Project "International Protection for the Palestinians"

It is an Open Invitation for International Criminal Occupation of Palestine

(Translated)

The Palestinian Authority agreed with the Jordanian government to introduce "a draft resolution to the UN Security Council to demand international protection for the Palestinian people", Palestinian officials informed Monday, according to the Jordanian *Al-Ghad* Newspaper, and was conveyed in several media. And it exposed some phone calls between the King of Jordan and the head of PLO around the matter, and that was reported as a reaction to the crime that was committed by the settlers when they burned the infant Adawabsheh to death at the hand of the terrorist settlers.

The draft of the resolution is an open invitation for the colonial powers to the occupation of Palestine under the pretext of "ending the occupation" of the Jews. However, its military outcome is an international occupation led by America, the enemy of Islam and Muslims, in addition to the Jewish occupation. Whereas this crusader power will stir its military mechanisms and its soldiers to chase the resistance fighters under the pretext of the war on terrorism. It will do everything to prevent the liberation of Palestine, but its strength will be an introduction to fighting the next Liberation Army by Allah's promise. And would make the liberation of Jerusalem and Palestine which will cost the lives of Muslims: Whom will not then only fight the collapsing Jewish army but also the armies of the world that form those military forces. They will pursue the people of Palestine as they did in Afghanistan, and arrest and punish them as America did in Abu Ghraib, Bagram and Guantanamo.

What Abbas attempts to do is a crime which is added to his register of crimes, him and his organized government. It is a crime committed with premeditation, where Abbas continued exercising the role of Godfather of this international occupation, since he crooned for this project during the last two years, after he revealed to the *New York Times* on 2/2/2014, that he suggested to the US Secretary of State John Kerry, the deployment of US-led NATO in the territory of a future Palestinian state, for a long time. As if a person as Abbas "suggests"! He was being instructed at that time of the US administration for this project.

The Jewish occupation must be removed from the roots and eliminated of its existence, and this will not be accomplished without the support of the Ummah's Islamic armies by a sincere Shar'ii Jihad. As for the colonial powers in Europe that have established this entity and in America, which consider the security of the Jewish entity of its own security, it is impossible for them to provide protection to the People of Palestine. Indeed, its presence on the land of Palestine leads to the occupation of a compound and it does not end the occupation.

We in Hizb ut Tahrir call the Islamic Ummah, as a whole, to confront this international occupation, whom Abbas and Jordan's King wants to promote and enforce on Palestine. We also call on them to hasten to change the rulers who failed to support Palestine and its people through armies, and establish the second righteous Khilafah on the method of the Prophethood instead of them. The Khilafah that will mobilize Ummah's armies, retaliate against the Jewish occupation and eliminate their entity, and that day the believers will rejoice in the victory of Allah.

﴿وَلَن تَرْضَىٰ عَنكَ الْيَهُودُ وَلَا النَّصَارَىٰ حَتَّىٰ تَتَّبِعَ مِلَّتَهُمْ ۗ قُلْ إِنْ هَدَىٰ اللَّهُ هُوَ الْهُدَىٰ ۗ وَلَئِن اتَّبَعْتَ أَهْوَاءَهُمْ بَعْدَ الَّذِي جَاءَكَ مِنَ الْعِلْمِ ۗ مَا لَكَ مِنَ اللَّهِ مِن وَّلِيٍّ وَلَا نَصِيرٍ ۗ﴾

“And never will the Jews or the Christians approve of you until you follow their religion. Say, "Indeed, the guidance of Allah is the [only] guidance, "If you were to follow their desires after what has come to you of knowledge, you would have against Allah no protector or helper.” [Al-Baqara: 120]
