Let the US Sink in the Graveyard of Empires

**Pakistan's Rulers Strive to Secure for the US by Talks that which it could never Achieve for Itself in Battle**

Hizb ut Tahrir Wilayah Pakistan strongly condemns the US sponsored Quadrilateral Coordination Group (QCG) gathering in Muscat on 16 October 2017, that is the beginning of attempts to secure a political cover for permanent presence of US military and private military on the doorstep of the world's only Muslim nuclear power. Crippled by a shattered economy and demoralized troops, as always the US is looking to Pakistan's rulers to achieve for it that which it could not achieve for itself ever. And this is why the US praised General Bajwa's personal efforts to ensure political negotiations over Afghanistan, with the US Chairman Joint Chiefs of Staff Gen Joseph Dunford declaring on 5 October 2017, "We were encouraged... with General Bajwa's visit to Afghanistan... he had very good meetings with Afghan leadership. Our leadership was engaged in those meetings as well."

**O Muslims of Pakistan!** From an ocean apart, the US had no hope in achieving and maintaining a regional presence without the assistance of Pakistan's rulers. The last sixteen years of alliance with the crusaders has only brought us military leaders that traded our security and our blood to secure their own luxurious retirements. It brought us Musharraf who mobilized our intelligence, air bases and air corridors to secure the Americans an occupation that they could never achieve by themselves. It brought us Kayani and Raheel who mobilized our strength and power in the tribal areas to grant respite to the cowardly crusaders, who, if left on their own, would have long ago sunk in the "graveyard of the empires", like the British Imperialists and Soviet Russians before them. And it has now brought us Bajwa, who is busy now extending a rope of political legitimacy to the exhausted US military presence on our doorstep, by herding the Afghan Taliban into the maze of negotiations.

**O Muslims of Pakistan's Armed Forces!** Why respond to Trump's agenda when we can set an agenda for the world's thug and cut it down to its real size?! A sincere Islamic leadership would announce immediate withdrawal from America's crusade, defiantly expel the US ambassador and round up the American CIA, FBI and private military that have launched a campaign of blasts and assassinations to prod our capable armed forces into the tribal areas to fight America's war for it. That's just the start. The embassy and consulates would be sealed, as well as the Raymond Davis bases that infest our cities and even our sensitive military cantonment areas. Even that's just the start. Instead of ordering our intelligence to force the Afghan Taliban to be ensnared in the maze of negotiations to legitimize the US military footprint, they would be fully mobilized in their love for Jihad and martyrdom to force its withdrawal in humiliation. Our armed forces would stand at the Durand Line to shoot down any fleeing US troops and observe as the US occupation is torn asunder, as the Soviet Russians and Imperialist British before them. And for the creative Islamic leadership, even that's just the start.

Abandon the spineless leadership that trades with our security and blood for accolades from our enemies and vast personal wealth. Grant the Nussrah now to Hizb ut Tahrir for the re-establishment of the Khilafah (Caliphate) so that you are finally commanded by those that seek glory from Allah (swt) Alone.

﴿الَّذِينَ يَتَّخِذُونَ الْكَافِرِينَ أَوْلِيَاءَ مِن دُونِ الْمُؤْمِنِينَ أَبِئْتَعُونَ عِنْدَهُمُ الْعِزَّةَ فَإِنَّ الْعِزَّةَ لِلَّهِ جَمِيعًا﴾

**“Those who take disbelievers for allies instead of believers, do they seek honor, power and glory with them? Verily, then to Allah belongs all honor, power and glory.”** [an-Nisa'a 4:139]
