Paris Conspiratorial Conference Confines the Solution for the Issue of Palestine in the “Traacherous” Negotiation Solution

(Translated)

With a wide international participation and presence of the Arab League and the Organization of Islamic Cooperation, the final statement of the International Peace Conference, which was held in the French capital Paris on Sunday, confirmed that a negotiated solution of two states, Jewish entity and Palestine, living side by side in peace and security is the only way to achieve lasting peace.

We, in Hizb ut Tahrir in the Blessed Land of Palestine, consider all those who participated in the conference or welcomed its outputs is a conspirator against Palestine and its people, a squanderer of the Blessed Land of Palestine for the Jewish occupation. We affirm the following:

Palestine is an Islamic land usurped and occupied by the Jews who established their terrorist entity on it and forced its people to migrate from it, with the help of France; the sponsor of the conference, Britain; the owner of the infamous Balfour Declaration, and America; the supporter of the Jewish entity with money, weapons and unjust international resolutions. This blessed land is in need of liberation from the clutches of the occupation, and confining the solution of the issue in negotiation only means preventing its liberation and legitimizing the Jewish entity.

The existing regimes in the Muslim world, including the Arab world, through their participation in the conference and welcoming its outputs, have abandoned the duty to move their armies to liberate Palestine and agreed to limit the solution in negotiation leading to the abandonment of most of Palestine to the Jews in exchange for a meager statelet for the leaders of the Palestinian Authority.

The final statement of the conference has equated the resistance of the people of Palestine to the occupation and the criminal acts carried out by the occupation soldiers and the settlers, considering the resistance violence and terrorism. The conference also stressed on the maintenance of the security of the usurper Jewish entity. All of these make the participant, and the one who welcomed the conference and its outputs a criminal and a squanderer for the Blessed Land of Palestine.

The Islamic Ummah, particularly the people of Palestine will not forgive those who sold Palestine or welcomed its wasting or abandoned Palestine and its people for the benefit of the Jews, and they look forward to a day when the rightly guided Khilafah (Caliphate) on the method of the Prophethood is established, which would move the hordes of conquest and liberation cheering, snarling and chanting Takbeer, to uproot the Jewish entity from the whole of Palestine and bring it back to the lands of Islam and this will be, Allah willing, in spite of the unbelievers, the squanderers and their associates.
