

Farouk al-Sharaa the Deputy of the Criminal is a Criminal Like Him

(Translated)

Several media outlets recently reported news and leaks about the intention to make Farouk al-Sharaa lead the transitional phase. Some of those who are counted to be on the side of the revolution have expressed their acceptance of this solution. Some of them even called that he should head the dialogue conference in Sochi as one of those who did not stain their hands with blood, as they described him. This news comes in the context of the Sochi conference that Russia is trying to convene, which it will invite for it more than 1,000 Syrian personalities, with the aim of arranging a political solution aimed at eliminating Ash-Sham's revolution and re-producing the criminal system in Syria and preserving its basic pillars of intelligence and army.

The revolution of Ash-Sham came out against the regime of repression and criminality and demanded that it is toppled with all its pillars and symbols, and it is misleading to consider that the regime means the person, i.e. the butcher Bashar alone.

The regime is the whole system that governs the country, including the butcher Bashar, and other figures are no less criminal than Bashar and his men, It is naive that those who claim to be members of the revolution to reformulate the regime with new faces, and to be pleased when they are invited by the criminal Russia to attend conferences and to engage in negotiations with the criminal regime.

Farouk al-Sharaa, the deputy criminal of Bashar al-Assad, is a figure hidden by the regime at the beginning of the revolution and is presented as a person whose hands were not stained with blood, to be given a role later, and to be a temporary front of the transitional stage that precedes the final political solution that America wants. To focus on the fact that the revolution is against the person of Bashar al-Assad and distance the idea of overthrowing the regime from the minds, and then instill the American political solution that destroys the revolution, wasting the blood of the martyrs, and wasting efforts and sacrifices, is a new scheme of the machinations of the unbelievers to eliminate the revolution of Ash-Sham and to divert it from its principles.

O Muslims in Ash-Sham the Abode of Islam:

The reality of the conflict on the land of Ash-Sham is between our creed and our Islam, which we have made its implementation our objective, to achieve our glory in this world and the pleasure of our Lord in the Hereafter, and between the disbelievers that have gathered against us to fight our Deen and eliminate our sincere sons.

America is the head of disbelief and the leader of the capitalist world and influence in Syria, is mobilizing all of its tools to fight us in a conflict between its rotten capitalist civilization and the civilization of Islam, which its victory signs appear on the land of Ash-Sham. So let us hold on to our creed and principles which are the source

of our strength and force of support, and let us proceed in this struggle as one between the truth and falsehood, and not to descend to conflicts over positions and gains and regions.

America and its followers want to make the fate of Bashar the basis of negotiations, which is its objective to maintain its agent regime and its interests and to eliminate the revolution of Ash-Sham that terrifies it. Although the fate of its agent Bashar is not important to it, but it protected him until the appropriate alternative is prepared within the deadly political solution that it wants to impose on the people of Ash-Sham.

We have seen with our own eyes what happened to the revolution of Egypt, Libya, Tunisia and Yemen, despite the demise of the regime's head, the regime remained the same: oppressing the people, killing them, ruling them with Kufr, and serves the enemies of our Ummah.

So will we be satisfied after all these sacrifices to return to be governed by the organs of repression and criminality of the systems of disbelief, that will squander our sacrifices and anger the people of the earth and the heavens?! Or will we recognize the reality of our struggle as our enemies do? We hold on to the rope of Allah alone and adopt our project that emanates from our creed, and proceed in our struggle on its basis, to change the whole of the regime with its symbols and pillars, and establish the rule of Allah (swt) on the land under the second righteous Khilafah (Caliphate) on the method of Prophethood, and foil the schemes of the disbelievers and they will feel sorry for the loss of their money which they spent to fight us.

﴿وَيَوْمَئِذٍ يَفْرَحُ الْمُؤْمِنُونَ * بِنَصْرِ اللَّهِ يَنْصُرُ مَنْ يَشَاءُ وَهُوَ الْعَزِيزُ الرَّحِيمُ﴾

“And that day the believers will rejoice * In the victory of Allah. He gives victory to whom He wills, and He is the Exalted in Might, the Merciful.” [Ar-Rum: 4-5]
