The Speech of Scholar Sheikh Ata Bin Khalil Abu Al-Rashtah to his Facebook Page Visitors on the Occasion of the Blessed Eid Al-Adha for the Year 1435 AH Corresponding to 2014 CE

(Translated)

Allahu Akbar... Allahu Akbar... Allahu Akbar...

There is no God but Allah...

Allahu Akbar... Allahu Akbar, Praise be to Allah

To the noble Muslim Ummah, to the Pilgrims to the House of Allah, to the noble Dawah carriers, to the respected page visitors

As Salaam Alaikum Wa Rahmatullah Wa Barakaatuhu

May Allah accept your good deeds and make this Eid full of good and blessings... May Allah accept from the pilgrims their Hajj, and May Allah (Most Merciful and most Beneficent) make it a Hajj Mabroor, a gracious Sa'i, and forgiven sins.

Dear brothers and sisters:

If it wasn't because Allah (swt) made Eid a source of happiness that fills the hearts of the Muslims with delight and joy, and time of good family ties, and for congratulations and good greeting to spread amongst the Ummah, and if it wasn't for the promise of Allah (swt) to this Ummah:

﴿وَعَدَ اللَّهُ الَّذِينَ آمَنُوا مِنْكُمْ وَعَمِلُوا الصَّالِحَاتِ لَيَسْتَخْلِفَنَّهُمْ فِي الْأَرْضِ كَمَا اسْتَخْلَفَ الَّذِينَ مِنْ قَبْلِهِمْ وَلَيُمَكِّنَنَّ لَهُمْ دِينَهُمُ الَّذِي ارْتَضَى لَهُمْ﴾

"Allah has promised those who have believed among you and done righteous deeds that He will surely grant them succession [to authority] upon the earth just as He granted it to those before them and that He will surely establish for them [therein] their religion which He has preferred for them" [an-Nur:55]

And if it wasn't for the glad tiding of the Prophet (saw) of the return of the guided Khilafah as He (saw) said: «ثُمَّ تَكُونُ خِلَافَةٌ عَلَىٰ مِنْهَاجِ النَّبُوءَةِ» "Then there will be Khilafah upon the method of the Prophethood".

And if it wasn't for a party which is sincere to Allah (swt) and true to the Prophet (saw), working day and night praying and beseeching Allah to open by their hands, and establish the Khilafah and bring back the glory of Islam and the Muslims.

If it wasn't for all the above we would not have seen the smile appear on our faces, because there is a wound in the heart, and an obstruction in the throat, and that is because of the large number of tragedies that surrounds Muslims from front and from behind, from the left and right; the Khilafah has been absent for nearly a century, Muslims are torn apart and fragmented, ruled by the

ignorant oppressors who are not ashamed of their actions in front of Allah, His Messenger, and the believers, not to mention the aggression by the colonialist Kuffar and their allies against the lands and the people, as if Muslim countries is the battlefield to spill our blood and violate our sanctities...

If you start from where the sun rises, passing by Timor from Indonesia, in your way you will see Burma, and what news we have of Burma, the Muslims' situation there is heart breaking, because of the crimes of the Buddhists and their atrocities, which monsters of the jungle dissociate from them... and then you will pass by the tragedies of Bangladesh, and after that you reach Kashmir and the crimes of India there... and to Pakistan and its tragedies and the aggression of American aircrafts on Waziristan... and then to Afghanistan and its occupation by America and NATO, where there is almost no day devoid of brutal massacres... If you move upwards to the north you will see Chechnya and the Caucasus and Crimea which is attacked by the hands of Russia which is entrenched in crime and bloodshed... If I walk from there to the east of East Turkestan, you will see China which is full of many forms of aggression... to the Mediterranean and you will find Cyprus which is controlled by the Greek Cypriots after being stripped of Turkey the mother land.

But if you walk south and reach the seashore, you will find the heart of the Muslim countries, the blessed land, Palestine, the first Qiblah, and you'll see the usurpers Jews committing the crimes and massacres there, and you will hear the whining of agony of its Masjid, which is suffering from a deep wound which keeps it barely standing ... then Ash-Sham and all that we know of what is in Ash Sham, the flowing blood, which is not only because of the tyrant of Ash-Sham, but by the fighting of Muslims among themselves as well, the fire of this murder and bloodshed ignites the aggression of the colonialists kuffar and their rogue agents, with their plane missiles, and rocket launchers from the seas and the ocean, and from the bases stationed on land of the Gulf... then Iraq the sister of Ash-Sham in the tragedies and calamities.

If you walked south to Yemen, which was the happy Yemen you will see that it has become sad and is hit by tragedies of fighting, fueled by the colonialists Kuffar states that turned it into a field of their competition over our skulls and our blood.

If you walk to where the sun sets, you will find Muslims fighting amongst themselves in Libya... and you will find Egypt and the army of Egypt, which has cleared the ground of the Crusaders and the Tatars, you will find that the rulers have busied it with internal matters, and they do not lift a finger towards the Jewish usurpers of Palestine who are a stone's throw away from it...then If you head towards Central Africa you will see that the Muslims have suffered for long the harm and damage and shedding of the pure blood and rape, which is unspeakable... then its neighbor Sudan, with its south separated from the north, leaving the wound to bleed... then Somalia is reeling from the terrible pain and gruesome fighting of the many years.... All this in the Muslim land because of the aggression of the colonialists Kuffar and their stooges the oppressive rulers.

The tragedies of Muslims in the lands of the Kuffar are endless, those nations want Muslims to abandon their Islam, they even attack the dress of Muslim women, they want to silence the Azan, and they want to spread hatred against them in their communities and their lives, even in the streets.

The tragedies were since the absence of the Khilafah, they followed in succession, they are accumulated misfortunes that confuses the patient one.

Dear Brothers and Sisters:

I repeat what I started with, from "if it wasn't for...and beyond and realize to reflect on the verses of Allah (swt): ﴿فَإِنَّ مَعَ الْعُسْرِ يُسْرًا * إِنَّ مَعَ الْعُسْرِ يُسْرًا﴾ **"For indeed, with hardship [will be] ease. Indeed, with hardship [will be] ease"** [Ash-Sharh: 5-6]

﴿حَتَّىٰ إِذَا اسْتَيْأَسَ الرُّسُلُ وَظَنُّوا أَنَّهُمْ قَدْ كُذِّبُوا جَاءَهُمْ نَصْرُنَا فَنُجِّيَ مَنْ نَشَاءُ وَلَا يُرَدُّ بَأْسُنَا عَنِ الْقَوْمِ الْمُجْرِمِينَ﴾

"[They continued] until, when the messengers despaired and were certain that they had been denied, there came to them Our victory, and whoever We willed was saved. And Our punishment cannot be repelled from the people who are criminals." [Yusuf: 110]

Reflecting on the arrival of people of Medina, the Ansar of Allah and His Messenger, they came to the Messenger of Allah (saw) in difficult conditions, starting from that year, the year of grief when Khadija (ra), the mother of believers passed away, and then was the death of Abu Talib, who was providing protection to the Messenger of Allah (saw), and then followed the violent response from the people of Taif, which left the Messenger of Allah (saw) bleeding... in these painful years to the Messenger of Allah (saw) was the advent of the Ansar, and the first and second pledge of allegiance, then the migration of the Prophet (saw) and the establishment of the state.

Reflecting on this shows that there is hope after the pain, and glad tidings of joy after the reality of grief, and ease after hardship, and comfort after suffering for far too long, and Allah's mercy and prayers after *ina llah wa ina ilayhi raji'oon* ... then follows good and victory... good and victory... good and victory

﴿وَيَوْمَئِذٍ يُفْرِخُ الْمُؤْمِنُونَ * يُنصِرِ اللَّهُ يُنصِرُ مَنْ يَشَاءُ وَهُوَ الْعَزِيزُ الرَّحِيمُ﴾

"And that day the believers will rejoice * In the victory of Allah. He gives victory to whom He wills, and He is the Exalted in Might, the Merciful." [Ar-Rum: 4-5]

In the end, I extend my greetings to you, and I pray the best for you, May Allah accept all your good deeds, and bestow upon you His Bounties and Blessings.

Wassalamu Alaikum wa Rahmat Allahu wa Barakatu

The night of the blessed Eid Al-Adha for the year 1435 after Hijra.

Your brother,
Ata Bin Khalil Abu Al-Rashtah □

The Neo-Crusaders Unite their Guile and Continue their Killing and Aggression against Muslim Countries and the Rulers in the Region Fight under their Banner Unashamed of Allah and His Messenger and the Believers

(Translated)

America still continues its aggression on the Muslim countries with aircraft missiles and warships rockets since it began its latest rounds in Iraq on 08/08/2014 CE. This aggression was escalated with raids on Syria on 23/9/2014, recruiting with it the traitor rulers in the region, the alliance and their followers have followed: France on 19/09/2014 and Britain with the consent of its parliament on 26/09/2014, and their followers. They share animosity with America towards Islam and Muslims, and follow its steps to get a share of something! Thus the French aircraft dived in behind America in that aggression and Britain lined up as well with this brutal crowd, with everyone inventing flimsy excuses for the war on ISIS and on terrorism, while destroying the wealth of the Ummah, claiming the lives of civilians and spreading the domination of colonialist Kuffar in the region!

The old Crusaders and their followers from the Tatars have invaded the Muslim lands, but the Ummah stood with all its strength in its face, as Mujahideen for the sake of Allah (swt), and demolished their bases, tore up their unity, and made them a figment of the past, and the lands were brilliantly purified from the abomination of the people of evil and hypocrisy; the Crusaders were gone and Tatars followed behind them, and the believers rejoiced in Allah's victory ﴿يَنْصُرُ مَنْ يَشَاءُ وَهُوَ الْعَزِيزُ الرَّحِيمُ﴾ "He gives victory to whom He wills, and He is the Exalted in Might, the Merciful" [Ar-Rum: 5]

Obama today and the neo-Crusaders renew their guile and throngs against the Muslim countries, this is not strange or baffling that they do, for they are: ﴿هُمْ الْعَدُوُّ فَاحْذَرَهُمْ قَاتَلَهُمُ اللَّهُ أَنَّى يُؤْفَكُونَ﴾ "They are the enemy, so beware of them. May Allah destroy them; how are they deluded?" [Al-Munafiqun: 4]

As for the rulers of the Muslim countries joining these throngs, sending their planes to bomb the land and its people at a time when their planes do not move a finger toward the Jewish usurpers of Palestine; where the Jews recently committed a brutal aggression on Gaza, and are still wreaking corruption in the Blessed Land... These silent aircrafts toward the Jews, yet are active and mobilized in the ranks of the Kuffar are truly one of the major sins.

