## The Military Relations between the Regime in Morocco and the Jewish Entity is a Challenge to the Ummah's Feelings and Provocation of its Wounds

(Translated)

At a time when the Jewish entity is killing people in Gaza, destroying their homes above their heads, displacing them, starving them, and depriving those who remain of them of the simplest basics of life; at this time, the criminal regime in Morocco is concluding military agreements with the Jewish entity, disregarding the feelings of Muslims everywhere, and fighting with Allah through disobedience. Not only did that criminal regime fail to support the people of Gaza and Palestine, it did not mobilize its army to fight the Jewish entity, to wipe it out, instead it normalized relations with that pariah entity and concluded military agreements with it worth hundreds of millions of dollars.

On the 10th of this month, news agencies reported the signing of an agreement by Morocco to purchase a spy satellite from the Jewish entity as part of a deal worth one billion dollars. This agreement is based on the defense agreement that covers intelligence, cooperation in industries, and military purchases signed between the criminal regime in Morocco and the Jewish entity in 2021.

The criminal regime in Morocco - like other criminal regimes in Muslim countries - is not ashamed before Allah, His Messenger, or the believers. It fights Allah (swt) with its sins, and tramples on the feelings of the Ummah in Morocco and in all Muslim countries. The feelings of Muslims are burning with sorrow and regret over what is happening to their people in Gaza and Palestine, but the King of Morocco strengthens the economy of the Jewish entity, and provides it with money to continue killing our people in Palestine and Gaza. By Allah, this is one of the grave sins; that the King of Morocco does what he does, and the rulers in Muslim countries do what they do; and the armies do not move to remove those thrones on which they have perched, tearing apart the Islamic Ummah, and empowering the kaffir states that colonized Muslim countries and their wealth, and the Muslims do not move to pressure their armies to move in the face of those rulers, to remove them, and then go roaring to Jerusalem to purify it and purify the blessed land of all of Palestine from the abomination of the Jews.

Islam has forbidden Muslims from concluding treaties or military agreements with the Kuffar, according to the saying of the Prophet (saw): « لَا تَسْتَضِيئُوا بِنَارِ الْمُشْرِكِينَ » **“Do not be so close to the Mushrikin that you can benefit from the light of their fire”** Narrated by Ahmad and Al-Nasa'i. The fire of the people is a metaphor for their being in war, in addition to the fact that purchasing weapons and military equipment from the kaffir enemy gives the kuffar a path and authority over the Muslims, and this is not permissible, according to the words of Allah (swt): ﴿وَلَنْ يَجْعَلَ اللَّهُ لِلْكَافِرِينَ عَلَى الْمُؤْمِنِينَ سَبِيلًا﴾ **“...And never will Allah give the disbelievers over the believers a way [to overcome them]”** [An-Nisa: 141].

Even though it is a statement, it has come out in the context of a command, that is, do not give the disbelievers a way over the believers.

It is time for the Muslims to rise united like one man to overthrow these Ruwaibidah (ignorant) rulers, bayah (pledge) to one caliph who will establish Allah's Shariah upon them, carry Islam with him to all people, liberate the usurped from their land, and uproot the Jewish entity from its roots.
