

Gaza Needs the Mobilization of the Khilafah's Armies in the Month of Victory and Conquest, Ramadan, If Not Sooner!

News:

The BBC reported on 28 February that, "US President Joe Biden says he hopes to have a ceasefire in the war between 'Israel' and Hamas in Gaza by Monday... "We're close," President Biden told reporters in New York on Monday. "We're not done yet. My hope is by next Monday we'll have a ceasefire." [BBC]

Comment:

Let us understand the reality behind America pushing for a ceasefire before the Blessed Month of Ramadan. There should be no mistake in seeing this for what it is. The soulless Biden has no sympathy for our Islamic Ummah. It is not done out of 'respect' for our religion. How can anyone even begin to make that claim, when the Biden has no regard for the lives of mothers, fathers, and children, as is clear from his support of Netanyahu since 7 October 2023?

Any incentive for ceasefire must be seen for what it is, fear. The kuffar have always feared the unity of the Islamic Ummah, our basic etiquette, strength, and love for one another and our Lord (swt). They see Ramadan as a time where Muslims will come together to celebrate and strengthen their faith. It has been a month of victory on the battlefields. How it will be even harder to silence us and keep us restrained, then?!

While the leaders of the West hold this fear, the armies of the Muslims are preparing to go into this Blessed Month, without having even made an attempt to fulfil their duty and save the lives of the Muslims, who they are obliged to protect. They are readying their households to perform Suhoor and Iftaar, while our Muslim brothers and sisters starve. They are preparing to feel overjoyed in the arrival of Eid, while the people of Palestine go without even basic necessities.

On the issue of sending our armies, at this point in time, no argument can be made against this being the only solution. We already had a ceasefire on November 24 to 30. As soon as it ended, after the leaders went round in circles, pushing dates back and forth and playing with people's lives, the Zionist Jews came back at us, with even more intensity.

As for the concept of boycotting, it is a wonderful sentiment. It is really commendable how steadfast everyone has stood up in doing their best, in any way they know how. May Allah (swt) accept our efforts to lessen the flow of funds to the enemy. However, it is obvious at this point, that America will use any, and all, of its funds to support its military base in the heart of the Ummah, "Israel."

As for aid, we saw the aid being sent into Gaza by the Jordanian armed forces. On 28 February 2024, Al-Jazeera reported a pitiful scene, "Thousands of Palestinians from the southern Gaza Strip gathered at the shore after aircraft dropped food aid." [Aljazeera.com] Much of the aid ended up in the sea, where starving Palestinians clambered upon small boats in attempts to retrieve it. The leaders of the Arab and Ajm are throwing around words like "humanitarian aid." They want us to commend them for their efforts. However, armies were not made for aid or ceasefire. They were made for action, support, protection, repelling the enemy and victory. It has indeed been a painful situation, since we lost our shield the Khilafah (Caliphate), one hundred years ago, on 3 March 1924. O Muslims, establish the Khilafah, so we may finally mobilize armies in support of Gaza. Allah (swt) said, ﴿يَا أَيُّهَا الَّذِينَ آمَنُوا إِن تَنصُرُوا اللَّهَ يَنْصُرْكُمْ وَيُثَبِّتْ أَقْدَامَكُمْ﴾ "O believers! If you support Allah (swt), He will support you and make your steps firm." [TMQ Surah Muhammad 47:7].
