**Congratulations from Hizb ut Tahrir
Wilayah Turkey to all Muslims
on the Occasion of Eid al-Adha**
(Translated)

**Allahu Akbar, Allahu Akbar, Allahu Akbar, La Ilaha illa Allah,
Allahu Akbar, Allahu Akbar, wa Lillahi al-Hamd**

We in Hizb ut Tahrir / Wilayah Turkey congratulate all Muslims all over the world from the depths of our hearts on the occasion of Eid Al Adha. We pray to Allah that this will be the last Eid that passes on the Muslims without a Khaleefah, and invite them to believe in Allah's (swt) promise to them of its establishment, which will banish the conditions that have afflicted them in their countries from oppression, murder, destruction, occupation, pressure, harassment, imprisonment, torture, conspiracy and deception.

We invite you, oh Muslims, to attain the glad tidings of your Prophet (saw) by working to establish a rightly guided Khilafah, through which the blessings of Allah and His mercy will be bestowed upon you. So that you may rise and gather in masses in the squares to call for it! Especially in these days that the barrier of fear has been broken and lifted from your hearts, now that good and evil have become distinguished, just as friend from foe and the traitor from the trustworthy.

Oh Muslims! This day is a day of Eid, and the days of Eid are the happiest days for Muslims, full of joy and gladness. They are a gift from Allah to us. But for 89 years now, our Eids have been mixed with sorrow and grief, because Allah has lifted His mercy and blessings from the earth. That is due to the exposure of His Deen and His believing slaves to insult for 89 years now, because we do not live an Islamic life where Allah's Shari'ah is applied.

Oh Muslims! We have been given glad tidings from the Messenger of Allah (saw) of a rightly guided Khilafah when he said: **”ثُمَّ تَكُونُ خِلَافَةٌ عَلَىٰ مِنْهَاجِ النَّبِيِّ”** **“...then there will be a Khilafah on the method of Prophethood.”** [Reported by Ahmad and at-Tiyalsi from Hudhaifah]

This rightly guided Khilafah, which will be established again, will satisfy the inhabitants of the heavens and the earth. Mercy will descend on people in the existence of this Khilafah. The sky will pour its drops in torrents, and the earth will bring out its plants and blessings. Have you, oh Muslims, thought about our situation on the days of Eid in the light of this Khilafah? Today we are submissive, doomed to the Kuffar and their Kufr. Have you thought about our festivities in those days under the shade [...Cont. on p. 36](#)

UN Security Council's Resolution regarding Chemical Weapons Reveals the Reality of the Colonial Kuffar They Stand United to Disarm All Sources of Power from the Muslim Lands

(Translated)

The UN Security Council unanimously passed Resolution Number 2118, raising their hands in approval, abstained from the veto, even the opposition that has no veto vanished! It is the first consensus since the tyrant of ash-Sham began his massacres against the people of Syria more than thirty months ago! The international community, led by America and its allies, is not concerned about the thousands of elderly, women and children whose blood has been shed, the hundreds of thousands wounded who were struck with explosive rockets tearing their limbs apart, then the millions of people who have been displaced after their homes were destroyed... All this did not stir the international community to take a decision, rather America agreed with Russia to accept all of this and to refuse everything else in a malicious deal, so that the tyrant can continue with his crimes, from which he did not spare humans, trees, or stones. None of this caused them unity, except the removal of the chemical weaponry during a time in which this sort of weaponry fills the stocks of the Jewish state and others, in particular these major states that claim they ensure the prevention of chemical weapons! Every sane person realizes that they united on this resolution because it is against Islam and Muslims. They realize that the tyrant of ash-Sham is collapsing, and this weaponry is due to the Muslims, and that is what scares them and their protégé, the Jewish state. Because its security, as Obama, president of the international gang said, is the most prominent interest in the region, then comes the region's wealth and particularly its black gold, oil...

The unity of the colonial Kaffir states in their enmity against Muslims is not their own invention; rather it is a path that has been paved by their adherents before them. Therefore they forget all their conflicts in the face of the matter of the Muslims. The Arab tribes rarely united on anything, fighting over a camel for years. However, they casted away their disputes in the face of the Messenger of Allah (saw) and gathered some forty men, one from every tribe, to kill the Messenger of Allah (saw) in his house at the time of his (saw) Hijra... The Persians and Romans were in a state of utmost enmity amongst themselves, yet they collaborated in the Iraq battles in the month of Ramadan in 12 AH to fight the Muslims in the battle of al-Farad, lying east of today's Bukamal... Also the Crusaders from the kingdoms of Europe united against us for about two hundred years since the late fifth century AH corresponding to the eleventh century CE, then they were followed by the Tatars.

Some of the kingdoms of the Crusades after the Fifth Crusade in 615 AH stood weak and shaky, however the Tatars did not bother with them, rather they attacked Islamic areas. Not only this, but the Crusaders after failing in that campaign tempted the Tatars and incited their attack on Muslim lands in 617 AH. The European countries were ever busy with the wars among themselves, but in the sixteenth and seventeenth centuries, when they saw the Islamic state, the Ottoman Khilafah, had become stronger, greater and more glorious, the kings of Europe forgot their disputes and gathered to fight the Islamic State, full of hatred against Islam and Muslims. They established what was called the "International Family", and so they remained since the sixteenth century. Even after the weakness of the Islamic State and its demise, this continued under the name of "League of Nations" after World War I, and then under the name of the "United Nations" after World War II. The basic idea of the international community remained the same: the war on Islam and Muslims with a change of means and methods but without the change of the general hostility against Islam and Muslims. This basic idea has not changed in the current international position led by America and its allies, it still stems from hostility against Islam and Muslims. The support of the State of the Jews that usurped Palestine, the UN Security Council's resolution on disarmament of chemical weapons, and the plans to plunder the wealth of Muslims are but parts of this very fundamental idea.

Oh Muslims: The unity of the colonial Kuffar against us has not been an innovation of their meetings. However, disgraceful is the curvature of the rulers in the Muslim countries to America and their allies, almost touching their feet! These rulers are selling their Deen, if they have a Deen, and their values, if they have any values, in exchange for sitting slightly longer on a crooked chair... As it is also a shame that people who have raised in a Muslim country, but have absorbed the Western culture, praise the West with the best of words and highly value all of its standpoints, while the West tears apart our flesh and crushes our bones! Despite all of this they think well of those States and hasten to please them and seek their refuge. It is as He (swt) said: ﴿هُمُ الْعَدُوُّ فَاحْذَرُوهُمْ قَاتَلَهُمُ اللَّهُ أَنَّى يُؤْفَكُونَ﴾ **“They are the enemy, so beware of them. May Allah destroy them.”** [Al-Munafiqun: 4]

Moreover, it really pains that some of the "Islamic" movements, and some "Islamists" who claim to work for the Khilafah and call for it instead of democracy and its counterparts when asked to raise the banner of the Messenger of Allah (saw) instead of the banners of Sykes-Picot, answer: "We fear to provoke the West, which will not stand with us against Bashar". They do not realize that Bashar and his father are but products of America and its allies, and that it is America who is supporting him, constantly providing him with more time, so as to be free for the task of grooming an alternative agent to replace the collapsing agent. They do not stand with the Muslims who

demand the right to raise the banner of Islam, even if it is elevated like a brilliant luminous smile:

﴿كَيْفَ وَإِنْ يَظْهَرُوا عَلَيْكُمْ لَا يَرْقُبُوا فِيكُمْ إِلَّا وَلَا ذِمَّةَ يُرْضُونَكُمْ بِأَفْوَاهِهِمْ وَتَأْبَىٰ قُلُوبُهُمْ وَأَكْثَرُهُمْ فَاسِقُونَ﴾

“How [can there be a treaty] while, if they gain dominance over you, they do not observe concerning you any pact of kinship or covenant of protection? They satisfy you with their mouths, but their hearts refuse [compliance], and most of them are defiantly disobedient.” [At-Tawba: 8]

O Muslims: Kufr is one denomination, and the meeting of the major powers in the UN Security Council was held to disarm the sources of strength from the Muslim countries. The aforementioned decision of the UN Security Council reveals that, and what remains hidden is even greater:

﴿قَدْ بَدَتِ الْبَغْضَاءُ مِنْ أَفْوَاهِهِمْ وَمَا تُخْفِي صُدُورُهُمْ أَكْبَرُ قَدْ بَيَّنَّا لَكُمُ الْآيَاتِ إِنْ كُنْتُمْ تَعْقِلُونَ﴾

“Hatred has already appeared from their mouths, and what their breasts conceal is greater. We have certainly made clear to you the signs, if you will use reason.” [Ali-Imran:118]

The understanding of this reality from which the major powers and international attitude towards Islam and Muslims stem, is the first step to survive the conspiracies of the enemy and defeat them. It is not the first time that Kufr and its people gather against Islam and its people, rather it is a long series since the Messenger of Allah (saw) and the establishment of the state in Medina, when the Kuffar collectively conspired with the traitors from the Muslims and the Khilafah was abolished in 1342 AH - 1924 CE. After that they overcame us not through their force but through our weakness, because we have left the source of our strength, and we have remained silent over the reestablishment of our state. They have gathered against us as he (saw) said in his Hadith, narrated by Abu Dawud from Thawbaan:

