

## To Pin Your Hope On a Murderer!

### News:

Erdogan, who appeared in the same frame as Syrian President Bashar al-Assad in the family photo of the Extraordinary Summit of the Organization of Islamic Cooperation and the Arab Union held in Riyadh, answered journalists' questions on the plane returning from visits. Erdogan said that they want to put Turkey-Syria relations on track, "I am still hopeful of Assad, God willing, the deconstruction of the law between us and Assad will comfort the region much more." ### Comment:

There are no friendships in foreign policy; there are interests. Unfortunately, the non-human and moral ideas of capitalist ideology, such as acting in accordance with real political principles, have become the interests of politicians in our geography. Everyone knows that President Erdogan has long been making calls at different levels to return to the old days with Assad. The non-human and moral ideas of capitalist ideology, such as acting in accordance with real political principles, have unfortunately become the interests of politicians in our geography.

In fact, these inconsistent behaviors are not new for Erdogan as Sisi, whom he previously called a coup leader, a murderer, after a while he called him, Mr. Sisi! He improved relations by saying in his interview one of the closest examples of this inconsistency. In the same way, the murderer of more than a million Muslims, the perpetrator of the injury of millions of Muslims and the repeated request to meet with the serial killer Assad, who has caused close to 10 million Muslims to become refugees, is the bottom of humiliation. As it will be remembered, Erdogan, while previously saying that clenched fists should be opened about the meeting with Assad, now he is not afraid to give a picture in the same frame as Assad and say that he is hopeful of him. If our rulers are not afraid to act so recklessly, to pin their hopes on the murderers who have slaughtered millions of Muslims, then it is a duty upon us to answer them in the language of truth and to slam the truths they do not want to hear into their faces. ﴿وَلَا تَحْسَبَنَّ اللَّهَ غَافِلًا عَمَّا يَعْمَلُ الظَّالِمُونَ﴾

﴿وَلَا تَرْكَبُوا إِلَىٰ﴾ **“Do not think that Allah is unaware of what the wrongdoers do. He is postponing them until a day when your eyes will flash out.”** (Ibrahim: 42) ﴿وَلَا تَلْمِزُوا﴾ **“Do not incline towards the wrongdoers. Or the fire will touch you. You have no protectors other than Allah. And then you won't see any help.”** (Hud: 113)

To attach hope to the murderer of a million Muslims who are making a mockery of terrorism in the name of the so-called end of terrorism, the idea of restoring the law between them is in fact cruelty in the sense of sharia and downfall in the political sense. Politically, Turkey and the Syrian rulers, who are connected to the United States from the navel, let alone solving a regional issue, do not even have the power to hold a meeting that the United States does not create the conditions for. This is known by everyone. While this truth applies to both sides, unfortunately, there is also this addiction to humiliation in the entire Islamic geography. We want to ask whether it is not enough that you are ashamed not to do business with the murderers of this ummah! Is it not enough that you are dragged behind them according to the political interests of the USA and other infidels! Is it not enough that you have extinguished the hopes and trusts of this ummah! Is it not enough, your irresponsibility to make this ummah look low and incompetent in the name of real politics!

The rulers, who are the greatest calamity of the Ummah, have made themselves officials by leading the Ummah to humiliation both in this world and hardship in the hereafter. Our request from Allah is that we get rid of these rulers who are afflicting us and reach the happiness of this world and the hereafter by granting Rashid Khalifs who will implement the ahkam He is pleased with. Ameen.