O Muslims: You are the Ummah of glory enjoining good and forbidding evil believing in Allah (swt), how can you remain silent over the brutal criminal aggression waged by the enemies of Islam and Muslims on the land and the people? How is it that you do not hasten your sons in the armed forces to change these rulers loyal to the colonist Kuffar, so that these shining good

deeds will be recorded for parents and sons, in this world and the Hereafter by a noble ink? How can you not exert effort with your sons, the pilots, to direct their strikes towards the usurpers of Palestine? How can you not urge your pilot sons to stop dropping any missiles over the Ummah's wealth, mountains, and plains which were opened by your ancestors for the sake of Allah (swt), not one area was empty of a drop of blood from a martyr or a dust from a Mujahid's horse? How can you not spend the effort to prevent your sons from selling their Akhira for the Dunya of Obama and his followers from the alliance and agents?

O pilots who fly your planes to kill your brothers when you do not fly them to fight your enemy, occupiers of the land of Isra and Mi'raj, the land of Al-Aqsa the captive, the land of the free Muslim men and women who are banned from praying in it? Is there no wise man amongst you to twist the nose the plane to have it rain fire over the colonist Kuffar and over the Jews? The killing of your Muslim brothers in Syria or Iraq is a grave sin to Allah (swt), its perpetrators will enter Hellfire with blazing flames in the Hereafter, and will attach an open shame in the world that will not depart him, the demise of the world to Allah is less in gravity than the killing of a Muslim. Tirmidhi extracted from Abdullah ibn Amr that the Prophet (saw) said: «لَرَوَالِ الدُّنْيَا أَهْوَنُ عَلَى اللَّهِ مِنْ قَتْلِ رَجُلٍ مُسْلِمٍ» "The demise of the world to Allah is less in gravity than the killing of a Muslim man".

O battalions and militant factions in Syria and Iraq: The treatment of the deviation of ISIS is not by seeking the assistance of America and its alliances, they do not care about the ISIS organization as much as they care for their interests and to extend their influence and domination over the region. And they do not give you any weight except when it is in return for your service to their interests, and they want you to become their slaves as the traitor rulers in the region, which is a declared matter and not hidden. They want to provide you with training not to fight the tyrant of Ash-Sham, but to fight among yourselves. We are aware that the ISIS organization kills the sons of Muslims and detains them including members of Hizb ut Tahrir, but we also recognize that America has mobilized its throngs, not to remove ISIS, but to extend its influence and hegemony over the region by preparing the colonial solution for the regime in Iraq and the regime in Syria, and the two regimes are the entrance to the expansion of this colonialism, the new threat over the whole region if they do not succeed in their evil quest, and they now want to distract you in fighting till America has finished in preparing the alternative. Then it will dump you, unless you become its obedient servants following orders, as it has done and still does with the traitor rulers who have served it for years and years and when their roles were exhausted it left them to a dark fate and to the abyss. If you study Obama's strategy you will see that it has a long time frame in the preparation and training mobilization for years until it finds the current agent who will replace the former one... There is no good for Syria or Iraq or the people of Syria and Iraq in Obama's and the alliance's strategy, how can this be so if they: «لَا يَرْقُبُونَ» "How [can there be a treaty] while, if they

gain dominance over you, they do not observe concerning you any pact of kinship or covenant of protection?" [At-Tawba: 8] It is a strategy of lasting control over the region and its surroundings that America wants, as if it is telling itself that "the coast is clear, so do what you want".

O Muslims, O Pilots, O Revolutionaries, Battalions, and Factions: The deviation of ISIS is to be resolved by your hands and intellect not using the colonialist Kuffar, and not by fighting amongst yourselves, the evil of ISIS is a thousand times less than the evil of America and their alliance, if they succeed in the acquisition of the land and the people. Evil is not addressed by a larger and greater evil, but evil is addressed with good, deviation is solved by putting it straight, and the corrupt is solved by the righteous. All of this is explained in the Rulings of your Deen; then the promise of Allah (swt) will be fulfilled by on your hands.

﴿وَعَدَ اللَّهُ الَّذِينَ آمَنُوا مِنْكُمْ وَعَمِلُوا الصَّالِحَاتِ لَيَسْتَخْلِفَنَّهُمْ فِي الْأَرْضِ كَمَا اسْتَخْلَفَ الَّذِينَ مِنْ قَبْلِهِمْ وَلَيُمَكِّنَنَّ لَهُمْ دِينَهُمُ الَّذِي ارْتَضَى لَهُمْ وَلَيُبَدِّلَنَّهُمْ مِنْ بَعْدِ خَوْفِهِمْ أَمْنًا يَعْبُدُونَنِي لَا يُشْرِكُونَ بِي شَيْئًا وَمَنْ كَفَرَ بَعْدَ ذَلِكَ فَأُولَئِكَ هُمُ الْفَاسِقُونَ﴾

"Allah has promised those who have believed among you and done righteous deeds that He will surely grant them succession [to authority] upon the earth just as He granted it to those before them and that He will surely establish for them [therein] their religion which He has preferred for them and that He will surely substitute for them, after their fear, security, [for] they worship Me, not associating anything with Me. But whoever disbelieves after that - then those are the defiantly disobedient" [An-Nur: 55] And you will be honored by Allah (swt) by fulfilling the glad tiding of His Messenger (saw), «...then there will be Khilafah upon the method of the Prophethood»

Then Earth will shine with the Khilafah once again and the neo-Crusaders will follow their predecessors without any reward except defeat and grief. ﴿وَاللَّهُ غَالِبٌ عَلَىٰ أَمْرِهِ وَلَكِنَّ أَكْثَرَ النَّاسِ لَا يَعْلَمُونَ﴾ "And Allah is predominant over His affair, but most of the people do not know" [Yusuf: 21]

O Muslims, O Pilots, O Revolutionaries, Battalions, and Factions: Hizb ut Tahrir calls upon you, will anyone respond? Hizb ut Tahrir reminds you, will anyone remember? Hizb ut Tahrir invites you to look at your history, will anyone take heed? Hizb ut Tahrir is showing you the way, O people of sight take heed. ﴿إِنَّ فِي هَذَا لَبَلَاغًا لِقَوْمٍ عَابِدِينَ﴾ "Indeed, in this [Qur'an] is notification for a worshipping people" [Al-Anbiya': 106]□

Lebanese Authorities Carry out Inhumane and Unethical Acts against the Displaced Syrians

(Translated)

In the last three days the Lebanese authorities raided camps of the displaced Syrians in the town of Arsal and other places, and arrested more than a thousand men in these camps, and tied them up severely, with their faces shoved to the ground, the soldiers kicked them their faces and heads with shoes, and also humiliated many women. They burned down their tents and baggage, and accused them of helping the militants who reside in the mountains.

It was revealed by some of the media that this is a plot to take a number of the displaced Syrians as hostages in exchange for their military hostages kidnapped by the militants. After non-transparent investigations, some of the detained have been released; the remaining over eighty detainees were kept in custody. If this plot is true, then the one who plotted it and the one who ordered its execution would have committed a foolish mistake with dangerous consequences, instead of solving the problem of the kidnapped, it will aggravate it. We do not defend the operations of kidnapping military personnel in Arsal, as we do not defend the assassinations of the army or security forces or others. And we do not acknowledge in any way the execution of any one of those abducted; since the Shariah ruling that we understand and adopt is that it is not permissible to kill the prisoner even if he was taken from the enemy's army in a fighting battle, Allah (swt) says:

﴿فَإِذَا لَقِيتُمْ الَّذِينَ كَفَرُوا فَضَرْبِ الرِّقَابِ حَتَّىٰ إِذَا أَتَخْتَنُمُوهُمْ فَشُدُّوا الْوَتَاقَ فَإِمَّا مَنًّا بَعْدُ وَإِمَّا فِدَاءً حَتَّىٰ تَضَعَ الْحَرْبُ أَوْزَارَهَا﴾

"So when you meet those who disbelieve [in battle], strike [their] necks until, when you have inflicted slaughter upon them, then secure their bonds, and either [confer] favor afterwards or ransom [them] until the war lays down its burdens. That [is the command]. And if Allah had willed, He could have taken vengeance upon them [Himself], but [He ordered armed struggle] to test some of you by means of others. And those who are killed in the cause of Allah - never will He waste their deeds." [Muhammad: 4]

This noble verse confirms that it is prohibited to the kill the one who is captured, but should be released either with or without a ransom, this is in the case of the prisoner of war of the enemy, therefore what if he was kidnapped and is not an enemy and not in a state of war?