قال رَسُولُ اللَّهِ صَلَّى اللَّهُ عَلَيْهِ وَسَلَّمَ: "يُوشِكُ النَّامِ أَنْ تَدَاعَى عَلَيْكُمْ كَمَا تَدَاعَى الْأَكْلَةُ إِلَى قِصْعَتِهَا"، فقال قائل: "وَمِنْ قَلَّةٍ نَحْنُ يَوْمَئِذٍ؟ قال: "بَلْ أَنْتُمْ يَوْمَئِذٍ كَثِيرٌ، وَلَكِنَّكُمْ غُنَاءٌ كَغُنَاءِ السَّيْلِ، وَلَيَنْزِعَنَّ اللَّهُ مِنْ صُدُورِ عَدُوِّكُمْ الْمَهَابَةَ مِنْكُمْ، وَلَيَقْذِفَنَّ اللَّهُ فِي قُلُوبِكُمُ الْوَهْنَ" فقال قائل: يَا رَسُولَ اللَّهِ، وَمَا الْوَهْنُ؟ قال: "حُبُّ الدُّنْيَا، وَكَرَاهِيَةُ الْمَوْتِ"

The Messenger of Allah (saw) said: **“It is near that the nations will call one another against you just as the eaters call one another to their dishes.”** Somebody asked: “Is this because we will be few in numbers that day?” He (saw) said: **“Nay, but that day you shall be numerous, but you will be like the foam of the sea, and Allah will take the fear of you away from your enemies and will place Wahn into your hearts.”** Somebody asked: “What is this Wahn?” He said: **“The love of the Dunya and the dislike of death.”**

Oh Muslims: The pioneer does not lie to his people and Hizb ut Tahrir

calls upon you to work with it to restore your state, the rightly guided Khilafah, it is the source of your honor and through it you will be revived. The more you delay your work to reestablish it, the more daring your enemy will become against you. Not just by issuing a decision to remove the causes of your material strength, but by issuing a decision to occupy your lands with military force... But if you make the Khilafah your vital issue as it should be, and it resides in your hearts, and it is envisioned before your eyes, your hands start moving before your tongues utter it and your actions precede your words, sincere in your true work for Allah, then receive glad tidings of the materialization of the promise of Allah (swt) through your hands:

﴿وَعَدَ اللَّهُ الَّذِينَ آمَنُوا مِنْكُمْ وَعَمِلُوا الصَّالِحَاتِ لَيَسْتَخْلِفَنَّهُمْ فِي الْأَرْضِ كَمَا اسْتَخْلَفَ الَّذِينَ مِنْ قَبْلِهِمْ﴾

“Allah has promised those who have believed among you and done righteous deeds that He will surely grant them succession [to authority] upon the earth just as He granted it to those before them” [An-Nur: 55]

The glad tidings of the Prophet (saw) in the form of the Khilafah after biting oppression will materialize: **“ثُمَّ تَكُونُ جَبْرِيَّةً، فَتَكُونُ مَا شَاءَ اللَّهُ أَنْ تَكُونَ، ثُمَّ يَرْفَعُهَا إِذَا: ثُمَّ تَكُونُ خِلَافَةً عَلَى مِنْهَاجِ النَّبُوَّةِ”** **“Afterwards, there will be biting oppression, and it will last for as long as Allah wishes, then He will lift it if He wishes. Then there will be a rightly guided Khilafah according to the method of Prophethood.”**

This is how the break of dawn of the Khilafah again and Allah will make you victorious over your enemies. ﴿إِنْ تَنْصُرُوا اللَّهَ يَنْصُرْكُمْ وَيُثَبِّتْ أَقْدَامَكُمْ﴾ **“If you support Allah, He will support you and plant firmly your feet.” [Muhammad: 7]** America and its allies will unleash you and return to their abode, if they still have an abode, and goodness will prevail in all four directions of the world. ﴿وَمَا ذَلِكَ عَلَى اللَّهِ بِعَزِيزٍ﴾ **“And that is not difficult for Allah.” [Ibrahim: 20]** □

U.S. Aids are All Poison and their Demise is a Thousand Times Easier than their Permanence...

(Translated)

Spokesperson for the United States Department of State, Jennifer Psaki said on 10/10/2013 that Washington would freeze military and economic assistance to Egypt, waiting for the country to make a credible progress towards a democratically elected civilian government, as she stated. The Los Angeles Times newspaper quoted U.S. officials at a press conference on 10/10/2013 to have said on the same subject: "The essence of America's security interests in the region, including the peace treaty between Egypt and Israel, will not be at risk due to a cut off of aids or their reduction."

We recognize that these statements from America do not mean the final relinquishment of the poisoned aids to Egypt. Rather they are a means of threat to regulate the measure of the new government according to what America wants, so nothing takes place out of their account. The aids are one of the means or even the methodology followed by the United States to colonize peoples and expand control and influence, and that since America entered the Middle East as a neo-colonial power. During a conference in Istanbul held by American diplomats accredited to the Arab Group on November 1950 under the chairmanship of George Maggie, representative in the State Department, it was among the schemes "to take cooperation with the people of the country as a means of access to the region" in their habit of forging names to sell the wolf in sheep's clothing!

This means that the toxic aids that they called "cooperation" stem from the heart of America's policy to penetrate the depths of the region and to produce agents, while looting the wealth and sucking blood. America has used the method of aids to colonize Indonesia. When Sukarno in the 1950s refused American aid, they continued to harass him through threats and intimidation until he accepted the aids and then the U.S. influence entered Indonesia and continues to exist until today.

Thus, what America has called humanitarian assistance in its dictionaries are in fact colonial projects under economic pretext, even to its friends! The Marshall Plan after World War II named European Recovery Program was the gateway for American companies to be an active partner in many joints of the European economy. After ten years had passed until the European economy in general became property of American companies. Although it has decreased somewhat in recent years, but the impact of U.S. companies on European economy still exists today.

All of the aids are evil, because reality shows that the Kaffir colonial

states, especially America, do not offer aid only to extend their influence and hegemony, to serve their interests, as well as the interests of the Jewish entity. All this is secured in the grievous crime of Camp David Agreement, that even the officials of the Jewish entity are wary of the impact of cutting down any of the U.S. aids to Egypt, as the entity considers the "U.S. aid to Egypt an important pillar of the Camp David Agreement". The U.S. aids are nothing but harm, and the Prophet (saw) says: "لَا ضَرَرَ وَلَا ضِرَارَ" **"No harm and no causation of harm."** As reported by al-Hakim in his Mustadrak, and he said: "This is a Hadith with a Sahih chain of transmission according to the conditions of Muslim, although he did not report it."

The acceptance of these aids is a major crime in Islam, because they create ways for the colonialist Kuffar to enter the Muslims lands through influence, economy and politics. And Allah (swt) says: ﴿وَلَنْ يَجْعَلَ اللَّهُ لِلْكَافِرِينَ عَلَى الْمُؤْمِنِينَ سَبِيلًا﴾ **"and never will Allah give the disbelievers over the believers a way [to overcome them]."** [An-Nisaa:141]

This is on the one hand. On the other hand, this aid is not worth anything of the Egyptian GDP. American aids of about \$1.5 billion do not amount to more than 0.3% of the GDP of Egypt, not to mention that it is not worth anything of Egypt's wealth of oil, gas and metals, and the traffic in the Suez Canal. The slightest lifting of tolls in the Suez Canal would bring in a multiple of that amount, as well as cutting off gas from the Jewish entity which is being sold cheaply! Selling this gas at the market prices would bring in a multiple of that amount, besides that we are in an actual state of war with the Jewish entity which has usurped the land of al-Isra' wal-Mi'raj. It is not permissible under any circumstances to engage in peaceful relations with them, neither political nor economic.

As for the widespread rumors, that poverty and economic crises would befall the country were it not for this aid, then this is a feeble statement. The poverty of the Muslim countries is an artificial poverty caused by the shortage of those occupying the seats of governance and the sources of decision makers. The wealth of the Ummah and its public property is squandered on corrupt means, harmful to the country and its people. Instead of public property being distributed to the Ummah which is their right, it settles in the pockets of those whales and in the internal and external bank accounts, both secretly and publicly. Then the country is tied to the World Bank and the International Monetary Fund through America's poisons called aid. This is the cause of poverty in the Muslim countries, although they are abundant with God-given wealth far-exceeding its need, if only properly placed within the framework as disclosed by the Kind, the All-Knowing.

Oh Muslims in the land of Egypt: Your duty is to show initiative by rejecting these aids, instead of America threatening you with cutting them off!

The basic principle is to prevent these toxic aids from entering the country, rejecting the aids strikes America and the Jewish entity in a deadly spot. This is what we must excel in and where we must spend our outmost effort. Our answer must be to throw their poisons in their faces, instead of Ambassador Badr Abdul 'Atiy, spokesman for the Egyptian Foreign Ministry, saying: "This decision is improper in terms of content and timing". He added: "Egypt is also interested in the continuation of good relations with the United States!"

