

The State of the Ignorant is an Object Lesson for the Wise

News:

The report which includes “recommending the suspension of Turkey's European Union accession process” was adopted by 370 in favour and 109 against votes. 13.03.2019

AK Party spokesman Ömer Çelik, called it "worthless, invalid and disreputable for us" and indicated that the citizens paid a high price for the protection of democracy against the coup attempt and stated the following:

“This will go down as such an incomparable stance. The decision of the EP, which abstains from understanding this situation, is disreputable. We are a nation that has paid a high price for democracy and our democracy is a well-earned democracy. President Menderes and our ministers were martyred for this cause. Also, we've protected our democracy with the martyrs and veterans of the coup attempt on July 15. History and the prices we've paid have marked our democracy and the marking of EP, which is surrendered by racism, has nothing in value concerning our democracy. How dares the EP, which holds PKK exhibitions in its salons to condemn our democracy? We're addressing the EP and we are returning the report in the same way. (AA 13.03.2019)

Comment:

With all kind of compromises for sixty years, all ruling parties and leaders in Turkey have done anything and everything to attend the Christian club in other names, the EU. It doesn't disturb the leaders at all, to turn their faces to the West, because of their lack of foresight. It doesn't disturb them neither to be awaited in front of their door in a way of distance from the taste of honour, nor being content with the disgrace of abasement. Even though humiliated by the spokesmen of the Christian club, today's Turkish leaders, who don't take lessons from the prior leaders and governments, are fawning with hope to attend the EU.

For sixty years, just because they wanted it, all manners of shamelessness have been enabled by those who have forgotten the account of Allah. Instead, they have started to care more about the account they will give of those schmucks. The governors in charge today carried all kinds of demanding into effect by means of legalizing them, which will make Allah angry, spoil the society and the generation, devalue the Deen (religion) and disregard the morality. Implementations, such as decriminalizing adultery, abnormal regulations towards women's right etc..., are the examples of abasement. This is the case; it appears that the Christian club couldn't succeed fully in its goal because it has started to discipline our governors by its new threats and compromises.

Why don't the current governors inquire the opinion of the citizens whether they should attend the club or not, since they underscore the importance of the opinion of the citizens on every occasion? They don't, because they don't want to experience this shameful situation of the governors. The rejection of the decision of AK Party's spokesman, Celik, can be seen as an investment/enterprise to the upcoming elections after two weeks. If their promises happened to be true, they wouldn't return every time to the port where they were dismissed over and over again. This can be considered as a temporary situation concerning just the election period.

If it were not so, the rotten democracy wouldn't be overpraised. If it were not so, the opposition of the Muslims for their religion, honour and life against the coup would not be demonstrated as it was done for the sake of democracy. Moreover, by stealing the role of the disbelievers, they wouldn't teach a democracy lesson to them and would not make such a confused statement that their democracy is a well-earned democracy.

The defence ambition of the democracy from the disbelievers (Kuffar) can just be explained by stupidity "The state of the ignorant is an object lesson for the wise", meaning that the illiterate's ranking is astonishing for the wise men. The thing that should be happening is disregarding the democracy which originated from them and to imbed them to the dump site of the history. For regarding democracy, which is the source of all evil, as neat, while objecting the report and declaring it as null and void, is another variant of still appealing to that entity. It has to be remembered that, "someone who tries to gain something through rebelling against Allah, will be far away from its goal and his/her fear will come true." If someone honestly draws a lesson, tries to understand the sharia of Allah and strives for the implementation of them, the next regulation will be satisfactory for them:

﴿وَلَنْ تَرْضَىٰ عَنْكَ الْيَهُودُ وَلَا النَّصَارَىٰ حَتَّىٰ تَتَّبِعَ مِلَّتَهُمْ قُلْ إِنَّ هُدَىٰ اللَّهِ هُوَ الْهُدَىٰ وَلَئِنَّ آهْوَاءَهُمْ بَعْدَ الَّذِي جَاءَكَ مِنَ الْعِلْمِ مَا لَكَ مِنَ اللَّهِ مِنْ وَلِيٍّ وَلَا نَصِيرٍ﴾

"And never will the Jews or the Christians approve of you until you follow their religion. Say, "Indeed, the guidance of Allah is the [only] guidance." If you were to follow their desires after what has come to you of knowledge, you would have against Allah no protector or helper." [Baqara 120]
