Imported Democracy Only Gives Rise to Imported Governments that Enslave Pakistan as a US Colony. Real Independence and Change Can Only Occur Under the Khilafah

Another false hope of change through imported Democracy has been shattered. It is now clear that Democracy can only ever ensure slavery to the US and the West. Under Democracy, nation states covering small geographical areas are tightly shackled to the American world order, to prevent any challenge to US supremacy. Within a web of carrot and stick policies, chains include the United Nations, the IMF, FATF, the SWIFT system, restrictions on technology transfer and the Generalised Scheme of Preferences (GSP+) status. To prevent the rise of the Ummah, the West divided the Muslim Lands into over sixty pieces after destroying the Khilafah (Caliphate), weakening the strong military, economic, cultural and historical ties between Muslims, exposing them to oppression by the colonialist major powers.

Under both democracy and dictatorship, colonialists ensure both the government and the opposition are on one page when making laws in their favor, approving of several budgets and mini-budgets, according to the demands of the IMF. It was Imran Khan's government that gave the United States safe passage after its defeat in Afghanistan. Then, to maintain US influence in Afghanistan, Imran Khan's government granted the USCENTCOM forward headquarters at the Al-Udeid Air Base in Qatar an air supply line through Pakistan, that the US pilots call "the Boulevard." It was Imran Khan's government that abandoned Occupied Kashmir to Modi, after his forceful annexation. Thus, under Democracy, US interests were secured during the time of Imran Khan and will continue to be secured as long as Democracy remains.

Whether parliamentary or presidential, Democracy can never bring change, as we are now being herded towards more economic destruction under a 23rd IMF program. Uproot Democracy and move forwards to a new world order, real change and actual independence, under the Khilafah. It is the Khilafah which in the past broke the backs of the major powers of Rome and Persia in the Battles of Yarmouk and Qadisiyah and sent the seventeen-year-old general, Muhammad bin Qasim, to liberate the Indian Subcontinent from the tyranny of Raja Dahir. By the permission of Allah (swt), it is the Khilafah (Caliphate) on the Method of Prophethood of today that will force the colonialist powers into retreat, as well as burying the ambitions of Modi through the Ghazwa (Conquest) of Hind, ridding the world of the oppression of man-made law. Allah (swt) said, ﴿يَا أَيُّهَا الْإِنْسَانُ مَا غَرَّكَ بِرَبِّكَ الْكَرِيمِ﴾ "O humanity! What has emboldened you against your Lord, the Most Generous?" [TMQ Surat Al-Infitar: 82: 6].