It was on as-Sisi's coup to throw these aids in the face of their owner, and to toss America's toxins back into its throat, so they will know that the land of Egypt finds strength in their Lord and honor in their Deen. Unfortunately this coup is far from such, rather it has been busy with killing people, so they will say only what he says and see only what he sees, as Pharaoh said before: ﴿قَالَ فِرْعَوْنُ مَا أُرِيكُمْ إِلَّا مَا أَرَى﴾ **"Pharaoh said, "I do not show you except what I see."** [Ghaafir: 29]

The murder of the soul which Allah has forbidden except by right will cause the murderer to perish in this world and the hereafter. From what He (saw) has said to the crowd of people on the day of Arafah was:

"فَإِنَّ دِمَاءَكُمْ، وَأَمْوَالَكُمْ، وَأَعْرَاضَكُمْ، بَيْنَكُمْ حَرَامًا، كَحَرَمَةِ يَوْمِكُمْ هَذَا، فِي شَهْرِكُمْ هَذَا، فِي بَلَدِكُمْ هَذَا"

"Your blood, your wealth, your honors are sacred amongst you as the sanctity of this day, in this month, on this soil." [Reported by al-Bukhari]

Whoever kills a soul unjustly has incriminated against his Deen and his Um-mah, and his fate is as described by the Strong, the Glorious:

﴿سَيُصِيبُ الَّذِينَ أَجْرَمُوا صَغَارٌ عِنْدَ اللَّهِ وَعَذَابٌ شَدِيدٌ بِمَا كَانُوا يَمْكُرُونَ﴾

"There will afflict those who committed crimes debasement before Allah and severe punishment for what they used to conspire." [Al-An'am: 124]

That is what has been done to their adherents before them, and rational is the one who takes a lesson from what happened to others:

﴿إِنَّ فِي ذَلِكَ لَذِكْرًا لِمَنْ كَانَ لَهُ قَلْبٌ أَوْ أَلْقَى السَّمْعَ وَهُوَ شَهِيدٌ﴾

"Indeed in that is a reminder for whoever has a heart or who listens while he is present [in mind]." [Qaf: 37]□

Press Release
Not Welcome
(Translated)

To the agent of America, the President of the Coalition of shame and betrayal, Al-Jarba, the seller of the revolution and revolutionaries, and the securer of the criminal Bashar and his regime in the land of Sham, the abode of Dar al-Islam, the Sham of Rasoolullah where his flag waved and his banner was raised!

Death is better than humiliation O people of Sham: Expel the enemies of Allah from the land of Al-Israa' wal Mi'raj, the land of the Prophets, the land of the Martyrs, after today it no longer has any place for the enemies of Allah and the enemies of the Islamic Khilafah State!

O Muslims in the Land of Sham:

It was announced yesterday on Wednesday that the President of the Syrian Coalition Ahmad Al-Assi Al-Jarba, the creation of America and its lackeys, the President of Coalition of dialogue with the criminal Bashar and the broker of Geneva 2 to sell the blood of our children and surrender the fundamentals of our revolution and our religion, he will enter Northern Syria where the heroes abide and where the true protectors of the land raise the flag of the Prophet (saw), so that he spoils in it more than what has been spoiled and spread corruption and destroy crops and livestock, as proven by the words of Allah (swt):

﴿وَمِنَ النَّاسِ مَنْ يُعْجِبُكَ قَوْلُهُ فِي الْحَيَاةِ الدُّنْيَا وَيُشْهَدُ اللَّهَ عَلَىٰ مَا فِي قَلْبِهِ وَهُوَ أَلَدُّ الْخِصَامِ ﴿٢٠٤﴾ وَإِذَا تَوَلَّىٰ سَعَىٰ فِي الْأَرْضِ لِيُفْسِدَ فِيهَا وَيُهْلِكَ الْحَرْثَ وَالنَّسْلَ وَاللَّهُ لَا يُحِبُّ الْفُسَادَ ﴿٢٠٥﴾ وَإِذَا قِيلَ لَهُ اتَّقِ اللَّهَ أَخَذَتْهُ الْعِزَّةُ بِالْإِثْمِ فَحَسْبُهُ جَهَنَّمُ وَلَيْسَ الْمِهَادُ﴾

“And of the people is he whose speech pleases you in worldly life, and he calls Allah to witness as to what is in his heart, yet he is the fiercest of opponents. ﴿٢٠٤﴾ And when he goes away, he strives throughout the land to cause corruption therein and destroy crops and animals. And Allah does not like corruption. ﴿٢٠٥﴾ And when it is said to him, "Fear Allah," pride in the sin takes hold of him. Sufficient for him is Hellfire, and how wretched is the resting place.” [al-Baqara: 204-6]

O Heroes, the Soldiers of Islam in the Land of Perseverance, the Land of Sham:

This Coalition President did not come to you to support you in your revolution to overthrow Bashar the tyrant, but he came to you to drive you to the Geneva of betrayal and to instill between you disputes and conflicts so that you fail and so that your resolve will weaken for the benefit of America. The Almighty said:

﴿وَأَطِيعُوا اللَّهَ وَرَسُولَهُ وَلَا تَنَازَعُوا فَتَفْشَلُوا وَتَذْهَبَ رِيحُكُمْ وَاصْبِرُوا إِنَّ اللَّهَ مَعَ الصَّابِرِينَ﴾

“And obey Allah and His Messenger, and do not dispute and [thus] lose courage and [then] your strength would depart; and be patient. Indeed, Allah is with the patient.” [al-Anfal: 46], he also wants to thwart all those who rejected loyalty to America and announced loyalty to Allah (swt) alone. So Believers, beware and beware! And remember Allah’s (swt) bounty for you and that He promised that if you make Allah (swt) victorious, then He will make you the successors of the Earth so that you shall implement Allah’s law on it, whereas America, its Jarba, prepares for you the promise of the Shaytan. Allah (swt) said:

﴿وَقَالَ الشَّيْطَانُ لَمَّا قُضِيَ الْأَمْرُ إِنَّ اللَّهَ وَعَدَكُمْ وَعَدَّ الْحَقُّ وَوَعَدْتَكُمْ فَأَخْلَفْتُمْ وَمَا كَانَ لِي عَلَيْكُمْ مِنْ سُلْطَانٍ إِلَّا أَنْ دَعَوْتُكُمْ فَاسْتَجَبْتُمْ لِي فَلَا تَلُمُونِي وَلُومُوا أَنْفُسَكُمْ﴾

“And Satan will say when the matter has been concluded, "Indeed, Allah had promised you the promise of truth. And I promised you, but I betrayed you. But I had no authority over you except that I invited you, and you responded to me. So do not blame me; but blame yourselves.” [Ibrahim: 22]

Hereby we have conveyed the message, so Allah bear witness...□

Indeed, the Khilafah is the manufacturer and the producer
IT is the victory and invincibility
IT is the sustainer of the Deen and Dunya
IT is the origin and the basis
THROUGH it the laws are established, the Hudud are adhered to, the lands are conquered and heads are raised with the truth.
IT is the one to destroy the Jewish state and to restore Palestine wholly into the lands of Islam...
IT is the one to spread justice and goodness, to honor Islam and the Muslims, to sever the roots of oppression and evil, and to humiliate Kufur and the Kuffar...

Indeed...

**"A Woman is an Honour that must be Protected, meanwhile
the Kuffar and their Tools Conspire against Her"**

**Slogan of campaign launched by Hizb ut Tahrir / Palestine to
confront the vicious attack waged by the colonial Kaffir and
its tools against the woman in Palestine**

(Translated)

Women in Palestine have been exposed to a vicious attack for many years that has recently intensified. It targets their Islamic values, morals, chastity, and dress. It is led and funded by the American and Western Embassies called "Donor countries", the Jewish entity, and assisted by many of the Palestinian Authority's ministries, and the civil society institutions from women's organizations, research centres and local institutions.

They all raise dazzling and deceitful slogans like: "Women's rights", "Empowerment and Protection of Women", and "Well-being of Women and Children". When scrutinizing their ideas and actions, one will find that they aim to carry out a coup against Islamic rules, values, and to remove that which is left from them in people's lives. They work to poison women's thoughts (including men) with Western concepts that contradict Islam and its sublime values; concepts like personal freedom that makes women remove their Shar'i dress and mix freely with men and ruins their chastity and allow them to commit Zina (extramarital affair) and homosexuality, while her guardian does not have the right to account them. This Western attack infiltrated the education, media, courts, laws, and all corners of society according to the schemes of the colonial Kuffar.

These embassies and organizations have forged and exaggerated some honour killing incidents to the extent that the media outlets including a famous newspaper linked the killing of 24 women in the year of 2012 to honour killing. While in fact that the Independent Organizations for Human Rights mentioned only 5 cases of honour killing. In addition to this is the huge contradiction in reports by organizations and newspapers with regards to substantiation of the cases and their number. One report by one of the organisations even related that the killing of a ...Cont. on p. 38

girl due to Tawjeehi (senior year of high school final exams) to what they called 'family honour'. All of this is for the purpose of legislating new laws that prevent the guardian from accounting the woman if she committed Zina, or that he has authority over her.

The targeting of embassies and agent organizations and agencies to the people of Palestine, their women and children, to strip them of their Deen and to the normalization of living with the Jewish occupation and the compromising policies drove Bassam Zakarnah, head of the Public Service Employees Union, according to the Ma'an News website on 1/7/2012 to say, "80% of the civil society institutions are dens of Mossad and international intelligence. Their aim is to destroy and dismantle the Palestinian society. The role of these NGOs is restricted to research in any internal case and stirs it; like the corruption cases, human rights and democracy and they are fabricated. They are skilfully trained to gather information from all walks of life and submit them to these opposing institutions. Zakarnah confirmed that the most dangerous corruption is that of the NGOs because it is one that squanders Palestinian wealth the most."

The General Director of the Palestinian Working Women Society for Development, Amal Khreishah, pointed to the presence of political requirements to any foreign funding is necessary to be linked to the sponsors' vision... Khreishah added, "The volume of intervention funders such as the U.S. Agency for International Development, USAID, to the need to sign a petition what they call terrorism. Which according to their definition of legitimate resistance against occupation, it defines most of the Palestinian people as terrorists. Not forgetting their intervention on issues of the targeted groups and their specification of the concepts that contradict ours. This is gross interference in the affairs of the people that live in a situation of national liberation."