The authorities are now raiding the camps of the displaced people and have ordered a media blackout regarding what they are perpetrating, and they publish news that blurs the truth, but it will surface despite their attempts to obscure the truth. We address the people, especially the Muslims: these displaced people are your brothers and sisters, they were afflicted with the calamity of forced

displacement and they sought refuge in you, you are not Islamically permitted to reject them or to be negligent in looking after them, but you must help them with a cheerful disposition. If you find anyone who abuses and assaults them then you have to stand up to stop him, and you will be their protector, supporter, and assistant. Even if they were assaulted or harassed by the official authorities, Allah (swt) said: ﴿إِنَّمَا الْمُؤْمِنُونَ إِخْوَةٌ﴾ "The believers are but brothers" [Al-Hujurat: 10] And the Messenger of Allah (saw) said:

«الْمُسْلِمُ أَخُو الْمُسْلِمِ لَا يَظْلِمُهُ وَلَا يُسْلِمُهُ، وَمَنْ كَانَ فِي حَاجَةِ أَخِيهِ كَانَ اللَّهُ فِي حَاجَتِهِ، وَمَنْ فَرَّجَ عَنْ مُسْلِمٍ كُرْبَةً، فَرَّجَ اللَّهُ عَنْهُ كُرْبَةً مِنْ كُرْبَاتٍ يَوْمَ الْقِيَامَةِ، وَمَنْ سَتَرَ مُسْلِمًا سَتَرَهُ اللَّهُ يَوْمَ الْقِيَامَةِ»

"The Muslim is a brother of a Muslim, he does not oppress him nor betray him, and whosoever wanted to meet the need of his brother, Allah will meet his need, and whosoever relieves a Muslim of a hardship, Allah will remove one of his hardships on the Day of Resurrection, and whosoever conceals the faults of a Muslim, Allah will conceal his faults on the Day of Resurrection" [Bukhari and Muslim] And he (saw) said:

«مَا مِنْ أَمْرٍ يَخْدُلُ أَمْرًا مُسْلِمًا فِي مَوْضِعٍ تَنْتَهَكَ فِيهِ حُرْمَتُهُ وَيُنْتَقِصُ فِيهِ مِنْ عَرْضِهِ، إِلَّا خَدَلَهُ اللَّهُ فِي مَوْطِنٍ يُحِبُّ فِيهِ نُصْرَتَهُ، وَمَا مِنْ أَمْرٍ يَنْصُرُ مُسْلِمًا فِي مَوْضِعٍ يَنْتَقِصُ فِيهِ مِنْ عَرْضِهِ وَيَنْتَهَكَ فِيهِ مِنْ حُرْمَتِهِ، إِلَّا نَصَرَهُ اللَّهُ فِي مَوْطِنٍ يُحِبُّ نُصْرَتَهُ»

"Whosoever betrays a Muslim in a position where his sanctity and honour are violated but Allah (swt) will betray him where he loves to be supported, and whosoever supports a Muslim where his sanctity and honour are violated, Allah (swt) will support him where he loves to be supported." [Sunan Abi Da'oud, Tabarani, and Baihaqi] Remember, when Muslims of Mecca migrated to Medina, how the Muhajiroon (immigrants) were greeted by the Ansar (supporters).

Note that the state receives aid from many different sources because of the displaced, the state has no right to even imply that it is doing them a favor, how then does it allow itself to treat them with this cruelty and torture, and repeat their displacement.

O Lebanese authority, this injustice shows the ignorance in governance and not only hatred and prejudice, it demonstrates ignorance because the authority by this is building the basis for a dire consequences. We ask Allah (swt) to enlighten the minds of those in power and guide them to know how to govern.

﴿قَدْ جَاءَكُمْ مِنَ اللَّهِ نُورٌ وَكِتَابٌ مُبِينٌ ﴿١٥﴾ يَهْدِي بِهِ اللَّهُ مَنِ اتَّبَعَ رِضْوَانَهُ سُبُلَ السَّلَامِ وَيُخْرِجُهُم مِّنَ الظُّلُمَاتِ إِلَى النُّورِ بِإِذْنِهِ وَيَهْدِيهِمْ إِلَى صِرَاطٍ مُسْتَقِيمٍ ﴿١٦﴾﴾

"There has come to you from Allah a light and a clear Book. By which Allah guides those who pursue His pleasure to the ways of peace and brings them out from darkneses into the light, by His permission, and guides them to a straight path" [Al-Ma'ida: 15-16]□

Kurds are Part of the Muslim Ummah and the Injustice Inflicted Upon them is Part of the Injustice Done to the Muslim Ummah

(Translated)

Muslims have suffered greatly from the ideological war waged on them by the Kaffir West to form them into sects. One of the main ideas used to eliminate their ideological, political and geographical unity is the idea of nationalism that made the Muslims, after they were one nation to the exclusion of other people, has made them fragmented on the basis of ethnicity. So the Arab became proud of his "Arabism", the Turkish of his "Turkism", the Persian of his "Persianism", and the Kurdish of his "Kurdism". This notion has brought the Muslims miseries, especially to our Kurdish brothers, as their blood was shed on the altars of nationalism, just like the rest of the nationalities, but the Kurdish brothers had been suffering their fortune from exploitation, more than others. The Kurdish parties had exploited them before others, and the regimes and the international community continue to exploit them; sometimes under the pretext of protection of minorities, at other times under the excuse of the right to self-determination, and at others of self-rule. All of that in order to pass their plans to further divide the Muslim countries and their people so that it becomes easier for them to control the country and its resources, and to tear their Islamic brotherhood.

How greatly our Kurdish brothers and sisters have suffered the regimes injustice that works day and night to create a rift between the Kurds and their brothers and sisters of Arabs, Turks and others; the events that took place in the Court of Qamishli are not far away from our memories.

As we see the tragedy that has befallen everyone, especially our Kurdish brothers and sisters of persecution, oppression, injustice, siege and displacement, it becomes necessary that we all work together to address the problem fundamentally. For we are one Ummah to the exclusion of other people, and Allah Almighty says:

﴿يَا أَيُّهَا النَّاسُ إِنَّا خَلَقْنَاكُمْ مِنْ ذَكَرٍ وَأُنْثَىٰ وَجَعَلْنَاكُمْ شُعُوبًا وَقَبَائِلَ لِتَعَارَفُوا إِنَّ أَكْرَمَكُمْ عِنْدَ اللَّهِ أَتْقَاكُمْ إِنَّ اللَّهَ عَلِيمٌ خَبِيرٌ﴾

"O mankind, indeed We have created you from male and female and made you peoples and tribes that you may know one another. Indeed, the most noble of you in the sight of Allah is the most righteous of you. Indeed, Allah is Knowing and Acquainted." [Al-Hujurat: 13]

Kurds are part of the Islamic Ummah, we are anguished for their grief, and complain for their complaints. We must all take off these notions of ignorance that have poisoned our minds and distanced us from our Deen, and must wear the cloak of piety that makes people equal. The Messenger of Allah (saw) said: « لا فرق لعربي على أعجمي إلا بالتقوى » **"There is no difference between an Arab and an Ajam (non-Arab), except by piety"**. So that we return as we were, despite the plots of the enemy, loving brothers for the sake of Allah; our peace is one and our war is one. We oppose those who defy Allah and His Messenger, and ally those who ally Allah and His Messenger. With this we become one hand united in the face of the enemies of Islam, especially at the time the Islamic Ummah is witnessing a difficult labor marking a new birth of the Khilafah Rashideh State that will change the face of the world, and take revenge for every Muslim; be him Arab, Kurd or otherwise of other peoples.

O Muslims, from any country of the Muslim countries; Arabs, Kurds and Ajams: Our Lord is one, our Prophet is one, our Deen is one, our enemy is one, and our calamity is one, so let us unite on what pleases our Lord and establishes our Deen. We must know that the only solution to the Muslim Ummah is the existence of one ruler who rules us by the Book of Allah (swt) and the Sunnah of His Prophet (saw), so that he gathers its unity, unites the people, and protects its heart of power from any attack. In which Kurds, Arabs, Turks and other peoples are melted into one pot, which is the pot of the unifying Islam; wherein everyone has equal rights, and equal duties. So that everyone rejoices in the brotherhood of Iman and the justice of Islam, He (swt) says: « إِنَّمَا الْمُؤْمِنُونَ إِخْوَةٌ » **"The believers are but brothers."** [Al-Hujurat: 10]

We in Hizb ut Tahrir invite everyone to the diligent and sincere work for the disposal of the domination of the Kaffir West, and liberation from all forms of colonialism: political, economic, military and ideological; through the establishment of the Khilafah Rashideh, which the Messenger of Allah (saw) gave us its good tidings.

﴿ وَيَوْمَئِذٍ يَفْرَحُ الْمُؤْمِنُونَ ﴿٤٥﴾ بِنَصْرِ اللَّهِ يَنْصُرُ مَنْ يَشَاءُ وَهُوَ الْعَزِيزُ الرَّحِيمُ ﴾

"And that day the believers will rejoice; In the victory of Allah. He gives victory to whom He wills, and He is the Exalted in Might, the Merciful." [Ar-Rum: 4-5]□

A Call from the Blessed Land to the Muslims and their Armies to Establish the Deen, Support the Muslims and Liberate Palestine

(Translated)

All praise be to Allah and may all praise be to Allah... and peace and blessings be upon the Messenger of Allah and upon His Family, companions, and those who follow Him.

O Muslims... O Armies... O Sincere Ones in the Muslims Lands,

On this blessed day of the 9th of Dhul Hijjah,

And on this blessed day, Friday,

On this blessed day, Muslims are gathered on Mount Arafat, turning to Allah for their needs and as Muslims gather for Friday prayers in their mosques, we send our call from the blessed Masjid Al-Aqsa to the Muslims in the Ash-Sham, Iraq, Yemen, Turkey, and Pakistan in particular and to Muslims in general... we say: This is the day of Arafah where the disassociation from the polytheist was declared:

﴿وَأَذَانٌ مِنَ اللَّهِ وَرَسُولِهِ إِلَى النَّاسِ يَوْمَ الْحَجِّ الْأَكْبَرِ أَنَّ اللَّهَ بَرِيءٌ مِنَ الْمُشْرِكِينَ وَرَسُولُهُ فَإِنْ تُبْتُمْ فَهُوَ خَيْرٌ لَكُمْ وَإِنْ تَوَلَّيْتُمْ فَأَعْلَمُوا أَنَّكُمْ غَيْرُ مُعْجِزِي اللَّهِ وَبَشِّرِ الَّذِينَ كَفَرُوا بِعَذَابٍ أَلِيمٍ﴾

"And [it is] an announcement from Allah and His Messenger to the people on the day of the greater pilgrimage that Allah is disassociated from the disbelievers, and [so is] His Messenger. So if you repent, that is best for you; but if you turn away - then know that you will not cause failure to Allah. And give tidings to those who disbelieve of a painful punishment." [At-Tawba: 3]

This is the day of Arafah, in which the Messenger of Allah (saw) reminded you by saying:

«إِنَّ دِمَاءَكُمْ، وَأَمْوَالَكُمْ، وَأَعْرَاضَكُمْ، وَأَبْشَارَكُمْ، عَلَيْكُمْ حَرَامٌ، كَحُرْمَةِ يَوْمِكُمْ هَذَا، فِي شَهْرِكُمْ هَذَا، فِي بَلَدِكُمْ هَذَا، أَلَا هَلْ بَلَّغْتُمْ» قُلْنَا: نَعَمْ، قَالَ: «اللَّهُمَّ اشْهَدْ، فَلْيُبَلِّغِ الشَّاهِدُ الْغَائِبَ، فَإِنَّهُ رَبٌّ مَبْلُغٌ يُبَلِّغُهُ لِمَنْ هُوَ أَوْعَى لَهُ»، ثم قَالَ: «لَا تَرْجِعُوا بَعْدِي كُفَّارًا، يَضْرِبُ بَعْضُكُمْ رِقَابَ بَعْضٍ»

"Your blood, your money, your honor, your property are sacred, sacred as this day, in this month of yours, in this land of yours, have I conveyed the message" We said: Yes, He said: "Oh Allah be my witness, let the one who witnessed convey this to the absent, there will be good when the one who conveys this to another who has more awareness for it than him" then said: "do not you return as Kuffar after me, striking off each other's necks".

