The People of Shaam have not reaped other than Murder and Displacement from the Truces and Negotiations

(Translated)

Warplanes targeted the vegetable market in the town of Ma'irrah An-Nu'man on 19/04/2016 leading to the fall of 43 martyrs and more than 80 wounded whilst they bombed the fish market in the town of Kafr Nabl with a number of airstrikes which led to the fall of 11 martyrs.

The people of Shaam have not reaped from the factions' commitment to the truce imposed by the western Kaffir or from the negotiation committees proceeding upon the path of the American solution, anything other than being killed and displaced. Their blood has begun to be used as a paper for consolidating the negotiating position without paying any regard to the covenants and treaties. That is because there is no covenant for the tyrant of Shaam and no treaty, and even the young have become aware of this before the elderly. That is whilst the negotiation committees are oblivious to this and proceed in accordance to the American political plan whilst regarding it to be the solution for the downfall of the regime, ignoring the fact that it is America that supports the regime, is preventing its downfall and giving it the green light to kill and inflict suffering.

We in Hizb ut Tahrir in Wilayah Syria, offer our sincere condolences to the families and relatives of the martyrs whilst we hold all those who are making truces with the regime and negotiating with it, responsible for the pure blood that has been spilt. That is because the truce prolongs the life of the regime and provides it with more time to kill and inflict suffering without a deterrent or anyone to hold them to account whilst the negotiations are repeating its restoration from anew. As such there can be no making of truces with the killer of children and no negotiations with the one who violates the honours. We do not know what the factions are waiting for and how many martyrs must fall for them to mobilise and move into action to break the truce, cancel the negotiations with the regime, cut the ropes of the West and their subordinates and then head directly towards the head of the snake and sever it so that the people can have relief from its evils and so that the rule of Allah can be established upon its ruins?!

Allah Ta'Aalaa said:

﴿فَوَرَبِّكَ لَنَسْأَلَنَّهُمْ أَجْمَعِينَ ﴿١٠٤﴾ عَمَّا كَانُوا يَعْمَلُونَ﴾

“So by your Lord, We will surely question them all. About that which they used to do.”