We in the Media Office of Hizb ut Tahrir/ Palestine follow through the Hizb's campaign in the mosques, talks, visits, and delegations, we have dedicated a special section under the title "Hot Topics" on our Media website to provide reports, articles and research that proves the implications of the civil society institutions, and the Palestinian Authority with the Kaffir colonial embassies in their attacks on women to strip them of their Deen of Islam and its sublime values that looks after women and their rights according to the Mercy of God and that of the Prophethood and not to the human view that has made the woman a commodity to be bought and sold to fulfil the desires of men and the wealthy.

We call upon the people in Palestine and the unbiased media to stand firmly with us against the colonial Kaffir, its institutions and [...Cont. on p. 36](#)

In Russia - Islam is Banned

Allah (swt) says:

﴿وَلَوْ لَا دَفَعُ اللَّهُ النَّاسَ بَعْضَهُمْ بِبَعْضٍ لَّهَدَمَتْ صَوَامِعُ وَبِيَعٌ وَصَلَوَاتٌ وَمَسَاجِدُ يُذْكَرُ فِيهَا اسْمُ اللَّهِ كَثِيرًا ۗ وَلَيَنْصُرَنَّ
اللَّهُ مَن يَنْصُرُهُ ۗ إِنَّ اللَّهَ لَقَوِيٌّ عَزِيزٌ﴾

“For had it not been that Allah checks one set of people by means of another, monasteries, churches, synagogues, and mosques, wherein the Name of Allah is mentioned much would surely have been pulled down. Verily, Allah will help those who help His (Cause). Truly, Allah is All-Strong, All-Mighty.” [TMQ 22: 40]

Last Friday 27 September 2013, the Muslims from the Islamic political party Hizb ut Tahrir held an all-Russian protest called “In Russia - Islam is Banned”. The reason for this protest is the actions of the authorities, which indicate that in Russia they want to forbid all that is associated with Islam. The decision of Novorossiysk Court to recognize the Quran as extremist, murder of party member Abdulla Gappaev by security forces, hijab ban in schools, demolition of the house of God - the Al-Ikhlâs Mosque and imprisonment of its imam Rustem Safin; these facts speak for themselves. In Moscow, Saint Petersburg, Ufa, Kazan, Tyumen and other major cities in Russia, Hizb ut Tahrir Shabab spoke in mosques of the call to the Ummah to work together to protect the interests of Islam. On behalf of Hizb ut Tahrir Russia the addresses with the call to stand up for Islam and Muslims were given to imams and muftis. Also at the mosques, leaflets with the call to support Hizb ut Tahrir and the call to stand up for Islam were given. On the bridges of road junctions, banners were stretched which said: “Stop Killing Muslims”, “Russia against Islam. The Quran was banned on 17/09/2013” and many others. Also Muslims stood in the streets with posters: “I was killed for believing in Allah. Gappaev Abdulla”, “In Russia the Quran is banned. I am against it”, “In Russia mosques are demolished. I am against it” and many other posters to attract people’s attention to these facts in order thereby to affect anti-Islamic policy of Russian authorities.

This campaign was successful, it could attract Mass Media and Ummah responded support. Allah (swt) says:

﴿وَلَوْ لَا دَفَعُ اللَّهُ النَّاسَ بَعْضَهُمْ بِبَعْضٍ لَّفَسَدَتِ الْأَرْضُ﴾

“And if Allah did not check one set of people by means of another, the earth would indeed full of mischief.” [TMQ 2: 251]□

**Speech of the Official Spokesman of Hizb ut Tahrir
in the Wilayah Sudan
At the Celebration on the Occasion of the Release of the
Detainees from the Hizb's Shabab
(Translated)**

Praise be to Allah the Lord of the Worlds, no aggression except to the oppressors, and prayers and peace upon the one sent as a mercy to mankind, and upon his family and valued, righteous companions.

Dear brothers, press agents with their different media and titles, the brothers from the Shabab of Hizb ut Tahrir, dear guests: Assalamu Alaikum wa Rahmatullahi wa Barakatahu!

Hizb ut Tahrir / Wilayah Sudan since its presence in this country since the sixties of the last century has been working with the Ummah and within the Ummah to achieve its awakening, to accept Islam as its decisive issue and to resume the Islamic way of life through the establishment of a rightly guided Khilafah on the method of Prophethood. Hizb ut Tahrir has since followed the method of the Prophet (saw), based on intellectual conflict and political struggle, without undertaking any material action, not for the fear of the wrath of the authorities, but as a commitment to the honorable Prophetic guidance. It has committed to the great ideology of Islam, not deviating from it by a hairs breadth no matter how severe the forces of falsehood and their oppression.

The ruling regimes in this country since the first era of the military to this very day know that the Shabab of Hizb ut Tahrir do not deviate from their ideology of Islam. They do not abandon what has been adopted from the provisions built on it or stemming from it, no matter how great the temptation or how grave the obstacles, from imprisonment and arrests and physical and mental torture therein. This is because they have sold themselves cheaply for the sake of Allah Almighty. Some of the Shabab have died, we ask Allah for His mercy and forgiveness, and some of them are still waiting for their fate.

The last trials and tribulations suffered by the Shabab ...Cont. on p. 37

of Hizb ut Tahrir / Wilayah Sudan, was the plight of the recent arrests, and what happened there from beating with whips, slapping with hands, kicking with legs, and restricting with chains. The Shabab insisted on the truth they are carrying, giving the best of examples of insistence on the ideology.

This insistence stunned the henchmen of the system and their torturers, causing them to admit that they have not seen - throughout the time of their work - men that took such a stand.

We commend you my dear brothers for passing this exam, and blessings for you, insha Allah, for the reward and recompense with the Bountiful King. You have given wonderful examples of the Dawah carrier who traces the path of beloved Muhammad (saw).

I conclude by saying that the venerable companions have given the finest examples of fortitude on the insistence on the Truth; it is on us Dawah carriers to succeed them in our time. We revive their memory and restore their paths, and renew their history following their examples in their insistence on the truth and consistency until the victory from Allah comes. Indeed, the victory of Allah is near.

Wassalamu Alaikum wa Rahmatullahi wa Barakatahu□

**The Former Mufti is a Cheap Tool in the Hands of the Oppressors
He Justifies the Killing of Muslims:
Falsely and Slanderosly Describing Them as Khawarij!
(Translated)**

The Messenger of Allah (saw) said:

"إِنَّ اللَّهَ لَا يَقْبِضُ الْعِلْمَ انْتِزَاعًا يَنْتَزِعُهُ مِنَ الْعِبَادِ وَلَكِنْ يَقْبِضُ الْعِلْمَ بِقَبْضِ الْعُلَمَاءِ، حَتَّىٰ إِذَا لَمْ يَبْقَ عَالِمًا
اتَّخَذَ النَّاسُ رُءُوسًا جُهَالًا فَسُئِلُوا فَأَمَّتْ آفُكُهُمْ فَمَا يَزِيدُهُمْ إِلَّا بُرْهَانًا وَأَضَلُّوا"

"Allah does not remove knowledge snatching it away from His slaves, but He takes away knowledge by taking away the scholars, until no scholar is left so the people will take ignorant heads to ask them, they will give Fatwas without knowledge, going astray and leading astray." [Reported by al-Bukhari]

This is the case with former Mufti Ali Jum'a, who despite leaving his position of giving Fatwas in favor of the Sultans, still insists on passing Fatwas unto them, amounting further sins over his previous sins. The man does not refrain from giving a Fatwa on the shedding of sacred blood, even if it requires him to twist the texts and apply them on other than their reality. It seems he is indifferent to carrying his sins and the sins of those who killed people aggressively and unjustly under the pretext of his Fatwa.

In the video the former Mufti's speech delivered in front of a number of army and police leaders in the presence of the faction of as-Sisi and General Muhammad Ibrahim, the Interior Minister, which was leaked by activists, the former Mufti said: "Multiply you efforts! Woe to you if you sacrifice your men and your soldiers for these Khawarij. Blessed are those who killed them and were killed by them. Whosoever kills them is dearer to Allah than them. We must purify our city and our Egypt from these bastards, who do not deserve our Egyptian identity. We are afflicted by disgrace through them, so we must absolve ourselves from them as the wolf was absolved from the blood of the son of Jacob."

This irresponsible statement full of malice and hatred against anyone who wants Islam and stands against the oppressors makes us realize why the demonstrators were killed in cold blood and in these large numbers. The soldiers and officers through this awful Fatwa of Ali Jum'a were given green light to commit what they have committed of massacres, which by the way is the same charge with which the Mufti accused the rebels of January 25th.

The man had been used earlier in the department of moral affairs of the armed forces to justify the killing of demonstrators and to legitimize this crime. The latest video is only a repetition of what was said before. The man has sold his Deen for a fleeting piece of the Dunya, lying to Allah by claiming frequent visions to support murder and lynching and burning, and that Allah is with those who commit such. The man has lost the remainder of his insight by inciting the soldiers "to multiply their efforts" and falsely claiming that this is "the tolerance of Islam" and "the power of Islam" and "the sweetness of Islam"! Said Ibn al-Musayyib (Rahimahullah) said: "If you see the world fearing the princes then it is a bandit." And Yahya Bin Mu'az said: "The magnificence of knowledge and wisdom will perish if the Dunya is requested by them." Has the Mufti not taken a lesson from those who preceded him in Syria and elsewhere, who were the tools of the oppressors against their own people? They went without anybody feeling sorrow over them, neither the sky nor the earth wept for them, they had no foresight.

