The Khilafah Will Mobilize the Capable Armed Forces of Pakistan for the Liberation of Kashmir

The Dawn Newspaper reported on 18 November 2026 that, “The Indian Air Force (IAF) has 32 French-made Rafale fighter jets in service, down from 36 before the May 2025 conflict with Pakistan, according to estimates published by British aviation magazine Flight International.”

On the night of 6 May and 7 May 2025, the Hindu state attacked masajid and civilian areas in several cities of Azad (Liberated) Kashmir and Pakistan, martyring dozens of Muslims. In response, Pakistan Air Force took out four Rafales, one Su-30, one MiG-29, one Mirage 2000, and a multi-role unmanned aaerial system, and targeted several Indian military installations.

It is evident that the Hindu State does not possess any firm strength, while confronting the Iman, chivalry, courage and capability of the lions of Pakistan’s armed forces. Today, the Hindu tyrant, Modi, is counting on the ability of the rulers of Pakistan to chain the lions of Pakistan’s Army, just as the rulers of the Arabs chained the armies of Muslims against the Jews.

However, there is a huge number of officers in Pakistan Army whose hearts are filled with the spirit of martyrdom. They are eager to fight the enemy in the battlefield. They will never accept the dominance of the Hindu mushrikeen. These lions of Pakistan Army are longing to embrace the honor of one of the two good matters, victory or martyrdom.

O Armed Forces of Pakistan! By repelling the attack of the enemy in May 2025, the honor and success which you gained is only due to your compliance to Jihad in the Path of Allah (swt). Ignite the flames of war for the liberation (tahrir) of Kashmir. Break the back of the cowardly and humiliated enemy! Cross the Line of Control and advance towards Srinagar. Crush this world order under your feet, liberate Kashmir in its entirety, regain control of our rivers, break the back of Modi’s rule. Be the true heirs of the Indian Subcontinent, and illuminate this region again with the light of the rule of Islam. The first step to all of this is to grant nussrah (military support) for the establishment of the Khilafah Rashidah.

Hizb ut Tahrir calls to you, so respond!

The Solution to the Bangladesh’s Severe Debt Crisis is the Abolition of Riba, and the Seizure of the Misappropriated Wealth from the Corrupt Rulers and Officials

On 17 November 2026, Protham Alo reported, “Bangladesh is facing growing pressure to repay foreign debts in instalments... Prime Minister’s Adviser on Finance and Planning Rashed Al Mahmud Titumir said this while delivering the keynote address at the closing ceremony of a two-day International Debt Conference Bangladesh 2026 in Cox’s Bazar.”

Bangladesh will spend US$4.49 billion in the current 2026–27 fiscal year to repay the principal and interest on loans. This expenditure will increase further in the coming years, irrespective of who rules Bangladesh. By 2030, the cost of repaying the principal and interest on foreign loans will reach $7.6 billion, which is a huge burden on the economy of Bangladesh.

Riba (interest) is an injustice that prevents escape from debt, where ever it is implemented, with the astronomical national debt of the United States itself being a prominent example. Amidst the global downturn, borrowing costs are rising, riba (interest) payments are increasing, and the fiscal space that Bangladesh can utilize when the next crisis erupts is shrinking.

As the economy of Bangladesh strains, its rulers are now desperately looking at taking new foreign loans to make payments on existing loans, and issuing domestic treasury bonds which pay interest to the wealthy capitalists, both foreign and domestic. However, this capitalist policy is not a radical solution that will prevent inevitable crises and collapse.

The Shariah solution is the abolition of Riba (interest) and the seizure of the wealth misappropriated by the previous government, and certain figures within the current government as well. The obstacle to the implementation of the Shariah solution are the beneficiaries of corruption and debt, continuously embedded in the upper tier of the deep state, regardless of its two-party facade.

O Muslims of Bangladesh! Complete your unfinished revolution. Demand that your armed forces grant nussrah (military support) for the establishment of the Khilafah Rashidah, after deposing the corrupt within the leadership. Shariah ruling governance implements all the Shariah obligations and abstain from all the Shariah prohibitions, granting prosperity in this life and reward in the Aakhirah.

The Rulers of Pakistan Are Advancing In Normalization With the Jewish Entity

On 16 November 2026, the ambassador of the Jewish entity to the United Nations announced that, "It was an honor to present my credentials today to the President of the Conference on Disarmament, Ambassador Tahir Hussain Andrabi."

It was upon the rulers of Pakistan to immediately dismiss Tahir Hussain from his post after diplomatic contact with the official of the Jewish entity. They did not do so because they are testing public opinion to prepare the ground for normalization with the Jewish entity.

O Muslims of Pakistan! Raise your voices against the treacherous advance of the rulers of Pakistan towards recognizing the Jewish entity. The Jewish entity is committing genocide in Gaza. It has attacked the states of Muslims one after the other. It has occupied the Kharaji lands of Muslims in Palestine. It has repeatedly violated the sanctity of Al-Masjid Al-Aqsa.

