Netanyahu Feels Immune from Punishment, and Now He Shows Disrespect

(Translated)

'Israel' said on Sunday that it will not tolerate the presence of Hay'at Tahrir al-Sham (HTS) in southern Syria or any other forces affiliated with the new rulers of the country and demanded the disarmament of the region.

Prime Minister Benjamin Netanyahu also stated that 'Israel' will retain its positions there as a defensive measure and as necessary.

Netanyahu added, "We demand the complete demilitarisation of southern Syria in the provinces of Quneitra, Deraa and Suweida from the forces of the new regime," he added. "Likewise, we will not tolerate any threat to the Druze community in southern Syria."

It is worth noting that the Jewish entity, after the announcement of the escape of Assad on 12/8/2024, intensified its airstrikes targeting military sites across various parts of Syria, in addition to occupying the Syrian buffer zone, which extends over 75 km in length and varies in width from 10 km in the center to 200 m at the southernmost point. The conflict with the Jews is not new; the Prophet (saw) outlined this struggle in multiple instances due to their treachery, conspiracies, and hatred toward anything that comes from Allah, the Almighty. Our struggle with the Jewish entity is an existential one, especially after their occupation of the sacred land and the crimes they have committed and continue to commit against our people. This is a struggle that Allah (swt) has blessed, as seen in the judgment of our master Sa'd ibn Mu'adh, may Allah be pleased with him, against them after their betrayal on the Day of the Trench. The Jews have been a people of treachery and betrayal throughout Islamic history, and Muslims have always held them accountable for their deception and punished them accordingly.

O Muslims in ash-Sham: You have witnessed with your own eyes what those who have earned Allah's wrath have done to our people in Gaza, how they poured out their hatred and animosity toward Islam and Muslims. You have seen how they committed massacres and displaced people, showing no mercy to women, children, the elderly, young men, or even the weak. You have seen how they rejoiced in killing Muslims and how they acted when they declared a ceasefire. You have seen how they killed our people, both individually and collectively. Yes, you have seen it all with your own eyes and have also witnessed how their agent rulers betrayed them.

You have also seen how a small but sincere group, despite its limited resources, shattered their defenses, threatened their existence, and exposed their miserable entity as weaker than a spider's web in the face of the strikes of the truthful sons of the Ummah.

These strikes made the politicians of the Jewish entity realize that their existence is in danger, after they had long boasted about their strength. The myth of the invincible army collapsed before the faithful sons of this Ummah.

O Muslims in the land of steadfastness, in ash-Sham ,the stronghold of Islam, this proves that the statements of this despicable man (Netanyahu) are not made in vain. They are not baseless, for he and many of the leaders of the Jewish entity, in coordination with those who support them, see this as an opportunity to rebuild the so-called Greater Jewish State. They also seek to erase, with their arrogance and aggression, the truth revealed by the Al-Aqsa Flood Operation, that the Jewish entity can be uprooted by the hands of the sincere and faithful.

O our people in ash-Sham, the land of steadfastness and jihad, know that what happened in ash-Sham with the escape of the criminal Bashar is an extension of what happened in Gaza, the land of heroism and sacrifice. So, O our people, how long will you remain mere spectators while your lands are stolen from you day by day? How long will you remain silent in the face of the actions of the criminal Jews? How long will you keep standing idly by? The time has come for decisive stances, and the time for jihad has arrived. Know that Allah is with you and will grant you victory. The Jews are the people most eager for life, while our reliance on our Lord is the source of our strength in fighting them. They do not fight us except from behind fortified villages or behind walls. Their rope with Allah has been severed, and all they have left is their rope with people, which will soon be cut off by Allah's will.

So, trust in the promise of your Lord, strive to fulfill the glad tidings of your Messenger (swt), and have faith in your sincere mujahideen sons.

Allah Almighty says: **﴿فَإِذَا جَاءَ وَعْدُ الْآخِرَةِ لِيَسُوءُوا وُجُوهَكُمْ وَلِيَدْخُلُوا الْمَسْجِدَ كَمَا دَخَلُوهُ أَوَّلَ مَرَّةٍ وَلِيُتَبِّرُوا﴾** **“Then when the final promise came, [We sent your enemies] to sadden your faces and to enter the temple in Jerusalem, as they entered it the first time, and to destroy what they had taken over with [total] destruction.”** [Surat Al-Isra:7]
