to Europe - Canada, America, Australia - suffered the worst, as mass genocidal programmes sought to eliminate most of the native inhabitants and minimise, marginalise and suppress those that remained to make way for vast numbers of Europeans to recreate a version of their home countries away from home. The West, even today, remains highly racist, and the descendants of native peoples and others continue to be oppressed in their own lands. This is in stark contrast to Islam, which fully integrated native inhabitants into its civilisation, fully allowing those people to remain upon their previous religions, as evidenced by the millions of Arab Christians that exist even today, or the hundreds of millions of the Indian 'Hindu' population whose forefathers lived for eight centuries under Muslim rule. With Allah's permission, the Muslim Ummah shall soon overthrow the colonialism that it remains ensnared in and re-establish **the righteous Islamic Khilafah (Caliphate) State on the method of the Prophet (saw)** that shall unify all Muslim lands, liberate Muslim occupied territories, implement the Islamic Shari'a, restore the Islamic way of life and carry the light of Islam to the entire world.

Pakistan and Afghanistan, Turkey and Kurdistan

Pakistan has begun preparing the ground, politically, for the role America is assigning it of being a proxy for America's continued control of Afghanistan. After its failure in Afghanistan, America is not withdrawing but changing its style of control from direct military occupation to indirect political domination. The Pakistani leadership is well aware of the huge burden about to befall it; the Pakistani National

Security Adviser said this week, according to *The Dawn*, “[The] United States has assured us that Pakistan will not be made a scapegoat amidst the withdrawal [of US troops] from Afghanistan, but only time will tell whether [they stay true to their word] as history suggests otherwise”. And Pakistani Prime Minister Imran Khan said on Friday in an interview with *Reuters*, “There is a lot of fear right now in Pakistan and I assure you that we are trying our level best that there is some sort of political settlement before the Americans leave”. The “fear” he refers to is of course the fear of the Pakistani leadership being exposed for their unwavering subservience to America as they bring pressure to bear against the mujahideen in Afghanistan. Otherwise, there is nothing but relief and joy in Pakistan and the rest of the Muslim Ummah that the Americans forces have been forced to flee. No foreign power is capable of dominating Muslims; it is only the complicity of our own agent ruling class that enables Western imperialism to continue in our lands.

Having just failed yet again to intervene militarily in Palestine, Turkish President Recep Tayyip Erdogan has threatened to attack a refugee settlement inside Iraqi Kurdistan, saying, “If the United Nations does not clean it up, we will do it as a UN member”. According to *Reuters*, Turkey has intensified attacks on the Iraqi side of its border over the past year in order to strike at the Kurdistan Workers Party PKK but now Erdogan is threatening to attack the Makhmour Camp, 180 km south of the Turkish border. The question is why Turkey is ready to take such action against fellow Muslims but refrains from action against the illegal Jewish entity or the Western powers that support it. Clearly, despite Erdogan’s attempts to portray himself as a sincere Muslim leader, the reality is that Erdogan is a Western puppet just like all our other rulers at this time. The West know that they cannot rule of Muslims directly, so they have provided us with leaders from amongst us who have betrayed us to our enemies. In order to better control the Muslim Ummah, America is creating a balance of power within the Muslim world, placing Muslim countries like Turkey in opposition to other Muslim countries. But with Allah’s permission, the Muslim Ummah shall soon arise and overthrow this entire agent ruling class and replace them with a single sincere, capable, general leadership for all Muslim lands from Morocco to Indonesia. The Khilafah State shall, almost from its inception, enter the ranks of the great powers on account of its vast size, resources, population, strategic position and Islamic ideology.