O Armies stationed in the barracks... Is it not time for you to rise and shake off the dust of humiliation off your Ummah... Is it not time for your large army chanting the Takbeer to liberate Al-Aqsa from the filth of the Jews... O pilots in the Hijaz, Jordan, and the United Arab Emirates... Do you obey America

and carry out raids with your planes on your brothers and people, and you do not obey the command of your Lord (swt) to perform Jihad for the sake of Allah (swt) to liberate your sanctities... Where were your planes when bereaved women were crying for help in Gaza... aircrafts of the Jews demolished houses and killed the elderly and children... and destroyed mosques... and desecrates Masjid Al-Aqsa morning and night...were you not enraged to respond to the Jewish aggression, were you not moved to support your brothers. Did you not hear the words of Allah (swt): ﴿وَإِنْ اسْتَنْصَرُوكُمْ فِي الدِّينِ فَعَلَيْكُمُ النَّصْرُ﴾ **"And if they seek help of you for your religion, then you must help"** [Al-Anfal: 72].

O the best people of Ash-Sham: The head of the snake is in Damascus, so unite your objective and your ranks... and renounce America and its agents... and reject the devil's friends... be sincere to Allah (swt) and march towards the best cities, chanting Takbeers and Tahleels, determined to achieve the glad tiding of the Messenger of Allah (saw); Khilafah upon the method of Prophethood, and know that Allah (swt) is with you, helping, supporting, and protecting you, for He (swt) is the supporter of the believers and the pious.

O the best people we urge you from Masjid Al-Aqsa, not to be distracted by fighting among yourselves instead of fighting your enemy, and know that America and its alliances will not harm you except for some annoyance...this is the saying of the True Almighty:

﴿لَنْ يَضُرُّوكُمْ إِلَّا أَذَىٰ وَإِنْ يُقَاتِلُوكُمْ يُؤَلُّوكُمُ الْأَدْبَارَ ثُمَّ لَا يُنصَرُونَ﴾

"They will not harm you except for [some] annoyance. And if they fight you, they will show you their backs; then they will not be aided" [Al-i-Imran: 111]. So do not be distracted away from Damascus and let not the enemy distract you away from it, be truthful to Allah (swt), He (swt) will be truthful to you.

O the best people in the country of Iman and wisdom: O people of Yemen... Where did your wisdom go? Where is your Iman? America, the enemy of Allah (swt), is meddling with your land and spreading the seeds of discord among your sons... and fuelling hatred between your tribes... We, from Masjid Al-Aqsa implore you by Allah (swt) to stop the spilling of your blood, and protect your wealth... and unite your ranks for the establishment of Deen...O you best people in Sana'a, Arhab, and Saada... O you sincere in Dhamar, Ta'izz and Al-Bayda'... O you sincere in Al-Jawf, Marib, Abyan, Aden and Mukalla... Renounce the projects of America and the West to divide your country, and to loot your wealth, reject Satan and his followers... and proclaim the truth and stand as one, as loving brothers... raising the banner of Tawheed to establish the Deen, and swear allegiance to the Khaleefah of the Muslims.

O army of Egypt (Kenanah)... You are the strength of the Muslims, their support and reinforcement. Isn't there a righteous leader amongst you to renew the history of heroes once again on the land of Egypt, and rescues you from the subordination of the rulers who pledged Egypt and its army to America...Isn't there a righteous leader amongst you who will shake off of you the dust of

humiliation and lead your army to the squares of Al-Aqsa as Salahudeen did... O army officers of Egypt, from Masjid Al-Aqsa we implore you by Allah (swt) to give support to Allah (swt) and His Messenger (saw)... We invite you to establish the Deen... We invite you to establish the Khilafah that will save the whole of humanity from the oppression of America and its capitalist criminal system.

As for you, military officers in the Pakistani Army... we renew our call to you from the blessed Masjid Al-Aqsa and implore you by Allah (swt) to support the call of Islam, we implore you by Allah (swt) not to give America access over your country or over your brothers in Afghanistan... We implore you by Allah (swt) to respond to the call of Hizb ut Tahrir; answer the caller to Allah (swt) to establish the Khilafah.

O Muslims in Turkey... O officers in the Turkish army... your country embraced glory under the shade of the Khilafah and still landmarks of Astana and Topkapi Palace revive your fervor and spouting pride in you... Khilafah is the obligation of your Lord (swt) and the symbol and source of your pride... and members of Hizb ut Tahrir are calling you to establish it... They call on your fervor to establish the Deen of Allah (swt) on earth... how can people of their like be tried and imprisoned... We implore you by Allah (swt) from Masjid Al-Aqsa to support Allah (swt) and His Messenger (saw)... We implore you by Allah (swt) to stand with your brothers on the land of Sham and support them and not to become part of the alliance of America, the alliance of tyranny and the devil...

O Muslims in all corners of the globe... we call you from Masjid Al-Aqsa... from the home of Mi'raj (ascension) of the Messenger of Allah (saw)... and we implore you by Allah (swt) to support the Deen of Allah (swt)... and we implore you by Allah (swt) to establish the Deen, and we implore you by Allah (swt) to work with those working to establish the Khilafah. Allah (swt) is with you and will never deprive you of the reward for your deeds. O Allah (swt), we have conveyed our call to the finest Muslim people... O Allah (swt) open the hearts of the officers and armies of Muslims to support your Deen and establish your Shariah... O Allah (swt) open the hearts of the Muslims for the call of truth and reconcile between their hearts and remove the hatred and grudges between them. O Allah (swt) punish America and its allies... O Allah (swt) destroy them and their soldiers and engulf them in humiliation and disgrace and do not give them the upper hand over the Muslims, by your Mercy O Most Merciful. O Allah (swt), we ask you a righteously-guided Khilafah upon the method of Prophethood, which will bring they glory to Islam and the Muslims, and unite us by it, and by it let us achieve victory over those who oppressed us.

All praise to the Lord of the Worlds □

Martyrdom of Sister Nilofar Rahim Janav in "Zengeota" Prison

﴿ إِنَّمَا الْمُؤْمِنُونَ إِخْوَةٌ ﴾

"The believers are but brothers" [Al-Hujurat: 10]

(Translated)

"Ozodlik" radio announced that Sister Nilofar Rahim Janav was martyred in Zengeota Prison in the region of Tashkent in Uzbekistan on the 14th of this September; she was 37 years of age, and a mother of four children.

Nilofar was arrested in 2012 on charges of exceeding the limits in violation of the Terrorism Act when she was on a visit to her relatives in Uzbekistan. She was imprisoned for 10 years. Her (may Allah have mercy on her soul, *bi'thinallah*) husband, Sa'eed Younus Staravche, an active opposition lawyer, said that she was buried straight away within six hours in a cemetery in Tashkent on the order of the authorities. Prison officials did not explain the circumstances of her death.

In Uzbekistan, this Muslim country, where some 24.5 million individuals reside, Muslims constitute (according to official statistics) 88%, while 9% are Orthodox Christians, and 3% are followers of other religions.

In the first years after the collapse of the Soviet Union, people - especially young people - were increasingly drawn to learn about Islam from the original sources of the Quran and Sunnah, since their souls yearned to return to the Deen of Islam after years of communist rule. However, the oppressive regime which inherited the injustice of the collapsing communist state considered these changes as negative, so it adopted a violent policy against the Deen, and pursued a tyrannical repressive approach against Muslims, and did not observe concerning them any pact of kinship or covenant of protection, and in this it did not differentiate between a man and a woman. Thus, many Dawah carriers were arrested as well as other pious and pure Muslim women solely because they were Muslims, and they were thrown in jail on feeble grounds and in difficult and severe conditions. The most basic requirements of living were not available, which leads to weakness and general deterioration in health and suffering from some chronic diseases because of humidity and lack of exposure to the sun, not

to mention the torture and cruelty, which sometimes lead to martyrdom, as what happened to sister Nilofar.

We in the Women's Section of the Central Media Office of Hizb ut Tahrir ask Allah (swt) for mercy and forgiveness for our sister in Islam, Nilofar, and say to the tyrant Karimov and his criminal regime: Behold, the Day of Reckoning is near, by the will of Allah the Almighty, the state of oppression lasts for an hour and the truth remains to the end of time. Allah (swt) never breaks His Promise.

We will not forget your crimes of torturing Muslim women and specially the Dawah carriers from Hizb ut Tahrir through inhumane methods of arrests and abuse. We say to our sister's husband and her children: Although the oppressors everywhere are making it difficult on the Muslims to adhere to the Laws of Allah (swt), without distinguishing between men and women, the relief of Allah (swt) is near and He (swt) will avenge you from the criminals who are spiteful of Islam and its people. And to the Ummah of Islam, we say: How long will you remain silent?! Do you not see?! The path of truth is clear and it is through the re-establishment of the second guided Khilafah state upon the method of Prophethood, which will be led by an Imam who will be the shield that protects and is fought from behind. So work for it to attain the glory of this world and the Hereafter, by the Will of Allah Almighty. We pray to Allah *Azza Wa Jal* to make us witness the day when Karimov and his likes are brought to justice and the hearts of the believers will be healed, and to accept Nilofar as a martyr in the highest places in Heaven (Illiyin)...O Allah Ameen.

The Dutch Government and the International Community Use ISIS as an Excuse to Fight Islam

(Translated)

After US President Barak Obama's speech, where he announced that the United States of America will stop ISIS and other terrorist groups' terror in Iraq and Syria, the Dutch government announced its persistence to participate in the war against ISIS in Iraq, and based on this, Netherlands's Parliament decided to send eight F16 airplanes and 380 soldiers to Iraq.

The Parliament informed the Dutch people that "the terror which ISIS is carrying out must stop, and that the Caliphate which ISIS announced would attract a lot of people from Europe to join it, and when these people come back to our country, they will be a threat to society due to being affected by radicalization and extremism in the areas which witnessed wars."

