Houthi Militias Waited for and Arrested a Member of Hizb ut Tahrir on the Road to his Work

(Translated)

Houthi militias arrested Brother Nashwan Jassar (37 years old) a member of Hizb ut Tahrir in the Wilayah of Yemen, on Saturday, 8/4/2017 following his visit to some of the events and to the imams of mosques in the capital Sana'a, reminding them of the anniversary of the destruction of the Khilafah (Caliphate) on the 28th of Rajab 1342 AH corresponding to the 3rd of March 1924 CE; presenting them a viable Islamic project as a way out to what the country is experiencing in light of the Anglo-American conflict in Yemen, with its regional and local tools, which dragged the people of Yemen into disasters of strife, killing, destruction, famine, disease, a general paralysis of institutions, the stop of services, non-payment of salaries for seven consecutive months. Br Nashwan Jassar's car was monitored by the militias and then they blocked his way before his arrival to his office, they told him that there was a suit filed against him from the police station in Baghdad Street and they took him there and then transferred him to the police station in Athban area. He has not been released yet.

This comes in light of the state of emergency that the militias intend to impose after having exhausted all their means and methods in combating and countering the popular discontent they are facing, even from the supporters of their ally Ali Salih and his party. The emergency law repeals the constitution and reinforces the Supreme Revolutionary Committee to be in charge of the administration of the country, after Ali Salih and the Houthis have formed their political council and their government equally, but the dispute is still raging between the allies and appear to the public in the meetings of the House of Representatives, the media and the heads of the two parties, in light of the deteriorating conditions and looting of funds and not paying the salaries and competing for positions and Ali Salih's attempt to preserve what remains of his power and influence inside the country. But the Houthis' greed to seize everything and the monopoly of the rule prevents him from that as the Houthis fear their ally Ali Salih will overthrow them.

Facing the word of truth in a leaflet or discussion with empty rhetoric, arrests, and intimidation of the Dawah carriers of Hizb ut Tahrir is true bankruptcy of these arrogant chaotic militias, which have failed to manage any of the cities, with iron, fire and emergency laws, following the way of the tyrants and rulers of darkness. They have planted fear and strife among the people of Yemen, and looted public property, and subjected the country to wars to serve the Kaffir colonialist. We wish if they implemented Islam when they came to power, and ruled by what Allah (swt) has revealed and fought America, which bombs with its warships and planes the people of Yemen from the Yemeni coasts, according to their chants

and slogans! Unfortunately the one who is deprived of something cannot offer it, and how can he realize the impact of his actions while begging and asking for solutions from the criminal Security Council or Russia and the Western colonial countries that kill Muslims everywhere!!

We call on them with the brotherhood of Iman and advise them to return to their senses by adhering to the rules of Islam and repentance from injustice and following of the oppressors, and the service of Western schemes, especially the United States', which seeks to tear up the country and ignites sectarian and religious strife between the slaves (of Allah). And we call upon them to release the oppressed detainees and stop fighting the sincere believers in Allah, we remind them that in the month of Rajab the people of Yemen entered Islam and remained in the fold of the state founded by Muhammad (saw) and his pure companions. They should return to Islam and to ruling by it and the establishment of its state, and to work with Hizb ut Tahrir, which vowed to do so, and not to be a stumbling block in the path of Allah like Mustafa Kamal, the criminal, who fought the Khilafah and abolished it with the support of the British on the 28th of Rajab 1342 AH, after which Muslims became in this state of humiliation and division.

We also call on our people in Yemen, the people of Iman and wisdom who have taken refuge in Islam and its state led by Muhammad (peace be upon him) in the month of Rajab, he sent with them the great companion Mo'az bin Jabal, may Allah be pleased with him as a judge, and their ancestors were the carriers of the banner of Islam for humanity. We call them to work in this month to emerge from their miserable situation, and desperate hardship to establish the righteous Khilafah on the method of Prophethood, especially that the anniversary of the destruction of the Khilafah passes by and their situation, and the state of the Ummah is what they live and see, is that of humiliation, weakness, division, and fighting. The reality is witness to this, requiring them to work to support Islam and its workers to bring back their state.

Members of Hizb ut Tahrir in the Wilayah of Yemen will remain, Allah willing, on the method of their Prophet (saw), proceeding and working towards achieving their goal of resuming the Islamic life by establishing the righteous Khilafah on the method of Prophethood. They do not raise weapons in the face of their Ummah, nor do they provide them except with good resources, the oppression of the tyrants will not stop them, nor will the plotting of the evil ones, until Allah (swt) judges between them and those people, with the truth, Allah is the Best of judges.