The masters of the scholars - and this man is not one of them - in every age and every place did not stand between the Ummah and the ruler at the same distance from both. Rather they stood in the row of the Ummah closer to it, not to appease the public and gain popularity, but because the Ummah's rights were disregarded in most cases, and its sanctity was assaulted, and the arrows of grievance were shot at her by influential aggressors, let alone the current rulers of Egypt who do not even apply Islam!

It is natural that the Ummah reveres the scholars, who are the leading, pioneering fraction, for them to bring the Ummah victory and claim its rights, not to be cheap tools of the oppressors, justifying their oppression and killing of the Ummah! May Allah fight this man for his delusion!

﴿ أَفَرَأَيْتَ مَنْ اتَّخَذَ إِلَهَهُ هَوَاهُ وَأَضَلَّهُ اللَّهُ عَلَىٰ عِلْمٍ وَخَتَمَ عَلَىٰ سَمْعِهِ وَقَلْبِهِ وَجَعَلَ عَلَىٰ بَصَرِهِ غِشَاوَةً فَمَنْ يَهْدِيهِ مِنْ بَعْدِ اللَّهِ ۗ أَفَلَا تَذَكَّرُونَ ﴾

“Have you seen he who has taken as his god his [own] desire, and Allah has sent him astray due to knowledge and has set a seal upon his hearing and his heart and put over his vision a veil? So who will guide him after Allah? Then will you not be reminded?” [Al-Jathiyah:23]□

**Tyrant of Kazakhstan Jails a Muslim Woman for Five Years for her
Claim to Rule by the Shari'ah of Allah!**

(Translated)

The Central Media Office of Hizb ut Tahrir has issued a press release dated 08/22/2013 entitled "Government of Kazakhstan Accuses a Muslim Woman of Extremism and then Punishes her for Defending her Husband" in which it addressed the trial against Sister Natalia Vatinkovu, a mother of three children, and wife to Galiulina Rafis, a member of Hizb ut Tahrir / Kazakhstan. The Court of the Kazakh city of Astana issued a decision against her, dated 07/22/2013, to remain under house arrest on charges of "distributing leaflets that call for extremism", according to Article 233, paragraph 2 of the Criminal Code of Kazakhstan. According to *Kaztag* Newspaper, the same court on Saturday 10/12/2013 issued a decision sentencing sister Natalia to five years to be actually spend in a reformist prison according to Article 2, paragraph 233-1 "promoting terrorism or extremism or public advocacy for terrorist acts" of the Kazakh Criminal Code YKRC. This decision was passed because she published a letter to the public opinion about the unjust decision of seven years of imprisonment which was issued against her husband on grounds of the ideas he is convinced of and calls for.

Galina Belklova, the judge in Astana City Court (Court No. 2), mentioned that the prosecutions of Natalia and her husband have started a long time ago when her husband Galiulina Rafis was sentenced to 7 years of actual imprisonment in 2010 on charges of belonging to Hizb ut Tahrir.

The justification of the government is built on Natalia's distribution of a letter to the public opinion in which she criticized the judicial decision against her husband Galiulina Rafis issued in 2010, sentencing him to 7 years of imprisonment on charges of belonging to Hizb ut Tahrir. Rafis addressed the public opinion in Kazakhstan through an audio recording leaked from inside the prison. In it he talked about the brutal treatment of the prison administration against the detainees, especially against the Muslims amongst them, describing the methods of torture and ill-treatment of the detainees and their humiliation and restrictions against them to the degree that they were prevented from performing Islamic obligations and drawing closer to Allah

through worship and good deeds. After the unjust, oppressive arrest of Rafis, the security services started pursuing Natalia, who was simply trying to lift the injustice from her husband, contacting the public opinion about the case, showing people the graveness of injustice and oppression which was imposed on him by the tyrants by inventing cases against him based on fabricated, false evidence.

In the summer of 2013, the oppressive regime filed a case against his wife Natalia and took up her prosecution, and in July 2013 she was sentenced to house arrest in her home. On the 7th of October the court session was supposed to be held, but as usual it was postponed to Saturday 10/12/2013. Then quickly and strikingly the court sentenced Natalia to actual imprisonment of five years. The oppressors ordered her seizure in the courtroom, to leave three minor children without Deen and without a breadwinner through this unjust action. Natalia was detained simply for defending her husband and demanding his release, because she pronounced the truth and showed the injustice done to her husband and her family. The word of truth that Natalia uttered before an oppressive ruler was declared an action of extremism!

The judicial system in Kazakhstan is corrupt and stands under the influence of President Nursultan Nazarbayev, and nepotism in the midst of the judiciary is something usual, which is the basis on which issues are dealt with. These dirty matters, such as bribery and nepotism, have become something normal and natural in the judicial system. When someone who is aware of these facts strives to establish the truth and reform the corruption, therefore talking to people about the rampant corruption in the regime's facilities and its institutions, the ruling authorities punish and prosecute such person. If then this person happens to be a Muslim, the charge will simply be "extremism and terrorism" and he is thrown into jail. The ruling authorities in Kazakhstan seed evil among people, and spread corruption and immorality, and prevent people from having honest intentions and being honorable.

Sister Natalia has no fear of these corrupt judges, before the court she said boldly that she does not consider herself guilty for defending her family and exposing governmental injustice and the evil it commits.

Congratulations from Hizb ut Tahrir / Morocco for the Blessed Occasion of Eid ul Adha 1434 AH (Translated)

O Muslims, O people of Morocco, Hizb ut Tahrir in Morocco takes this opportunity to congratulate you for the blessed occasion of Eid ul Adha; asking Allah for its return upon you and your families in the best health, wellbeing, security, and Iman. So sacrifice (your slaughter), and may Allah accept your sacrifice by His permission, and may Allah accept from you and us.

O Muslims, O people of Morocco It brings pleasure to us to see your adherence and devotion to revive this Prophetic Sunnah action. While we are aware that a broad cross-section from you resort to selling some possessions, or tightening (the budget) on himself and children, and even borrow money to manage the price of the sacrifice (slaughter). And we take this opportunity to warn you of falling into the trap of Lending Companies that exploits your adherence to reviving this Sunnah action by encouraging you to borrow with this prohibited interest (riba) loans. We remind you, and you by the permission of Allah will be deserving of the reminder, that interest (riba) loans are haram. From Jabir Ibn Abdullah (ra) said: «لَعَنَ رَسُولُ اللَّهِ صَلَّى اللَّهُ عَلَيْهِ وَسَلَّمَ» "The Messenger of Allah (saw) cursed the riba eater, feeder, recorder, and witnesses." And he said: "They are equal." [Sahih Muslim]

In this regard, we remind you that the purchase of the sacrifice, is a Sunnah for the able ones and the ones unable to offer it are exempt from the sacrifice and it is not permissible for him to resort to the Haram to buy a sacrificial animal.

We also like to take this opportunity to remind you of the origins of this Eid; which was a test from Allah Ta'ala to gauge the strength of obedience of Prophet Ibrahim (as) to His command to slaughter his son and the success of Prophet Ibrahim in this difficult test. Allah Ta'ala said regarding him: ((قَدْ كَانَتْ لَكُمْ)) "There has already been for you an excellent pattern in Abraham and those with him." [Al-Mumtahina: 4]

Those who Stall the Da'wah Carriers in Uzbekistan Insist on Irrigating the Tree of Islam from their Blood!

(Translated)

A martyr was elevated to his Lord, Bidhnillah, at the age of 35, a native from the city of Tashkent: Brother Samar ad-Din Siraj ad-Dinovic, who was working within the ranks of Hizb ut Tahrir to eradicate the Karimov regime, the tyrant of Uzbekistan, and for the establishment of the second rightly guided Khilafah on the method of Prophethood.

Samar ad-Din (Rahimahullah) stood out since he was young, through his seriousness, diligence and intelligence. He was outstanding among his peers throughout the stages of his school education, just as in the stages of his university education. He graduated from the Imam al-Bukhari University in the city of Tashkent with excellent honors. Then through his intelligence and sensitivity he realized the corruption of the system and its injustice, which has befallen the Muslims in Uzbekistan. This prompted him to join the ranks of the Hizb, and work with it to resume the Islamic way of life, not fearing anyone but Allah, and without fear of the prosecution by the oppressors, after learning about Hizb ut Tahrir, its thoughts and the purpose which it seeks to achieve.

In 1999, the criminal Jewish system of Karimov, full of hatred against Islam, thirsty for Muslim blood, arrested Samar ad-Din and sentenced him to prison for 17 years. This lion spent the solitude of imprisonment transferring between Jaslyk prison and Colony No. 64/48 in the city of Zarafshon. In the habit of the criminal regime, their henchmen did their outmost and used all their criminal minds could come up with from means of torture and humiliation, to cause Samar ad-Din to deviate from his Aqeedah and deter him from his ideas, or at least dissuade him from his aim. But their aspirations crashed against the rock of the steadfastness of a man who pledged himself to Allah, scalding their chests even more and making them to decide to kill him, and this actually happened.

In the late hours of the night of October 21, 2013, the members of the Special Forces Shaikhantakhor and the local police brought the body of the martyr to hand it over to his family. Traces of torture from bruises and

wounds were present on his pure body, while the prisoners and their relatives who had seen Samar ad-Din recently confirmed that he had been in good health and did not complain of anything. Therefore the martyr's family asked for an autopsy, and the results were awful. The report stated that Samar ad-Din had suffered from a concussion and a fractured skull, showing traces of blood in the brain, and broken bones all over the body. In an attempt to conceal this heinous crime, the slaves of the tyrant Karimov demanded to bury Samar ad-Din after dawn prayers; they even offered to wash him and dig the grave and bury him themselves! Under the threats of the henchmen to arrest family members if they did not comply with their orders, the family buried the martyr without the presence of relatives and neighbors.