It should be noted that since the people's revolution erupted in Syria, the West, with the United States of America at the forefront, trying to control it through endless plans and projects. That is why they formed what is called by the Syrian National Council, then what is called the Syrian Coalition, and then they suggested a road map to resolve the Syrian crisis. However, the fate of each of these plans was a miserable fail, and plans did not go according to the desires of the US. On the contrary, it glorified the matter of the Syrian Revolution until it came to embrace an Islamic characteristic, regardless of all of the West's attempts to end it, where Islamic Rayat (flags) were raised, barely seeing the divisive Sykes-Picot, and the Islamic cheering and banners were raised. Not only that, the expectations about establishing an Islamic State in the future increased, a state which the Syrians will accept willingly without being forcibly mandated upon them and this goes against the plans of the US and its allies.

This is the main reason behind the US forming this major alliance which gathers around 50 countries to strike Iraq and Syria, and ISIS is just an excuse the major countries use in order to interfere militarily and politically in Iraq and Syria. ISIS is merely an armed group controlling some areas in Iraq through violence without any support from the people of those areas, and the

Ummah does not recognize its alleged Caliphate. Whereas, the Ummah supports the revolution and the fighting against the murderer Bashar Al Assad, and when he and his rotten system are disposed of, the Ummah will accept an Islamic State, a "Righteous Khilafah based on the Prophethood's methodology," and the Ummah will support it and give its Bayaah to its Khalifah which it will choose acceptingly and by choice, and this is what the US considers as a great danger against it and its interests.

The US government placed clear plans for the Middle East, especially for Iraq and Syria, which is to divide Iraq on ethnic and sectarian basis: a state for the Kurdish, a state for the Sunni, and a state for the Shia. As for its plans for Syria, it is to forcefully stop the revolution which is taking on an Islamic characteristic and to save its infiltrator Bashar. That is why we see this Western American Crusade Alliance attacking the fighting Islamic groups, and it does not plot against Bashar and his army, but rather Bashar's army (the "resistant") fighting alongside the US. This is exactly what the US did in Afghanistan, Somalia, and very soon in Mali. It has become very clear that the US and its allies do not move for the sake of humanitarian reasons in order to protect the minorities in Iraq as they claim, as they have not moved an inch when the Syrian regime crossed all the red lines and used chemical weapons against civilians, thus killing more than 200,000 Syrians within the last 4 years. However, when their interests are threatened, they move and intervene militarily even if their intervention were based on weak excuses.

All these indicators show that the goal behind this alliance is purely colonial, and the support of the other countries such as Netherlands is to add legitimacy to the American War. The Dutch government is walking blindly behind the American policy without learning from past mistakes in Iraq, and it seems that the Netherlands government has forgotten the lies which the US weaved about weapons of mass destruction in Iraq in order to destroy Iraq. The results of this war were about three times the number of people killed in Luxembourg and that war did not lead to anything expect chaos, sectarian violence, and the absence of political stability.

In addition to this, we see that the measures recently taken by the Dutch government on extremism, which we have confronted strongly, in stride with the military support to attack Islam and the Muslims in the Netherlands and outside. Above this, the media and politicians have exerted maximum efforts to frighten people about Islam in the Netherlands, while there is nothing of what they allege. Still they presented lists of doubts about Muslims to form a public opinion against Islam and Muslims, which helps in taking arbitrary strict procedures against the Muslim community in this country and to justify the Netherlands's military existence in Iraq and Syria, although the real fears are the fears of the Muslim families in Iraq and Syria who are [...Cont. on p. 37](#)

Congratulations from Hizb ut Tahrir on the Blessed Eid Al-Adha (Translated)

**Allahu Akbar... Allahu Akbar... There is no God but Allah...
Allahu Akbar... Allahu Akbar, Praise be to Allah**

All Praise is due to Allah, peace and blessings be upon the Messenger of Allah, his family, companions, allies, and those who followed in his path; thus making the Islamic Aqeedah the basis for one's thoughts, the Ahkaam Shari'ah (Legislative Rulings) the measure for one's actions and source for their rulings.

O Muslims Everywhere,

We are delighted in the Central Media Office of Hizb ut Tahrir to convey to the whole Muslim Ummah congratulations from the Ameer of Hizb ut Tahrir, the eminent scholar Ata Bin Khalil Abu Al-Rashtah, may Allah protect him, on the occasion of the blessed Eid Al-Adha. As we are delighted to convey his congratulations to the male and female members of Hizb ut Tahrir, who work day and night to combat the regimes of the oppressive era, and struggle to make the word of Allah the highest by establishing the rightly guided Khilafah State upon the method of the Prophethood, the glad tiding of the slave of Allah, the Messenger (saw).

This Eid has come at a time when America has unveiled its hostility and animosity against the Muslim Ummah, and mobilized its henchmen in its pursuit to protect its colonial influence; where Obama seeks to dress up his war on the Muslim Ummah as a global war, repeating the statement of his predecessor Bush: "either with us or against us" with his quest to show his country's actions against what he calls terrorism is in fulfillment to the world's desire and in its defense, and not colonialism and greed.

America, with its war on the Muslim Ummah which violated the sanctities and the blood of their sons and looting of their resources, and with its exposed deception, it is has confirmed its well known arrogance and Pharaoh's mentality based on the principle: "I show you only what I see and I am but guiding you to the way of righteousness". It is giving the impression to the world that it is its protector yet it is the cause of the dominating evil.

America is exploiting the countries of the world and the rulers of the region to achieve its own interests, through imposing its forced leadership on them it is "enslaving" them and robbing them of their will.

The American hegemony on the international arena has led to the world's miseries and calamities; it is gasping after its greedy capitalist and colonial interests, and holds no value for humanity and does not respect the covenants, not even the United Nations' Charter - which was established to protect the interests of the major powers. If they disobey its wishes, it will hastily crush them under its feet, as it did in the war on Iraq in 2003. It is constantly inventing exposed excuses and justifications to impose its will on the world. Countries of the world realize that the pretext of fighting "terrorism" is a false pretext, and that America is exploiting this slogan to rally the world in order to achieve its interests in the region and the world, America aims through its alliance to consolidate its colonization of the area. With the disagreements between the states that are greedy for our Deen and our Ummah, yet they agree among themselves to work to prevent the establishment of the Khilafah upon the method of the Prophethood, which will end Western influence from the region and rid the world from the evils of capitalism.

In our congratulations to the whole Ummah on the blessed Eid Al-Adha, we would like to take this opportunity to remind all the Muslims, headed by the leaders and soldiers in the armies and the people of power and ability for change, of the Shariah obligation to work to make the word of Allah (swt) the highest and the implementation of His Shari'; this is not possible except through the establishment of the rightly guided Khilafah state upon the method of the Prophethood. If there are shortcomings from the leaders and soldiers, then the whole Ummah is obliged to put pressure on them and make them respond to the Shariah and public demand by resuming the Islamic way of life and to be liberated from the humiliation of being subordinates to the Kaffir West. Allah Almighty, Al Haq (the Truth) makes it obligatory upon the believers to select allies for the sake of Allah and enemies for the sake of Allah, Allah (swt) described them as believers united with the bond of the Islamic creed:

﴿إِنَّ الَّذِينَ آمَنُوا وَهَاجَرُوا وَجَاهَدُوا بِأَمْوَالِهِمْ وَأَنْفُسِهِمْ فِي سَبِيلِ اللَّهِ وَالَّذِينَ آوَوْا وَنَصَرُوا أُولَئِكَ بَعْضُهُمْ أَوْلِيَاءُ بَعْضٍ﴾

"Indeed, those who have believed and emigrated and fought with their wealth and lives in the cause of Allah and those who gave shelter and aided - they are allies of one another" [Al-Anfal: 72]

﴿وَالَّذِينَ كَفَرُوا بَعْضُهُمْ أَوْلِيَاءُ بَعْضٍ إِلَّا تَفْعَلُوهُ تَكُنْ فِتْنَةٌ فِي الْأَرْضِ وَفَسَادٌ كَبِيرٌ﴾

"And those who disbelieved are allies of one another. If you do not

do so, there will be fitnah on earth and great corruption" [Al-Anfal: 73]

As I convey to the whole Muslim Ummah congratulations from the Head of the Central Media Office of Hizb ut Tahrir and all its workers, I beseech Allah Azza Wa Jal that on the next Eid the Muslim Ummah will be living under the banner of Al-Okab, and that they are united and victorious by the permission of Allah (swt), and returned as the leading superpower, He is in charge of the matter and Able of seeing them through.

O Allah, Ya Hayy (Everlasting), Ya Qayyum (Self-Existing by whom all subsist), Ya Hanan (Compassionate), Ya Manan (Benefactor), O the One who raised the heavens without visible pillars, bestow on us the Khilafah state upon the method of Prophethood, and bestow on us your supported victory over your enemies and on the Butcher of Damascus and those who supported and stood by him, and give victory to the mujahideen in Your Way everywhere and help them to make Your Word the highest and to bring victory to Your Deen.

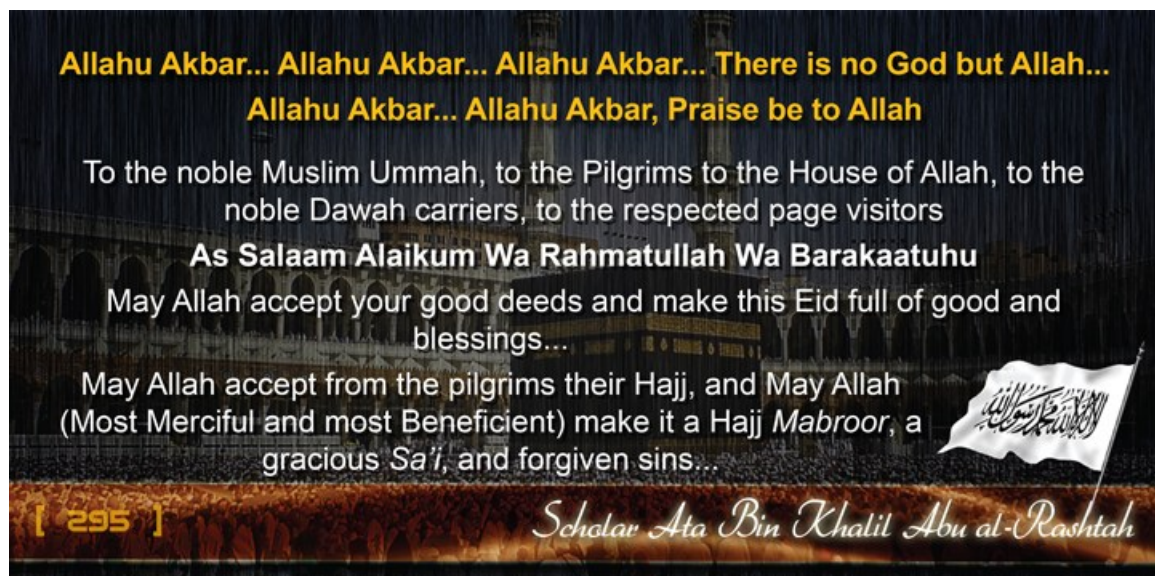

Eid Mubarak and May Allah accept our and your acts of worship.

