Sheikh Ata is the Ameer of the world's largest Islamic party, working throughout the Muslim World for the re-establishment of the Khilafah upon the method of the Prophethood. He recently issued an inspirational audio speech addressing the people of power in a penultimate call, demanding the Nussrah for the Khilafah upon the method of the Prophethood as the Khilafah project nears its conclusion by the permission of Allah (swt). The respected Sheikh is a statesman who has addressed conferences throughout the Muslim World on important global and regional issues and has authored many works, including, "The Economic Crisis, Its Reality and Its Treatment from the Viewpoint of Islam" (الأزمة الاقتصادية واقعها ومعالجاتها من وجهة نظر الإسلام). He is also an eminent jurist who has provided answers to many and varied questions regarding Islam and has authored many scholarly works of great benefit to the Ummah, including, "Facilitation in Understanding the Principles of Jurisprudence" (تيسير الوصول إلى الأصول) and, "Facilitation in the Principles of Tafseer (Surah Al-Baqarah)" (التيسير في أصول التفسير (سورة البقرة))

We ask Allah (swt) to secure Sheikh Ata and that we may soon give Bayah at his hand as the Khaleefah of the Muslims, inshaaAllah.
