The Prime Minister of Britain, Theresa May, is Not Welcome on the Land of Jordan, the Land of Hashd (Gathering of Troops) and Rabat (Guarding the Land against the Enemy)

(Translated)

On Thursday, the British Prime Minister, Theresa May, visited Jordan as part of her tour of the region, in which the colonial conflict is most apparent, in an attempt to preserve Britain's remaining colonial influence.

The British Prime Minister, after the American escalation in invading the region, tried to hide the real colonial motives of her visit to the region by claiming that she was concerned for the people of the region, whether in Saudi Arabia, Yemen, Qatar, Palestine, or Jordan, where she increased her lies, by claiming to be concerned for the well being of its people, their security, stability, and economy. Using the pretext of the deeply rooted historic and strategic relationship between Britain and Jordan, pledging to continue its support in all areas politically, economically, security and militarily.

How can Britain the enemy of Islam and Muslims, of yesterday today and tomorrow, seek the wellbeing of the Muslims and Jordan?! While it is a colonial state that has spared no effort in conspiring against the Ottoman Khilafah, until it was able with the help of the Arab and Turkish traitors, to demolish it and remove it from existence and to exclude Islam from the reality of the lives of Muslims. Britain is the country that colonized the Muslim countries and divided them into weak subordinate states, and appointed guards over each country to protect its interests by oppressing and enslaving the Muslims. It is the colonial country that delivered the ominous (Balfour) declaration, which gave the blessed land Palestine to the Jews to establish an entity for them. It is the country that celebrated with all insolence and defiance to Muslims the 100 years' Anniversary of the Balfour Declaration. It is the state that has provided the Buddhists with support against the Muslims in Burma. It is a state that supported the outlawed rebel gangs in the Arabian Peninsula and others against the Ottoman Khilafah in the recent past, it is the state that has vowed to continue its work to prevent the existence of the political entity of the Muslims, the Khilafah.

Perhaps Britain thinks that Muslims in general and the people of Jordan in particular have forgotten its crimes, both in the past and at present; it has allied to the head of Kufr America in its vile crusade against Islam and its people. Perhaps Britain thinks that the Muslims in general and the people of Jordan and Palestine in particular are not aware of its severe hostility to them, that will manifest as soon as the Muslim Ummah rise on the basis of Islam. So the Prime Minister of Britain is not welcome on the land of Jordan, the land of Hashd (gathering of troops) and Rabat (guarding the land against the enemy), and not on any Islamic land. How can Britain and America, the two leaders of Kufr and tyranny on earth deceive the Islamic Ummah when it has risen from its error and saw the way of its victory and revival, despite its wounds, and it is fully aware of the colonial reality experienced by the Muslim countries in all its forms. It sees the struggle on its countries among the colonial powers through their tools, the Muslim rulers, and it continues to work to regain its authority and establish its state, the righteous Khilafah (Caliphate) on the method of Prophethood, that will put an end to the meddling and looting in the Muslim countries, and it will expel all the forces of colonialism and cleanse them from their influence completely and will eliminate the entity of the Jews and sweep it away from the blessed land, Allah willing.