Wassalamu Alaikum wa Rahmat Allahu wa Barakatu

O Allah the Glorified, we bear witness that there is no God but You, we ask Your forgiveness and repent to You.

The night of the blessed Eid Al-Adha for the year 1435 after Hijra. □

**Hizb ut Tahrir / Wilayah Afghanistan:
Congratulates the Islamic Ummah on Eid al-Adha**
(Translated)

From the land invaded by US and NATO forces, on behalf of the Shabab of Hizb ut Tahrir and Mujahid nation of Afghanistan, we would like to wish all Da'wah carriers following the methodology of the Prophet Muhammad (saw) and the Islamic Ummah an Eid Mubarak.

Assalamu Alaikum wa Rahmat Allahi wa Barakatuh,

May Allah (swt) accept your Da'wah, Jihad, Prayers, Sacrifice and Hajj. This year too we will be witnessing Eid ul-Adha when the Kuffar would be killing our brothers and sisters in Iraq and Syria. As always the traitor Muslim rulers are part of the death squad led by America and are shamelessly supporting western onslaught against Muslims and Islam as their frontline.

On the other hand, the process of awakening among the Ummah is on its rise and a clear change in the Ummah could be seen around the world. Their love for Islam and Khilafah is imminent in both Arab and non-Arab Muslims, as well as those who live in other parts of the world. Muslim youth are joining the ranks of the sincere Dawah carriers for the establishment of Allah's Deen, The Khilafah. The desperation of the rulers is also clearly visible from the coward acts they are committing against the Shabab of Hizb ut Tahrir by imprisoning them, torturing them and killing them. Secular Democracy is becoming a curse word in the Muslim world and people have not only start rejecting it but hate this corrupt system. The Ummah will only celebrate Eid, as was celebrated by our Prophet (saw) and his noble companions (ra), when Khilafah Rashidah will be re-established and the Ummah feels protected under the shield of the Khalifah. Only by re-establishing the Khilafah Rashidah, this best Ummah could get its lost status that is bestowed upon us by Allah (swt) and will justify its true purpose of existence, which is to take humanity from darkness of Democracy, Capitalism, Nationalism, UN, IMF etc. into light of Islam.

Undoubtedly, the fragrance of Khilafah could be sensed in the horizon; therefore, it is only a matter of time. I pray that Allah (swt) will soon bless us with Khilafah Rashidah and we celebrate the next Eid as unified Ummah under the sincere leadership of the Khalifah. ...Cont. on p. 37

Indian Aggression along the Line of Control (LoC) Weak Response from Raheel-Nawaz Regime Encourages India in its Aggression

Since the first week of October, India started hostilities in Kashmir along the Line of Control, which continued unabated even during the three days Eid-ul Adha, martyring several Muslims. Traitors within the political and military leadership have provided both opportunity and encouragement to India. Upon American instructions, the regime has refused to answer any Indian aggression in a befitting manner, so that India can be made to feel its actual status. Instead, the regime has tried to save face by weakly calling upon India to exercise restraint! The regime's weak response is a slap in the face of the largest and most powerful army in the Muslim World. It is clear that the corrupt regime will never allow an answer to India in a language that it understands. So, the lowly regime expects the officers of the armed forces to place a heavy rock on their Imaan and watch silently as Muslim blood is spilled in rivers. The regime's weak response has encouraged India so much that the Hindus are not worried about escalation on the LoC. Instead, the Defence Minister of India threatened Pakistan of Indian military action! India thus threatened Pakistan, as if the Hindu State were not addressing a nuclear armed Muslim power, but rather a small and weak Banana Republic.

Traitors within the political and military leadership are providing every opportunity to strengthen India on American instructions, so that India can play a more dominant role in this region. America granted India a foothold in Afghanistan, but these traitors did nothing to prevent this. Moreover, the regime is engaged in talks to provide India a land corridor, so that it can connect itself with Muslim Central Asia to secure gas supplies. These traitors also ensnare our armed forces into fighting America's war, in the tribal regions and beyond, thus compromising the ability of our armed forces to fight conventional war with India. Thus the Indian Prime Minister, Narendar Modi, the butcher of the Muslims of Gujrat, arrogantly declared on 12th August 2014, that "Pakistan has lost the strength to fight a conventional war."

O Armed Forces of Pakistan! Traitors within the political and military leadership are eroding your grace and strength. How do you ...[Cont. on p. 38](#)

America Acting on a Whim with the Ministers of the Arab Countries

(Translated)

The Security Council issued its decision on 12/11/1997: To condemn Iraq's violation of its commitments which enforce the unconditioned cooperation with the Committee of Weapons of Mass Destruction, and imposed a travel ban on Iraqi officials.

Upon the issuing of this decision from the Security Council, the Iraqi leadership initiated in making the decision of expelling the American experts from Iraq immediately.

The US wanted the Security Council's decision to state the description of the Iraqi situation as a material breach of Article Number 687, which specifies the conditions of cease fire in the Second Gulf War, thus meaning an international privilege to conduct military operations that allows America to take military actions against Iraq if it refuses to submit to the Security Council's decisions.

However, Russia, China, and France, the countries which have the NATO right in the Security Council, refused that the Security Council's decision will include the description of the Iraqi situations as a material breach, and these three countries hold reservations against America taking any military actions against Iraq, and they are working towards alleviating its siege.

Clinton, US Secretary of State, and the US Secretary of Defense have threatened to take military actions Iraq if it does not step back from its decision to refuse cooperating with the American inspection experts, from its warning to expel them from Baghdad, and from its warning to hit the American spy planes (U2) if they continue flying in the air zones of the Northern and Southern areas.

Clinton also promised to force Saddam to fully comply with the UN decisions, and both the Republic and Democratic parties in the US Congress confirmed for Clinton to take military action against Iraq even without the Security Council decision.

Upon the issuing of the Iraqi leadership's decision to expel the American inspectors in the committee immediately from Iraq, Clinton met with his advisors to study what should the US do. In addition, they placed all their ground, aerial, and navy forces available in the Gulf region and in Turkey in the state of full alert.

There is a big chance that the US will take a military action against Iraq although a decision from the Security Council has not been issued yet, despite

the objection from Russia, China, France, Egypt, and many of the Arab countries for any military action to be taken by America against Iraq.

As for Britain, it announced that it will participate with America in any military action it takes against Iraq. This is for it to maintain its existence in the Gulf, and to ensure its Gulf rulers agents that it will not abandon them, and that it will not leave the Gulf region for America.

The scenes of this theatrics which the US has started to show after Iranian planes conducted raids on the existing Mujahedin-e Khalq bases in Iraq, which pushed Baghdad to threaten Iran to respond to these raids and take revenge. As a result, the US Secretary of State took a decision to send the American aircraft carrier Nimitz to the Gulf region prior to the designated date to move, with the excuse that this movement is a sign for Baghdad and Tehran that the US is insistent to forcefully impose a no-fly zone on the Northern and Southern areas of Iraq.

America, despite its heavy military existence in the Gulf region after the Second Gulf War, it was unable to earn the loyalty of the rulers of the five Gulf countries, as their loyalty remained with the British even though they played along with the US. For that reason, it wanted to carry out this theatrics to show an amplified danger Saddam had on them, that he intends to invade Saudi Arabia, Kuwait, and the rest of the Gulf countries, and that there is no one able to protect them from Saddam expect the US, when they hand over the leadership to it, grant it allegiance, and seek from it to intensify its military existence in the Gulf region in order to protect them.

Afterwards, America instructed Richard Butler, the Executive Director of the Special Committee assigned to disarm Iraq from unlawful weapons, to cancel the deal which was between Iraq and Ralph Akius, the former director of the committee, in the matter of preventing the inspection of sensitive areas in Iraq, which are related to the presidential and sovereign areas, and go back to preparing for open inspections.

In addition, America started pressuring the Security Council to impose new retributions on Iraq, so it, with Britain and other seven countries, presented a project to the Security Council to impose new retributions on Iraq, so the Security Council took the decision of threatening Iraq with retributions in any time it impedes the tasks of the inspection experts.

As a result of this decision, the Iraqi leadership took, with recommendation from the National Iraqi Council, a decision of refusing to cooperate with the American inspection experts with the remaining of the cooperation with the Special Committee, and to request from this committee to remove its covering of the American spy plane (U2).

What motivated Iraq to take this decision, and to thwart and challenge the

US, is that the Iraqi leadership was convinced that America will not lift the siege off of Iraq, even if it maintained all of its commitments. This conviction was expressed by Tariq Aziz in the press conference held in Baghdad on 7/11 where he said, "The Special Committee is used as a tool and a cover by the US to maintain the enforced retributions on Iraq since 1990 CE, and we are convinced that what is going on is an endless game which could go on probably for decades." This is in addition to seeing that the alliance between America and its allies during the Second Gulf War could break, and Russia, China, France, and some of the US allies from the Arab countries started to hold reservations against what the US is doing against Iraq such as prolonging the siege and taking any military action against it.

