

Assad Regime in fact is Weak, Killing Civilians with the Help of Russia and U.S.

News:

11th December 2016: After Aleppo, Syria's Assad still far from regaining his state.

When President Bashar al-Assad turns from the wreckage of Aleppo to assert his authority across a fractured Syria, it will be as a figure who is virtually unassailable by rebels, but still faces great challenges in restoring the power of his state.

The expected fall of Aleppo would mean rebels have almost no chance of ousting Assad, but their revolt has left him in hock to foreign allies, resigned to the loss of swathes of his country for the time being and with tough pockets of resistance still to crush.

"Certainly it is not the end of the war... But when you take Aleppo, you control 90 percent of the fertile areas of Syria, the regions that hold the cities and markets, the populated regions," said a senior pro-Damascus official in the region. (Source: Reuters)

Comment:

Last week a resident of the Syrian city of Aleppo told BBC, "All the world has failed us," via a WhatsApp audio message. "The city is dying. Rapidly by bombardment, and slowly by hunger and fear of the advance of the Assad regime."

Yes, the world has failed the Syrian. The leaders of Muslim countries failed to order the Muslim armies to save Syria, help the Muslim brothers and sisters, liberate the Muslim land from Syrian regime. The Syrian regime Bashar al-Assad works with the Kuffar, Russia and U.S. to kill Muslims.

The Muslims who remained steadfast, stayed in Syria with families and kids were not staying for the ISIS, but they were there as a Muslim to protect the land, the land of Sham as in the hadith of Rasulullah (saw) «عُقْرُ دَارِ الْإِسْلَامِ بِالشَّامِ»، «أَلَا إِنَّ عُقْرَ دَارِ الْمُؤْمِنِينَ الشَّامُ»، **“Behold, indeed the heart of the abode of the believers is al-Sham” (Ahmad), and “The heart of the abode of Islam is al-Sham” (Tabarani).**

The entrance towards ash-Sham was started during Rasulullah (saw) in the war of Mutha where the army was led by the brave commander, Zaid ibn Harithah (ra), Ja'far ibn Abi Taleb (ra), Abdullah ibn Rawahah (ra) all Shuhadaa. Jihad and the land expansion continue during the time of Khulafa Ar-Rashidun and ash-Sham was once the centre of Khilafah state.

The Assad regime is weak killing civilians with the help of Russia and the U.S. Though U.S. seem to be “politely” condemn the Russian bombing, they are helping this war. On Saturday 10th Dec 2016, the defence secretary announced that President Barack Obama approved to send 200 more troops to accelerate the push on the Islamic State (Daesh).

We are the Muslims who are responsible to liberate Syria from the regime and protect the Muslim land as the Sahaba did.

People of Syria will fight and inshaallah Muslim from around the world will continue to fight. The victory of the Muslim army could only be achieved by the single command of Amir Jihad. The example of brilliant commander of Khalid ibn al-Walid who continued the Jihad during the Khalifah Sayudina Abu Bakr (ra) in the Battle of Yarmouk took the land from Byzantine Empire.

The Kuffar or the regime, they are afraid of this call for the Muslim armies to be united to save the Muslim people and Muslim lands. History has shown us.

So do we Muslims still have doubt of the capabilities of Muslim army under the banner of Khilafah upon the method of the Prophethood?
