

Congratulations for the Advent of Eid ul-Fitr

(Translated)

We, Hizb ut Tahrir / Wilayah of Sudan, are pleased to congratulate you and the entire Islamic Ummah for Eid ul-Fitr, asking the Almighty to accept from us and from you our fasting, night prayer (Qiyam) and all righteous deeds, and to make us of those whom Allah (swt) has forgiven and bestowed His mercy on them, and freed their necks from the fire.

Eid has arrived while our country is undergoing successive crises, turning the lives of people into unbearable pain. The government has failed to deal with the crises which it has created, and which they have carried out without awareness of its consequences. Consequently, it began behaving like a devil has confounded with his touch to the extent that the Minister of Finance said: "We searched for funding "by shouting and lying" but we failed", and he made this statement in front of those who are supposed to represent the nation (parliament), and none of them said to him, why are you then still in your position?! He, the Minister of Finance confirms the failure of the state in the management of the economy... In summary, this is inevitably the financial crises, so what does the Ummah expect from a regime who accepted to be a humiliated slave to the West and its usury-based institutions, such as the International Monetary Fund and its catastrophic prescriptions?!

The solution is clear and apparent to even the blind, that it is the Book of Allah and the Sunnah of His Messenger, and what they guided to of the Consensus of the Sahabah and Shar'i Qiyas (legal analogy), in the light of a state defined by Islam, whose structure was founded by the best man Muhammad (saaw), and followed in his footsteps his righteous Caliphs and those who followed them with goodness, this is the Islamic State. The kafir colonizer destroyed this state and installed in its place fragile entities, its rulers are "toys and puppets" in the hands of the infidel West, who destroyed the plowing and the offspring, and impoverished the Muslim countries and their people, when in fact, they are the wealthiest parts of the earth with their wealth and men, and is indeed richest in the thought it carries that elevates humankind because it is from Allah, the Subtle and the Aware.

Hizb ut Tahrir invites you to the safe haven, and the straight path, it invites you to work with it to establish the second righteous Khilafah on the method of the Prophet, the promise of your Lord, and the glad tidings of your Prophet, peace and blessings be upon him. By Allah, it is the glory of this life, and in it you will be honored and dignified, leaders not followers, and in the Hereafter (you will gain) gardens underneath which rivers flow, the greatest of all, the satisfaction of Allah (swt).