Iraq and the US each started to intensify their stances, so Iraq forbade the American experts from participating in inspection procedures with the Special Committee, and the US placed all of its ground, aerial and navy forces available in the Gulf and Turkey under the state of alert and vigilance. In addition, America started to pressure the Security Council to make the decision to condemn Iraq, and consider what it is doing such as forbidding the American experts and threatening the US spy planes (material breach) so that it can unleash its hand to take military action. Thus, the Secretary General sent a political delegation to Iraq as an attempt to convince Iraq to back off from its decisions and implementing the decisions of the UN without binding conditions. Also, Baghdad sent Tariq Aziz to explain to the Secretary General and the UN the Iraqi point of view, so the political delegation has failed in its mission, and Tariq Aziz failed in his mission, and upon that, the Security Council issued its decision to add new retributions against Iraq.

This American whim and the American tyranny did not reach Saddam, since Saddam is safe in his many hideouts, and he has all what he needs from the best of food, the best of clothes, and runaway cars, but it reached Iraq, the Muslim country, and the people of Iraq are Muslims. Rather it reaches all of the people in the region, as it also reaches all of the Muslims, and all of the Muslim countries. This by itself is humiliating for all of the Muslims, insulting them, and demeaning them, and American knows that the Muslim masses in the Muslim world have no effect on the political decision in the entire Muslim world and the Arab world. This is because these masses are living in a huge prison of the rulers' tyranny over them, the political decision is exclusive to the agent-rulers, and their political decisions is an implementation of the orders of America, or the orders of the agent countries that work for it.

If those rulers in the Muslim and Arab countries have any minute sense of dignity for how they allowed the US, or any other infidel and colonial country to insult them this much, to undermine them and their people this much, to humiliate them this much, they would have stood up against America and other

greedy countries who are ravening for their resources and goods, and they would threaten America's vitality and the interests of the other countries ravening in the Muslim world's territories. If America were ensured that these rulers in the Muslim world will threaten its vital interests, it would not have dared to treat them this way, it wouldn't have humiliated them this much, and it wouldn't have stood with the Jewish entity. It would instead have opened the path for them to eliminate the Jewish entity, to uproot it from its depths, as when America sees that its vital interests are threatened, it will retreat, back off, and stop its recklessness and arrogance. Its retreat from threatening the French Total company, after it has invested 2 billion dollars in the Iranian Gas production, it violated the American "Damato" law that enforces retributions on the companies which sign huge contracts that exceed 40 million dollars with Iran or Libya in Gas or Oil projects, and it threatened the British Shell company which wants to invest an amount of 10 billion dollars in gas projects in Iran, are just the biggest evidence that threatening the American interests is enough to make it stop from exceeding its limit and to make it retreat its riots and tyrannies. America has huge vital interests in the Muslim world region, especially in the Arab world region, and to threaten its interests with a real threat is enough to teach it a lesson making it bound to its limits. However, these rulers in the Muslim and Arab world, these agents of America or other Western countries, are traitors to their people and slaves to their enemies. They should oppose America and threaten its vital interests, and end its dominance in their countries.

Therefore these rulers carry the huge burden of America acting on a whim, the burden of bringing it to the Muslim world, the burden of its dominance over it, and the burden of it recapturing the resources of their countries. This is because they have eased its way to do this, so they hold these burdens, and they deserve the seclusion.

The Muslim Ummah, with all its extensive resources and manpower that Allah (swt) has granted it, and with the countries that have strategic location, it is able to threaten the American vital interests with a real threat, and dispose these interests from all of the Muslim countries.

The incapacity of these agent rulers in front of America, and other Western countries, does not exempt the Muslims in the Muslim world, including the Arab world, from ending the American and Western interests in all of the Muslim countries. They hold the burden of these traitor rulers who stayed silent, who humiliated them, and who weakened in front of their enemies, and hold the burden of their silence in keeping the American and Western countries interests in the Muslim countries, in continuing the American and Western dominance on their countries, and in maintaining the existence of the Jewish entity.

In order for them to lift this sin, they should be working [...Cont. on p. 38](#)

News and Comment**The Pakistanization of Turkey**

News: On October 2nd 2014, the Turkish parliament authorized the government to carry out cross-border military operations in Iraq and Syria to fight the Islamic State of Iraq and the Levant (ISIL) and other armed groups. The motion, put forward by the ruling Justice and Development (AK) Party, passed with 298 votes in favors and 98 against. The vote also allows foreign soldiers to be stationed in Turkey and to use its military bases for the same purposes with no limit on the troop numbers. Speaking before the parliament, Ismet Yilmaz, Turkish defence minister said, "The rising influence of radical groups in Syria threatens Turkey's national security. ... The aim of this mandate is to minimise as much as possible the impact of the clashes on our borders." He added, "The only target of this text is a terrorist organisation that wants to disturb the peace of Iraq and Syria."

The vote was immediately welcomed by America. "We have been closely engaged with Turkey. We welcome the Turkish parliament's vote to authorize Turkish military action," Jen Psaki, the State Department spokeswoman, said.

Comment: The vote passed by the Turkish parliament raises several interesting questions. Will Turkey permit America to use Incirlik Air Base and allow American troops to be stationed on its soil? Will Turkey's fear of Kurdish self-determination hamper its fight against ISIL? Will Turkey now close its borders to jihadis wanting to cross over to Iraq? Will Turkey target other Islamic groups in Syria in addition to ISIL, thereby strengthening Assad's grip on power? Will Turkey strike Kurdish militants groups operating in Iraq and Syria under the pretext of fighting terrorism? These are just some of the questions being asked of Turkey.

However, the most dangerous dimension to Turkey's parliamentary approval, is that it precariously brings Turkey close to fighting those Islamic elements in Iraq and Syria that Ankara helped to create. In many ways, Turkey is now mirroring what happened to Pakistan some decades ago.

In the eighties, Pakistan in collaboration with the US and Saudi Arabia radicalized the Pakistani population during the Soviet invasion of Afghanistan, and later recruited Afghans from more than three million Afghan refugees residing in Pakistan. These Afghans were given religious schooling in madrassas backed by Saudis as well as military training by ISI. Thus the

Taliban movement was born, and with ISI guidance Taliban were able to conquer large parts of Afghanistan. Later the movement turned on Pakistan under the banner of Tehrik Taliban Pakistan.

Today Turkey's current situation resembles the early years of Pakistan's sponsorship of the Taliban. ISIL and other groups are recruiting militants in Turkey, as well as from Syrian refugee camps. By starting a fight against ISIL and other Islamic groups in Syria, there is real danger that Ankara will quickly become embroiled in a protracted guerilla war confined within Turkish borders.

Such a situation does not benefit Turkey or the Muslims of Iraq and Syria. The only beneficiary is America, which has unashamedly embarked upon an elaborate plan to change the map of the Middle East - after dismemberment of Iraq and the partitioning of Syria - Turkey will become America's next victim.

The Pakistanization of Turkey is intended to weaken Turkey both economically and militarily before the next phase of balkanization can begin. In Pakistan's case, America has wasted little opportunity in talking about the balkanization of Pakistan by hosting independence movements such as Baluchistan nationalists. How long before Turkey ends up where Pakistan is today?

Indeed the real lesson to learn from Pakistan's folly is that America along with other Western powers can never be trusted. And in this context, the Turkish government should have taken the following steps:

1. To announce the closure of all Western embassies and the immediate expulsion of their diplomats. It is well known that Western embassies are the cauldron of conspiracies and intelligence operations directed against the Turkish state.

2. To sever all military ties with Western powers which also includes NATO. To seize all military equipment that belongs to their armed forces and to expel or imprison their personnel, especially American armed forces and NATO personnel, who are actively at war with the Muslim world.

3. To immediately address the grievances of the Kurdish population and sign an agreement with the warring Kurdish militants to lay down their arms and join the ranks of the Turkish army.

4. To mobilize all Islamic militants opposed to Assad to join the ranks of the Turkish army and then to march to Damascus to remove Assad and his henchmen from power. Those groups that that refuse to join should be isolated and dealt a fatal blow.

5. To persuade other Muslim countries allying with America to sever ties with her and join Turkey in liberating Syria and returning refugees safely home to both Syria and Iraq.

6. To send a stern message to Iran that if it fails to withdraw its support to Assad, Abadi and Hezbollah then Tehran will pay a heavy price.

These are just some of the actions that are well within the grasp of Turkey's leadership and if performed sincerely and correctly, can prevent America and her allies from executing their evil plans against the Turkish state and the wider Muslim Ummah.

But for Turkey to be taken seriously by the Muslim Ummah, Turkey must abandon its secularism, whole-heartedly embrace Islam and re-establish the rightly guided Caliphate. Under the Ottoman Caliphate the Muslim world was protected from the nefarious designs of the European crusaders for many centuries and at its peak i.e. during the rule of Suliman Qanooni Muslims from Africa, Middle East, India and the Far East enjoyed unrivaled peace, prosperity, and security which was the envy of the West. So think what will happen today, if Turkey decides to resurrect the days of the Caliphate, not the days of the Ottoman, Abbasid or Ummayyad Caliphate, but the days of the Caliphate on the way of the Prophethood?

﴿يَا أَيُّهَا الَّذِينَ آمَنُوا اسْتَجِيبُوا لِلَّهِ وَلِلرَّسُولِ إِذَا دَعَاكُمْ لِمَا يُحْيِيكُمْ وَاعْلَمُوا أَنَّ اللَّهَ يَحُولُ بَيْنَ الْمَرْءِ وَقَلْبِهِ وَأَنَّهُ إِلَيْهِ تُحْشَرُونَ﴾

Afghanistan's Karzai Criticizes US, Pakistan in Farewell Speech

Outgoing President Hamid Karzai on Tuesday blamed the United States for Afghanistan's long war in a final swipe at the country that helped bring him to power 13 years ago but towards which he has become increasingly bitter. His farewell speech came days ahead of the swearing in of a new president, Ashraf Ghani, after months of turmoil over a disputed election that ended in a power-sharing deal, yet to be tested, with rival Abdullah Abdullah who will fill the role of chief executive. Karzai blamed both the United States and neighbouring Pakistan for the continuing war with the Taliban-led insurgency and warned the new government to be "extra cautious in relations with the US and the West". The conflict kills thousands of Afghans each year and has claimed the lives of more than 2,200 American and other international forces in Afghanistan. "One of the reasons was that the Americans did not want peace because they had their own agenda and objectives," Karzai said. He did not elaborate, but in the past has suggested continued violence has been an excuse for the United States to keep bases in the country. US Ambassador to Afghanistan James

Cunningham called Karzai's comments "ungracious and ungrateful." [Source: Reuters].