We ask Allah to accept our brother Samar ad-Din among the martyrs, and grant him the status of the master of martyrs, as we ask the Almighty to inspire his family and his relatives with patience, persistence and fortitude, and to let him intercede for them on the Day of Judgment. Ibn Hibban reported in his Sahih from Abu Ad-Darda' who said: "I heard the messenger of Allah (saw) say: "الشهيد يشفع في سبعين من أهل بيته" **"The martyr intercedes for seventy from his household."**

As for the henchmen of the Jewish criminal Karimov and his torturers we say: Know that the Khilafah State is standing at the doors, save yourselves, and shake your hands from Karimov. Stop them from the torture and abuse of Muslims. Otherwise if the Khilafah State finds you in this state upon its establishment, it will not overlook you, nor will it show pity or mercy towards you. Neither humiliating yourselves nor begging for mercy will help you that day. That is in this world, and the torment of the Hereafter is much greater. Allah Almighty says in the Holy Qur'an:

﴿وَكَذَلِكَ أَخْذُ رَبِّكَ إِذَا أَخَذَ الْقَرْيَ وَهِيَ ظَالِمَةٌ إِنَّ أَخْذَهُ أَلِيمٌ شَدِيدٌ﴾

"And thus is the seizure of your Lord when He seizes the cities while they are committing wrong. Indeed, His seizure is painful and severe." [Hud: 102]□

Question & Answer
About some People's Conviction that the Support Point
(Nuqtat al-Irtikaz) will only be in Syria
To Fahmi Barkous
(Translated)

Question:

Assalamu Alaikum... Question: Dear Brother, there has been questioning by many Muslims, especially among our Shabab, Shabab Hizb ut Tahrir, but this question turned into a concept, then into a conviction, that the support point (Nuqtat al-Irtikaz) will only be in Syria. It has started to be justified through Shar'i evidence from Ahadith of the Prophet, Al-Mustapha, and sometimes sayings of the Sahaba.

Answer: Wa Alaikum Assalaam wa Rahmatullahi wa Barakatahu

I have already sent an answer to the Shabab on this subject on the 7th of Dhul Qi'ddah 1433 AH, 09/23/2012 CE stating :

"...We are sure of the return of the Khilafah in ash-Sham or other than ash-Sham, and we are continuing to work here and there, we do not despair, nor do we despair of Allah's mercy. Every day that passes brings us closer to its establishment as decided by Allah (swt), therefore the Shabab must be well aware of this. If Allah has decided that it shall be here, then it will settle in ash-Sham as a proud beginning. If Allah (swt) has decided that it shall be elsewhere, then it will reach ash-Sham and settle there proudly. In both cases, ash-Sham is the abode of Islam. With all of this said, we continue with our work with all that we can until the promise of Allah comes, while we are standing, longing with our eyes, hearts and our determination for a glorious victory from Allah: A Success in this world and a success in the hereafter, and that is the great success.

Allah knows better the place in which the Khilafah of the Muslims will be established. The Messenger of Allah (saw) worked in Mecca for years, and many times asked for the support from the people of the tribes. The Messenger of Allah (saw) did not know that the state would not be established in Mecca, and that no tribe would give its support... rather he would be approached by persons from Medina asking for him, then after a year, twelve would come and give him the first Bay'ah of Aqabah, and after that seventy-three men and two women would come to him, pledging to him for victory in the second Bay'ah of Aqaba...and the state would be established in al-Madina al-Munawwarah...

We have to account ourselves for the actions we commit: Are they in accordance with the Shar'i provisions without exception? With seriousness, honesty and sincerity, or are there any shortcomings? This is what we hold ourselves accountable for, before we are held accountable on the Day of Resurrection. If the results materialize quickly, then this is a blessing from Allah, but if

they are delayed for a time known only to Allah, then also Alhamdulillah. In both cases, we do not despair of Allah's mercy, it is not correct to give up, but we are the descendants of those to whom Allah said:

﴿يَا أَيُّهَا الَّذِينَ آمَنُوا اصْبِرُوا وَصَابِرُوا وَرَابِطُوا وَاتَّقُوا اللَّهَ لَعَلَّكُمْ تُفْلِحُونَ﴾

“Oh you who have believed, persevere and endure and remain stationed and fear Allah that you may be successful.” [Ali-Imran: 200]

Also the Powerful, the Glorious said about them:

﴿وَعَدَ اللَّهُ الَّذِينَ آمَنُوا وَعَمِلُوا الصَّالِحَاتِ لَيَسْتَخْلِفَنَّهُمْ فِي الْأَرْضِ كَمَا اسْتَخْلَفَ الَّذِينَ مِنْ قَبْلِهِمْ وَلَيُمَكِّنَنَّ لَهُمْ دِينَهُمُ الَّذِي ارْتَضَى لَهُمْ وَلَيُبَدِّلَنَّهُمْ مِنْ بَعْدِ خَوْفِهِمْ أَمْنًا يَعْبُدُونَنِي لَا يُشْرِكُونَ بِي شَيْئًا وَمَنْ كَفَرَ بَعْدَ ذَلِكَ فَأُولَئِكَ هُمُ الْقَاسِيُونَ﴾

“Allah has promised those who have believed among you and done righteous deeds that He will surely grant them succession [to authority] upon the earth just as He granted it to those before them and that He will surely establish for them [therein] their religion which He has preferred for them and that He will surely substitute for them, after their fear, security, [for] they worship Me, not associating anything with Me. But whoever disbelieves after that - then those are the defiantly disobedient.” [An-Nur: 55]

And from those to whom the All-Forgiving, the Merciful said:

﴿وَاذْكُرُوا إِذْ أَنْتُمْ قَلِيلٌ مُسْتَضْعَفُونَ فِي الْأَرْضِ تَخَافُونَ أَنْ يَتَخَطَّفَكُمُ النَّاسُ فَآوَاكُمْ وَأَيَّدَكُمْ بِبَصَرِهِ وَرَزَقَكُمْ مِنَ الطَّيِّبَاتِ لَعَلَّكُمْ تَشْكُرُونَ﴾

“And remember when you were few and oppressed in the land, fearing that people might abduct you, but He sheltered you, supported you with His victory, and provided you with good things - that you might be grateful.” [Al-Anfal: 26]

Allah does not only "give us strength", but He "Supports us with His victory". He "provides us with good things", Alhamdulillah Rabbil 'Alamin! We will spare no effort in working here and there, in ash-Sham or other than ash-Sham. Our hearts are sure in the remembrance of Allah and His victory in this life and the hereafter.

﴿إِنَّا لَنَنْصُرُ رُسُلَنَا وَالَّذِينَ آمَنُوا فِي الْحَيَاةِ الدُّنْيَا وَيَوْمَ يَقُومُ الْأَشْهَادُ﴾

“Indeed, We will support Our messengers and those who believe during the life of this world and on the Day when the witnesses will stand.” [Ghafir: 51]

Show seriousness, travail, mobilize in the movement of the one who is reassured in the remembrance of Allah, confident in the victory from Allah, the Powerful, the Glorious! ﴿قُلْ عَسَى أَنْ يَكُونَ قَرِيبًا﴾ **“Say, ‘Perhaps it will be soon’” [Al-Isra: 51]□**

Your Brother,

Ata Bin Khalil Abu Al-Rashtah

One Word! Palestine's Victory is by opening fronts and mobilizing troops Otherwise it is nothing but treachery with Allah, His Prophet & the Believers.

Barbaric cinders have descended on Gaza by the wild Jews burning everything; human beings, the shrubs and even the hills. Words fail to express the apocalypse scenario; blood of old and young men, women and even children is spilled, even the nursing mothers' bodies have been mutilated...these barbaric slaughterings perpetrated by the Jews...yet despite all these violations of Muslims, the Muslims rulers have not opened a war front, nor mobilised troops, not even issued a warning, a mere warning, not actual war! They are as usual counting those martyred or wounded, as if they are sadists! Their method is to give the people an exhaust from their anger by permitting protest marches. They merely called for a meeting of the Security Council to issue another resolution or statement. They know full well that such a statement will include a denial of the extent of the massacre first of all and with part of the blame laid on the heads of those who defend themselves against the crimes of the Jews!

By merely expressing grief or issuing a statement or by allowing some sort of protests, can one help those killed and their bodies torn apart?! They can only be helped by opening a war front and mobilizing the troops, if not, then what purpose are the soldiers expected to serve? Are the armed forces there for protecting the crowns and thrones of those who have betrayed the trust of Allah (swt), His Prophet (saw) and those who have humiliated the Muslims? Are not the soldiers meant to protect the nursing mothers' pure innocent blood? It is as if these massacres have taken place in another world which is of no concern to these rulers at all. They are deaf, dumb and they understand nothing!?

But even more grievous and bitter is the response of the soldiers who rest in their barracks, how come their blood does not boil in their veins watching these barbarous and ghastly slaughtering. At the same time you see a mockery of sorts with soldiers armed with light weapons against the enemy who is heavily armed to his teeth and geared for his attack? How can the troops see that and not mobilize to come to the rescue of their people, because every ruler has blocked their way?! Are these ghastly and blood-curdling massacres not enough to stir up and move the soldiers towards either victory or martyrdom so that their names can be written on the highest level in this world and the Hereafter??!

'عَدِمْنَا خَيْلَنَا إِنْ لَمْ نَجِدْهَا , تُشِيرُ النَّفْعَ مَوْعِدَهَا كِدَاءُ' If we do have our steed when we

need them most, we do not have them at all Quenching his thirst, one has to toil hard.

