

Press release

The Deputies of Colonialism and Dwarfs of Secularism are Incapable of Stopping the Da'wah for the Khilafah

(Translated)

Hizb ut Tahrir in Tunisia announced the convening of the Khilafah conference to have been held the date of 04/06/2016 in the Conferences Palace, after having taken all the required administrative procedures. Even though the Interior Ministry was aware of the convening of the conference before the legal time period, the security establishment nevertheless announced the cancellation of the conference in violation of the laws related to it and in spite of the issuing, yesterday, of a decree by the administrative court, rejecting the decision to ban the conference, although the security forces remained adamant upon their position. And today, the governor, who ran away from meeting a delegation of Hizb ut Tahrir ordered the locking of the conference hall for a period of twenty days, whilst its worth pointing out that this hall had transformed since the early hours of the morning into a military barracks, like the capital of Tunisia itself and particularly in the centre and around the offices of the Hizb.

As for the national level, then the security establishment threatened the owners of function halls to which the participants of the conference were going to be moved and then they blocked the roads leading to the capital as a whole. And they restored what had slipped from their grip within the provinces and similarly the people who had come in their own private cars and all whom they suspected were coming to the conference.

If the secularist deputies of colonialism believe that they have accomplished a victory against Islam in the case where some in the country have inclined towards them and accepted the separation of Islam from the life, then they are deluded. That is because Islam is much more deeply rooted in Tunisia than those men who conspire against it within the foreign embassies and Islam has its own men in this land who will never betray Allah, His Messenger and the believers and even if all of the forces of Kufr combined against them.

If the disbelievers have become infuriated by what Hizb ut Tahrir has been undertaking in terms of exposing their plans, their hostility towards Islam and its adherents and the plundering of the land's resources whilst leaving the people to die in starvation, then may they be cursed for their fury when we exposed that great treachery of holding a reception for the murderers from the Jewish entity who occupy Palestine and defile Al-Aqsa Ash-Shareef, when they received them in this land in an open challenge to the sons of Tunisia.

This farce taking place today reveals the deceitful claims of the unity government and its followers regarding building a state based on law and freedoms. That is because they are nothing more than a gang which is an extension of the gang of the previous rule. They do not care about Tunisia or its people which is the opposite to Hizb ut Tahrir and all of the sincere people who care deeply for Tunisia and its people whilst sacrificing everything they have for that.

Verily, Hizb ut Tahrir continues upon its path to accomplish its objective that it has vowed upon itself to fulfil, and that is the restoration of the Khilafah (Caliphate) according to the Shar'iah methodology that it has adopted. And whoever believes that it will be bargained with in respect to its aims or diverted from its Shar'iah method under the pressure of the reality is deeply deluded.

“And Allah has full power and control over His affair but most of men know not” [Yousef: 21].
