

Press Release

**The Allies of Terrorism is the West, England, USA, Russia and the Jewish Entity
And those who befriend Allah will always have the Muslims beside Him**

10th of December, Saturday night, with two separate bombings, a major terrorist attack occurred in Istanbul's Beşiktaş district. Government Spokesman Numan Kurtulmuş said in his statement right after the attack that 38 people died of whom seven were civilians and more than 160 people are wounded of whom 10 are in critical condition. We as **Hizb ut Tahrir / Wilayah Turkey** condemn this lowly attack, wish forgiveness from Allah for the Muslims who died in the attack, wish Sabr-ı Jameel (good patience) for their families and swift recovery for the wounded.

President Erdoğan said in his written statement after the attack: *"We know that after this despicable attack, Turkey will patch her wounded on her own, will mourn on her own with her true allies and that will find no one beside her other than perfunctory statements (of consolation). There is no reason left for us to expect, countries that support terrorist organisations and terrorists instead of Turkey and the Turkish nation that fights against terrorism, to act differently after this attack."*

We in **Hizb ut Tahrir / Wilayah Turkey** had expressed the steps that should have been taken in order to wipe out terrorism and who the real perpetrators of terrorism were in our campaign titled "Expel the Colonialists so that Terrorism can End" in April. We told that behind the terrorist attacks on both Turkey and other Islamic countries are the colonialist nations, we urged them to end all relations with these countries and deport their ambassadors from our lands. So President Erdoğan's this particular statement verifies, albeit late, that colonialist western nations are the powers behind terrorism.

A solution to terrorism is not hard for leaders that have strong conviction for solution. For if there were in fact leaders who could solve this terrorism problem, neither so much blood would flow nor would so much pain fall into so much households. Whoever is the perpetrator of terrorist attacks, whoever takes upon the role of subcontractor, it is plain as day that "dark powers" and "over minds" who are not explicitly stated are the colonialist nations. Those who directly or indirectly support terrorism are America, England, the Jewish entity, Russia and other Western nations. In other words America, Russia, England, the Jewish entity and other Western nations are allies and protectors of terrorism and terrorist organisations.

Now, when truth is so plain, we ask again; will you continue your alliance with America that claims that they are fighting against terrorism in order to advance their interests, that let their rag (flag) fly to PYD in Syria on its Headquarters? Will you continue your relations with Russia that terrorises our sister city Aleppo? Will you continue calling bloody handed Obama and Putin your friend? Will you be able to retract your letter you gave to the ambassador of the Jewish entity which is the murderer of Mavi Marmara and the invaders of our Holy Lands? Will you be able to kick out the ringleaders of terrorism, these ambassadors at the expense of ripping all relations with the West that openly supports terrorism? If you want to stop mothers' tears, wipe out terrorism, if you feel like the protection of the Tabaa's (citizens) life and property is a responsibility on you bestowed upon you by Sharia, what should be done is obvious then. End all relations with the real perpetrators of these terrorist attacks, these colonialist nations, and deport their representatives of our lands immediately! Do not forget that who befriends Allah will have the Muslims always beside him. But those who befriend England, America, Russia, the Jewish entity and other Western nations will one day find no one beside them and will not dare to fight such an enemy when they have such friends!