The Jewish entity is entirely established upon Islamic land, such that its entity does not include any land that the Muslims have not yet opened by conquest. Any relations or treaty with the Jewish entity, even if it is over a hand span of land, is forbidden (haram) in Shariah, because it is a usurper and an aggressor, and its entire entity is established on the lands of Muslims. Treaty with such an entity is surrendering Islamic land to it, and enabling it to possess the land and dominate the Muslims within it.

Islam obliges all Muslims to wage war with that entity, so their armies must be mobilized for fighting, and the capable must be gathered as soldiers within the armies. This must continue until the Jewish entity is eliminated and the lands of Muslims are rescued from it. Allah (swt) said, ﴿وَلَن يَجْعَلَ اللَّهُ لِلْكَافِرِينَ عَلَى الْمُؤْمِنِينَ سَبِيلًا﴾ **"Allah does not grant the kafir a way for authority over the believers."** [TMQ Surah An-Nisaa 4:141]. Allah (swt) said, ﴿فَمَنِ اعْتَدَىٰ عَلَيْكُمْ فَاعْتَدُوا عَلَيْهِ بِمِثْلِ مَا اعْتَدَىٰ عَلَيْكُمْ﴾ **"So, if anyone attacks you, attack in the same manner they attacked you."** [TMQ Surah Al-Baqarah 2:194]. Allah (swt) said, ﴿وَأَخْرِجُوهُم مِّنْ حَيْثُ أَخْرَجُوكُمْ﴾ **"And expel them from wherever they expelled you."** [TMQ Surah Al-Baqarah 2:191].

Islam Rejects Leagues on the Basis of Nationalism and Muslim Identity. It Demands the Unification as One State

On 16 November 2026, the Ministry of Foreign Affairs of Iran issued the statement of its Foreign Minister at the 30th Meeting of the Council of Ministers of the Economic Cooperation Organization (ECO), in which he stated, "Our region needs not only an independent security framework but also a reliable and sustainable regional energy mechanism."

The member states of the Economic Cooperation Organization (ECO) are Afghanistan, Azerbaijan, Iran, Kazakhstan, Kyrgyz Republic, Pakistan, Tajikistan, Türkiye, Turkmenistan and Uzbekistan. Their combined armed forces number 2,134,400, which is larger than any of the armed forces of the major powers of the world. Their lands are rich in minerals and energy sources, as well as strategic in controlling critical routes for energy supplies. The

Muslims of these lands have a common Deen and share a glorious era of Islamic ruling governance over Türkiye, Persia, Hind and West Turkestan.

However, they are crippled by a divisive colonialist policy after the abolition of the Khilafah (Caliphate) in March 1924, Rajab 1342, which has dominated the states of Muslims until today. The colonialists limit the strategic thinking of Muslims to two options: leagues on the basis of nationalism, or leagues on the basis of the Muslim identity. This diverts Muslims from the Shariah ruling regarding the lands of Muslims, which is the Shariah obligation of their unification as a single state, with a single Khaleefah (Caliph), a single armed forces and a single economy.

O Muslims and their Ulema! Strive for the unification of the lands of Muslims as a single Khilafah (Caliphate). Allah (swt) said, ﴿وَاعْتَصِمُوا بِحَبْلِ اللَّهِ جَمِيعًا وَلَا تَفَرَّقُوا﴾ **"Hold fast to the rope of Allah and do not be divided."** [TMQ Surah Aali Imran 3: 103]. Ibn Kathir stated in his Tafsir that, أمرهم بالجماعة ونهاهم عن التفرقة "He (swt) orders the Muslims to be a single community and He (swt) forbids them from dividing." This verse is an evidence that Muslims are obliged to gather, unified, within a single entity.

The World's "Most Influential" Muslims Commit Treacheries, Whilst Their Influence Depends on Our Armies

The Dawn Newspaper reported on 15 November 2026 that, "Prime Minister Shehbaz Sharif and Chief of Defence Forces and Chief of the Army Staff Field Marshal Asim Munir have shared the top spot in the latest edition of the world's 500 most influential Muslims, alongside the Saudi king and crown prince and the Turkish president. The rankings have been compiled by the Royal Islamic Strategic Studies Centre (RISSC), a research institute based in Amman, Jordan."

The two rulers of Pakistan share the top spot with King Salman and Muhammad Bin Salman (MBS) of Saudi Arabia, and Recep Tayyip Erdoğan of Türkiye. However, the influence of these five rulers of Muslims is not used for the implementation of the Deen, unification of Muslims and victory over the disbelievers. Instead, it is used for the implementation of the laws of kufr, the division of Muslims and subservience to the interests of the disbelievers. Their most recent significant treachery in 2026 is forming an alliance to isolate the Muslims of Iran, at a time that they are engaged in a war with the US and its protégé the Jewish entity.