We do not have our troops, when we do not work for victory of Allah, His Prophet and the believers.

We do not have our fighter planes, when we do not beat those who have assassinated Prophets and believers.

We do not have our armoured tanks, when we do not fire missiles to help the blood of those who are weak.

We do not have our missiles if we do not fire at the forts of the Jewish state with regards that they are believers, they respect not the ties, either of kinship or of covenant!

Oh Soldiers of the Muslim lands: These rulers will be desperate in the Hereafter and will despair just like the Kuffar, but how can you remain silent and not open a battle front in Egypt, Jordan, Lebanon and Syria. These are the countries surrounding the Jewish entity just like a bangle circles the wrist?! Then those in Iran and Pakistan, who have tanks and long-range missiles; why can't they use these in defence of the people of Palestine?! Does there have to be merely words followed by words and no protection?! Do the birds sing of arms and weapons?!

Oh Muslims: The victory of Palestine and its rescuing of its people from their peril will not materialize except by opening battle fronts and mobilizing the troops...this is the only option that the state of Jews deserves, so that the entire Palestine reverts to Dar al Islam.

The rulers want you to exhaust your anger in protest marches and the matter ends there for them, though this is a true expression for your anger, but the genuine solution is to direct this anger and outrage in the correct and efficient direction. Hizb ut Tahrir calls upon you to give a proper direction to your rightful outrage towards your rulers to mobilise the troops for battles, and if they fail to do that, direct your anger at the armed forces so that they stir to fight the Jews and trample any hindrances that come from your rulers. If they fail to stand up, then strengthen your determination to settle the matter, and work for change and for establishing a just and striving Khilafah state. Oh Muslims, if you do not do this, then wait until Allah (swt) comes with His command...

﴿وإن تتولوا يستبدل قوماً غيركم ثم لا يكونوا أمثالكم﴾

“And if you turn away (from Islam and the obedience to Allah), He will exchange you for some other people and they will not be your likes.” [TMQ Muhammad: 38]□

Dismantling the Narrative of "Women as Economic Drivers"

News:

This week, world leaders have been gathering at the APEC 2013 Economic Summit in Bali, Indonesia. This year, the APEC Women and the Economy Forum has adopted the idea of "Women as Economic Drivers" as its key theme and called for government and private sector measures and programs to encourage more women into employment and business, as well as to aid the growth of enterprises owned by women. It is simply another arm of an intensive campaign being waged by Western states and organisations including the UN and IMF to push women into work, under the narrative that this is the path to securing high economic growth, alleviating poverty, creating economic prosperity, and empowering women. There has even been a term coined for it - "Womenomics". This April, the UN released a report entitled, "State of Women in Cities Report" that stated, "Women are key drivers of economic growth and wealth in their hands leads to much more equitable outcomes in terms of the quality of life of families and communities." In September this year, IMF Director Christine Lagarde published an article, "Women and the World Economy" that discussed the potential economic gains from countries having a larger female workforce. She stated

that in Egypt, if the number of female workers increased to the same level as men, GDP in the country could grow by 34%, and in the UAE it would rise by 12%. Similar discussions and narratives are being promoted in Turkey and other parts of the Muslim world.

Comment:

However, this narrative that pushing more women into employment and business is the means to lifting poverty and empowering women in Southeast Asia and across the Muslim world is a false and deceptive one. Brazil, Mexico, and Nigeria have been cited as three emerging market countries in which women's participation in the economy has expanded in the last two decades. Indeed, in Brazil, the share of women in the workforce has risen over the past 20 years from 45% to 60%. However, in this country that has enjoyed a boom in economic growth, 26% of the population continue to live below the poverty line. In Nigeria, a country that has had over 6% GDP growth rate, poverty has risen year by year such that today 67% of Nigerians live in poverty. Such poverty is the direct result of the capitalist free-market economy and policies. Its interest-based model of finance, and its liberalization of economies including the lifting of state trade regulations, the privatisation of

vital resources, corporate farming with its associated land-grabbing, and the removal of state protection of local industries has burdened nations with immense debt, crippled domestic markets and local businesses, harmed the domestic agricultural sector, raised extortionately the cost of living, and hence destroyed economies. All this has pushed millions of women and children in Southeast Asia and across the Muslim world into desperate poverty. In Indonesia as an example, from 2007 to 2010, over 6100 companies collapsed, due in large part by the flooding of local markets with cheap foreign imports - against which local businesses and industries could not compete. This was due to corrupt capitalist free-market policies that manipulated state trade regulations and the taxation system to benefit foreign companies at the expense of local traders. Such policies have also impacted the agricultural sector which is the primary field for women's employment with women constituting 41% of the total employment in the sector (according to the International Labour Organisation). Therefore the fact that from 2003 -2013, 5.17 million farmers in Indonesia were forced to abandon their jobs due to lack of productivity, again resulting in large part from the import of cheap foreign imports, impoverished millions of women involved in the sector. Hence the idea that simply pushing women into employment is the path to alleviating poverty and empowering women is

clearly false. Rather it is a narrative that diverts attention from the fact that it is the flawed capitalist free-market system that is the primary cause of the poverty and systematic disempowerment of women globally. So while living under this system and its policies, women will continue to suffer desperate economic hardship, regardless of being in employment, while those who run private businesses and enterprises will face a constant struggle to keep afloat. Indeed, this campaign to increase women in work across the Muslim world will simply add to the systematic economic exploitation that they already face as cheap labour by capitalist corporations and governments seeking to increase profits and revenue. We have seen in Morocco for example that female employment has increased in the past decade but mostly as unregulated labour with low wages. As the ASEAN economies move towards full economic integration in 2015, there is no doubt that they are in search for further supplies of cheap labour - provided by women - to entice foreign investors to their countries.

So as Muslim women, we should reject this corrupt narrative as well as the capitalist free-market system that views the woman simply as objects to generate wealth and through forcing women into work has robbed them of their time with their children. Rather we should support the call for the Khilafah state that views the woman as a dignified human being. This ...[Cont. on p. 37](#)

Close relations with America and Kafir Harbi states have always harmed Pakistan

News:

On Monday, 14th of October 2013, the US Special Envoy for Pakistan and Afghanistan, James F. Dobbins, visited Pakistan. The US Embassy in Islamabad said in a press release that "Dobbins discussed US-Pakistani relations, regional security, and Afghanistan with Interior Minister Chaudhry Nisar, Advisor to the Prime Minister on National Security and Foreign Affairs Sartaj Aziz, and Chief of Army Staff General Ashfaq Parvez Kayani".

Comment:

The American special envoy visited Pakistan at a time when the Prime Minister of Pakistan Nawaz Sharif is due to meet the US President, Barack Obama, in Washington on the 23rd of this month. Every ruler who comes to power in Pakistan, wants to travel to Washington or London as his first preferred destination, so he can demonstrate to his people that he enjoys good relations with the superpower and its allies and then say that his government is strong and stable. But these close relations never served even these rulers, as whenever America

felt that the current ruler can no longer secure or pursue her interests, she simply withdraws her support from him. Moreover, close relations with America and western Kafir Harbi states always resulted in great harm for Pakistan.

Historically, whenever Pakistan trusted or followed the advice of America or western Kafir Harbi states, she always suffered harm. In 1948 when Pakistan army and Mujahideen were defeating the Indian army on various fronts in occupied Kashmir and were advancing towards its capital Srinagar, India went to the United Nations and asked them to intervene in this matter. Pakistan on the pressure and guarantees of America and western Kafir Harbi states accepted the ceasefire. But since then sixty five years have passed, yet Pakistan and the Kashmiri Muslims have yet to see the implementation of the United Nations Security Council resolution. Similarly, in 1962 when Indo-China war started Pakistan had a golden opportunity to liberate Kashmir but America and western Kafir Harbi nations intervened and on their advice Pakistan did not pursue its cause. Eventually it lost that opportunity. And in 1971 when India attacked East Pakistan with the open backing of Soviet Union, the cold war foe of America,

America did not come to defend its friend Pakistan even though it had a defense pact with her. Pakistan kept on waiting for American naval fleet to arrive but it did not come. And eventually a humiliating surrender in Muslim history took place and India secured the capture of almost one hundred thousand of the Muslim army and declared them as prisoners-of-war. Now for the last twelve years, we are fighting America's so called war on terror as its front line state and a non NATO ally and have lost more than fifty thousand civilians and personnel of the armed forces. And our economy has suffered a loss of more than seventy billion dollars.