Karzai's criticism and the protracted dispute between Abdulla and Ghani raises the question whether America has any loyal agents left in Afghanistan. America's disastrous venture in Afghanistan knows no bounds. □

Democracy Enables Usurpation of the Ummah's Wealth by Rulers

Dawn reported on 2 October that, "The Election Commission of Pakistan (ECP) has proposed that lawmakers who fail to submit details of assets to the commission within the stipulated time period be suspended from membership of the house for 60 days."

The Raheel-Nawaz regime is responding to the growing anger against the corruption of the rulers in Pakistan. However, merely getting details of assets will not address the problem of the ruling elite usurping the immense wealth of Pakistan, depriving the people. The issue is not merely how much the elite have acquired but preventing them from usurping the wealth of the Ummah. Nothing less than the abolition of Democracy and restoration of Shariah law will do that.

The concentration of wealth in the hands of the ruling elite is legalized through man made legislation under democracy. The political families make wealth because they have

usurped from society sources of huge revenue. Specifically, the predominately state properties and public properties, such as large scale arms manufacture, banking and energy industry. This is why in America, Britain and France, there are ruling dynasties of large capitalists.

In the Khilafah, ownership of public property such as oil, gas and electricity will be denied to private individuals. Its immense revenues will be deposited in the Bayt ul-Maal and spent on the needs of the masses. And the Khilafah state will implement a vigorous campaign to dominate large scale manufacture, such as engines and heavy machinery, so as to provide another means of revenue for looking after the affairs of the people. It will be a shining example of how a resource rich country can provide prosperity for an entire population and not just its rulers. □

Government Charges the Muslims to Sell off Major Sources of Revenue, then Chases Them for Taxes

The government decided on September 23 to promulgate an ordinance which would legalize the recovery of over Rs100 billion in the Gas Development Infrastructure Cess (GIDC) from consumers after the Supreme Court had held its recovery illegal through the finance bill. In reply to a question on the occasion, Petroleum Secretary Abid Saeed said that in a nutshell, the apex court had ruled that the GIDC was a fee and untaxed and, therefore, it should not

have been imposed through the money bill.

Regardless of calling it a cess, a fee or a tax, the people are facing ever increasing gas charges, as the bitter cold of winter is approaching. According to the IMF privatization plan, the people are being made to pay more and more for gas, so that the new private owners of Pakistan's gas resources can profit immensely. So, not only is the Ummah losing gas resources to private hands, it is being charged for that. Then as expected, the government will complain that it does not have enough revenue and so will raise taxes again, which have already broken the backs of many through taxes on food, health and education.

The Khilafah will end this endless oppression of the people. In Islam, the public properties like gas and electricity are neither state nor privately owned. Rasul Allah (saw) said, «المُسْلِمُونَ شُرَكَاءُ فِي ثَلَاثِ الْمَاءِ وَالنَّارِ وَالنَّارِ» "The Muslims are partners in three things: water, feeding pastures and fire" (Ahmad). Their revenue is used for the benefit of the Ummah, whether health or education. Thus the Khilafah will have large revenues at its disposal and will be able to spend upon the people without taxing the poor.

afraid that their families will perish due to the Western invasion of their countries.

What needs to be realized is that the Western intervention will not lead to peace and stability, neither in the present time nor in the future, and the Netherlands's blind support of this war in the Muslim lands with the actions against Islam and the Muslims will affect negatively the relationships between the Muslims and non-Muslims in the Netherlands.

It is also necessary that the Muslims in the Netherlands unite and reject the politics of war and Western intervention in the Muslim lands, and that they become aware that establishing an Islamic Khilafah state will bring peace and stability to the Muslims and non-Muslims. It is the Khilafah based on the methodology of the Prophethood which will put an end to these hostile Western politics in the Muslim lands. □

Congratulates the Islamic Ummah on Eid al-Adha

O Khairul Ummah! Respond to the call of Hizb ut Tahrir and join its ranks to get back the glory we deserve. It's time to accelerate our efforts so that to liberate the Ummah and the humanity in general from the oppression and tyranny of the elites who made Democracy and capitalism.

Indeed, this opportunity was once with our beloved Prophet (saw) and his noble Sahaba (ra) to establish the first Islamic state in Madinah and now Allah (swt) has given us this grand opportunity to establish Allah's Deen by re-establishing the Khilafah Rashidah again on the method of Prophethood.

accept for India to dominate the region, with your strength diminished? Moreover, the regime works so that your power is only used for American interests against those who wage Jihad against American and Indian occupation in Afghanistan and Kashmir respectively. How do accept that India kills those people that you have sworn to protect before Allah (swt), Al-Qawwi, Al-Azeez? Do you wish to be presented in front of your Sustainer, Allah (swt), with your necks bowed down with shame? Sincere officers of the armed forces!

Come forwards and save yourselves and your Ummah from humiliation at the hands of America and India. Grant the Nussrah for the establishment of Khilafah, as there is glory for you and your people in its establishment. And then the Khalifah will order the magnificent armed forces of the Muslims to liberate Kashmir and Afghanistan from the filth of the occupying Kuffar forces.

﴿فَلَا تَهِنُوا وَتَدْعُوا إِلَى السَّلْمِ وَأَنْتُمْ الْأَعْلَوْنَ وَاللَّهُ مَعَكُمْ
وَلَنْ يَتْرُكَكُمْ أَعْمَالَكُمْ﴾

hard to establish a loyal entity in the region that is based on their Islamic creed, and adopts the establishment of the Shariah laws. This means establishing the Khilafah state, nominating a Khaleefah whom they will grant Bayaa' to work according to the Book of Allah (swt) and the Sunnah of His Prophet (saw) in order to implement upon them the Islamic law, thus uniting the Muslim world under the Khilafah State. In addition, it works to end all of the American and Western interests in the Muslim countries, ending any of their dominance or control they have on these countries, to declare Jihad against the Jewish entity in order to uproot it from its depths, and to carry the message of Islam, the message of guidance and light, to the entire world.

The Presence of Mind

Hizb ut Tahrir

Possessing spontaneity is to issue judgements on matters promptly, based on a very quick understanding. As an example, when somebody asks, "Where are you from?" you understand promptly his aim from the question and what lies behind his question. Thus, you would have judged on the question promptly. In such a case, you have used spontaneity. Based on this spontaneity, you can give the answer required in such a situation. As another example, when you hear of the visit of an official to a country, then you will promptly understand the aim of the visit from hearing this news. Thus, you can be said to have spontaneity. Based on this spontaneity, you take the necessary measures in this regard.

Spontaneity, in origin, means understanding issues quickly, or quick thinking. However, it should result in a quick judgement on the matter that you are faced with, based on quick understanding. Though in origin, it means quick understanding or quick thinking, its aim however, is to make judgements quickly. Thus, spontaneity is quick judgement on matters.

It is said to be natural or innate because it does not need deliberateness and close examination. It rather comes spontaneously and in an automatic way...Therefore, spontaneity or quick judgement is incompatible with slow thinking, though it is not incompatible with deep or enlightened thinking. This is because what matters is speed of thought, not the source. So, in the example of the question, "where are you from?" you think quickly about the questioner, the wording of the question and also the context of the question, thus you deduce the aim of the question. This thinking is deep, because it is not easy to think about the question, the questioner and the context in which the question came. It is difficult to ascertain the purpose of this question. Thus, this spontaneity comes from deep thinking. In the example of hearing of the visit of an official, you think quickly about the visitor, the state he represents, what took place before this visit and what will result from it. From this you deduce the aim of this visit. This is enlightened thinking because you thought of the matters that surrounded the event and what relates to it; then you issued the judgement. So, spontaneity here came from enlightened thinking.

With the example of an unexpected visit by an official, which surprises you by its timing, this surprise alone will guide you to the purpose of the visit. This thinking is normal; it is not deep or enlightened. However, the speed of issuing the judgement, based on the speed of understanding or thinking, is what produces spontaneity and not the thinking itself or its type. Therefore, spontaneity results from quick thinking, regardless of the type of thinking, whether it is deep, enlightened or normal. So what is important is the speed and not the source of thinking. □

Dear Brothers and Sisters: I repeat what I started with, from "if it wasn't for...and beyond and realize to reflect on the verses of Allah (swt):

﴿فَإِنَّ مَعَ الْعُسْرِ يُسْرًا * إِنَّ مَعَ الْعُسْرِ يُسْرًا﴾

"For indeed, with hardship [will be] ease * Indeed, with hardship [will be] ease" [Ash-Sharh: 5-6]

﴿حَتَّىٰ إِذَا اسْتَيْأَسَ الرُّسُلُ وَظَنُّوا أَنَّهُمْ قَدْ كُذِّبُوا جَاءَهُمْ نَصْرُنَا فَنُجِّيَٰ مَنْ نَشَاءُ وَلَا يُرَدُّ بَأْسُنَا عَنِ الْقَوْمِ الْمُجْرِمِينَ﴾

"[They continued] until, when the messengers despaired and were certain that they had been denied, there came to them Our victory, and whoever We willed was saved. And Our punishment cannot be repelled from the people who are criminals" [Yusuf: 110]

Reflecting on the arrival of people of Medina, the Ansar of Allah and His Messenger, they came to the Messenger of Allah (saw) in difficult conditions, starting from that year, the year of grief when Khadija (ra), the mother of believers passed away, and then was the death of Abu Talib, who was providing protection to the Messenger of Allah (saw), and then followed the violent response from the people of Taif, which left the Messenger of Allah (saw) bleeding... in these painful years to the Messenger of Allah (saw) was the advent of the Ansar, and the first and second pledge of allegiance, then the migration of the Prophet (saw) and the establishment of the state

Reflecting on this shows that there is hope after the pain, and glad tidings of joy after the reality of grief, and ease after hardship, and comfort after suffering for far too long, and Allah's mercy and prayers after inna lllah wa ina ilayhi raji'oon ... then follows good and victory... good and victory... good and victory

﴿وَيَوْمَئِذٍ يَفْرَحُ الْمُؤْمِنُونَ * بِنَصْرِ اللَّهِ يَنْصُرُ مَن يَشَاءُ وَهُوَ الْعَزِيزُ الرَّحِيمُ﴾

"And that day the believers will rejoice * In the victory of Allah. He gives victory to whom He wills, and He is the Exalted in Might, the Merciful." [Ar-Rum: 4-5]
