Comment:

After the assassination of Ismail Haniyeh in Iran, probably with Iran's co-operation or with the provision of information and data, now another son of the Ummah has been brutally martyred in his own country by the ruthless mutant Jewish entity. The traitorous and collaborative rulers in the Islamic countries, especially Iran, who should have responded to this assassination in the most brutal way because it took place on their soil, have only condemned the assassination, declared national mourning, took sides in the funeral prayers and, as always, responded in the appropriate place at the appropriate time and made vain statements.

America and the Jewish entity, in particular, have been killing the sons of the Ummah for years in violation of their sovereignty in front of the eyes of their rulers and even with their co-operation. The traitorous and puppet rulers in the Islamic world, on the other hand, are silent in the face of their masters, America and the Jewish entity, which has destroyed their prestige and reputation in the face of their people. Al-Baghdadi, Suleiman Qasimi and nuclear physicist Mohsen Fakhrizadeh, who were recently killed and remain fresh in the memories, are the best examples of this.

The USA and its spoilt child, the Jewish entity, killed the sons of the Ummah as they wished and wherever they wished, even right next to the palaces of the traitorous rulers, but the traitorous rulers did not respond to this even for a single day. Moreover, although the so-called sovereignty of their lands was violated, they were enough to cry and whine in front of the UN, the US apparatus, instead of responding in the harshest way that would even make the devil forget the devil's whim.

The traitorous and collaborative rulers, whose main duty is to protect the life, property, land and honour of the Ummah have handed over the children of the Ummah to their masters, America and its naughty child, the Jewish entity, with their own hands.

While Erdoğan received a congratulatory phone call from his master Biden for the exchange of murderers and butchers in Ankara, he did not even once call the US, which assassinated Haniyeh and other sons of the Ummah, whom he hosted in his palace and whom he considers as the defender of the Palestinian cause, or had a hand in their assassination, and did not ask for the account of those assassinated. Let alone asking for an account, he gave a standing ovation to the USA for killing those of his own religion and nation, and aligned himself on the side of the colonialist infidels.

As long as the Khilafah State, which is the shield and protector of the Ummah, is not established, the rulers of today will not be able to protect the blood and life of the children of the Ummah. Let alone protecting, they will hand over the children of the Ummah to butchers and murderers with their own hands. Today it is Haniyeh and Balidi; tomorrow it will be Allah knows who. These rulers seem to forget that one day it will be their turn. They are valuable as long as they fulfil the interests of their masters, and they probably do not realise that when their useful life expires, they will be thrown into the garbage or assassinated as happened in history.

Therefore, these rulers must establish the Khilafah as soon as possible, or at least they must not hinder those who want to establish it, in order to avoid a grave fate both in this world and in the Hereafter. Only the Khilafah can stop the assassination and bloodshed of the sons of the Ummah. «إِنَّمَا الْإِمَامُ جُنَّةٌ يُقَاتِلُ مِنْ وَرَائِهِ وَيَنْقَى بِهِ» **“Behold, the Imam is but a shield from behind whom the people fight and by whom they protect themselves.”**