Therefore it is necessary that Pakistan must cut all ties and relationships with America and Kafir western Harbi nations. After this we will be able to take independent decisions in our matters, whether it is of economy or foreign relations. But this can only be materialized after the return of the Khilafah to these lands as the current capitalist system and the traitors in political and military leadership will never take such brave decisions. It will only be the Khilafah state that will eject all American military, private security agencies and diplomats. It will close all American bases and sever the NATO supply line. And then the army of Khilafah along with the sincere Mujahideen will end all American and western presence from the region and secure it from their filth. □

BRICS Countries Build New Internet to Avoid NSA Spying

BRICS countries are close to completing a brand new Internet backbone that would bypass the United States entirely and thereby protect both governments and citizens from NSA spying. In light of revelations that the National Security Agency hacked German Chancellor Angela Merkel's phone, in addition to recording information about 124 billion phone calls during a 30-day period earlier this year, the fallout against the NSA has accelerated. Brazil is set to finalize a 34,000 km undersea fiber-optic cable by 2015 that will run from Vladivostok, Russia to Fortaleza, Brazil, via Shantou, China, Chennai, India and Cape Town, South Africa. According to theHindu, the project will create, "a network free of US eavesdropping," which via legislative mandates will also force the likes of Google, Facebook and Yahoo to store all data generated by BRICS nations locally, shielding it from NSA snooping. "The BRICS countries have the muscle to pull this off," notes Washington's Blog. "Each of the BRICS countries is in the top 25 largest economies in the world. China has the world's second largest economy, India is 3rd, Russia 6th,

Brazil 7th, and South Africa 25th." However, some privacy experts fear that this will do little to stop the NSA, given that it has tapped undersea cables since the Cold War era. Others are more positive. "Any alternative would be a positive thing," writes Michael Dorfman. "The more choice you have, the better. Yet no-one can say for sure whether this new Internet will be safer than its US counterpart and will be able to protect the rights of regular users, including the privacy of personal data and free access to resources, more effectively." The BRICS cable was already in development months before the revelations of whistleblower Edward Snowden first became public in June. [Source: Infowars]□

US Drawdown in Afghanistan Sees World's Biggest Garage Sale

The armoured trucks, televisions, ice cream scoops and nearly everything else shipped to Afghanistan for the U.S. war against the Taliban are now part of the world's biggest garage sale: Every week, as the American troop drawdown accelerates, the U.S. is selling 5.4 million to 6.4 million kg of its equipment on the Afghan market. Returning that gear to the United States from a landlocked country halfway around the world would be prohibitively expensive, according to American officials. Instead, they're leaving behind \$7 billion worth of supplies, a would-be boon to the fragile Afghan economy. But there's one catch: The equipment is being destroyed before it's

offered to the Afghan people - to ensure that treadmills, air conditioning units and other rudimentary appliances aren't used to make roadside bombs. "Many non-military items have timing equipment or other components in them that can pose a threat. For example, timers can be attached to explosives. Treadmills, stationary bikes, many household appliances and devices, etc., have timers," said Michelle McCaskill, a spokesman for the Pentagon's Defense Logistics Agency. That policy has produced more scrap metal than Afghanistan has ever seen. It has also led to frustration among Afghans, who feel as if they're being robbed of items such as flat-panel televisions and armored vehicles that they could use or sell - no small thing in a country where the average annual income hovers at just over \$500. In a nation nicknamed the "graveyard of empires," foreign forces are remembered for what they leave behind. In the 1840s, the British left forts that still stand today. In the 1980s, the Soviets left tanks, trucks and aircraft strewn about the country. The United States is leaving heaps of mattresses, barbed wire and shipping containers in scrap yards near its shrinking bases. "This is America's dustbin," said Sufi Khan, a trader standing in the middle of an immense scrap yard outside Bagram Airfield. [Source: *Japan Time*]

Iran Nuclear Talks Most Detailed Ever

World powers and Iran have had "their most detailed talks ever"

on Iran's nuclear programme, the EU's top foreign policy official Catherine Ashton says. The two sides have held two days of discussions in Geneva. Further talks will take place on 7 and 8 November. Baroness Ashton and Iranian FM Mohammad Javad Zarif called the talks "substantive and forward-looking". International negotiators were carefully considering an Iranian proposal, a joint statement said. The discussions in Geneva brought together Iranian officials and representatives of the "P5+1" - the permanent members of the UN Security Council (Britain, China, France, Russia and the US) plus Germany - also known as the E3+3. "The participants also agreed that E3+3 and Iranian nuclear, scientific and sanctions experts will convene before the next meeting to address differences and to develop practical steps," the statement went on. At a news conference afterwards, Mr Zarif said he hoped the talks would lead to the "beginning of a new phase in our relations" and would help resolve "an unnecessary crisis". In previous rounds, Iran and world powers largely talked past one another but now they appear to be getting into actual details, the BBC's James Reynolds reports from Geneva. One official at the talks suggested that the reticence to make details of the Iranian proposal public was a positive sign - real discussions don't take place in public, our correspondent adds. Breaking the ice at Iran nuclear talks White House spokesman Jay Carney said Iran had shown a "level of seriousness and substance that we have not seen before".

organisations and its agent tools to repel this criminal attack against women, for they are our women, daughters, and sisters. We say to them that the real target behind this attack is to make the Muslims reach a situation where zina becomes rampant in society and all types of vice become protected under the law. And we say to them that any discussion concerning the issues of the Muslim woman not stemming from the true Shar' is suspicious.

We have conveyed the message, oh Allah be our Witness.

﴿يَا أَيُّهَا الَّذِينَ آمَنُوا قُوا أَنْفُسَكُمْ وَأَهْلِيكُمْ نَارًا وَقُودُهَا النَّاسُ وَالْحِجَارَةُ عَلَيْهَا مَلَائِكَةٌ غِلَاظٌ شِدَادٌ لَا يَعْصُونَ اللَّهَ مَا أَمَرَهُمْ وَيَفْعَلُونَ مَا يُؤْمَرُونَ﴾

“O you who believe, Save yourselves and your families from a fire whose fuel is men and stones, over it are angles stern and strong, they do not disobey Allah in what He commands them and do as they are commanded.” [At-Tahrim: 6] □

Morocco

is dear and precious in its cause. Nothing is dearer and greater to Allah than establishing the political entity that rules by His Book and the Sunnah of His Prophet (saw).

To that we invite you, and do not let following the Sunnah actions distract you from establishing the obligatory actions. Allah Ta'ala says in the Hadith Qudsi «مَا تَقَرَّبَ إِلَيَّ عَبْدِي بِشَيْءٍ» "Nothing is dearer to me from the actions my slave undertakes to get closer to me than carrying out actions that I made obligatory upon him" [Narrated by Al Bukhari].

O Muslims, O People of Morocco

While you are in the atmosphere of the Eid festivity and its happiness, meeting with your friends and families; do not forget about your brothers who are deprived of this atmosphere, in Syria, Iraq, Myanmar, Palestine, Somalia, Nigeria and others from the Muslim lands. Do not forget them in your righteous dua, maybe Allah (swt) will remove their hardship soon. And remember that it is the Khilafah alone [which will be established soon by the permission of Allah] that will end their suffering and sadness. So proceed with us towards it, perhaps Allah will reward you of its establishment in your book of deeds. □

Women as Economic Drivers

Islamic system enjoys sound economic principles and policies that have a time tested approach to solving poverty and creating economic prosperity. In addition, it is obliged to ensure that its women enjoy lives of financial security, cared and provided for always by their male relatives or by the state, while simultaneously giving them the right to employment, but not to work under oppressive conditions but rather in a safe and dignified manner, free from exploitation and abuse. Allah (swt) says,

﴿وَلَوْ أَنَّهُمْ أَقَامُوا التَّوْرَةَ وَالْإِنجِيلَ وَمَا أَنْزَلْنَا إِلَيْهِمْ مِّن رَّبِّهِمْ لَأَكَلُوا مِن فَوْقِهِمْ وَمِن تَحْتِ أَرْجُلِهِمْ﴾

“And if only they had acted according to the Taurat, the Injeel, and what has now been sent down to them from their Lord (the Qur'an), they would have surely gotten provision from above them and from underneath their feet.” [TMQ Al-Maida 5:66] □

Book of the Month:

The American Campaign to Suppress Islam

Hizb ut Tahrir

Excerpts

Ideologies do not end by the downfall of the states which embrace them, even if this downfall led to the break up and fragmentation of the states, rather they terminate when their nations and peoples renounce them and embrace other ideologies and start moulding their lives on their basis. This is what happened with Marxism-Socialism; all the nations and people which the Eastern camp was composed of abandoned it, and turned to Capitalism and started to build their lives upon its basis.

However, Islam, as an ideology, remained existent universally after the destruction of its state, the 'Uthmani Khilafah, in 1924 CE, because the Islamic Ummah with all her different peoples continued to embrace this ideology despite the fact that it was removed from their

practical lives and from the international sphere. The ideology remains present in the world as long as there is an Ummah who embraces it, even though this Ummah does not implement its systems for reasons beyond its will. However, it ceases to exist internationally if there is no state to convey it, and to direct international policies upon its basis. Accordingly the Islamic ideology has existed in the world from the time that the Islamic Ummah in Madinah was formed on its basis, after the Hijrah of the Messenger (saw) to Madinah where the first Islamic State was built. It continued to exist internationally since that date until the demise of the 'Uthmani Khilafah in the first quarter of this century..

The Islamic Ummah is the only nation from amongst the non-Capitalist nations which has an ideology which she embraces, despite the fact that currently she neither lives according to it nor conveys it to the world. Therefore the American campaign to make Capitalism solely dominate the world is not met by real resistance except in the Islamic world. All the current governments in the Islamic world do not implement Islam, even though some of them claim to do so, but instead implement Capitalism in a distorted form....

The Kaafir West still recalls how Islam transformed Arabs from fighting tribes living at the margin of history into a civilised, distinguished Ummah, with a civilisation that

illuminated the world, an Ummah which was able to become the master of the world in a short span of time and continued to be so for ten centuries spreading justice, security, high values and prosperity, in every place that the standard of the Khilafah was raised. Therefore the West fears that the Islamic Ummah would make a return again and destroy its influence and interests not over its land but over the whole globe. Upon America and the West realising this fact, the American campaign is directed primarily against the Islamic Ummah despite the fact that the campaign is on a world wide scale.

Notwithstanding all these motives the principle motive behind this campaign is the potential threat from the Islamic Ummah against the interests of the West, and its international influence as well as upon its very existence once the Islamic Ummah wakes up, revives, and carries her message to the world. □
