

Press Release

**America Landing its Soldiers in Yemen to Kill,  
While Rivals Watch, Rather Coordinate with them!!**

(Translated)

US Defense Department, announced on Sunday, the killing of one of its soldiers and wounding three others after clashes with al-Qaeda militants in Yemen. The French news agency "AFP" quoted the Pentagon as saying, "A US service member was killed and three were wounded in a raid on al-Qaeda in al-Bayda province central Yemen, without giving further details."

Earlier in the day, local sources reported to "Yemen Monitor", that the tribal militants with suspected links to al Qaeda shot down a US warplane in Qifah Rada'a area in al-Bayda province, in conjunction with US forces undertaking air landing operation on nearby locations. The sources added that "The air landing operation by the US forces left dozens of dead and wounded, among them women and children, and including tribal chiefs accused by Washington of belonging to al Qaeda who were identified as Abdul-Raouf al-Dhahab, Sultan al-Dhahab, and Saif al-Jawfi."

*The New York Times* said the raid on al-Qaeda headquarters in al-Bayda was the first ground operation signed by US President Trump.

Social media sites close to al-Qaeda in Yemen, communicated a statement issued by the organization in which it explained the details of the military landing operation in "Yekla" in al-Bayda province - central Yemen.

According to the statement issued by the organization, which it said was reported by its correspondent in the region, "an American landing targeted a village in the region on Sunday, killing dozens, including many children and women". According to those pages which relayed the statement, "American planes were in the air since 9 p.m. but the operation only began at 2 a.m. on Sunday, when four Apache planes launched raids with 16 missiles targeting three houses in the village, followed by landing of American soldiers and sparking clashes that lasted for two hours where a number of American soldiers were killed or wounded." The statement added that "the US soldiers opened fire on women and children, killing a large number of them in a heinous crime and a terrible massacre." The statement concluded saying: "The total death toll from the village mounted to nearly thirty women, children and men."

This American crime in Yemen came under the pretext of the fight against what it calls (terrorism), at a time when political parties clash and fight, service to the Anglo-American conflict that decimated the country and its people. And the shameful is that each party claims to be fighting for the sovereignty of the country, and here is America through its haughtiness rubbing the alleged sovereignty in the sand. Both the conflicting parties in Yemen were aware of the crime before it happened, rather America coordinates with them and they help it in its crime; whether they are the Houthi side who chant death to America and their ally Ali Saleh, or the Hadi side, backed by the coalition states, which dominate air in Yemen, everyone is conspiring against Yemen and its people, struggling for power without regard for the country and its sovereignty. And if there were any good in them they would have stopped facing their arms against each other and would have directed them towards the real enemy, who is conquering them in their own backyard!!

O people of belief and wisdom! It is time to learn the truth of the conflicting parties in your country, and to know the truth of the rulers who flaunt championing your issues, and the fact of their coalitions serving the Kaffir colonizer, led by America. It is time to learn the truth of the hostile slogans to America and that they are just deceptive and misleading slogans, and that Hizb ut Tahrir invites you to work with it for your glory, your sovereignty and the unity of your ranks, and for extinguishing sedition among yourselves; by working to establish a Khilafah (Caliphate) state on the method of the Prophethood, for it will protect you and by it you will cut out the hands of colonialists from your country, and that day the believers will rejoice in the victory of Allah.