O Muslims! We are not helpless before the treacheries of the rulers of Muslims. The influence of the agents and followers of the West depends on the support of our armies. The removal of the rulers is done through nussrah (military support), in emulation (ittibaa') of the Messenger (saw) in his path to establish the Islamic state and implement the Shariah rulings of Islam.

The Nussrah of the people of Madinah for the Messenger (saw), his contracting of the Second Bayah of Aqabah with them, and his (saw) establishment of the state upon his arrival in Madinah evidences that his (saw) goal in seeking protection and Nussrah was to establish an Islamic entity in which to implement the Shariah rulings of Islam.

So we must strive with Hizb ut Tahrir to establish the Khilafah Rashidah, and demand that our armies grant it nussrah for the establishment of the Shariah ruling governance in our lands.

Arabic is the Official Language of the Islamic State According to the Sunnah of the Prophet (saw)

On 14 November 2026, Dawn Newspaper reported that "The Balochistan Assembly on Friday unanimously adopted a resolution recommending the introduction of basic Arabic as a compulsory subject in all government primary schools across the province."

Indeed, Arabic language is the sole language of Islam because it is the sole language of the Quran and because the Quran is the miracle (Al-Mu'jizah) of the Messenger of Allah (saw). It is forbidden to read the Surah Al-Fatiha in Salah in other than the Arabic language. The Sunnah is in Arabic. Knowledge of Arabic language is a condition for istinbat (Shariah deduction) of Shariah rulings. The Arabic language is the key to unlocking the vast cultural treasure of Islam, and vital for building a deep general awareness of Islam that is rooted in the Shariah evidences.

And the Arabic language must be exclusively the official language of the State. The evidence is that when the Messenger of Allah (saw) sent letters to the Caesar of Rome, the Kisra of Persia and Muqawqas of Egypt in which he invited them to Islam, those letters were written in Arabic though they could have been translated into their own languages.

Adopting the Arabic language exclusively as the State's language does not mean that the state could not use other than the Arabic language. It is permitted for the State to use other than the Arabic language in an official correspondence either for fear of distortion, to acquire vital information, to convey the Dawah to Islam abroad or for any similar reason. This is the case because the Messenger of Allah (saw) used Hebrew and Syriac.

Such a radical change regarding the language of Islam cannot occur under secularism, because it detaches religion from life. Moreover, as part of its war on Islam, the West has instructed its agents to undermine the use of the Arabic language in the lands of the Arabs and Muslims. So, all Muslims who love Islam and its language Arabic, must strive to establish the ruling governance of Islam, the Khilafah Rashidah (rightly-guided Caliphate).

Expenditure on Riba (ربا Interest) is a Major Sin and A Huge Burden on Tax Revenues

On 13 November 2026, the Ministry of Foreign Affairs - Pakistan stated, "Deputy Prime Minister/Foreign Minister Senator Mohammad Ishaq Dar @MIshaqDar50 chaired a meeting of the Committee for Monitoring and Implementation of Conservation and Additional Austerity Measures at the Ministry of Foreign Affairs."

As the economy of Pakistan collapses under capitalism, with the people being squeezed for taxes, the rulers of Pakistan are active in issuing statements about their actions to reduce the burden on tax revenues. However, they will not prevent the collapse because they do not implement the commands and prohibitions of Allah (swt).

Most of the tax revenue is spent on debt servicing, even though riba is haram (prohibited). In its last annual report, the State Bank of Pakistan stated, "During FY25, debt servicing constituted a whopping 70 percent of tax revenue and 41 percent of current expenditure, up from 34 percent and 27 percent in 2016, respectively." Huge amounts of interest is being paid both on foreign debt to colonialist financial institutions and domestic debt to those capitalists who profit from debt. In its most recent half-year report, the State Bank stated that interest payments on domestic debt amounted to "Rs 3.1 trillion during H1-FY26."

O Muslims of Pakistan! Allah said, ﴿ذَٰلِكَ بِأَنَّهُمْ قَالُوا إِنَّمَا الْبَيْعُ مِثْلُ الرِّبَا وَأَحَلَّ اللَّهُ الْبَيْعَ وَحَرَّمَ الرِّبَا﴾ **"That is because they said, 'Trade is just like riba,' whereas Allah has permitted trade and forbidden riba (interest)."** [TMQ Surah Al-Baqarah: 275]. The current system will never abolish riba (interest) because it is a capitalist system. You must demand the abolition of both riba and the capitalist system. You must strive for the implementation of the Shariah ruling on riba and the ruling system that implements all the Shariah rulings, the Khilafah Rashidah (rightly-guided Caliphate). The Khilafah will abolish riba and seize the misappropriated wealth from the rulers and officials to pay back any outstanding principal. It will spend on all the Shariah obligations, including grants and interest-free loans for the poor, to allow them to take their share of the wealth.
